## NEW YEAR'S EVE SERVICE 2025-26

Then by your invocations and decrees, call to your Mighty I AM Presence and Holy Christ Self to direct that very solution as a matrix, as a sphere of Light that contains the inner Logos for the absolute God-resolution [of a specific problem]."

- **INSERT: GAUTAMA—WE CALL FOR THE GREAT AWAKENING OF HUMANITY:** From darkness to LIGHT...

In the name of my Mighty I AM Presence and Holy Christ Self, I call forth the great Light of Gautama Buddha, the LORD of the World: As I AM an extension of Buddha in physical embodiment—speaking the Word into every corner of the world and into every point of Darkness. Speaking the Word into every heart and eye with the conviction that I am planting another seed of the Buddha so there can be a stepping down of his Causal Body through me to reach many more souls of the light.

And in the name of Almighty God, we, the one body of God on earth, by the authority of the Christ within us, by the authority of the spoken Word, in the name of the Chief of the Darjeeling Council, Lord Morya El, and by the power of the Holy Spirit:

Do *command* the transmutation of the darkness of our planet!

Do *command* that darkness be turned into Light!

Do *command* an immediate end to the evil deeds of the cabal of the fallen ones, their lackeys, and their minions.

Lord Gautama, *dispel* all unreality! *Dispel* the false theology and the indoctrination and allure of the fallen ones! *Dispel* the many points of division amongst the children of the Light! *Overturn* the psyops and mind control campaigns against the lightbearers! *Overturn* fear-based propaganda and Operation Mockingbird! *Dispel* mass formation psychosis, project Monarch and MK-ULTRA programming! *Expand* God's vision so lightbearers can see through the plots and plans of the Luciferians to divide and conquer us. *Bring* us together as ONE strong BODY of GOD in the earth

And centered in the great spheres of my Dharmakaya, I invoke a 100% reamplification of the original spiral of light released in the dictation by Gautama Buddha delivered by our Messenger Elizabeth Clare Prophet on New Year's Eve, December 31, 1978, during the *conclave of the Feast of Saint Stephen*.

Bless planet earth with the anointing released by the Holy Kumaras, with the wisdom of the Darjeeling Council, with the unprecedented release of light from Alpha and Omega, consuming the layers of density in those who are dense. Let this thoughtform of The New Glory of the New Jerusalem be reactivated in the coming year of 2023; raising the frequency and consciousness of the children of the Sun, that they may become fully awakened and prepared to deal with the oncoming darkness of the fallen ones.

I call to my Mighty I AM Presence and Holy Christ Self to send brilliant, golden spheres of God-solution into the earth, as a divine matrix of the Logos, for the GREAT AWAKENING of humanity! Beloved Lord Gautama, *awaken* souls so they no longer exist in a state of slumber! *Awaken* the souls of terra to their original identity! *Awaken* them to the God who is with

them and in them. Recall souls back to God-reality, back to the point of the seat-of-the-soul chakra and to the desiring of the resolution to the worship of her God.

Sanat Kumara, Seven Holy Kumaras, the Four and Twenty Elders, Great Karmic Board, the Seven Solar Logoi, *send forth* angelic hosts high in the upper atmosphere to release explosions of light of every color reminiscent of the Fourth of July Fireworks:

Let each explosion break up now dense substance!

Break that dense substance that has settled over America as gloom, as boredom, as ignorance, as confusion and chaos!

Accelerate God's holy Light within the lightbearers of the world—the I AM Race...

Let the quickening appear....

Lightbearers awake! Awake! Awake!

Children of the Light, rise now to the level of your Christhood!

Be not divided anymore by the fallen ones.

Come together as one strong body of God upon earth!

Father Alpha, Mother Omega, let the people of America respond with joy, for each explosion brings another perception, another release as hearts filled with love and eyes filled with tears begin to know the real meaning of life.

Let these hearts of Light make contact with the higher Light, that they might step into this Light, that they might prepare for oneness with their I AM Presence. Let the GREAT AWAKENING role across the United States and around the planet!!! Let earth become freedom's star!

I demand this physically manifest! I expect this physically manifest! I AM this physically manifest, manifest, manifest! In all the Flaming Jesus Christ victory, perfection and glory!

The Zeal of the LORD will perform it! (3x)

O Mighty I AM! Mighty I AM! Mighty I AM!

- **GROUP PRAYER**

Father, into thy hands I commend my spirit.

O my soul, let us arise from our abode as we retire, and in the name of the Christ, our own Real Self, we call to the heart of the I AM Presence and to the angel of the Presence, and to Archangel Michael to take each soul participating in this service in our soul consciousness to a certain room at the etheric retreat of the Lord of the World where we can bask in the Light of Shamballa; where we come and go with ease, like a family room in our own homes; where we can meet with friends and with Lord Gautama; where we may accelerate our chelaship, and may continually and consciously experience this conclave of the Feast of Saint Steven convened at Camelot in 1978-79 that the new glory of heaven in earth and of the New Jerusalem may wave as the banner of Mother and Maitreya in our hearts.

In addition, we petition the Karmic Board that millions of the souls of the children of God’s heart in America be taken to the great amphitheater surrounding the Royal Teton Retreat, nightly, wrapped in their finer bodies and solar consciousness. And Lord Gautama, we pray that you will continue your dissertation, for those who will elect to return, to the chelas of the will of God, even as you will for America in the Royal Teton this night and in coming weeks, and continuing on until the goals of the Great White Brotherhood are achieved. Let a great revival in consciousness transpire, that each precious heart may learn the way of wisdom and the lessons of illumined action for the precipitation of the Christ consciousness in America. And may each one’s Holy Christ Self overshadow and direct and

prepare all to reach a consensus from the highest level for the victory of 'THE PLAN' to take back America and the world.

For our God has said: "I will save Terra. I will save freedom. I will save all through my people, through my own. Through my instrument on earth, I will save a fiery destiny."

So let us do our part... And let all return to our physical body consciousness determined to 'make things right' with such a profound insight as to the outworking of cosmic law.... that 'The lessons learned by our souls out of the body during sleep are not lost but become a part of the composite of subconscious self-awareness, surfacing just enough to prick the soul memory and prod it to decisive action.' Let all information necessary for the fulfillment of my divine plan be released to my outer waking consciousness, as it is required.

We thank thee with all our hearts, and accept this done in the full power of the risen Christ.

- **HAPPY NEW YEAR!**

We've closed the gate on 2022—  
Now let it take its rest;  
All purified by violet fire—  
By recording angels blest.

And as the light of 2023

Comes shimmering into view—  
We vow to do the best we can  
To give it service true!

One thing so needful is that each  
Shall hold his personal peace;  
For then shall reign Christ Brotherhood  
And wars forever cease!

- **SONG 54** - May the Lord Bless and Keep You
