## PRAYER TO THE FLAME OF UNITY

*Derived from POW Vol. 55 No. 13 - Beloved Micah, Angel of Unity - July 1, 2012, "I Come to Bring You a Vibratory Action of Cosmic Unity"*

### May All Abide in Cosmic Unity

*"O great cosmic unity from the inner spheres of light, descend now upon this audience and upon this nation under God, and flood this world and the world of the united nations with a spirit of cosmic unity. Let this unity be manifest in the deeds of the people, not only in their words but in their great feelings of kindness toward one another, their feelings of trust, their feelings of trust in the justice of Deity.*

*Let there be an awakening within the religious bodies of the world to create and sustain such a code of conduct of the Spirit within their own beings and worlds that all shall justly trust them, their words and their deeds.*

*Let every motive be purified with the one great light of God, the unifying light of God from the angelic realms and the cosmic realms. Let all of my retinue now shed their great feeling of cosmic unity upon the earth to seed the earth with a scattering of the seeds of unity, that there may be a cosmic harvest of abundance manifesting the perfection of God in the alabaster cities of light, gleaming upon this planet as they do in the inner sphere.*

*May all who dwell here abide in cosmic unity at all times. And may all men be drawn to this great light, the light of the mighty I AM Presence, the light that never fails, the light that is set upon a hill—a city of light that cannot be hid,<sup>7</sup> the city of God, the citadel of God, the city of eternity."*

## **Divine Unity—Unity of Hearts and Purposes**

In the holy name of freedom, and as patriots of the eternal God, we dedicate ourselves anew to create in our consciousness a sense that we are a soldiers of the eternal light, with the full defense of Archangel Michael's sword of blue flame—to defend the faith of Almighty God, to serve as Hercules with full power, to protect as Archangel Michael, to direct (as the Great Divine Director) the light of God that cannot fail, to express the Mercurian power of El Morya on behalf of immortal life.

We arise, to the call of our own mighty I AM Presence! [Audience stands.]

The echoes that are spoken here tonight are the echoes of eternity. There is no blasphemy in the words we speak. There is the ode of immortality, the call to unity with God, the call that speaks to that which it has created and declares:

**“Lo, I AM with thee always. I AM the eternal spiritual vitality and essence and life of God. I AM your own beloved I AM Presence. I AM immortal life in the fullness of divine manifestation. I AM that light, that ineffable light, which brought forth and framed all of the universes without end—all of that which is visible and all of that which is invisible.”**

**Amen**

*Call derived from Pow, Vol. 50 No. 2 - Beloved Great Divine Director - January 15, 2007, Enter the Consciousness of Your I AM Presence, Part 2*

**Vol. 48 No. 26 - Mark L. Prophet - June 22, 2005**

## **Merge with the Sea of Unity and Strength**

May the light of the Cosmic Christ flow into your consciousness. May the dawn of its reality, as meaning, upon the screen of thy mind and heart be inscribed. May the unity of life, as the infinite ocean, beat against the stone tower of thy heart, dissolving in cosmic amenity the soluble into the sea of unity and strength. Grain by grain shall the sand that composes the rock flow. Merging all with the ocean's power and strength, man will gain a sense of unity, of purpose and oneness. For no man upon the earth is greater than another in the capacity to merge with the sea, in the capacity to envision reality, to hold contact with the Divine.

The flame of compassion that blazes on one heart's altar is the flame that blazes upon the hearts of all. And the celestial tie of the angelic host is a binding light of ever-present reality, tenderness and wisdom imparted as the sacred book is opened and knowledge conveyed from mind to mind as the leap of a prairie fire or a fire across the forest. The denizens thereof, as tiny animal creatures fleeing the blaze, run in movement to and fro and there is excitement and fear until the quieting moment when the peace-commanding presence of the Cosmic Christ saith unto all, "Peace, be still and know that I am God." Then in the stillness of the soul man becomes manifestation of infinity and the sand dissolved becomes the sea—the turbulent sea raging or the quiet sea that reflects the brilliance of the sun, the face of God.

Out of the depths have I called unto thee and thou hast heard my voice. Great is the Lord and greatly to be praised and there is none like unto him. He who maketh his face to shine upon thee will be gracious unto thee. He who shineth his face upon thee will give thee peace. But it shall be the peace of the heavenly host with honor, not to incite men to praise of thy brilliance but to encourage thee to the heavenly fashion of those things that are to come that now as the shadow of the light casts before us a hope eternal.

And I saw a new heaven and a new earth,<sup>1</sup> for the former things were passed away. And behold, all things become new.<sup>2</sup>

**Insert 6.04C****Bind the Anger of the Fallen Ones**

In the Name of the I AM that I AM, Beloved Father Mother God, Bind the Forces of Anger out of the pits of death and hell and their origin in the anger and rebellion of the fallen ones and their mechanization man. We call to the Buddha of the Ruby Ray and all beings of the Ruby Ray for a planetary exorcism of anger in all of its manifestations and modes that have been inflicted upon the children of the light. Clear all condemnation, hatred, doubt, fear, pride, disobedience, all Martian and moon energies and sunspot activity creating war, aggression, anger, and arrogance, argumentation, accusation, agitation, apathy, atheism, annihilation, aggravation, annoyance, aggressive mental suggestion, and all moon substance, anti-Christ, and anti-Holy Spirit manifestations in the four quadrants of Mater; gossip, prayers of malintent, computers of the dark forces, psychotronics, UFO's, aliens, interplanetary and intergalactic black magicians, their rays and force fields, mind control, mental and emotional manipulation-working in or out of embodiment in space vehicles, from the Twelfth Planet and beyond-sustained by the influence of the moon and magnified by Mars in all quadrants of matter, and all other shades and varieties of anger including sarcasm, belittlement, ingratitude and injustice.

Almighty God, clear the very bedrock, the very depths of the unconscious where we find that substance that is an ancient residue, almost in every everyone without exception, of some form of anger against God, Consume the point of the anti-God, the anger, the rage of the forces raging abroad in the world today as murder, mayhem, abortion, terrorism and all manner of abuse of the woman and her seed, the utter contempt for the Mother and her children as the nations are angry at the Divine Mother.

Beloved Jesus the Christ, clear all forces of anti-Christ manifesting as anger, as the strong sense of self preservation of the carnal mind, the nucleus of the dweller on the threshold and the electronic belt.

Transmute all records and burdens on the heart, all wickedness, hatred, fear and anxiety that prevent the soul's rising to the heart to make attunement with the Christ Self in the Holy of Holies.

Mighty Astrea and Elohim of God, encircle our inner unloving adult that may contain that anger and encircle the transferal of that anger to others, whether spouse, child, family, our own inner child, the Messenger, the Community, "the Church" or its leadership and Keepers of the Flame. Mighty Astrea strip our community of the entities of anger and rage, strip us of any and all intense anger marked by an absence of control, intense feelings of passionate hatred, and a desire for the annihilation of the object of the anger including its manifestation as condemnation.

Beloved Ray-O Light and your legions, blaze fearlessness flame around us and heal us of all fear that is beneath the anger-fear of our higher calling in God in the etheric quadrant, fear of the future in our mental body, fear of change in the emotional body, and fear if what the Nephilim might do to us in the physical quadrant.

Archangel Michael and your mighty legions of light, protect us at all levels of our being and bind the fallen ones and discarnates on the astral plane who support anger. Bind all manifestations of anger including passivity. Place all anger, including unconscious and subconscious anger in a blue box so that it can be sealed to no longer cause harm.

Saint Germain, come now with your legions of violet flame angels to drench this anger-cause, effect record and memory-with violet transmuting flame. Dissolve the anger and resentment of the fallen ones whose time is up and remove all that can be taken in this hour. We call upon the law of forgiveness for all whom we have ever wronged and for all who have ever wronged us. Replace all hardness of heart with a loving concern and a loving regard for all, yet do not allow us to be open to the human creation of anyone.

Be gone forces of anti-Love! (3x)

We accept it done this hour in full power!

Let God's holy will be done, Amen!

all Nephilim gods tied thereto, all members of the false hierarchy and the sinister force, imprisoned elementals, demons, discarnates, surrounding and engaged by them now. *Bolts* of blue lightning, descend now! *Bolts* of blue lightning, descend now! *Bolts* of blue lightning, descend!

\*In the name I AM THAT I AM Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the dweller on the threshold of Peshu Alga and his consort, their lineage, and all Nephilim gods! (3x)

[decree 20.09 "I Cast Out the Dweller on the Threshold!"]

**110.07 For the Casting Out of the Dweller on the Threshold of the Nephilim Gods and Black Magicians Surrounding Our Leaders**

Beloved Mighty I AM Presence in the heart of God in the Great Central Sun, I call to the very heart of beloved Alpha and Omega, beloved Helios and Vesta. *Blaze* the full power of the four cosmic forces through Oromasis and Diana, Aries and Thor, Neptune and Luara, Virgo and Pelleur!

*Go to!* *Go to!* *Go* to the State Department, the White House, the Oval Office. *Go* to now the place where the president, cabinet members, members of the Congress, the House and the Senate and the National Security Council and all those who are involved are gathered. *Go to!*

*Bind* those black magicians at inner levels! *Bind* those Nephilim gods on the astral plane! *Bind* all controlling forces! *Neutralize* those rays from UFOs, outer space, inner space, and psychotronics! *Bind* then those fallen angels attempting to influence the hearts, minds, and souls of our representatives! *Bind* their programming! I call for the scrambling of their computers, and especially all forces working through [all governments seeking to move against America and world freedom].

*Bind* the Brotherhood of the Black Raven! *Bind* all familiars! *Bind* all familiars on the astral plane and the physical plane, the mental plane. \**Burn* through! (3x)

We demand the binding of those fallen ones. We demand the seizing and the stripping of their anti-power, which is their momentum of the dweller on the threshold. Bind that entire momentum, Almighty God!

I call for that miracle light! I call for the intercession of cosmic councils to take command of the destiny of America and of freedom on planet Earth. I call to the entire Spirit of the Great White Brotherhood and worlds beyond, mighty teams of conquerors, great Lords of Life to descend now to earth for the saving of America and the turning of the worlds in this hour.

In God's holy name, we decree.

In the name I AM THAT I AM, Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the dweller on the threshold of the Nephilim gods and the black magicians surrounding our leaders.  
[decree 20.09 "I Cast Out the Dweller on the Threshold!]

**Blaze the Light of Shiva for the Judgment 110.08  
of the Controllers and Destroyers of the People!**

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, in the name of the Father and of the Son, I call unto the Lord, the Maha Chohan, the Holy Spirit: I demand the action of Brahma, Vishnu, and Shiva. From out the heart of Brahma, I invoke the Word. I invoke the Shakti. I invoke now the full power of the Divine Feminine in action into the Matter sphere.

By the power of the Buddhas descending out of Nirvana, by the power of the Great Central Sun Magnet, blaze forth the light of God that never fails! Blaze the light of ten thousand suns. Blaze the light of the Lords of Karma! \*Blaze the light of Shiva!

(3x) Blaze the light of the Holy Spirit into Washington, D.C.!

In the name of the Cosmic Christ, I demand the full power of Lord Shiva for the judgment of the controllers and the destroyers of the people. Burn through and bind those fallen

**Bind the Pride of the Fallen Ones**

In the name I AM THAT I AM, beloved Father-Mother God, Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus the Christ, Padma Sambhava, the Five Dhyani Buddhas, Guru Ma and Lanello, bind the forces of pride and rebellion out of the pits of death and hell and their origin in the anger and rebellion of the fallen ones and their mechanization man. I call to the Buddha of the Ruby Ray and all beings of the ruby ray for a planetary exorcism of pride in all of its manifestations, modes, subtleties, shades and variations that have been inflicted upon the children of the light.

(1) Beloved Lanello, I enter into the point of humility of the saints, and I recite the mantra that Jesus gave to Catherine of Siena, "Thou the All, I the nothing." \* (3x) I proclaim the nothingness of myself and the allness of my Holy Christ Self, and my Lord and Saviour Jesus Christ.

By the grace of God, I will not make the mistake of falling into the pit of pride. I call for the encircling of the infection of the poison and the spirit of pride that has been injected into most lifestreams on earth. I pray to Saint Germain to remove all vestiges of that injection into my four lower bodies of the pride of the fallen angels. And I plead for intercession for my brothers and sisters of light so that the fallen angels cannot prevail any further in inserting pride into the souls or chakras of the lightbearers.

(2) In the name of the Elohim Hercules and Amazonia, I call for the binding of the fallen angels, aliens, Watchers and Nephilim, and their pride that is anywhere in the earth. I call for the binding of the disease of pride, which can kill the ascension for anyone on the Path without exception. And I call to Mighty Astrea to cut the tie to that pride and that anger.

## Insert 6.04E

I call for the exorcism of pride throughout civilization and the exorcism of the seeds of pride sown by the fallen angels. I call for this exorcism throughout my being, in my genes, through past generations, all the way back to the beginning of my family tree and the family trees of all lightbearers worldwide. I call for the exorcism of the spirit of pride, which comes from Lucifer and all of the great hierarchs among the fallen angels. I call for the fallen angels and their prideful ways to be brought to the Court of Cosmic Justice. Let it be done throughout this planetary system and throughout the galaxies.

(3) Beloved Jesus, bind the pride that is the most diabolical poison that the fallen angels have succeeded in sowing in the seat-of-the-soul chakra of almost every person on this planet. Beloved Great Divine Director, arrest the spirals of the major wars that have been started because of pride. Arrest the spirals of the major catastrophes throughout the planet that have been instigated and engineered by fallen angels. Purge me of all pride so that I can bring about a change in my psyche for a resolution of my psychology that I have not known before because of the blinding elements of human pride, which have kept me back from the ultimate resolution of my soul with God, with the Lord Christ.

(4) In the name of the Christ, I ratify the acceleration of the exorcism of the mass consciousness of pride in the earth, an acceleration that has been set before us by the cosmic hierarchy. Using the tools, ability and knowledge of the Science of the Spoken Word, I call forth the tremendous sacred fire of my heart to intensify my actions and my calls for the exorcism of pride.

(5) In the name of the Christ, I call for the purging of the earth of pride and the prideful ones. As Sanat Kumara has said, their time is up. And this is the time to exorcise from the children of light and the sons and daughters of God all pride and all sense of self-importance.

## Insert 6.04E

(6) In the name of Sanat Kumara, I call now for a gradual and mighty change through all the Elohim of God circling the earth, holding hands and beginning to move this planet ever so slowly yet ever so powerfully until this pride and darkness is undone, exorcised and no longer present in the astral belt of the planet and her people. I call for the binding of the dweller-on-the-threshold of the fallen ones, even those who began as lightbearers but in taking on that veil of pride have lost the very self-esteem that should have long ago replaced the pride. I pray that this planet will not go down in a worldwide holocaust but will be spared, for the fangs of pride shall have been withdrawn and the fallen angels shall have been defanged.

I call for the elimination of millions of years of records in this planet, which has been besieged by the pride of the fallen ones for so long. I call for these records to be cleared and purged. And I call for the earth to be delivered of pride and the records of pride at all levels of being and consciousness. By God's grace, may the ambition and the pride of the fallen ones hold nothing for us any longer so we can no longer be tripped on the path since there is no rusty nail left in the subconscious on which the seamless garment of our robe can catch.

(7) In the name of the I AM THAT I AM, when I see an element of pride coming up in my personality, when I have prideful thoughts or prideful actions or words, I will say, "By the grace of God, I demand the binding of this pride, this portion of the dweller-on-the-threshold." Like a cosmic surgeon, I diagram pride on my cosmic clock, and as I see it, I call it, I name it and I surrender it so that it can be slain. I am determined, by the grace of God, to be rid of it, to no more have an expression of that pride.

And anytime that subtle or overt pride comes back, I will go after it and I will hit it hard. And I will say, "By the grace of God, I demand the cause and core of pride within

## Insert 6.04E

me be bound! I *demand* the binding of the dweller-on-the-threshold within me of human pride, devil pride, fallen angel pride, every kind of pride there is. *Burn* through and bind it now!"

By my conscious will, I separate out from the beast of myself. I will watch it like a hawk. I will not allow that pride to be expressed through me again, by the grace of God. I will get rid of my prejudices and I will get rid of whatever way my pride manifests -- pride in my ancestry, pride in my social status, pride in my education, pride that says I am better than somebody -- the whole gamut of pride.

(8) In the name of the Maha Chohan, I call for the winds of the Holy Spirit, by the action of Shiva, to destroy all the miscreations of myself and mankind through pride. I ask for enlightenment and wisdom so I do not fail to surrender ambition and pride and therefore fall again, drunk with the knowledge of the sacred fire and using that knowledge to elevate the ego and the lesser self.

I ask to overcome the temptation of intellectualism without the mind of God, without the spark of the Godhood—intellectualism that makes us feel that we have become gods, that we can decipher good and evil, or that without God we can know all things. This is the pride of the fallen ones, the archdeceivers, and they have attempted to put it upon the children of the light. And we cast it down this day!

(9) Beloved Father-Mother God, our esteem is always of the Person of Christ. As Jesus said, "I of mine own self can do nothing; it is the Father in me that doeth the work." May we also not depart from this true spirit of humility. For truly pride goeth before the fall. Deliver us from false humility, the pseudo-humility that is really the spirit of pride in disguise.

## Insert 6.04E

Bind that pride that is the beginning of sin—the sense of self-importance that makes us feel we have a right to be exempt from some facet of the Law and therefore we allow ourselves some point of self-indulgence.

(10) In the name of the Christ, bind all aspects of pride whereby the human creation besets the soul in such a vise grip of witchcraft, self-imposed, that the soul must then resist bending of the knee. In the name of the Christ, I would serve the light, I would see the light, I would be the light. And here and now, I bend the knee and confess that Christ might is Lord. I call for my soul to come to that point of absolute confession whereby I call for the Messenger to implore, on my behalf, the binding of substances of karma burdens that have bound me to the old ways of the fallen ones and the Canaanites. Bind now this substance and all of the fallen ones and false hierarchy behind it, including the vicious nature of the pride of these fallen angels that has hung upon souls for too long.

(11) In the name of Cyclopea, I call for the divine vision of the Goddess of Liberty to pierce the very heart of the fallen ones and lightbearers alike, to break the back of that false pride of the fallen ones imposed upon the lightbearers. I demand vision and enlightenment to restore true faith in America as the I AM Race and in Saint Germain, the God of Freedom to the earth. And I call for the union of lightbearers in all nations to restore that oneness.

(12) Beloved El Morya, seal me in the will of God. I multiply my decrees as I give these calls for the binding of pride and the fallen ones so that there are not explosions, as Vesuvius exploding, as these fallen ones find out that we are pursuing them in labors for the binding of that pride. My might turn and attempt to rend us, but we will call upon the protection of Archangel Michael and his legions from all manipulations and tricks and ploys of the fallen ones. And I call for the binding of the backlash to these calls.

## **BREAK THE CURSE/SPELL**

PAGE-013

In the name of my Mighty I AM Presence and Holy Christ Self, I call to beloved Astrea and Purity, Mother Mary, the Great Divine Director, Archangel Michael and Faith, El Morya and the Seven Chohans of the Rays, to beloved Mighty Cosmos, the Five Dhyanis Buddhas, the twenty-one manifestations of Tara, Padma Sambhava, beloved Lanello, and the entire Spirit of the Great White Brotherhood and the world Mother, elemental life, fire, air, water and earth:

I call for the divine intercession and the breaking of the curse of old oaths and vows that I may have made in past ages that have tied me into the consciousness of the fallen angels and the left-handed path. I demand the arresting of the spiral of all ties—conscious and unconscious—to all fallen priests, rabbis, nuns, spiritual leaders and purported healers, voodoo priestesses and black magicians to whom I have given my light and allegiance over the centuries. I demand the release from all such ties which have given them entrée into my psyche to place curses, spells, or hexes upon me, thereby locking me into their negative thoughtforms and patterns of thinking, controlling my energies and actions and enslaving my soul. Free me from all patterns of obeisance to false gods, idolatry, imposition of belief systems upon me in the name of spirituality and given away of my own God power. Bind, consume and transmute the cause and core of any and all of these records and ancient ties once and for all.

I invoke the power of mighty Astrea and Purity's cosmic circle and sword of blue flame to encircle these grids and patterns of darkness, duplicity, deceit, deception, psychic projections, emotional riptides, aggressive mental suggestion and control; verbal curses, aura invasions, energy merging; disrespect and disallowing of my free will; malicious, ignorant, sympathetic, and delicious animal magnetism; and all forms of discordant or negative manifestations in my thought and feeling world. I ask for the removal of the false imposters, Kas, not-selves, or dwellers-on-the-threshold of anyone now attached to my energy field or seeking to enter therein. Remove all energy grids and matrices cast on my house and energy forcefield. I ask you to fully and finally break the curses that the fallen ones have placed upon me—cause, effect, record and memory back to my first embodiment in matter—and fill my life and home with only the illumined light of God.

Cut my soul free, right now today, to fulfill her dharma and divine destiny without any further interference and to serve only my Holy Christ Self. I ask this according to God's holy will. Amen

In the name of the beloved, mighty victorious Presence of God, I AM in me and my very own beloved Holy Christ Self, I call unto Thee, O Lord God Almighty, beloved Alpha and Omega, Helios and Vesta, God and Goddess Meru, Saint Germain and Portia, Fourteen Ascended Masters who govern the destiny of America, Sanat Kumara and the seven Holy Kumaras, God Surya and the Four and Twenty Elders, seven mighty Elohim, archangels, and chohans of the rays, the Great Divine Director, Mighty Cosmos and the five Dhyani Buddhas, Mighty Victory, Justinus and your mighty seraphim, Great Teams of Conquerors, Prince Oromasis and Diana and your fiery salamanders, Zarathustra, beloved Micah and angels of unity, Godfre and Lotus, Lanello and Guru Ma, K17 and the Cosmic Secret Service, the entire spirit of the Great White Brotherhood and the World Mother, elemental life - fire, air, water, and earth, I decree:

#### **America's Protection**

**I AM the One** (!) and I invoke the power and authority of the I AM THAT I AM in the heart of all life; of the I AM Presence and Holy Christ Self, causal bodies and mantles of the Two Witnesses, Mark and Elizabeth Prophet. Through that power and by that authority I AM the sealing of America including all breaches, gaps, and vulnerabilities in her armor and defenses. I AM the sealing of her borders, coastlines, waterways, airspace, fields, forests, resources, infrastructure and Lightbearers. O Lord God Almighty, hear our call and answer for the absolute physical defense of America, her people, and children of God everywhere. Establish now an invincible etheric shield over North America. **BLAZE** forth the action of the crystal blue dome of Mighty Hercules. **Seal** America with the Golden Chain Mail reinforced with chain mail of fiery blue energy. Reinforce this shield by the power of your causal bodies and the action of the Great Central Sun

Magnet. Concentrate this shield with instantaneous pinpoint precision wherever it is needed to neutralize and inactivate weapons or devices directed against America, her people, resources and infrastructure.

**\*Shatter and scatter** (3x) the war plans of the fallen ones. **BOLTS** of blue lightning into their space-based equipment, computers, ships, vehicles, and weapons of every kind. **SEAL, SEAL, SEAL** America, her people and resources from all attacks on all levels of being.

**\*BLAZE Violet Fire, the Secret Rays** (3x) through the key components of microcircuitry, microprocessors, relays, and switches in the targeting, guidance, delivery, and detonation systems of weapons or equipment programmed for or targeted against the American people, public officials, armed forces, vital resources and physical infrastructure.

**\*BOLTS of blue lightning penetrate through** (3x) these components in all weapons including nuclear, chemical, biological, radionic, psychotronic, microwave, ultrasonic, psychoacoustic, pulsed-light, scalar-wave, zero-vectored-energy, ionospheric-heating, infrasound, VLF, ELF, EMP, woodpecker, particle-beam, plasma, weather-modification, tectonic, psychic-ray, brain-scrambling, brain-entrainment, directed-energy, synthetic-telepathy, stargate, computerized humanoids, giants and chimeras, and any and all other consciousness-altering, disease-inducing, surveillance, monitoring or killing equipment.

**\*BOLTS of blue lightning descend** (3X) into the vibrations and chants of anger, hatred, envy, jealousy, intrigue, treachery, resentment, revenge, and retaliation directed against Saint Germain and America right now!

Take dominion over and bind the dweller on the threshold working through all anti-American spies, infiltrators, fanatics, moles, mercenaries, sleepers, and invaders pitted

against the soul of America, her freedom, liberty and justice, and the plan of Saint Germain. Prince Oromasis and Diana, assign billions of fiery salamanders to blaze the sacred fire in the auras of these individuals to an intensity where they have the opportunity to renounce their evil intent and programming. Beloved Zarathustra and beloved Justinus, intensify this action now, according to God's holy will. **\*SHEETS of white fire and blue lightning descend!** (3x)

**\*BURN through** (3x) and confound the rituals, strategies, and mechanisms for opening the "Gates of Hell", astral portals, or so-called "stargates". **SEAL** all such breaches with the Golden Chain Mail.

**BIND** the hordes of Gog and Magog, the armies of China and Russia and their allies, moving against this nation, America. Confound and consume their plots, plans, and strategies to invade America and let their efforts come to naught.

Beloved Micah and Angels of Unity, come now and intensify the flame of unity in our midst. Mend the tears in the garments of our nation that we may stand as a united front for God and country.

I call for the raising up of the Christ consciousness in every man woman, and child in America. Let them be sealed in their chakras, auras, and four lower bodies in the full mantle and protection of their Christ Selves and in the power of the Holy Spirit.

### **The Staying of Prophecy**

I call for a staying action by the hand of Almighty God on the fulfillment of all negative prophecy relevant to America, especially including Ezekiel chapters 38 and 39, Daniel chapter 9, and George Washington's third vision.

**\*Bind and consume** (3x) the conditions, consciousness, and situations that could contribute to negative prophetic fulfillment in America including abortion and child abuse;

religious fanaticism; unholy alliances; ancestral hatred; false and misleading biblical interpretations; greed; bloodlust; ends-justify-the-means rationales; economic subversion; political compromise, betrayal, and treachery; UFO and alien intervention; massive depopulation agendas; environmentalism; and all vulnerability to Mars and moon energies. **\*BLAZE the Light through** (3x) them now.

Beloved Mighty Victory, **BLAZE** forth your indomitable spirit of victory and overcoming into all our endeavors to preserve freedom, liberty and justice in America and the earth. Beloved Godfrey and Lotus and all revolutionaries of the Spirit, I invoke your presence and assistance as I accept and affirm the ultimate victory of the Lord God of Hosts in this nation, in its people, and in its divine destiny fulfilled.

In God's holy name, I AM THAT I AM, I consecrate America, her people and armed forces, one nation under God, to the Sacred Heart of Jesus, the Immaculate Heart of Mary, the purple fiery heart of Saint Germain, and the hearts of all saints of Heaven. And I ask for the consecration of the prayers and devotions of God's faithful and true hearts everywhere to the fulfillment of His holy purpose in these United States. Let this call be fully adjusted and implemented according to God's Holy Will. Amen.

And in full faith I consciously accept this manifest, manifest, manifest (3x) right here and now with full power, eternally sustained, all powerfully active, ever expanding and world enfolding until all are wholly ascended in the light and free. Beloved I AM, beloved I AM, beloved I AM.

## Call for the Mighty Blue Eagle

In the name of Archangel Michael, Beloved Surya and the Mighty Blue Eagle of Sirius, Beloved Godfre, Saint Germain and the Fourteen Ascended Masters Who Govern the Destiny of America, K-17, Guru Ma and Lanello, I call for the victory of the light in America and in the hearts of the American people (and in the I AM Race of every nation), to deliver this nation under God – individed, undivided, secure in the oneness of the Light. And I call to the angels assigned to me and every Keeper of the Flame to encamp 'round about and among the men and women serving our nation, and for the infusion of the God-light securing the victory; for the soaring of consciousness, the raising of the Mother, for judgment, vigilance and the quickness of the All-Seeing Eye of God, and for the reinforcement of the work of the violet flame angels. And I accept it done in accordance with God's Holy Will. Amen.

***I AM! I AM! I AM! the Resurrection and the Life of my finances and the economies of all nations! (3x)Now made manifest in my hands and use today!***

***I AM the Resurrection and the Life of the I AM Race!***

In the Name of the Beloved Mighty Victorious Presence of God I AM in me, Holy Christ Selves of all earth's evolutions, beloved Sanat Kumara, Beloved Alpha and Omega, the Cosmic Spirit of Freedom and the Cosmic Spirit of Justice from out the Great Central Sun, Beloved Ascended Master Jesus Christ, Beloved Mother Mary, the Great Divine Director, Saint Germain and Portia, Goddess of Justice, Beloved Great Karmic Board, Beloved Archangel Michael and Faith and your Blue Lightning Angels, we call for divine justice to be done in the following situations:

Legal accountability now for all pro-abortion individuals and groups who were responsible for the leaking of the draft abortion opinion in Dobbs v. Jackson Women's Health Organization, including the publishing of home addresses of the Supreme Court Justices; protests and threats toward the Justices, their homes and families, before and after the final decision to overturn Roe V. Wade on June 24, 2022; resolution of all unresolved cases of subsequent violent acts perpetrated against pro-life pregnancy centers, churches, their employees, volunteers, and first responders.

Retraction of the FDA'S decision in 2000, to approve Mifeprex (mifepristone), the deadly abortion pill, disregarding normal drug approval protocols, placing

political expediency above health and safety of women, resulting in the death of 5.6 million preborn children since approval in the U.S., with over 50% of abortions in America now committed by this drug; further loosening of restrictions by the FDA in January 2023 to allow major pharmacies to dispense the abortion pill, despite over 4,000 reports of adverse events from women experiencing hemorrhage, excruciating abdominal pain and severe life threatening infections.

**OVERRIDE THE "RIGHT TO ABORTION" in every State! Overshadow each State Legislature and Governor in the US to immediately legislate laws protecting the right to life for all!**

In the Name of Beloved Kuan Yin, we invoke mercy's flame for those souls suffering trauma from having been previously aborted when trying to incarnate, scarring the soul with those emotional records that erode trust and faith.

In the Name of Alpha and Omega, Beloved Seven Archangels, Mighty Seraphim & Cherubim of God, Beloved Elohim, Defeat Abortion and the Death Consciousness in America and the world!

It is done, it is finished! It is sealed! Lord Maximus, maximize the action of our prayers! It is so! Amen.

## Call on the Conspiracy of Gog and Magog\*

### Ruby Ray Preamble

In the name I AM THAT I AM, come O Goddess of Liberty with “the legions of light and form a mighty spiral around thy focus. We come to the shrine of Liberty and the open door of the Mother’s heart of initiation. There in New York, let there be the sealing of the earth, the sea, the fire, the air! Let there be the sealing until the servants of God might turn and serve the Light.

“O let the newcomers to this soil receive the initiation of light! Measure for measure as they bear light, let them receive that increment and let the raising up of the torch of Liberty draw all nations of the seed of Sanat Kumara to that point of definition of the community of the Holy Spirit of this nation that is a haven for all who are oppressed.”

- We “will not fail to call forth the judgment upon Gog and Magog and all forces thusly pitted against one another to the death. Let them be *bound* in the name of the Lord Christ!” Together with Archangel Uriel, we speak it in the name of Helios and Vesta.
- Let Gog and Magog be bound! Let their power be reduced and let their karma be upon them and let it be turned unto them—and let the blood of the prophets be required of them. For I am the mouthpiece of the judgment of the Cosmic Christ, I say the lightbearers are raised up and these age-old rivals are put down by the hand of the Almighty.
- Let us draw the lines! Let us be clear in our definitions! And let not words convey metaphysical ideas that have nothing to do with God-reality.
- Let the members of the I AM Race worldwide understand the great gathering of the elect and the coming to America

- of those lightbearers who will stand to defeat the world totalitarian movements within and without.
- We stand in the Middle East for the judgment of the Nephilim gods who have usurped that land for more than a half a million years and beyond, into the very mists of antiquity, to overturn the Light, even the promised Light that was sent.
- Let there be the containment by the all-consuming light, the sacred fire of Sanat Kumara, to burn through the cause, effect, record and memory of this ancient hatred of the laggards toward the lightbearers.
- With Holy Justinus and the Elohim, we call forth the solar rings around the vortex of the black hole in space and the dweller-on-the-threshold of the Matter cosmos. Seal now the point of origin of the spawning of Evil in the earth and in the vortex of the black hole in space. Now let these solar rings be sealed!
- "Beloved Great Central Magnet of my own Mighty I AM Presence, align my entire consciousness, being and world at the point of the I AM THAT I AM and the living Christ each time I enter into the ritual of calling forth the solar ring."
- We shall not be caught in left-wing or right-wing rhetoric, indoctrination, passive expectancy of prophecy, the misuse of language or the violation of the Word.
- Let the laggard forces be bound and let the servants of light be set free! Let the Light prevail! And let our hearts of light united as one in the very heart of Helios and Vesta go forth then. For the armies of the Lord are with the saints on the earth. Mighty archangels, defend the point of light for the true promised land of the I AM Race—America!
- Cast out the betrayers of the Word in America. Let the Union be drawn, that the crack in the Liberty Bell might be *healed*, and the genius of freedom and creative sons of light might know the meaning of the oneness and the strength of the One Sent.

- I stand with Archangel Uriel and the Lord Jesus Christ as a part of the great gathering of the elect and the coming to America of those lightbearers who will stand to defeat the world totalitarian movements within and without. I AM a warrior of Peace!
- Let the strategy of Saint Germain be made known, and let the wise ones be readied for their role. Let the true shepherds of the people be positioned on the stage of life continent by continent in the Person of God. Let them give their energy to God alone and to his Lamb, as the children of the light are made one through the Body and the Blood, the Omega and the alpha, of the Lamb.
- With Archangel Gabriel, we affirm the all-transmuting Light of His body and His Blood as the solution and the dissolution of world good and evil.

“Therefore, Helios and Vesta admonish the sons and daughters of God: Put aside your differences and enter the Union. Be not caught in the skirmishes of these ones, but understand the true love of Christ and thereby shall all men know that ye are brethren and disciples in his name.”

**In the consciousness of the One and the One Sent, I AM He!  
(3x)**

Beloved Archangel Uriel, we call unto you to once again as you have done before, to seal us in the fiery rose, the fiery ruby rose of the heart of Jesus. Seal us in the white rose of the ascension of Mother Mary. Seal us in the cosmic cross of white fire. Angels of white fire and angels of the ruby ray guard and keep us unto the victory of our own God-harmony. Let it be done in accordance with God's Holy Will. AMEN.

And in full faith...

**Halloween Call 1** (Adapted from Master Morya, PoW, Vol. 2 No. 43, 10-30-59, Copyright © Church Universal and Triumphant)

In mercy's name and on behalf of the youth of the world for the counteracting of the release of fear thoughts and human hideousness to the children at halloween. We call for God beauty to rule supreme everywhere I AM.

We call for the seizing and binding and taking for judgment of all Satanists, seed of Satan, sympathizers, consorts, all black magicians, witches and warlocks, hordes of death and hell, all demons, discarnate entities, all entities of death, suicide, all halloween entities, including Dracula, Draculus, Exhora, Guisa, Mischievus, Suspooicia, Spookia,

We call for the binding of all Satanism, Satanic rites, of all black magic and perversions of the sacred fire practiced in witches covens and by denizens of darkness,

We call for the dissolution of all dark energy cones, funnels or any other forms that are being built or have been built to be used for the nefarious purposes of the fallen ones on halloween or at any time. We call for the Light of the Christ to fill all vacuums.

We call for the Lightbearers and especially the children to be protected and shielded from all astral and other predators seeking to steal their light through satanic rituals, or any other means whatsoever.

We call for the withdrawal of human attention from the astral realm particularly on halloween and for the release of mankind from all morbid states of consciousness so that the pure uncontaminated will of God can flow thru as love's gracious answer to relieve all human fear and discordant ideas.

Let this be done in accordance with God's Holy Will.

And in full faith...

## Halloween Call 2

- For the binding of all Satanism, Satanic rites, the seed of Satan and their influence on our youth, on Halloween or any time;
- For the binding of all black magicians, witches and warlocks and the hordes of Death and Hell who would have their heyday on Halloween;
- For the binding of all witchcraft, black magic and perversions of the sacred fire practiced in witches covens and denizens of darkness;
- For the binding of all entities of death, witchcraft, perverted sex, ritual sacrifice of infants, bloodletting, drugs, alcohol and sugar; and all demons, discarnates and malevolent spirits of every kind that would go after the light of the Lightbearers and our youth;
- For the clearing of the astral plane of all hordes and for the binding of Death and Hell on this planetary home;
- For the encirclement of every cause and core of all witchcraft and black magic practiced upon our children and youth in abortion, child abuse and molestation, rock music, alcohol and drugs;
- For the rescuing of all souls of light caught up in these activities; and for the binding of the core rebellion and witchcraft which may exist as record or residue in the subconscious of the saints of the planet, the chelas of the Most High God and those who are attempting to walk the path of the Great White Brotherhood.
- Let it be done according to God's Holy Will

And in full faith...

## VIOLET FLAME DISPENSATIONS

In the name of my Mighty I AM Presence and Holy Christ Self, I call for the multiplication of all the violet flame that I have invoked or will invoke this day:

1. In the name of the Christ, I call to beloved Omri-Tas to take my offering of 15 minutes of invocations to the violet flame and by the quality of it – as it is devoted, as it is profound and sincere, the very weight of its power and light – quality for quality, multiply it in my life ten times <sup>(1)</sup>, and match it also by the presence of great legions from the Violet Planet. <sup>(2)</sup>
2. Let these decrees be multiplied by the power of the Violet Planet itself, by the tremendous power of the legions of the Violet Planet and of Omri-Tas who saved that planet by invoking the violet flame. <sup>(3)</sup>
3. I call for the violet flame gift from the evolutions of the Violet Planet to intensify, to multiply, to square the quantity of violet flame invoked. I call for these evolutions to establish in this moment a great and mighty heart tie to my heart. Let there return to me from the Violet Planet, a momentum of the Seventh Ray so great, that I will no longer think I am too small to accomplish the tasks at hand, for all tasks shall be possible unto me in God and through the reinforcements of the Violet Planet. <sup>(4)</sup>
4. I call to Beloved Saint Germain to multiply, by a figure beyond telling, these calls to the violet flame, and to multiply the ovoid of my aura by your own, in response to the activity of violet flame unending. <sup>(5)</sup>
5. I call to the ascended ones, hosts and legions of the Violet Planet for world freedom and to multiply these decrees many times over by the power of ten squared. Let this increase be for the transmutation of world

totalitarian movements, world tyranny and tyrants, for the binding of the tyrant-ego dweller-on-the-threshold, for the binding of all forces that are the misuse of divine justice, even the perversion of *Gevurah* of the Tree of Life. <sup>(6)</sup>

6. I call to Ra Mu and priests of the sacred fire from Lemuria to match whatever violet flame decrees I give by the power of ten. <sup>(7)</sup>
7. I invoke the violet flame reservoir of light over central Europe, as a direct transfusion to all Lightbearers of Europe, Eastern Europe and the entire (former) Soviet bloc. Let this light be maximized, fortified, multiplied by our own love and devotion and to flow to every Lightbearer in these lands, to quicken them, to cut them free, to transmute their spiritual and physical blindness as to those events coming. <sup>(8)</sup>
8. I call forth the dispensation of the violet flame sea in the heart of the earth, a giant violet flame reservoir, as a sea of light pulsating. Let it be meted out as an unguent, as an elixir, by my Holy Christ Self to all those who serve the light, and may it be replenished by new calls to the violet flame. <sup>(9)</sup>
9. I invoke the Maltese cross, the violet flame cross, over my home and city. I call for it to be filled in anew each day with violet flame and occupied by angels of the Order of Zadkiel and priests and priestesses of the Order of Melchizedek. <sup>(10)</sup>
10. I call to beloved Kuan Yin to place her electronic presence over me, so that by the power of her merciful heart, I may qualify an entire planet with the momentum of mercy as the violet, living flame. <sup>(11)</sup>
11. I call to beloved Lanello to confirm my presence in the Inner Order of the Great Central Sun Magnet. I call for

Insert 70.22

the Great Central Sun Magnet to be supercharged by Elohim with the action of the violet ray that I may become, in this Mystical Body, that Great Central Sun Magnet of the violet flame of freedom. And in this power and presence of that magnet of the violet flame, consume and transmute on contact the great darkness that has rallied itself against this movement, Messenger and Teaching. Let my forcefield be intensified by coils of violet flame to consume all hatred and condemnation, all darkness and plots of the seed of the wicked. For nothing can withstand the Great Central Sun Magnet supercharged with the violet flame. <sup>(12)</sup>

12. I call to Omri-Tas to reactivate and multiply the dispensation of violet flame spheres given July 6, 1963. <sup>(13)</sup> Let Priests of the Sacred Fire from the Violet Planet form beautiful, magnificent spheres of violet flame, and roll them down cosmic highways of light to the Capitol dome in Washington D.C. Let them shatter and diffuse and radiate out, as from a great hub, throughout the entire planet to bless the people of earth and especially every chela of Saint Germain. <sup>(14)</sup>
13. I call to Omri-Tas to send forth the electric spark, the current of the Alpha cycle of the violet flame, to my heart each morning with the first ray of the dawn. I call to my Holy Christ Self to catch that spark and be and receive the Omega return and therefore be unto Omri-Tas, throughout the twenty-four-hour cycle, the Omega counterpart of the Alpha-concentrated energies which Omri-Tas has placed upon the altar of Shamballa. <sup>(15)</sup>
14. Beloved Omri-Tas, anoint me as a candle of violet flame, for I desire to make my violet flame candle glow all the days of my life, holding it up as the Goddess of Liberty holds up her torch. <sup>(16)</sup>

15. I call to Beloved Lord Maitreya to multiply every decree that I utter by the full power of ten thousand-times-ten thousand. <sup>(17)</sup>
16. I invoke the presence of the priests and priestesses of the Sacred Fire from the Violet Planet to tarry here on earth, as I give one hour of fervent violet flame decrees each day. <sup>(18)</sup>
17. I call forth violet flame for the blessing of myself, the Summit Lighthouse, Keepers of the Flame activity and the planet. And I know that within one hour I can transmute with the violet flame a particular programmed momentum of an entire embodiment, with an action of Light like a violet-flame laser beam directed into my electronic belt. I call for my Holy Christ Self to direct a concentrated ray of the violet flame from my heart, from my soul and mind, from the momentum of my aura and from the Great Central Sun Magnet of the seventh ray to dissolve these momentums. And let this very same wavelength of human discord found in my own subconscious momentums be consumed for my relatives, as well as in those of similar genetic strains, national traits, geographical and economic influences, according to the will of God. <sup>(19)</sup>

**JUSTINIUS: THE SOLAR RING SEALS DEATH AND HELL (AND RECORDS OF THE MIDDLE****EAST)**

(January 1, 1984, Keepers lesson #32)

"In the name Alpha and Omega, Elohim, Helios and Vesta, God and Goddess Meru, messengers of the Sun, mighty Archangels and Chohans, I, Justinus, call forth twin pillars of twin flames of the Godhead from the

Central Sun to the very white fire core of worlds and worlds beyond and in the four quadrants of Matter, penetrating to the very depths of misqualification in the astral plane.

Therefore, the mighty solar ring does now place the seal upon Death and Hell and the areas and pockets of the darkness of the pit. Be *sealed* now! Let the Great Central Sun Magnet *seal* the place where evil dwells until the binding and casting of Death and Hell into the lake of fire!"

Therefore, by the authority of Lord Sanat Kumara, I, Justinus, call forth again the mighty solar ring around the vortex of the origin of the consciousness of Evil and the Evil One and around the vortex of its effect upon earth's evolutions in the Middle East and beyond.

I call forth the twin pillars of Alpha and Omega. Elohim of the Sun! Elohim of the Sun! Elohim of the Sun! Hercules and Amazona, Apollo and Lumina, Heros and Amora. Purity and Astrea, Cyclopa and Virginia, Peace and Aloha, Arcurus and Victoria, Elohim of the five secret rays, reinforce now our solar rings.

Alpha and Omega, Great Central Sun Magnet, beloved God and Goddess Meru, Helios and Vesta, messengers of the Sun, all saints ascended and unascended, mighty pillars of twin flames, reinforce now our solar rings!

Reinforce now the sealing of the point of origin of the spawning of Evil in the earth and in the vortex of the black hole in space. Now let these solar rings be sealed! Seal, therefore! Seal, therefore! Seal, therefore, the place where evil dwells and let it be consumed from within!"

(Let the) "judgment calls...direct to this nucleus of the grand conflagration of the sacred fire the miscreations of the Matter cosmos and their miscreants – those for whom time and space are no longer, those whose words and works and all that they are can be sustained no longer by the Light or the anti-Light.

Beloved Serapis Bey, I, Justinus, call for the igniting and consuming of the cause and core as well as the effect, record, and memory in the Middle East of laggard evolutions and their point of embarkation whence they sailed to earth, that their most recent habitats as well as their point of origin in the Matter spheres may also be cleared of the records of their infamy.

Thus, I, Justinus, with the Elohim, the archangel and the Chohan of the Fourth Ray, do draw again by the bodies of seraphim the solar rings around the vortex of the black hole in space and the dweller-on-the-threshold of the Matter cosmos. And by correspondence, I do draw the solar ring around the Middle East and all nations around the Mediterranean who are comprised in part of laggard evolutions.

I, Justinus, call for the igniting and the consuming of the cause and core, the effect, record, and memory of all their destructivity of the pristine purity of Lemuria and Atlantis and of ancient golden ages on this and other planets of this solar system and throughout the Matter cosmos. And I, Justinus, call for the judgment of the Nephilim and their laggard scientists and their mechanization man and also the Watchers who are their overlords.

I, Justinus, call forth in the name I AM THAT I AM on behalf of every lightbearer of the Matter Cosmos the mighty cloak of invisibility, invincibility, and invulnerability around this entire action of the sacred fire. I call forth the tube of light and the secret rays so that the entire alchemy of the sacred fire for world transmutation in the very core of the astral plane might be sealed." ["Violet Fire and Tube of Light Decree" given once]

"Souls of light **MUST GUARD AND TEND** the sacred fire of the Grand Conflagration" (of the Dweller on the Threshold of the Matter Cosmos) ... And it will either be sustained or sealed according to the level of your calls to Astrea and the continuous vigil kept at this season and in the ongoing decades. "

"Beloved hearts, your judgment calls **MUST DIRECT** to this nucleus of the grand conflagration of the sacred fire the miscreations of the Matter cosmos and their miscreants – those for whom time and space are no longer, those whose words and works and all that they are can be sustained no longer by the Light or the anti-Light." (Justinus, KOF Lesson 32)

## OMNI-CALL ON WORLD TERRORISM

(You may use this call by beginning with the Preamble and proceeding straight through the whole call OR by using the Preamble and then adding one or more of the sections below at a time prior to giving other decrees.)

### Preamble

In the name I AM THAT I AM, Mighty I AM Presence from the heart of God in the Great Central Sun, let the shaft of white fire and blue lightning descend into our midst, into planet Earth, and into every nation. Descend into the cause and core of all threats against life and against the citizens of every God-fearing nation by those who would threaten and bring about the destruction of our way of life. Let our calls go forth by the authority, the protection and the office of the mantles of the Messengers of the Great White Brotherhood.

We invoke the mantles of the Messengers Lanello and Guru Ma to be upon us. Draw now the solar ring around us, Beloved Helios and Vesta, Alpha and Omega! We invoke the protection, the judgment and the empowerment of the Seven Archangels and their legions, Archangel Uzziel, the mighty Elohim of God, the Chohans of the Rays and the Maha Chohan, Mighty Victory and the Lord Jesus Christ and their legions. We call for the full armor of God through Holy Justinus and the seraphim of God, and for the full Golden Armor of Kuan Yin – the helmet, breastplate, back plate, shield and buckler and her circle and sword of Mercy's Flame to guard, guide, direct and protect us in this work.

### A. The Core of Evil Forces

In the name of the Mighty I AM Presence and Holy Christ Selves of Lightbearers across this planetary body, in the name Jesus Christ, we demand the judgment and the end of world terrorism now. We call forth the mighty sword Excalibur for the cleaving asunder of the real from the unreal and for the binding and the judgment of:

- The dweller-on-the-threshold and the core of the eye of the serpent, its tooth and tail, behind every terrorist;

- The archetypes of evil and their replicas, seeds and coils behind terrorism and communism, the laggard evolutions, the police state, and their entire momentum and spirals going back to Maldek;
- All lies and threads of evil woven into society and into their slaves, the hands that have woven them and the consciousness behind those hands all the way back to the core of evil in cosmos; and
- The chain of consciousness behind every terrorist and terrorist group involved, all the way back through the chain of energy of that degeneration spiral, clearing the consciousness and going to the very core of the arch-deceivers.
- All Nephilim involved with terrorism, specifically \_\_\_\_\_ and all mechanization man, clones, carbon copies and lifestreams in whom there is an implant of the carnal mind of the dweller-on-the-threshold and the genes thereof.

*Bolts of blue lightning, penetrate through! (9x)*

### B. Acts of Terrorism, Terrorists and Terrorist Organizations

In the name of Mighty Astrea and Purity, Kali and Durga, we call forth the full power of the Fiat of the Lord to descend into the cause and core of terrorism on Terra, and to expose, bind, judge and neutralize the astral hordes that promote, preach, promulgate and participate in terrorism of all kinds, including:

- attacks on life or physical integrity;
- kidnapping or hostage-taking;
- causing destruction to public or private facilities, information, transportation, and communication systems;

### **Ruth Hawkins' Violet Flame Call**

Beloved Mighty I AM Presence, beloved Alpha and Omega in the heart of God in our Great Central Sun, beloved Saint Germain and Portia, beloved Archangel Zadkiel and Holy Amethyst, beloved Arcturus and Victoria, beloved Kuan Yin Goddess of Mercy, beloved Mother Mary and beloved Jesus, beloved Great Karmic Board, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life, fire, air, water and earth.

In the name, power and authority of my Holy Christ Self, I demand that there be a great swelling of the Violet transmuting Flame in through and around the planetary body.

Double it each hour and fill the interior of the earth and Virgo and Pelleur's kingdom with a powerful, roaring action of the Violet Flame, creating such a pressure that it is forced out in every direction through the substance and structure of the planet.

See that it pours through all caves, caverns and subterranean passages, dissolving all the old records, density and carnal creations. See that it forces out all entities, black magicians, witches, warlocks and demons, and that they are seized, bound, and removed from this planet forever and disposed of according to God's Will!

See that this great blowtorch action of the Violet Flame fills the atmosphere up to 30,000 feet, and that not one atom escapes its purging power. Let the elementals, gnomes and nature spirits be stripped of their density, discord and pollution that has been imposed upon them by mankind through this transmutative action of the Violet Flame. And see that all

mankind bathe in this great sea of Violet Fire until their four lower bodies are completely cleansed and purified. See that all purified energy is taken by angels and used for the freedom of the elemental kingdom and all lightbearers. And let all spaces that are vacant after this purging now be filled with an ever increasing Light until the freedom and ascension of all.

Establish a mighty tidal wave of Violet Fire in the atmosphere of earth and see that it rolls around the planet with ever increasing power, force and action, rolling back and reversing the tide of all that cannot go into the Golden Age. Let it burn through all misqualification of God's pure energy, back through the cause and core of every spiral of degeneration of the seed of evil in the brains, minds and consciousness of all upon this planet, consuming it forever.

And we thank thee that it is done according to God's Will!

**I DEMAND ACTION BY ALMIGHTY GOD  
AND THE HEAVENLY HOSTS FOR THE  
SEALING OF THE BORDERS OF AMERICA!**

In the name of the beloved mighty victorious Presence of God, I AM in me, and my beloved Holy Christ Self, beloved Alpha and Omega in the heart of God in the Great Central Sun, beloved Helios and Vesta in the sun of our system, beloved Sanat Kumara, beloved seven mighty Elohim, beloved seven mighty Archangels, beloved Surya, beloved Mighty Victory, Mighty Blue Eagle from Sirius, beloved El Morya and the Darjeeling Council, beloved K-17 and Lanello, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life — fire, air, water, and earth! I decree:

\*I demand action in this hour by Almighty God and the Heavenly Hosts for the securing, closing and sealing of the borders of the United States of America, of enforcing our existing immigration laws, and of halting the flow and invasion of illegal immigrants!

***I demand the sealing of the borders of America!* (9x)**

I demand that the President of the United States of America and all officials and elected representatives of this nation uphold Article IV, Section 4 of the U.S. Constitution that guarantees that every State shall be protected by the federal government against invasion. Expose and bring to swift justice all those within and outside of government who are participating in and facilitating the influx of illegal immigrants into America through its borders. Expose the truth of these lawbreakers and their malfeasance, dereliction of duties and treasonous actions against America and its Constitution.

I demand action by Almighty God and the Heavenly Hosts to expose and bring to swift justice enemies such as criminals, terrorists, drug smugglers, human traffickers or spies who have infiltrated America.

I demand that the U.S. federal government recognize and honor the Constitutional rights of American citizens first, before extending any charity to foreigners or illegal inhabitants. Compel the States to uphold the immigration laws of this nation. Compel the States to rule as the final arbiters of their own affairs and destiny, superceding unconstitutional federal government mandates.

(Continued)

*I Demand Action by Almighty God and the  
Heavenly Hosts for the Sealing of the Borders of America!*

PAGE-027 (cont.)

I demand action by Almighty God and the Heavenly Hosts to thwart and block all potential terrorist attacks, subversive activities, insurgency plots and any other security dangers against America from invaders entering the country through its porous borders.

I demand that the Father, the Son, the Mother and the Holy Spirit deliver this nation under God from perils and dangers coming from both within and without.

(\*Repeat body of decree 3x or 9x, beginning after preamble.)

I call for my demands to be adjusted according to the Will of God, and that they be promptly implemented in accordance with that Divine Will.

And in full Faith I consciously accept this manifest, manifest, manifest! (3x) right here and now with full Power, eternally sustained, all-powerfully active, ever expanding, and world enfolding until all are wholly ascended in the Light and free!

Beloved I AM! Beloved I AM! Beloved I AM!

**CALL TO SURYA FOR THE JUDGMENT OF  
 THE BOTTOM 10 PERCENT OF THE  
 FALLEN ONES**

**In the name I AM THAT I AM ELOHIM Saint Germain,  
 Portia, Guru Ma, Lanello, Padma Sambhava, Kuan  
 Yin and the Five Dhyani Buddhas,**

**In the name I AM THAT I AM SANAT KUMARA  
 Gautama Buddha, Lord Maitreya, Jesus Christ OM  
 VAIROCHANA \* AKSHOBHYA \* RATNASAMBHAVA  
 AMITABHA \* AMOGASIDDHI \* VAJRASATTVA OM**

In the name of my Mighty I AM Presence and Holy Christ Self, I call to Surya in the God-Star Sirius and to the Mighty Blue Eagle from Sirius, I claim the authorization by Surya from Alpha and Omega and I call for the judgment of the lowest ten percent of the evolutions of the planetary home--the dark ones who carry nothing but destruction and viciousness and the malignancy of the murderous intent in their auras and in their four lower bodies. Bind in this hour the individuals in every nation, in every race, in and out of the courts of Church and State, who are the lowest common denominator of the bottom ten percent representing Absolute Evil, who must be brought to the judgment by our perpetual calls.

In the name of Helios and Vesta I ratify the judgment of the bottom ten percent of the evolutionary scale, those who have amalgamated the cause of Absolute Evil and therefore themselves become depraved even in their sophistication, those who occupy key positions in the banking houses, the governments, the institutions of the nations, and everywhere holding a voice, a position, and a mask of authority when within they are ravening wolves.

In the name of Alpha and Omega, authorized by Surya and Cuzco, I make haste to enter speedily into those calls for the removal from the planet of those lifestreams who simply will without question cause the destruction of the earth unless

something be done. I claim this dispensation in answer to a call that was made a number of years ago by the Messenger for that selective and discriminatory judgment whereby the aversion of cataclysm may come when the darkest of lifestreams whose karma is the very cause of that cataclysm are removed.

I call now for the opening of the way to withdraw certain lifestreams from the earth who otherwise could not have been withdrawn, for the removal of those whose very death itself would have produced the imbalance and the cataclysm feared by God and man alike.

I call in the name of the Christ and the legions of the Faithful and True to truly take the dark ones from the planetary home, for the removal from that home of all of the roots of evil and karma and the interconnection of those lifestreams in a network of darkness, for the removal of those who are a part of the "beast," the conglomerate, the "amalgamate" of forces and consciousnesses that become part of a computer--a mind that has extensions [tentacles] and works simultaneously in many manifestations of individuals engaged in international organized crime, including World Communism, which is nothing but organized crime on the level of the state.

This I decree in the name of the I AM Presence and Christ Self of Every Lightbearer on this planet, according to God's Holy Will and in his time and Cosmic Cycles and I accept it done this hour in full power.

Beloved Surya, 1985 *Pearls of Wisdom*, vol. 28, no. 24.

We call for the binding of the tail of the great dragon Tiamat as it swings as a *backlash* against the sons and daughters of God and against the Holy innocents. We call for the victory for those who are ready to draw forth the Light and challenge the tail of the great dragon-to challenge the misuse of the Sacred Fire and the tail of man's own carnality.

Bind the misuse of the Mother flame manifesting as the tail of the dragon, as a crescent hook drawing in energy to nurture the dragon and the fiery breath of the dragon. Bind the tail of that dragon! I demand the chopping off of that tail and I demand that light be returned to Alpha and Omega, be requalified and returned to our heart flames.

We call for the judgment of the Satanic hordes in chaos and in a fury without their leader and for the *backlash* of that remnant of his seed.

Archangel Michael, seize and bind those astral forces preying upon the innocent, and protect our families, children, loved ones from all *backlash* from those serpents.

We rush to send into that darkness, into that sinister force, billows and streams of cosmic Light descending.

We call that the wall of blue flame and the sphere of blue flame meet that revenge of the fallen angels and their momentum of revenge that has been smoldering as resentment for aeons against the Light and the Lightbearer and that when the Darkness comes it may instantaneously be deflected and go back to its source. And may the source of Darkness be destroyed by its own evil intent.

Archangel Michael protect ourselves and our families that the *backlash* of witchcraft does not cause them to become crazed and behave not as their usual selves and the riptide tear them from the path of their First Love.

We call for that protection from behind us as we continue on the awesome climb up the highest mountain.

We call to Archangel Uriel to place his electronic presence over us and ask that every erg of misqualified energy being directed against us and the light for which we stand be as it were directed at Archangel Uriel, and that all those sending forth this negative energy receive the full power of the judgment on the return current!
