

Our Christmas Eve Prayer to Mother Mary

Beloved Mother Mary, we come to the fountain of your heart. Let us be cleansed in this hour of the eternal Christ Mass of all sin, perfidy, all folly and straying from thy eternal presence.

Beloved Mother Mary, in the name of thy Son Jesus Christ, pierce the veil of illusion, temptation, the spell that engages the mind in unreality. Light of the eternal countenance of the Mother, shine upon us.

Blessed Mary, search our souls, our hearts, our minds, and our bodies. Let the piercing Light of the benignity of thine eye now penetrate and probe and remove the cause and core of all propensity to stray from thy path, to engage in sin or disease or death matrices.

Blessed Mother, remove the cause and core of fear, the failure syndrome, the momentums of the subconscious that cause the spirit to strive less than the fullness of its soaring.

Beloved Mother Mary, we come to learn of thee those things which have escaped our hearts, for the veil of benighted understanding has fallen upon us in this samsara. Therefore, beloved Mother, show us those things—make them crystal clear to us—which we have failed to apprehend and therefore to internalize the Word of thy blessed Son.

Beloved Mother Mary, come into our hearts in this hour. Speak to us from within of those things of heaven and those things of earth, that the deliberations of our souls might be unto thy wholeness and the wholeness of thy Son Jesus Christ.

Beloved Mother, we are here to be thy hands and feet, thy heart and mind. If thou wouldst weep, weep, then, through us, for we shall weep with thee in this hour and rise to the joy of the morning. Where thy children suffer, let the weeping of our eyes with thine own bear to them a mighty tide of the River of Life that shall cleanse them, exalt them, and deliver them from the tempter and the dragon that seeks to devour the Manchild.

Beloved Mother Mary, let us stretch our comprehension to include more of thy greater joy and, consequently, more of thy sorrow that, as we are fixed beneath heaven and the darkest places, we might have that commensuration of the omnipotence of Almighty God that enables us to save that which is lost, to give more, and to be more effective in the saving of souls worldwide.

We are thy children, yea, and more. We are thy sons and daughters and more. We are thy cohorts of Life. We are brother and sister unto thee, beloved. We come as bodhisattvas of the ages to stand at thy right hand and at thy left and with thee to raise up thy hands as the hands of Moses were raised up that the armies of darkness might be turned to naught.

Beloved Mother Mary, receive us in this hour of resplendent victory of thy crown. Let the fire upon the spinal altar rise now as the fullness of the lily. And let us be on earth the instrument of thy salvation to America, to the I AM Race, to all nations. With thee we raise our right hand, O eternal Mother, for the turning back of darkness and the dark ones.

O let thy miracles of the Holy Spirit and thy immaculate heart which we have seen so abundantly, continuously flowing be the very element of the alchemy. And therefore, in the twinkling of the eye of God, in the twinkling of thy eye, O beloved Mother Mary, let the world be changed and let it become, through and through, the Body and Blood of our LORD—LORD, the eternal Christ, the eternal Krishna, the eternal Sanat Kumara.

This world in the hands of Almighty God must receive His blessing, His exorcism through thy blessed hands, Mother Mary. Hold the earth in thy hands, for we hold the faith, the hope, and the charity that this planetary evolution may be transformed by the power of Archangel Michael and Jophiel and Chamuel and Gabriel, Raphael, Uriel, and Zadkiel. Nothing is too hard for the LORD.

Let the Light from the Mighty I AM Presence stream forth now from our hearts, from our souls, from the solar plexus and the third eye. O intensify, Blessed Mother, as we now ignite these candles unto thee and thy twin flame and all twin flames of cosmos who are indeed Alpha and Omega.

Blessed Mother, we pour forth gratitude. Thou art God in manifestation. Thou art the Mother of God, mothering the God flame in our hearts throughout all ages. Teach us, then, blessed one, to rise to the God-estate whence we have descended. Teach us in this hour to unlock the great treasures of the causal body of Life. Teach us in this hour, O Blessed Mother, to draw down the fullness of all that we are in the Mighty I AM Presence, in the beloved Christ Self. Let us be on earth the Universal Self. Let us be the instruments of the Almighty.

There is no reality to Death and Hell, nor to its denizens, nor to their consciousness. In the presence of the sacred fire of the Mother, all is God. Let us live in this reality, and by that God consciousness let the unreal be dissolved

and let the illumination of the Almighty—Alpha and Omega, Helios and Vesta, the God and Goddess Meru, Lord Himalaya, Vaivasvata Manu, and the Great Divine Director—be unto us the fullness of our Mother's right choice made by divine illumination. Let all of the tribes of the earth who mourn come into that Cosmic Christ illumination by thy heart.

Beloved Mother Mary, we empower thee by the fourteen stations of the cosmic cross of white fire to use all of our Light, all of our causal body, all of our momentum for the saving of earth in this hour. Save, then, the lightbearers of all nations, and especially the oppressed.

Beloved Mother Mary, teach us in this hour to glorify the name of God I AM THAT I AM in our bodies and souls and communities, in our families and children, in our education.

Blessed Mother, help us to do what you want us to do now and show us how to do it with the all-power of heaven and earth. We beseech thy intercession and that of thy Son and all of thy sons and daughters in the entire Spirit of the Great White Brotherhood.

Elohim of God, Elohim of God, come forth. Amen.
