

In the name of the I AM THAT I AM I call for the instantaneous binding of the ebola virus and enterovirus d68 in America and across the entire planetary body.

Beloved Archangel Michael blaze forth with your legions of Blue Fire Angels and gather these and all pathogens into a mighty blue fire net. Let this net then be taken to the God Star Sirius and hurled into the Lake of the Sacred Fire for the immediate transmutation of these scourges into impotent substance. Circle the planet until there is no more remnant or residue of pathogens.

I call for the exposure of all forms of germ, chemical and biological warfare being waged against the people by the power elite. Expose them in this hour and make transparent their diabolical deeds.

In accordance with cosmic law I call for the woe to be pronounced upon those who deliberately generate and spread these substances as well as those who mislead the people and put them at risk. By the authority of Almighty God I call for the karma of these acts to be immediately returned to their source to the fullest extent that cosmic law allows. Let the Ruby Ray Judgment descend now on all individuals and organizations that engage in these diabolical deeds.

Blaze forth Beloved Archangel Michael for the protection of the health of every life-stream. Beloved Hilarion, Archangel Raphael and Mother Mary, anchor your healing flame around every afflicted life-stream for their full healing.

Legions of Light, Blaze forth NOW! and arrest the spirals of disease, decay and disintegration.

Beloved God Purity sweep across this planet with Purity's flame as a Mighty Cosmic anti-viral and anti-bacterial cleanser, purify all surfaces, all air, water, land, individuals, life-forms and substances thereby halting the spread of disease.

Let be done according to God's will.

Amen
