THE FOUR A.M. INSERT

For Use with Decrees 7.03, 7.05, and 10.14

Take dominion now over:

All witchcraft and black magic, all Satanism and all perversion of the feminine ray, all perversion of the masculine ray. I demand action now in Minnesota, Montana, California, and every state and nation upon earth on all witchcraft directed against The Summit Lighthouse, students, Keepers of the Flame, the sons and daughters of God, children of the light throughout the planetary body. I demand bolts of blue lightning from the heart of the Great Central Sun! I demand action from the Court of the Sacred Fire and I demand action from the heart of the Pleiades.

I call to mighty Surya and Cuzco and I demand the canceling-out of all witches and witches' covens. I demand the canceling-out of all their substance directed against the Divine Woman and her seed. I demand the shattering of the ray and the forcefield of all mortal cursings, all hexes, all misuse of the sacred fire, all sex cones and incantations, all rituals that are used against me or the light for which I stand, against Elizabeth Clare Prophet, the Mother of the Flame, and the light for which she stands, against the Summit Lighthouse and Church Universal and Triumphant, its teachings and the teachings of the ascended masters. *Bolts of blue lightning descend from the heart of the Great Central Sun! (3x)

Beloved Great Divine Director, I call you into action this day to arrest the spirals, the cause and core. Turn back and drive back and seize, pin, and bind! Seize, pin, and bind! Seize, pin, and bind all forcefields of witchcraft, all forces of witchcraft embodied and disembodied, all individuals connected with the witchcraft movement. Bolts of blue lightning! I demand the driving-back of that energy! Bolts of blue lightning! I demand the driving-back of all witchcraft, black magic, and Satanism directed against me, Mother, the Board of Directors, the Presidents, the Council of Elders and staff of The Summit Lighthouse and Church Universal and Triumphant, Communicants, Keepers of the Flame, and all who are striving for the light of the planetary body. In the name of the Father, the Mother, the Son, and the Holy Spirit, we decree:

Victory for America and the Nations¹

Hosts of the LORD, legions of Hilarion, foot soldiers of Sanat Kumara, legions of Serapis Bey, God Mercury and legions of Mercury, beloved Saint Germain:

In the name I AM THAT I AM and according to God's holy will, we claim the full manifestation of the vision of America in the golden-age society and the golden light of victory reflecting upon her highways and mountains and cities, and the glistening white granite and marble, with New Age architecture, with city planning, with mothers and fathers bringing forth the Christed ones—a golden age of such transcendence and splendor that it will exceed the heights of previous golden ages.

By the light of the All-Seeing Eye of God, with Saint Germain we project the manifestation of this golden age through this two-thousand-year cycle ~~for the conclusion~~ of the Aquarian age. It is a golden age that will come by the momentum of previous golden ages and by the overcoming and attainment of those who participate and are victorious over the last enemy, over the fallen ones, over the dragon and the beast, and over all those who have set themselves against the Christ and the City Foursquare. By the victory of the overcomers and by their mastery of the planes of Mater, so we claim America's fiery destiny to be a golden age of majesty, of joy, and of great culture through the distillations of the mind of the Cosmic Virgin.

In the name of the Christ, we call to the beloved Great Divine Director to arrest the spirals of defeat, failure and darkness, which the fallen ones have projected across this land as a matrix to be outpictured. *Arrest* these spirals of a race of humankind scarcely recognizable, emaciated, animal-like, bent over, insane, distorted, diseased, "shipwrecked upon the shores of life" and spirals of total destruction and total cataclysm through greed, pollution, terrorism and the misuse of atomic power and nuclear fission. *Blaze the violet flame through!*

Arrest the projections of the fallen ones and remove their electrodes of astral substance and their computers for cycling into manifestation in the physical plane every darkness of the pit and of the sewer of that astral horror. *Blaze the violet flame through!*

Arrest their thoughtforms and the cycles already released that would carve up the earth into sections with their one-world government under Luciferian tyranny. *Blaze the violet flame through!* *Arrest* the spirals of cycling into the planes of Matter

their total perversion of the Mother flame. *Blaze the violet flame through!*

Step by step, city by city, *bind* now the mark of the focus and energy of the fallen ones. By the light of Almighty God, *bind* this diabolical plot of the fallen ones against the mind and consciousness of mankind. Close in upon it all and transmute, transmute, transmute it all, cause, effect, record and memory before it can act, approach or encroach upon life any longer.

Saint Germain's Remedy—Focuses in Cities

Beloved Saint Germain, reconsecrate now the focuses of The Summit Lighthouse and Church Universal and Triumphant in the major cities of the United States, and bring Mission Amethyst JewelTM to the cities and capitals of every nation.

By the action of the cosmic cube and the squaring of the circle of fire, we call for the emerald ray of precipitation, with the thrust of diamond light, to be reactivated in the hearts of all students who have passed through our halls. We call forth the chelas of the sacred fire who are willing to be electrodes of God, those who will receive into their four lower bodies the energies of the alchemist of the Spirit and the mandala of victory and of the golden age—chelas who will bear the signet of the Church Universal and Triumphant and be humble, pure, honorable and joyous to defend that true Church wherever they are called upon.

Seal and protect the capital of the United States of America, Washington, D.C., as the first and most important focal point for a center of light to counteract the darkest of the darkness of the fallen ones and all their matrices placed over the Congress, the Supreme Court, the Cabinet and the president of the United States. In the name of the Christ, we call forth souls who will send the hosts of heaven to take dominion now over the Illuminati, any false government, the false hierarchy of every member of government, elected or appointed, and the retaliatory measures of the dragon and the fallen ones.

In the name of Saint Germain, we call forth stalwart souls, as representatives of the Church, to bear the mantle of the four and twenty elders in Washington, D.C., and in other cities of America. We call forth stalwart souls to bear the mantle of the ascended masters who focus Mission Amethyst Jewel. Seal them in the hallowed circle of the Aum, in the light, the spotlight of their own I AM Presence, where no evil shall befall them, neither shall any plague come nigh their dwelling. Seal those who represent the

Church who will stand in the cities, that if they drink any deadly thing, it shall not hurt them.

We call forth the Master of Paris and K-17, working from the retreat in Paris, to reestablish the focus that will contain the mandala of the origins and the founding of The Summit Lighthouse in 1958 and the momentums of the classes and the twin flames of the messenger and her firstborn. Release now the spirals from conferences in Washington, D.C., for the redemption of the white marble of the nation's capital, reflecting that etheric city and that blueprint of the golden age as the focal point of the messengers and their service in the Midwest. *Expand* the spirals of the Cosmic Christ consciousness for the victory of the flame of freedom and of the Goddess of Liberty!

Let it be given unto each one as opportunity, in the name of justice, to redeem all that has passed in previous incarnations, to win the laurel wreath of victory, and to walk through the portals of Luxor at the conclusion of this incarnation.

We hear the sounds of the note of the victor! And we hear the sound of the warning. We stand now in the fulcrum of the Christ consciousness with Uncle Sam, the patron of the United States of America, this place where the virgin comes forth to give birth to the avatar of the age.

So let the Divine Mother appear within us all. So we welcome the Christed ones to the service of the Great White Brotherhood. So we stand as a fount of living water unto all mankind. Let America fulfill the prophesy of that land which is to be the opportunity for all generations to merge with the Christ flame of our oneness. So let us prove the negative vision all wrong. So let us prove that the victory is won here and now. Here and now, I AM the victorious one! It is done!

The Vow [optional]

By the love of the purple fiery heart, I claim the arc of light touching each of our hearts with a glow of crystal and emerald and the love of the ascended master Saint Germain, who has stood with mankind for hundreds and thousands of years. So *I* will stand for a half a century and a century!

I will stand with mankind and the hosts of victory unto the passing of this form and this consciousness into the glory of my ascension!

I will remember my vows taken even before I took incarnation! *I will* remember the glory of studying with the ascended masters and the illumination for this age! *I will* remember the promises that I am to keep!

Insert 6.01J

I will remember that Saint Germain has very few upon whom he can count for the victory all the way! And I will remember that with these few, Saint Germain has promised to overtake the world in the flame of Jesus the Christ.

I will remember that no one can replace my flame, my commitment, the mantle of my light or the matrix of my heart fire. And therefore, when I think of other interests and pursuits, I will remember that when I leave my post, my flame and my absence is a vacancy until I return. I will remember that others may come with their mandala and their flame, but they can never take my place. They can only take their own place and try to fill in for me.

And therefore, I will remember that I am precious to Saint Germain's heart. I am held sacred in his heart. I am chosen as a point of light that reflects a special aspect of the Great Central Sun, of the secret rays and the seven rays. I am unique wherever I serve.

I now call forth the light of the causal bodies of those who have failed to keep the flame. With fellow servants, I will fill in as I find vacancies in the mandalas of our cities, states and nations. And as I fill in, I will magnetize, by my application to the causal bodies of those destined to serve with us, their souls, their return and their victory. I fear not to go forth in the armour I have been given into the astral night to claim these souls for the victory.

I receive the cup that is full from Saint Germain, the Knight Commander, a cup I will drink throughout this life. I ask for the grace to carry this more than ordinary responsibility because the need is great and the hour is dark. I know that I can bear it because I have the Law and the excellence of the teaching and because I know how, by the lessons of alchemy, to make that burden light.

It is done. It is finished. It is sealed by the cosmic cross of white fire from the heart of Lord Gautama.

May the Buddha light be upon the lightbearers and our nations. May the Christic light now coalesce within us and crystallize talents from our causal bodies that we have not known in this life. I AM the crystallization of the fire mist within, and I submit my soul into the keeping of my own I AM Presence, my presence of the living God, forevermore.

¹ This insert was adapted from a dictation by Saint Germain given on March 22, 1975.

² "The Dargeling Council sets forth its solution to world problems. It is *Mission Amethyst Jewel*. We stand in a vote of confidence around the Dargeling Council table in honor of Saint Germain and all servant sons and daughters who embody the great spirit of freedom as a mystery of the Holy Grail." *Archangel Gabriel, January 14, 1979*

"*Mission Amethyst Jewel* is based upon the principle of the violet flame burning within the heart of the chela. The chela is the jewel, and as chelas place themselves together as atoms that become molecules that form outer centers, the *Mission Amethyst Jewel* becomes crystallized. So Amethyst Jewel, then, is Saint Germain's commitment to send chelas to the nations of the earth. The key to freedom on earth today is America. And if America is not saved and turned around, there is very little that any other nation will be able to do to guarantee freedom—whether it is spiritual or material freedom." *Elizabeth Clare Prophet, April 14, 1979*

Invocation for the Binding of Channels of Psychicisim

Beloved Mighty I AM Presence, in the name I AM THAT I AM, Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, beloved Padma Sambhava, beloved Avalokitesvara, beloved Amitabha Buddha. I call now unto the living flame in action of the seraphim of God. I call unto Archangel Michael. I call forth now the rod of power of the Ancient of Days. Come forth, then!

I demand the binding of all discarnates and tormentors, discarnate entities, demons, fallen ones and false hierarchies, archdeceivers, representatives of the force of the anti-Mind that have attempted to prevail upon souls of Light. I ask the action of the sacred fire to extend to all Keepers of the Flame and lightbearers of the world who may respond at inner levels now.

Beloved Seven Archangels, *bind*, therefore, the very cause and core of the entrée of the fallen ones into this world. *Bind* the fallen ones! I demand the binding now and the sealing up of those channels of psychicisim of the lower astral nature.

I demand the sealing of the rents in the garment of the astral body, the mental body, the etheric body, the physical body and the sheaths between. I call now for the sealing of all rents in the circles of the chakras and around those chakras and any point of invasion through the subconscious, through the dweller-on-the-threshold. *Blaze* the light through! *Blaze* the light through! *Blaze* the light through!

I call unto the healing angels of Gautama Buddha and Lord Maitreya. *Heal*, then, these rents. *Heal*, then, all those who are beset by these voices to the point of utter distraction and [come] forth into the physical now, that the God-protection be sustained. Let all who come here, then, be *healed!* be *healed!* be *healed!* be *healed!* in the five secret rays of the true psychic senses that are of the psyche. Be *healed* and sealed now! And let the voice of God be the only voice.

And let thy love to be the bride of the Bridegroom then prevail. And therefore go not awhoring after other voices and other gods, but be the single bride waiting for her Lord to be the embodiment one day of the fullness of that Lord.

In the name of the Father, the Son, the Holy Spirit and the Divine Mother, I call now the four seraphim assigned to each one to keep the way of the four lower bodies and guard the way of the Tree of Life in all who would sit at the feet of the Most High God, behold him face to face, and live forevermore as God. In the name of the I AM THAT I AM, Amen.

Mantles of the Two Witnesses

Insert 6.03M

In the name and by the authority of the beloved mighty victorious Presence of God, I AM in me, and my very own beloved Holy Christ Self, I invoke the power and authority of the mantle of the Two Witnesses to be upon me for the fulfillment of the prophecy, "and if any man will hurt them, fire proceedeth out of their mouth and devoureth their enemies."

I invoke the power and authority of the Faithful and True, the Word of God, out of whose mouth proceeds a living sword, that with it he should smite the Nephilim gods of the nations: and the King of Kings and Lord of Lords shall rule them with a rod of iron.

I invoke the power and authority of the mantles of the messengers Mark L. Prophet and Elizabeth Clare Prophet to be upon me now, including the mantles of: the Messenger of the Great White Brotherhood, the Bishop of The Summit Lighthouse, the Guru, the Priesthood of the Order of Melchizedek, the Master of Invocation, the Mother of the Flame, the Vicar of Christ, the Office of the World Mother, the Lord of the World; and the Mantle of Healing, the Ancient Mantle Restored and the Mantle for "The Safe Passage of Ye All." I call forth the mantles of every sponsor of our lifestreams and of this movement.

I invoke the power and authority of these mantles for strength, vision, illumination and victory to accomplish all of my spiritual goals and to overcome all unreality manifesting in my consciousness, being and world:
prayer here.] [Give your personal

I invoke the authority and empowerment of every ascended master of the Great White Brotherhood, and I ask that this power be adjudicated by my Holy Christ Self and I AM Presence and multiplied by my calls and my causal body.

I also call for the protection and perfect health of our beloved messenger—body, mind and soul. I thank you and I accept this done in full power according to God's holy will. Amen.

COVID
SARS/Virus

Insert 9.10

In the name of the beloved Mighty Victorious Presence of God I Am in me, my very own beloved Holy Christ Self, Holy Christ Selves of all mankind. I call to beloved Mighty Elohim Purity and Astrea, beloved Elohim Cyclopea, beloved Surya and Cuzco, beloved Archangel Michael, beloved K-17 and Lanello, beloved Saint Germain, beloved Micah, angel of Unity, beloved Bonnie Blue, beloved Mother Mary and beloved Kuan Yin, the entire spirit of the Great White Brotherhood and the World Mother, elemental life, fire, air, water and earth, I decree.

Legions of Light from the heart of beloved Purity and Astrea, plunge your fiery swords into the absolute origin of the SARS outbreak in Toronto, Canada, China, Hong Kong, Singapore, Taiwan, and any other nation on this earth. Lock your cosmic circles and swords of blue flame in, through and around all manifestations of disease, plague and pestilence, including the SARS virus, the West Nile virus, BSE virus and all other biological threats known or unknown.

Legions of Light, arrest the spirals of all genetic manipulations, chemical and biological warfare, infiltration and manipulation of the pharmaceutical industries, all disruption and manipulation of the economy, all fear, mass hysteria and records of death, the curse of the Canadian Black Brotherhood, and the influence of all fallen angels in and out of embodiment in every nation.

Beloved Archangel Michael and the seven beloved Archangels, I command you to blaze forth mighty blue-flame rings of protection filled with white, blue and green spheres of God's sacred healing fire, in through and around all outbreaks of the SARS virus and I call for the healing of any and all individuals so afflicted! Blaze forth the Light for the physical and spiritual defense of the North American continent!

Insert 9.10

Bind and consume all known or unknown conditions and states of consciousness in all hospitals, medical institutions, governmental agencies and any other places that would in any way contribute to the spreading of the SARS virus.

Angels of the Sacred Fire, I command you in the Name of Almighty God to go forth into the world of form to precipitate that which we ask of God this day.

*I AM, I AM, I AM the absolute infinite manifestation of God Victory over all forces of death and hell moving against the lightbearers of Canada, the United States, the City Foursquare and all nations upon this earth. * (3x)

By the decree of God's Holy Will, I accept it done this hour in full power, Amen

Lanello has recommended that we ask Mighty Astrea to encircle such threats:

"Following is the thoughtform I would give you for your visualization. Visualize the circle and sword of Astrea encircling viruses that cannot be seen except under a microscope. Visualize billions times billions of the Electronic Presence of Astrea around them. And use your Astrea decrees henceforth to encircle all kinds of evil life forms that have been planted in the earth, that have survived the sinking of continents and cataclysms and yet remain, and others, beloved— and this is what I wish you to know—that have been deposited in the earth recently by aliens in UFOs.

"I sound the alarm this day. You ought to be alarmed and you ought to realize that the power of the sacred fire that is in your hand, if you will make use of it daily, can turn around and consume these foul viruses in the earth. But this planetary clearance must be done by those who are initiates." *Parts of Wisdom*, Vol. 38, No. 9, Beloved Lanello, February 26, 1995.

Call for the Twin Pillars of Hercules and Amazonia

(taken from a dictation given by Surya on 10-11-85
in Los Angeles)

We invoke the twin pillars of Hercules and Amazonia into the very heart of the earth to sustain and hold the balance in this hour. We invoke them as pillars of fire for the balance and the holding of the balance of Alpha and Omega in our lives. We call to thee, beloved Surya, as the third pillar forming then the trinity of sacred fire. We join our hearts with the Divine Mother to form the fourth pillar that through our hearts, as the nexus of precipitation, the blue flame will flow for change in the earth body.

Let the spirals of Alpha and Omega come forth now for the turning back and around of the negative spin that has been put upon the children of the Light on earth. Blaze the Light of Alpha and Omega! Blaze the Light of Alpha and Omega! Blaze the Light of Alpha and Omega! Restore now the positive spin that the children of the Light might create, might fulfill their fiery destiny.

We confirm, affirm, and ratify the words of Surya that by the power of the altar of God, by the flame of God-illumination, by the mighty sacred fire there does come forth the anchoring of the twin pillars of Hercules in the nations of the world.

"Now let the descending light of the first ray once again summon the alignment of atoms and molecules and lifestreams. Legions of blue lightning, angels of the sacred fire and the Mighty Blue Eagle of Sirius, come forth in this hour, O holy ones of God. Mighty seraphim of God, come now in numberless numbers charged with the sacred fire of God. Let it intensify in the etheric octave. Let all misuse of the sacred fire and the fire element be cast down then. Let the purification continue of planet earth by the power of the new etheric body bequeathed to this planetary home. And let it continue now into the mental belt, binding therefore the

serpent and his seed that misuse the mind and misuse the Christ mind.

“Blaze the light into the mental belt from out the sacred fire that does press through from the legions of light and from the Great Central Sun in this hour! Let it press through into the astral plane. Let it bind there those who hide and attempt to hide behind their darkness or behind the folds of the Mother’s garment as she does pass through.

“Blaze the light into the astral plane. Blaze the light into the astral bodies of all mankind and especially the lightbearers. Clear the way. Clear the way.

“Angels of the sacred fire, Oromasis and Diana, Aries and Thor, Neptune and Luara, Virgo and Pelleur, come forth now at this altar. Come forth for the holding of the balance in the earth body. Come forth now for the holding of the balance and the binding now of the karma of the seed of the wicked, of the seed of Satan. Let it be bound. Let the powers of darkness and the power of black magic, witchcraft and voodoo be bound in the earth.

“Bind now the false priesthood of Africa. Bind the false priesthood in Haiti and the Caribbean. Bind the black priesthood in America and the world. Let the fire of the Cosmic Christ and the seed of the Cosmic Christ burn through now for the consuming of the layers and the records of black magic practiced in science and religion, and [the] government and economy of Atlantis and Lemuria, now be consumed, now be consumed, now be consumed by the power of Almighty God.

“I AM Surya of the Sun. I AM Surya of the Sun. I am come in the heart of the flaming one. And I am come for the raising up of the planet earth in this hour. And therefore, O earth, I command atoms and molecules of Matter align now with the God

Star, align now with the polestar of the Mighty I AM Presence of all sons and daughters of God upon earth.

"I command the earth element come into alignment now. I command the water element come into alignment now. I command the air element come into alignment now. I, Surya, command the sacred fire come into alignment now.

"I command light to flow. I am the light of the Eternal One descending. I am holding the earth in the immaculate heart of the Cosmic Virgin, even as it is held in the immaculate heart of Mother Mary in this hour and in this sanctuary.

"I am blazing forth the light of the great blue causal body, the great blue causal body of the Great Divine Director in the earth. Seal and seal and seal the earth body now. Seal and seal and seal the earth body now. Seal and seal the earth body now.

"Lo, I am the blazing forth of the power of Mighty Victory in this hour for the holding of the earth and for world transmutation. Let the Keepers of the Flame go forth God-victorious. Let the light intensify.

"I am the binding of all blocks of opposition of the fallen ones to the dissemination and the assimilation of the Word of the Everlasting Gospel by these Messengers as it does go forth from the heart of Gautama Buddha, Jesus Christ, Maitreya, Sanat Kumara, Padma Sambhava, Kuan Yin. Blaze the light through.

"I, Surya, seal the earth in this hour in the name of Hercules and Amazonia, in the name of Mother Mary. I am the sealing of the earth in this hour in blue lightning of the Mind of God.

"So now let it be confirmed, affirmed, and ratified by every Keeper of the Flame. Let the will of God go forth by the call to Archangel Michael, by the call to Archangel Michael, by the call to Archangel Michael, by the call to Archangel Michael's Rosary.

"I send you forth and I commend you to the keeping of the angel of the LORD, Archangel Michael, who is the angel of your Mighty I AM Presence and God's.

"So therefore understand the Work of the LORD. Understand the holding and the keeping of the balance of the mighty pillars of Hercules and Amazonia. Do not forget, for this is the means and the only means therefore of averting World Communism, binding terrorism, turning back war and aggression, and restoring God-freedom to the body politic of the earth, to the economies of the world.

"So let there be a charging fire from your hearts. So let the light go forth of Elohim. So it does come forth.

"Woe to you, opponents of the light on earth. Woe to you, opponents of the Great White Brotherhood, the Ascended Masters, their Messengers, and their teachings. For this Word shall go forth. None shall stay its hand. None shall prevent these little ones from receiving the cup of our light. None shall succeed in aborting the great flaming presence of the mighty Ascended Master Jesus Christ in the fullness of the Spirit of the Great White Brotherhood on earth.

"Therefore, I come, Surya. Therefore, I come with God-determination and faith for the fulfillment of all promises. Therefore, I come for the binding of each and every one that would turn against the Light. Bind them, O God. Clear the way. And let the light increase. Let the lightbearers increase. Let it be done.

"In the name of the Father, the Son, the Holy Spirit, and the Mother, Amen."

Preamble to Decree 20.12

In the name of the beloved Mighty Victorious Presence of God I AM in me, my very own beloved Holy Christ Self and Holy Christ Selves of all Lightbearers of the world, I speak the message of Helios into the very hearts of the laggards of the Middle East, those lifewaves that have continued in their warring factions, using religion as a justification for their bloodshed:

You shall not pass!

You shall not pass!

You shall not pass!

I, Helios, declare it! Though you may repeat all the day and all the night that you are the chosen ones, **you shall not pass!** So long as you deny the living word in the universal Christ, so long as you kill and main and destroy and take life in revenge, **you shall not pass!**

And you who commit your crimes and murders and give your death chants in the name of God or Allah or any belief system or any philosophy whatsoever, whether it be Communistic or satanic or otherwise, *you* who perform these deeds or induce the children and youth to perform them, shall not find yourselves in the heavenly kingdom when you pass from life but rather before the judgment seat.

You who are the embodiment of the Lie, *you* who are the embodiment of the Murderer, *you* who are the laggards who have corrupted this planetary body, and all who are like you throughout the planetary body, **you shall not pass!** For the plug is pulled this day, and you may no longer have the source or the cosmic force to move against the Children of the Sun. And your day is done.

And you may weep and gnash your teeth and snarl and direct your black magic and your satanic rite and your blood-drinking ceremonies and your voodoo and your witchcraft against this Messenger and against Almighty God, and it shall come upon your own house.

For I, Helios, declare it!

Insert 20.12

It shall be upon you! As surely as the plagues were upon Egypt, so it shall come upon you. And the LORD God Almighty has determined it, for we are satisfied that the Word is made plain, that the Teaching is true, that it is available and shall become more available, and that the prophets have gone forth. And the avatars East and West have made plain for thousands upon thousands upon thousands of years that the way of Death and the way of Hell is not the way of eternal Life.

Therefore I say to you, turn Ye from your evil ways! For the great day of the LORD is at hand and is come! And I AM descended in the heart of the earth for that day. And Almighty God has said, **"Thus far and no farther!"**

Taken from a dictation by Helios on 7-4-1984.

Call to Reestablish the Golden Chain Mail
(Call for its reinforcement daily.)

"We wish to point out that the golden chain mail is the greatest weapon you have to thwart the agenda of the reincarnated Atlanteans and the false hierarchy of fallen angels who support them." Apollo and Lumina, POW Vol.38 No.31, July 16, 1995

In the name of the beloved Mighty Victorious Presence of God I AM in me, my very own Holy Christ Self, Beloved Seven Solar Logoi, Beloved Alpha and Omega, Helios and Vesta, Apollo and Lumina, Beloved Mighty Victory, Archangel Jophiel and Christine, Archangel Uriel and Aurora, Beloved God and Goddess Meru, Beloved El Morya and Serapis Bey, Beloved Lanello and the entire spirit of the Great White Brotherhood:

We call for the reestablishment of the golden chain mail! We call for it to be coated with blue-white diamonds that have a magnificent power of repulsion! Beloved Serapis, reinforce it now with chain mail of fiery blue energy made of impervious light substance.

We call to the heart of the God and Goddess Meru for a personalized segment of the golden chain mail to be designed for every lightbearer, every son and daughter of God that they might wear it as an armor to seal their souls and etheric bodies from the astral plane and levels of death and hell. We invoke this armor on behalf of our children and youth to seal their minds and souls from the darkness targeted against them. We call for the sealing of souls weakened by their addictions to alcohol, sugar, nicotine, drugs and dark music and bowed down by entities.

In the name of the I AM THAT I AM, we call for the

Insert 20.22

hosts of the Lord to drape the golden chain mail over the planetary body. Let it cork the bottle of hell! Let it be an invincible barrier to the hordes of darkness and violence that seek to erupt from the astral plane into the physical. Let it thwart the agenda of the reincarnated Atlanteans and the false hierarchy of fallen angels who support them!

Almighty God, drive back the antichrists who have wreaked havoc in their determination to destroy this civilization. Let them be driven back and confined to the depths of Death and Hell, where they belong, until the hour of their judgment is come! Bind their misuse of Saint Germain's technology and the spread of their wares of rebellion, suicide and violence through their dark music, MTV, television, video games, movies, and the media!

Let it be accomplished by the powerful decrees of the stalwart Keepers of the Flame who read the signs of the times and run with the message of salvation unto the righteous and the message of judgment unto the reprobate.

We call forth the wondrous alchemy of the golden chain mail for rethinking and remaking civilization!

And we accept it done according to God's holy will.

The Great Wave of Light

Taken from Mighty Victory, March 3, 1974

I AM the Law of cosmic abundance that overthrows all opposition to the manifestation of the Light in Mater!

I AM the cosmic flow from the Great Central Sun.

I AM sweeping clean the highways of the etheric plane, the mental plane, the emotional and physical planes so that mankind might receive the action of the Holy Spirit, the waters of living flame and the Light from far-off worlds.

I AM the action of that Light consciousness.

I AM that descending Light.

I AM that wave from the Great Central Sun, the great wave of Light which must inundate the planet ere the earth proceed to a golden age of glory.

That wave of Light descends this day and the debris of the ages and the fallen ones are swept away.

Let that wave of Light reverse the tide of chaos and confusion whereby the dark ones have sought to pervert the Mother Flame.

They shall not prevail!

They are stripped and demagnetized of their momentum and their authority in the government of the economy this day.

By the Light of Alpha and Omega, by the Light of the Cosmic Christ, by the flame of Victory, so the fiat rings forth!

It shall not be stayed. It shall not be withheld.

The legions of Light, the waves of Light are ongoing.

Coming from afar, they descend.

And all who are of the Light and within the sacred circle of God's love will billow in the spume of love, will feel the

Insert 22.09

warmth and the coolness and the laughter and the glow
of the bubbling waters of freedom.

Freedom is come. Freedom is the I AM Presence.

Freedom is the light of far-off worlds.

I AM that Light.

I AM Victory's flame

I AM the rainbow and the lightning, and I AM the sun.

I AM the release of energy from stars above.

I AM light descending, a spray and shower of Light's
magnificence in this very hour.

Clear Forces Opposing Charity

(Use with 7.05, 10.00, 10.14, Ritual of Exorcism, 20.09)

In the name of the I AM THAT I AM, I cast out the beast of the dweller-on-the-threshold of noncommunication with the living Guru, from Sanat Kumara all the way up and all the way down the ladder of hierarchy.

In the name of the Christ, *consume* the primal cause of the slowing down of the chakras by the absence of the balance of love in the threefold flame! By the purging action of the ruby ray, I invoke the cosmic surgeons of the third ray to cut away all momentums of anti-love that have burdened the mighty iris of every chakra; all undesirable facets of human nature which have not responded to the ministrations of the sacred fire; and all impurities of the chakras that bring about incorrect seeing, false prophesies, and that which is deleterious to holding the immaculate concept for the future.

I invoke love as "the cement of constancy" which holds together the bricks of individual servers and makes of the whole a wall of invulnerability against the tyrannical, discordant and erratic attacks of human fear and hate creations. *Consume* all falsely rationalized righteousness based on human testimony and the testimony of the senses, all human competition and ego-centeredness, all sympathy with the lesser self, and the synthetic and ephemeral aspects of human values.

Bind all selfishness which creates spiritual blindness. *Bind* all momentums of anti-love and perversions of the Holy Ghost manifesting as war, bombs, nuclear energy for the destruction of life, World Communism, world hatred and all cynicism. *Bind* all forces of anti-love in the form of entities, discarnates and demons taking on animal forms; demons attacking the holy children through individuals who ought to be keeping the flame but do not; and mental cruelty, as the demons of the mind, attacking the budding light of love in the hearts of the people. *Burn* through all fallen angels practicing black magic that results in a veil of black soot around the earth that keeps away the sunshine of love.

In the name of Chamuel and Charity and the Maha Chohan, by the power of the ruby ray, I call forth the action of judgment on the forces of anti-love on this planet. This judgment *is* reinforced by my God-determination to stand at a new level of chelaship and God-mastery. *Bind* the enemy within manifesting as an absence of self-mastery, causing me to rebel against Saint Germain and Jesus Christ. I AM obediently and lovingly responding to their hearts.

Bind all forces of anti-love moving in the guise of love and speaking with the forked tongue of the Serpent in the Garden, proposing alternatives and solutions, discoloring the facts in disinformation, presenting error as truth and confusing the people. *Bind* the false hierarchy of the third ray who impersonate the Maha Chohan, the Comforter and the Teacher. *Consume* all subconscious momentums of hatred implanted through witchcraft.

O God, hear our call and answer! We stand with Mighty Victory and the legions of light. Reinforce our devotion and our determination to keep the Americas — North, Central and South—free of the inroads of totalitarian movements and the enslavement of the souls of the people.

We demand the Cosmic Christ consciousness to regulate and establish upon earth the abundant life. And we demand the binding of the dweller-on-the-threshold in and around all individuals and leaders — the dweller that would cause them to make those decisions not in keeping with the original Christ consciousness of the abundant life of the seed of Sanat Kumara on earth.

O God, we stand by thy mighty love flame to keep the guard for the economies of the nations. Let there be a binding of all opposition to Sanat Kumara's divine plan manifested through beloved El Morya, Lord Lanto, Paul the Venetian, Serapis Bey, Hilarion, Nada and Saint Germain. Let there be the binding of all opposition, that there might be the free flow of light and all supply necessary to the evolutions of the soul moving Godward. In thy name, O God, we decree:

(Taken from the Sunday service and Charity's dictation given May 29, 1983.)

**Labor for the Binding and Judgment
of the Laggard Evolutions Whose Time Is Up**

In the name of the beloved mighty victorious Presence of God, I AM in me, my very own beloved Holy Christ Self, Holy Christ Selves of all earth's evolutions, beloved Lord Lanto, Apollo and Lurnina, Jophiel and Christine, the Maha Chohan and Paul the Venetian, Chamuel and Charity, Heros and Amora, Purity and Astrea, Serapis Soleil, Archangel Michael, Vaivasvata Manu, Lord Himalaya, Hercules and Amazonia, the God and Goddess Meru, the Great Divine Director, the unascended master Babaji, Ishvara, the Five Dhyani Buddhas and Vajrasattva, God Surya and Cuzco, God Harmony, Mighty Cosmos, Zarathustra, Goddess of Light, Pallas Athena, Ray-O-Light, Saint Germain, Godfre and Lotus, the Goddess of Liberty, beloved El Morya and millions of first ray reinforcements, beloved Lanello, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life—fire, air, water and earth!

In the name and by the power of the Presence of God which I AM, in the name Jesus Christ, I decree:

Bind and judge the aliens and extraterrestrials on this planet—those accompanied by fallen angels and demons! *Bind* the laggards and fallen ones from Maldek, the Twelfth Planet and all other planets! *Bind* those whose goal is not to attain union with God but to be worshiped as demigods! *Burn* through! (3x)

In the name of Almighty God, *setze, pin and bind* (3x) those who are not the creation of Elohim, who come to steal the genes, the very life-essence, of those who are the creation of Elohim. *Bind* their attempts to steal the genes and patterns that Lord Himalaya has given to the fourth root race!

Let the white fire of God descend to eliminate war in the earth! Evolutions of the Great Central Sun, help us to lift the heavy weight these laggard evolutions have brought to planet earth—the weight of their engines of war, their misuse of science and technology, and their pursuit of materialistic science and not the science of the Spirit. *Bind* the dweller-

on-the-threshold of these fallen ones! *Bind* their recalcitrance, stubbornness and intransigence!

Beloved Saint Germain and the Great Divine Director, *blaze* the violet flame through the karmic burden and weight upon our beloved messenger and all lightbearers! Beloved Archangel Michael and Faith and your legions of blue-lightning angels, protect the sixth root race and ultimately the seventh from having to engage in ancient wars and warfare.

Beloved Lord Himalaya, Vaivasvata Manu, God and Goddess Meru, and the Great Divine Director, *bind* and *judge* the laggard evolutions whose time is up, who have defied God, who have been obscene before his Presence and have no desire whatsoever to obtain everlasting life. I declare with the LORD God Almighty and Lord Himalaya: "*Enough is enough!* These evolutions have had their opportunity. They shall be removed to other planets and other systems where they can make a go of life if they will!"

Mighty Astrea and Purity, remove these laggard evolutions from the earth—those who could tip the scales toward darkness if they remain! Take them from the planes of the earth! Take all who can be taken! *Bind* these souls of darkness who are weighing down the youth of the world, the children, the babes being born, the families and lightbearers who are working against all odds to complete their projects for humanity!

Five Dhyani Buddhas and Vajrasattva, *bind* the dweller-on-the-threshold of the laggards being taken! *Bind* the dweller-on-the-threshold of the laggards remaining in the earth! Help them to see the light and decide that they want to live forever in the heart of God, Elohim.

Mighty Hercules and Amazonia, seven mighty Elohim, seven beloved archangels and seven beloved chohans of the rays, *seize, pin and bind* (3x) these laggard evolutions! Liberate planet earth from the weight and burden of these fallen ones! Elohim of the first ray, *turn these things around!*

Lord Himalaya, June 29, 1995; 5:02-5:21 p.m.

Elohim Hercules and Amazonia, June 29, 1995; 5:40-5:59 p.m.

COSMIC SNOW

**from the Twin Flames, the Snow King and Snow Queen
and the Restoration of the Ancient Mantle
of the Divine Mother** (taken from Sanat Kumara 01-26-86)

Helios and Vesta! In the name of Sanat Kumara and the Holy Kumaras we invoke the light of a cosmic snow which comes upon earth as a cloud of infinite energy, such as the one called forth according to the alchemy and ritual of Saint Germain, released through the Twin Flames, the Snow King and the Snow Queen, who dwell in the white fire core of the holy purpose of this ancient civilization.

We invoke the release of this light of cosmic snow which has the same absorptive quality of the cloud of infinite energy, to come to earth then in a release of light clearing the debris for the descent further and further into the physical octave of the etheric body of light, the swaddling garment given to earth.

Let this cosmic snow absorb ten thousand times the weight of each particle in human creation and substance of the astral plane. For throughout the world, then, a new purity of light goes forth and a clearing action that comes in answer to our calls to the violet flame. For the Great Central Sun Magnet of the violet flame made known to us by Lanello is surely a triumphant light. It is the action for the demagnetization and transmutation of great darkness that covers the land.

We receive then the purity of light from the Goddess of Light, the Queen of Light, the Goddess of Purity, archangels and angels serving this frequency of light, Gabriel and Hope, legions of Elohim Purity and Astrea, legions of Serapis Bey and the Mighty Seraphim of God.

We receive this release of cosmic snow passed from Solar Logoi through these reigning hierarchs, the Snow King and the Snow Queen. We receive them and the fairy wonderland they bring as elemental life rejoice, and breathe

Insert 41.00

in this cosmic radiance, radioactive with the light of the Central Sun, which when absorbed, is for the healing of disease and the consuming of those diseases which beset the earth in these last plagues.

We appropriate these actions of the sacred fire taken by the cosmic host as we affirm and confirm the Word with Sanat Kumara:

"Therefore, you who are burdened in heart for your bodies have been burdened even unto the death, we say to each and everyone of you, you have not lived in vain. For by your presence, by your life lived with God-determination and sacrifice, dispensations may come forth such as these which, when amplified in the dynamic decrees of the student body, can mean the turning back of these plagues of viruses of many kinds.

"Beloved hearts, the age of heart, of Aquarius, of expansion of the heart flame is the pushing back of this darkness. May your threefold flame be balanced. May the light push out this darkness and consume it. May the light of your heart as a sun radiance, O beloved, now greet the pressing in of this cosmic snow.

And may the patterns of rays from your heart be open channels whereby the light of cosmic snow may enter your being as an immunization then from this darkness moving then from the astral to the physical plane.

"We have placed the armor of light, the blue sphere in the fourteen-month cycle. And you have been admonished to call for the golden chain mail established by the God and Goddess Meru many years ago.

"These actions of the sacred fire taken by the cosmic host, beloved ones, are for your appropriation. And this is the reason why you have the dynamic decree to affirm and confirm our Word that comes out of the highest octaves of light through the etheric plane. From the etheric plane down to the mental, astral, and physical is your responsibility to invoke it, to establish the highways of our God that the light

Insert 41.00

may pass through the purging, yea, and the acceleration of matter molecules until this earth not only reflects the light but becomes that light in every cell and particle and grain of sand.

"Therefore, beloved, we come with legions of Light. And I am Karttikeya, known of old as the leader of the armies of heaven. We come for the defense of light in this heart and your heart and every heart on earth yet to be contacted by Morya's thread of contact.

"O beloved ones as you have decreed it, so the Great Law then affirms that we may answer that call. And we come to defend the right of the Great White Brotherhood to be in the physical octave. This is the drawing of the light of the host of heaven down to the very base of the pyramid of life.

"Thus in the cities, in the streets, in the professions, in the businesses and marts of commerce, let the light of the Great White Brotherhood permeate and penetrate through.

"Let life be a circle of oneness and not of separation. Let there not be, beloved, the separation of the arts and culture and music from government or from religion. Let not life be compartmentalized, beloved.

"Let it not be that one is a specialist in this area and suffers then the non-development of all other areas or chakras. Let the religion of Almighty God--the stretching forth of his mighty hand finding the soul, turning the soul back to the original Central Sun-- be, then, the set of the sail of every endeavor. Let every attitude of life, every beatitude of love therefore be the encompassing of the understanding of the I AM THAT I AM.

"Thus all in his time. Every man and every woman must become then, on the stage of life, prominent for the quality of light he may deliver that is uniquely required to save his nation, his people, and the idea itself of love and the universal religion of the Universal Christ.

Insert 41.00

"Beloved ones, when the sun shines through the crystal of your being and the fire is so intense that the world is fairly blinded for the light, it is your hour and not the power of darkness but the power of the light of your causal body descending. So let it be that this light may flow through your auras and the rings of the auric field and the chakras. So let it be that you are prepared additionally, then by the gift of the cosmic snow which you may call forth and amplify in any hour by this power of the Great Central Sun Magnet of the violet flame.

"Oh, we intensify the release of light. Oh, we come for the confounding of those fallen ones who have set their teeth and, in so setting their teeth against the light, have then become those for whom the outer darkness is the weeping and gnashing of teeth. Therefore, beloved ones, they are ground to powder.

"And the light itself is all that remains. And the identity that has denied the light is no longer. It is cosmic law. And you are in embodiment for one purpose—that the wheels of your chakras might accelerate to amplify and increase that cosmic law of light, light, light, light of purity descending now for the fulfillment of the vow of every lifestream upon this earth, lifestreams in India and China and Tibet and throughout this planet who have maintained their tie to the Great White Brotherhood through adversities and persecutions and eras of darkness.

"Light, light, light, go forth now from the Central Sun by the power of the secret rays in this cosmic snow! And let these souls of light receive our assistance. And let this trial be the statement of the victory of every saint and martyr and everyone who has stood for light and has fallen for want of the defense of this Community of the Holy Spirit.

"I Sanat Kumara, stand in the city of light above and below here with you. And I say, with Lady Master Venus, our gift to Saint Germain and Portia is to extend the light, to penetrate through, to clear the way for the drawing of these

Insert 41.00

souls under the canopy of the Great White Brotherhood, for the bringing of these souls of the path homeward, to reestablish the light and contact with the Great White Brotherhood and to let them know that they are not alone.

No matter what their path or element of devotion, there is a oneness worldwide in this new year of all those who consider themselves a part of the forces of Light of all cosmos.

"The ancient mantle is restored--the mantle worn by this Messenger at inner levels before the world was, in the heart of the Great Central Sun.

"This mantle, being retained at the level of the Christ Self at inner levels of Light, does drop, then, upon the physical shoulders of the physical Messenger. And therefore, the full authority of her divine being is reestablished this day in the physical octave.

"Blessed ones, whether or not you have realized it, you are all striving for the mantle of your Holy Christ Self and the highest attainment of your being which you knew with your twin flame in the beginning and which you also earned in the service of the hierarchy of angels, of Ascended Masters, Elohim, and elemental life.

"Thus, beloved ones, this mantle is the mantle of the angelic hierarchy. For your Messengers began their evolution as angels of Light and came descending into form, walking in the way of the sons and daughters of God and earning therefore that individual Christhood. Thus, from the bands of angels and legions of Light whence they descended comes this ceremony at inner levels, and now on the outer, of the reinstatement of that mantle.

"It is an infinite hierarchy of Light, beloved ones. And therefore know that as you are chelas of Sanat Kumara through this Messenger, you also increase, you also expand and abound in Light through this mantle which you touch and have in this figure-eight flow.

Insert 41.00

"Therefore I say again, as the fiat of the beloved Father unto her: The ancient mantle is restored, my own beloved. Go forth in confidence. For the light and the authority of the mantle of the Great White Brotherhood is indeed multiplied by the full attainment now of thy causal body.

"I say it, beloved ones, as a fiat and as a message to the sinister force, who have taken full advantage of the condition of the flesh and the lowliness of the physical octave in which ye all have been bound and separated from the Holy of Holies. And they have enticed and entranced from the least unto the greatest of Lightbearers. And therefore, they have feared the hour and the coming of the restoration of the mantle. And they have tried at every hand and in every way to delay its manifestation through the passing of the plots to create more and more karma and therefore to sustain the separation.

"Beloved ones, that you might realize that any condition of density or stubbornness or division within your members does postpone the very day of the return of your own mantle of grace and authority in the hierarchy of the Godhead whence you descended to this world, coming desiring to save the children of the Light yet not always remembering your highest calling and the honor of it in word and deed and company. And I mention the word *company*, beloved ones. Let your company, then, be with angels and souls of Light. Guard well your company that you do not absorb the darkness and the lethal emanations of fallen ones.

"Therefore, to you and to all upon this earth I say, the ancient mantle of the Divine Mother *is* reinstated, *is* restored. Therefore let the Light prevail. Let the Darkness wane. And let those criminal elements in every land receive the judgment of that mantle.

"Thus far and no farther! You shall not cross the line of this mantle of Light. And we, the emissaries of the Great White Brotherhood, we who express and carry the authority of the Guru, of the Great God—

Insert 41.00

We, Sanat Kumara, Holy Kumaras and the Lady Master Venus--take our stand for the rolling back of the entire force of dark ones in all galaxies and systems who have set themselves against the Light of Almighty God in embodiment in you, each and every one who is an extension of ourselves, and in the Witnesses and all who have gone before.

"Beloved ones, this is the hour of the turning around of Darkness on planet earth. Therefore let the fiat go forth! Let it ring throughout the planetary body. The Darkness this day is turned back! It shall not stand! And the dark ones have no defense, no access to the Light of the Divine Mother! And the mantle of the Lord God upon the Messenger does drive back these fallen ones. And they must receive their judgment in answer to the call of the children of Sanat Kumara, the children of the Mother and the sons and daughters of God with her on a planetary scale.

"Beloved ones, the hour is come for a tremendous reinforcement of positive victory within your hearts! That this action of Light decreed become physical, we have come. For as you know, the confirmation of this dispensation of the Central Sun may be in the earth only by your affirmation.

The Light does triumph! The Light does triumph!
The Light does triumph!

The Acceptance of the Mantle and the Mission

O Spirit of the Great White Brotherhood, Lord Sanat Kumara, beloved Father, I raise the sword of the sacred fire, and with the mantle that is my own and the mantle of the Great White Brotherhood, I divide the waters of Jordan. I cleave asunder the Real from the unreal. I AM the binding of all forces of Darkness assailing the Light of God in his people on earth.

Let the mantle of Light descend and the power of Moses and Elijah, the Lord Christ and Sanat Kumara. Now,

Insert 41.00

therefore, O God, fulfill in us by the power of thy office with us this day the divine plan for this Inner Retreat that we might be in position according to the grid of Light and the will of God.

Let all Darkness that assails the Great White Brotherhood be confounded, bound, and turned back. I decree it by the authority of the Light of God with me and within each and every one of the chelas of the will of God worldwide. Wherever they may be, I call upon their causal body of Light, the mantle of their own Christ. Let it descend, O God! For this earth is the Lord's, and the fullness thereof, the sea, and all they that dwell therein.

O God, we are one. In the name of the Father, the Son, the Holy Spirit, and the Mother, we accept thy call, we accept thy light, thy cosmic snow and secret rays. We accept our mantle, O God. We wield it in thy name to thy holy purpose.

[In the name of Jesus Christ, let us kneel before the altar of Sanat Kumara.]

Beloved Father, we are thy sons and daughters, thy angelic emissaries of Light. Let us go before thee and before thy name, even as thy presence dost always go before us for the Victory of the Light.

Even so, Lord Jesus Christ, come quickly into our temple by thy Holy Spirit! Let the power of the three-times-three swiftly bring in the great golden age. Let walls of light and of the ruby ray seal this endeavor, seal this place and our hearts from that darkness which may come upon the people for their karma and the karma of the earth. Therefore we say to it, "Thus far and no farther!" God has decreed this day: the Darkness is turned back.

In the name of Sanat Kumara, we accept thy blessing, intercession, and initiation of Light, O God. May this that is unto us be laid upon the heart's altar of Saint Germain and Portia for the Victory of the Aquarian age. Amen.

In the name of the Father, the Son, the Holy Spirit, and the Mother, it is done.

Cyclopea's Call for the Matrix of Cosmic Cube and City Foursquare

In the name of Almighty God! (3x) by the power and authority of the threefold flame within my heart, I call for the full power and full-gathered momentum of beloved Cyclopea and Virginia and the great cosmic beings from the star of victory, the All-Seeing Eye of God, and the emerald sword of truth to project this alchemical divine matrix through my third eye. Expose the lie of human consciousness! (3x) Seal evil where it dwells. (3x) And bring forth the perfect manifestation of the divine matrix, according to the will of God. Beloved I AM, Beloved I AM, Beloved I AM.

THE SUPREME CALL

In the name of Jesus Christ, I call to my Holy Christ Self and to the Holy Christ Selves of all mankind to make the call to the supreme mighty I AM Presence in the heart of the Great Central Sun for the descent of all the light, truth, precipitation, justice, mercy, judgment, God-freedom, ruby lightning and light of the Divine Mother necessary for: the earth to enter a golden age, the defense of America and the sealing of her in walls of light, and the deactivation of all Russian and Chinese nuclear weapons worldwide. Let this descent of light be for the binding and exposing of all United Nations, Communist and terrorist plans, and for the binding and judgment of every fallen one who is a danger to earth's evolutions. Let it be for the devouring of every last demon, discarnate and entity, mass or personal, and for the consuming of all records of evil and the fallen ones on Terra. I call for healing of every lightbearer, the healing of every soul, and the reigniting of every threefold flame. I call for God-victory of the teachings of the ascended masters reaching every lightbearer on earth and for these teachings to be put into the forms that the lightbearers can best assimilate and use, even as the original standard is maintained. Let it be done according to the will of God and only the will of God.

RR Invocations on Genetic Engineering
from excerpts 83.30, 83.46, 83.49
Insert update: 12-3-04

In the name of Almighty God, beloved Great Karmic Board, beloved Seven Mighty Elohim, Seven beloved Archangels, beloved Maha Chohan and the Seven beloved Chohans of the Rays, beloved Surya and Cuzco and legions of white-fire from out the Great Central Sun, beloved Great Divine Director, beloved Saint Germain and Portia, beloved El Morya, Mother and Lanello and K-17, the entire Spirit of the Great White Brotherhood, elemental life, fire, air, water and earth I decree:

Take command and arrest the spiral of all experimentation with stem cell research, and the creation of hybrids called chimeras (ki-MER-ahs) whereby human stem cells are added to developing animal fetuses.

Encircle the National Academy of Science, advising the federal government on recommendations by February 2004, as to how human a chimera (ki-MAR-ah) must be before more stringent research rules should be followed. All ongoing experimentation which involves growing entire human organs inside animals, with the use of human brain cells.

Bolts of Blue Lighting Descend (3x)

Bind and encircle the experiments at the Mayo Clinic in Rochester, Minnesota, where there is the creation of human-pig chimeras (ki-MAR-ahs) by adding human-blood-forming stem cells to pig fetuses, which resulted in pigs having both human and pig blood in their vessels, along with some cells having merged creating hybrids, and in California where mice have human brain cells inside their skulls.

Bind and encircle the practice at the University of Nevada at Reno where scientists have been adding human stem cells to sheep fetuses, that have created sheep whose livers are up to 80% human, and make all the compounds human livers make, and the idea of scientists to create animal/human organ farming for transplanting of organs into humans.

In the name Jesus Christ I call forth the judgment of the Father, the Son, the Holy Spirit, and the Mother through the Ancient of Days, who sitteth upon the great white throne, the four cosmic forces and the four and twenty elders, the Cosmic Council and the Karmic Board, the eternal Lamb and the embodied Lamb upon the Nephilim and the Nephilim creation: the cause, effect, record, and memory of all genetic engineering and artificial creation all the way back to the times of Atlantis and Lurnuria, and we demand the judgment upon the conspiracy of absolute Evil against absolute Good.

O Beloved Cyclopea and Elohim, expose! expose! expose! the plots and sinister strategies of the Nephlim councils. Bind their momentum of resentment, revenge, and retaliation! Pierce the lie! Pierce the gloom! Blaze the light through! Bind them and seal them in the mighty blue flame of Hercules! Bind them and render them powerless to move against the children of the light!

I demand the penetration of the Ruby Ray into the cause and core of the original sin of their rebellion against the Son of God. I demand the binding of the devious creation and manipulation in defiance of that Son of God and that Threefold Flame burning within the hearts of the children of God?"

We ask this in the name of the I AM THAT I AM according to God's holy will. AMEN

(excerpts from for ruby ray decrees 83.49, 83.46 and 83.30)

Legions of Astrea, Archangel Michael and the holy angels—*move* into action now to consume the cause, effect, record and memory from this planet of the sacrifice of the firstborn and any and all babies to the Moloch of human greed, lust, sensuality and selfishness!

Mighty seraphim, priests of the sacred fire with fiery salamanders and legions of violet flame: in the name I AM THAT I AM, we call forth the living flame of cosmic freedom! [decree 7.30 "The Living Flame of Cosmic Freedom"]

of the Ruby-Ray Cross!**

**Bind the God of Lust and Rebellion against the
Most High God Delivered upon the Holy Innocents**

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, we, the Keepers of the Flame of Life on earth, in the name of the Maha Chohan, do request the Lord God Almighty in this hour to now bind the personal and planetary dweller on the threshold violating the love flame of our beloved Saint Germain and Gautama Buddha, violating therefore the 1/7/4/10 axis.

We demand the binding of all opposition to the hierarchy of Aquarius in the lust, greed and hate and hate creation directed against Saint Germain and the lightbearers of this planet and the children of the Most High God and the unborn.

Bind, therefore, that hatred locked into the seat-of-the-soul chakra by witchcraft and black magic! *Bind* the dweller on the threshold on the one o'clock line!

Bind the dweller on the threshold on the four o'clock line! *Bind* disobedience, stubbornness and defiance of the Law of Life of Almighty God! *Bind* the hatred of and the lusting after the Life in the Child, the Mother, the Father, and in every part of God.

Bind that dweller on the threshold opposing the flame of God-Love, the flame of God-Obedience, the flame of God-Gratitude, sensitivity to life and God-Appreciation! *Bind*,

therefore, the dweller on the threshold on the ten o'clock line opposing the light of God-Vision!

We demand the binding of the dweller on the threshold of anti-love that squanders the life-force in sensual gratification and all manner of sexual abuse, violence and perversion—that is ingratitude, insensitivity to life, inappreciation and absence of empathy with the unborn!

We demand the binding of all carnal lust, selfishness, self-love, and self-concern, spiritual blindness, physical blindness, and all division of consciousness in parents by Serpent and his seed! *Bind* all forces embodying this malicious, divisive and selfish state of mind!

Bind all forces of the god of lust, lusting after the Light of the holy innocents on earth—the fallen ones embodying this state of hatred of the child, of Antichrist on the threshold of the Ruby-Ray cross, on the pink flame of divine love. *Bind*, therefore, all demons of lust and rebellion against the Most High God and the incarnation of the seed of Sanat Kumara! And consume, by the sacred fire, the cause, effect, record and memory of the human and devil creation of this dweller on the threshold.

In the name I AM THAT I AM Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the dweller on the threshold of the betrayer of the life of the unborn, all hatred of the Woman and her seed, all hatred of Sanat Kumara, all hatred of the flame of God within my heart, all hatred of the threefold flame within the unborn, all hatred of the golden man of the heart of the unborn.

Bind the dweller on the threshold of this god of hatred and lust on a planetary scale! Let God's will be done. [decree 20.09 "Cast Out the Dweller on the Threshold!"]

of Anti-Love—Hatred and Lust of the Child**

Beloved Mighty I AM Presence, legions of seraphim,

beloved Justinius, Captain of Seraphic Bands, beloved Serapis Bey, legions of Archangel Gabriel:

We call for the sacred fire from the heart of the Maha Chohan, from the white fire core of Alpha and Omega.

We call to fiery salamanders, legions of Light, to march across the United States of America—north, south, east and west—and every nation upon earth to consume the cause and core of the hatred and lust of the child—child molesting, child abuse, incest, and the murder of the unborn and fetal experimentation and genetic engineering!

Burn through now in the matter of abortion and remove the cloud on the issue of choosing life, not death! And let there be the binding of abortion and abortionists!

Let there be the judgment, and let there be the consuming of the cause and core of ambivalence based on the people's own mild dislike, lust and hatred, on their own rebellion and disobedience, on their own insensitivity, noncaring, selfishness, and pleasure cult.

Burn through and bind the enemy from within! *Bind* the enemy from without! *Bind* that which is within the earth! *Bind* that which is beneath in death and hell!

Bind the fallen ones! *Bind* mechanization man and all hate and hate creation of mechanization man for the Nephilim gods, as well as for the Sons of God. *Bind* the hatred in the heart of the Nephilim gods for their own creation! *Bind* the godless! *Bind* the Watchers and their hatred and lust for the Sons of God!

Burn through, and let the cause, effect, record and memory of human and devil hatred and lust with its attendant superstition and bloodthirsty craving for war now be bound! And let black magic and the blood rite of Satan, carried out as revenge against Almighty God, the Father, in the abuse of the unborn child, be bound!

Let there be the binding of all witchcraft by the full power of the manus, the God and Goddess Meru, Lord Himalaya, Vaivasvata Manu and the Great Divine Director!

Blaze the power of Oromasis and Diana, Aries and Thor, Neptune and Luara, Virgo and Pelleur, multiplied by our own

beloved Christ Self, for the victory of love in the earth!

In the name of Gautama Buddha, in the name of the flame of Shamballa and the flame of Saint Germain, we call. [song 399 "Beloved Oromasis and Diana"]

For the Adjudication of the Manipulation of Life by the Fallen Ones ~~83:65~~

In the name of my beloved Mighty I AM Presence and Christ Self and the entire Spirit of the Great White Brotherhood, I call to beloved Helios and Vesta, beloved Alpha and Omega. I call for the full power of the emissaries of the sacred fire to hear the plea of the World Mother and to plead our case before the throne of the Most High God.

We now submit to the Lords of Karma and the Four and Twenty Elders the entire record, before the Keeper of the Scrolls, of the infamy of the fallen ones in the manipulation of human life, Divine Life, and of mechanization man.

We call, therefore, in the name of the Ascended Master Enoch—the seventh from Adam who is our father and our sponsor—we call in the name of Saint Germain and Jesus Christ, for the judgment of the fallen angels, the Nephilim gods, their mechanization man, the godless on this earth this day, and the Watchers who have used genetic engineering and cloning and the creation of the embryo and the freezing of the cells and the sperm and the ovum for the creation of a superior or superrace of their own kind before the Almighty in this hour.

We demand the entire matter of the manipulation of Life by the fallen angels, by the Nephilim gods and the Watchers be adjudicated in this hour.

As the Lord Christ, the Son of God, receives from the Father the authority for the judgment, so we call upon the Christ Self within us, the omniscience of the Godhead, His omnipotence and His omnipresence to deal with this matter that is beyond our capacity either to understand or to know or to stop: the horrendous plot against the mankind of earth which reared its ugly head in Nazi Germany and elsewhere and continues to this
