I call for the liberation of the chelas of El Morya. I call for the absolute protection and strengthening of Church Universal and Triumphant in this nation. I summon all angels of the cosmos to gather here for the consuming of that darkness that prevents the manifestation of beloved Saint Germain or would prevent his coming, that would prevent the science of the spoken Word from going forth to bind that core and residue of the seed of the evil forces and the wicked one.

Beloved mighty I AM Presence, beloved great Causal Body of David, I call forth your mighty blessings and send forth my immense gratitude to the entire Spirit of the Great White Brotherhood for our deliverance this night and the deliverance of our message.

I call to you beloved Archangel Michael for your victory. I call for your victory through each and every one of us. I demand absolute God-direction from the heart of the Four and Twenty Elders and the Cosmic Councils of the Great Central Sun in the calls that are to be made here and in the deliverance of this nation, that it might be, together with the United States, the mighty cradle for the Cosmic Christ and the incoming golden age.

Beloved Mighty I AM Presence let our service and the Presence of God with us transcend all interlopers who have seized the reins of power in the governments of the earth. Let the power of the Keepers of the Flame worldwide be as one flaming heart. Let there be the joining of hands and the oneness of the Great White Brotherhood to establish and sustain the unity of the lightbearers throughout this planetary home.

I call to you, beloved Mother Mary, beloved Jesus and beloved Magda. Come forth now in the invincible power of the Word. In the name of the Father, the Son, the Holy Spirit, and the Mother, Amen.

I demand the binding of the hordes out of the pit comprising the forces of darkness, and all individuals known or unknown moving against Church Universal and Triumphant and the divine union of Alpha and Omega in the United States and Canada for the victory of the light on earth.

Burn through Almighty God and devour now all hate and hate creation! Devour all resentment and revenge and retaliation! Blaze the light and bind all rebellion of the fallen ones and the hordes of darkness! Burn through and bind the seed of the wicked in both nations who would divide us! Blaze the light through! Blaze the light through.

## Consecration of Canada to the Seventh Ray 120.02

In the name of the Father, the Son, the Holy Spirit, and the Mother, I consecrate Canada and every lightbearer herein to the victory of the light of the seventh age, the seventh ray, and the seventh root race from the very heart of beloved Kuan Yin, from the heart of beloved Portia and the Lords of Karma.

I call now for the gathering of Elohim. I call for the mighty light rays from the Royal Teton Retreat to direct the action of the sevenfold flame of the mighty Elohim to the brow

of all chelas of El Morya and of Saint Germain across this nation.

I demand the intensification of the light to rescue the souls of light whose heart chakras are developed, who are truly the sons and daughters of God in this nation or who should come to this nation, that they might take up the cross and the banner of Christ and the power of Archangel Michael for the liberation of this people.

I demand and command the mighty seraphim, the full power of Justinus to cut free the children of the light, the holy innocents, the sons and daughters of God, and the initiates who are to be the representatives of the Great White Brotherhood and the Divine Mother in Canada. I demand the cutting free of the blessed ones who have gathered here to set this nation free.

Almighty God, in the name of your Son, Jesus Christ, we are come for the liberation of worlds. We are come for the saving of this nation and for the Divine Saviour incarnate in the hearts of the faithful. Therefore we call upon the Great Divine Director and the entire Spirit of the Great White Brotherhood to initiate the mighty spiral of the liberation of this people and the God-sustainment of the golden age and the fires of freedom in Canada.

I demand and command the planting in the earth now of the violet flame of Saint Germain for the action of the sacred fire in the very heart of the earth. Let millions of these flames be planted on this soil and in this nation for the absolute consuming by the fire enfolding itself of all opposition to the victory, especially coming from world communism and its infiltration of the government, the labor unions, the labor party, the socialist parties, and even the representatives who have been elected to this government.

I call now for the power of the Lord's hosts and the full power of the complement of the Godhead, all ascended and unascended masters of the Himalayas, and the cosmic force of Ganesha. Release the coil of light for this endeavor and for the building of the City Foursquare of our two nations, that they may become invincible militarily, in defense, in the defense of the free world, in the economies, in education, and in the arts.

I demand that there be an absolute union established here by the power of Archangel Michael and beloved Micah. I call for that action of the sacred fire in this hour for the mighty piercing of the veil. I demand there be the binding and judgment of those hordes of darkness who have not yet bent the knee and who have not yet been taken.

I demand an instantaneous seizure of every black magician, every demon and discarnate in this land this hour by the power of the forces of Archangel Michael. Beloved Archangel Michael, let every discarnate and demon be bound, let every black magician be bound, let every imposter and false hierarch in and out of embodiment on the astral plane be bound. Let them be held inactive now until the fulfillment of our calls to be made in this sanctuary this day and unto the conclusion of our prayer vigil.

Almighty God, hear my call and answer. I demand this nation be swept clean by fiery salamanders. Beloved Oromasis and Diana, Aries and Thor, Neptune and Luara, Virgo and Pelleur, send your legions of salamanders, sylphs, gnomes, and undines. Send the mighty seraphim, Almighty God, and send them in the formation of the mighty ring-pass-not, the cosmic circle and sword of blue flame. Beloved Mighty Astrea, send your legions now!

I demand the binding of these hordes before they can escape these borders. I demand they be seized and bound and every border be protected by the full power of Archangel Michael. I demand an absolute exposure of communist agents in this nation and I demand the people rise up to do something about their presence here in all walks of life.

I demand it in the name of the Holy Spirit, our beloved Maha Chohan. I demand it in the name of Alpha and Omega, Helios and Vesta, and cosmic councils. I demand it by the power of the entire Spirit of the Great White Brotherhood and their mantle upon me. And I demand it done this hour. I demand it be done on behalf of the faithful, the lightbearers who have

kept their vigil here, and those who are the devotees of Archangel Michael and Mother Mary. I demand it done in the name of the purest hearts of light who have held the light in Canada for the coming of Saint Germain. I demand that every lifestream in this nation be blessed and protected in this hour of this prayer vigil that they might rise and fulfill their fiery destiny.

I call upon the Electronic Presence of the Two Witnesses, our beloved Messengers Mark L. Prophet and Elizabeth Clare Prophet, to take their stand here and not leave this altar until this nation fulfills its divine destiny. I call for the planting of their Electronic Presence here and wherever souls of light gather in their home cities. Let this cycle be initiated now by the power of Ganesha, the issue of Shiva and Parvati.

*Calgary, Alberta, Canada, September 29, 1984*

### **120.03      Meditation: The Building of the Pyramid                  by the Power of Ganesha**

*(Ganesha is the presence, power, and universal force that is invoked upon the initiation of an endeavor. I have come here to initiate an endeavor. You have built, and all that you have built and all that has been done in Canada since we first set foot here, since Mark first came here, is for this moment of the initiating of the cycle of the great pyramid of North America and its fire. And the initiation of this spiral, then, is a foundation. Let us visualize it as the picture we have in our Human Aura book of the coil rising from the base of the pyramid. And this is an actual tangible focus that is being builded now by devas, angels, and elementals.*

*It is a coil of white fire. It is the coil that looks like the ascension coil with the man in the center, except this covers all of North America. and we also visualize the coil as the mighty white fire. As it forms its rings, it includes all of Canada and the United States.*

*The initiation of this cycle, then, is for the consuming of Death and Hell, darkness and deception, and that which would detract from the incoming light of the Universal Christ. These forces are consumed by the power of the Shakti, by the power of the ascension flame, by the power of the base-of-the-spine chakra, raised in this fire, in this fiery coil and in the raising of this North American continent. Please meditate in your heart now. We want to go very, very deep within.)*

I call to the Mighty I AM Presence and Holy Christ Self of each one to take the soul now from the soul chakra to the secret chamber of the heart. Take these souls now, O God, deeper than they have ever been taken before into thy heart, into the Sacred Heart of Jesus, into the heart of the Christ Self. Take them to the initiating point of the cycle, the point of the consciousness of the universal Ganesha, the light of the initiating spiral, the light of the release of the beginning of Alpha unto the ending of Omega unto this Victory.

Almighty God, we establish this white pyramid over these nations. We see it. It is brilliant. It is like the sun shining upon the original white marble of the pyramid of Giza. We call for this power intensified now as the etheric thoughtform. We call for this mighty pyramid of fire, the coil within it, to elevate our nations by the power of the Great Central Sun Magnet, by the power of the sun of even pressure in the heart of the earth.

Beloved Mighty I AM Presence, in the name of the Father, the Son, the Holy Spirit, and the Mother, by the power of Lord Shiva, by the power of Parvati, by the power of Ganesha, I demand the devouring now of all of the arrows of outrageous fortune sent by the enemies. I demand this be consumed, turned back, bound, dissolved. I demand the absolute dissolution of the sinister force within these nations, their plots and conspiracies. Let them be consumed by the sacred fire in this hour. I demand it, command it, and accept it done in this hour in full power.

[Song 635, “Ganesha Saranam”]

*Calgary, Alberta, Canada, September 29, 1984*

Beloved Great Divine Director, come forth now in the full power of the Godhead, in the full power of Brahma, Vishnu and Shiva, and the Divine Mother. Beloved Great Divine Director, place your mighty blue sphere over North America, over the United States and Canada.

I call for the divine plan of these united nations, one union under Almighty God, for the deliverance of all people, to

members of the Great White Brotherhood, ascended and unascended.

Blaze forth the light of the blue-lightning angels, their mighty cosmic circle and sword of blue flame and the seraphim of God! Blaze through now and bind the cause and core of evil on this planet! Bind the seed of the wicked! Bind the cause and core of the evil one! Bind now the hordes of darkness in Canada! Bind the demons and discarnates! Bind the black magicians! Bind them and let them be cast into the lake of fire! Burn through and let them be taken to the Court of the Sacred Fire on Sirius this day! Burn through and let God's will be done! Let God's will be done! Let God's will be done!

Beloved billions of legions of angels from the heart of God, come forth now and bind every nefarious entity, demon, and discarnate moving against our individual persons, the light for which we stand, and our Church Universal and Triumphant.

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, bolts of blue lightning penetrate through! Bolts of blue lightning penetrate through! Bolts of blue lightning penetrate through! Let God's will be done! Let God's will be done! Let God's will be done! In the name of the Father, the Son, and the Holy Spirit, I am the action of the sacred fire from the heart of God.

## **120.07                      Sealing of the Energies**

With the sign of the heart, the head, and the hand to you, may the peace of the Presence abide with you. Through days of service and nights of rest, may the peace of the Presence keep you blest. With the sign of the cosmic cross of white fire, let these hearts be sealed in the protection of Almighty God and his archangels for the deliverance of this nation and the deliverance of the Word unto its people. In Jesus' name, Amen.

*Calgary, Alberta, Canada, September 29, 1984*

## **Returning of the Flames**

**120.08**

Beloved Mighty I AM Presence, we send forth these flames to the heart of our beloved Father Alpha. Beloved Alpha, receive the light of the Trinity, Mighty Cosmos' Secret Rays, the action of the Divine Mother on earth, and release them again for a greater victory on the morrow. We thank you for your steadfast protection and overshadowing of our life, our mission, and the God-government of all nations on earth.

In the name of Mother Mary, Amen.

## **Alchemical Change of the City Foursquare                      120.09**

Lord God Almighty, we beseech thee in the name of thy servant-sons throughout all cosmos, personified and typified in the blessed Jesus, in the presence with us of Saint Germain and El Morya, our beloved Lanello, Mother Mary, and all of the hosts of light to send forth the command of light for the saving of planet earth, this solar system, and the galaxies that turn in time and space around the center of thy being.

I call forth the light of Alpha for the alchemical change of the City Foursquare, designated as the United States of America and Canada. I call for the full power of the light of God that never fails in the person of billions of seraphim of God to stand and form now the mighty square of this City. And I call for the Master Mason and all of the builders serving as initiates of Gautama Buddha to assemble for the building of the base of this pyramid. And to that end we therefore call forth from your heart, beloved Alpha, the plumb line of Truth for the straightening of the axis in government and in the economies.

We call forth the Universal Christ in the presence of the Holy Christ Self of each one. We call for the divine standard as the ensign of the people, which we raise up according to the prophecy of the ancient prophets, to be the measuring rod of life, of service, of interpersonal relations, of the moral code of

life, of the governing of supply and demand, of the law of the abundant life and God-government on earth.

Beloved Mighty I AM Presence, focus of the Great Central Sun, beloved Alpha and Omega, our Father-Mother God, release now the power of the Word from the heart of Brahman. Release the light of the eternal Shakti manifesting as the action of Brahma, Vishnu, and Shiva.

Lord Krishna, as the Universal Christ and Him personified in the avatars of all ages, Great White Brotherhood of ascended and unascended masters and their devotees, all forces of cosmos extended into the matter universe and drawing from the Spirit, converge now for the establishment of the City Foursquare and for the clearing of North America. From this base, beloved Saint Germain, form the cube of cosmic masonry and thereby extend from this base and foundation the universal light for the healing of all nations.

Beloved Mighty I AM Presence, as thou hast sent forth the Word in manifestation within us, as thou hast called and directed, so we give forth that Word. Therefore hear our call and let it be answered this day, for the time is short as thou knowest, O God, and space is polluted. Therefore, let the sacred fire be for the purging. Let elemental life be sent forth from the heart of the Lord of the World in obedience to their hierarchs, Oromasis and Diana, Aries and Thor, Neptune and Luara, Virgo and Pelleur, to bring all elemental life into that alignment for the defeating of the capitalist/communist conspiracy and the dragon that gives the beast his power in the international bankers, the money lenders, the international monetary fund, the power elite, the Watchers, the fallen angels, the godless, their mechanization man, the Nephilim, and all who have gone out of the way.

I, therefore, demand the binding and the judgment of those who have polluted the time and space of this planet and this solar system. I demand the encirclement in this hour of the nefarious energies of the Twelfth Planet. I demand action from the Great Central Sun for the ring-pass-not around this solar system. And I call for the action of the Great Central Sun for the acceleration of these planetary bodies that they might now

manifest beyond the physical and astral planes, and thereby in that accelerated rate of their electrons and planetary bodies, throw off all imperfection of the fallen ones who are cast down into the sea and into the earth.

Therefore, let that sea be cast into the lake of fire. Let earth be consumed, and let the living day of the golden age be the physical manifestation of the etheric City Foursquare.

Almighty God, we call for acceleration and elevation. We demand the binding and the judgment of that which is unable to accelerate because there is no light in the center, only night there.

Let the Great Central Sun Magnet, therefore, be amplified in the earth this day. Let it be for the measuring. Let it be for the weighing. Let that magnet increase light where there is light, and let it consume by the power of the third force that which is unreal.

Almighty God, we therefore gather in thy holy name to draw the attention of the Lords of Karma and the Four and Twenty Elders to those activities, conditions, philosophies, and personages that are the embodiments of evil—ignorant, malicious, or any form whatsoever. We demand absolute God justice from the Central Sun unto the people of light on earth. We demand God-justice on these situations, and we call for an immediate answer from the heart of the Four and Twenty Elders and for their judgments this day. Even so, Lord God Almighty, true and righteous are thy judgments.

Universal Christ within our hearts, we present ourselves as ambassadors of light and representatives of this people of Canada and of the United States. We come together, then, in the awareness of thy will for this North American continent. Therefore receive us, O God, as ambassadors representing this people before the courts of heaven.

We beseech thee, O God. Let the power of thy Holy Spirit, the power of the Mother flame, come forth now for adjudication and for the righting of all wrong, that in this season and in this cycle, commencing the glorious age of Saint Germain, there might be the removal of all obstacles to the

divine plan of the Great Divine Director and the Elohim for these evolutions.

Lord God Almighty, we stand this day knowing that the seventh root race and those who come after us may reap the benefit of our work and have a better opportunity, a clean slate on which to build, truly to build after the patterns of the heavenly. Therefore, let the incorrect patterns of the earthly be consumed this day. We ask it in the name of the one true God, the Son, Jesus, beloved Saint Germain, the holy ones of God, and these Keepers of the Flame who have stood here to give their hearts fully for the final victory of the age.

Almighty God, to this end have we taken incarnation. For no other reason have we embodied but to do thy will and balance the injustices of our own lifestreams as karma. And therefore, keep us one-pointed in the vision of our cosmic purpose, our inner vow, our reason for being. For we understand that if this is not accomplished, those who follow after us cannot build the new world or fulfill their individual destiny. Therefore, O God, hear us this day and answer. We accept it done in the full power of the entire Spirit of the Great White Brotherhood. In the name of the Father, the Son, the Holy Spirit, and the Mother, Amen.

*Calgary, Alberta, Canada, September 30, 1984*

## **120.10 Clearing the Way for Saint Germain's Sponsorship**

In the name of Almighty God, in the name of Almighty God, in the name of Almighty God, I call for the full power of the flame of the Ark of the Covenant. I call for the flaming seraphim to keep the way of the tree of life, to cleave asunder the real from the unreal. Beloved mighty Astrea, mighty Astrea, mighty Astrea, lock your cosmic circle and sword of blue flame around this forcefield now. I demand the action of the sacred fire from the heart of God in the Great Central Sun. I demand the clearing of the way for beloved Saint Germain and Portia to reign in Canada this day. I demand the clearing of the way. I

demand the clearing of the way. I demand the clearing of the way, O God.

I demand the action of the sacred fire from the heart of the seven mighty archangels this day. I demand the clearing of the way in Canada and in the hearts of her people for the coming of Saint Germain and his sponsorship. Beloved Mighty I AM Presence, beloved Lord God Almighty, beloved Cyclopea, K-17 and Ray-O-Light, beloved El Morya, beloved Lanello, I ask you in this hour to seek out and find by the full power of the laser beam of the diamond-shining mind of God, the All-Seeing Eye of God, and the ruby ray, the causes and cores of all conditions and individuals who are blocking the very living presence here of our beloved Saint Germain and his co-sponsorship of these nations.

I demand the mighty action of the sacred fire for the clearing of the way, for the binding, the judgment, and the reduction of the forces of evil in those individuals who have chosen the left-handed path. Bolts of blue lightning penetrate through! Bolts of blue lightning penetrate through! Bolts of blue lightning penetrate through.

Beloved Ascended Master Godfre, we call you forth in this hour. Beloved Jesus and Magda, we call you forth in this hour. Beloved Lanello, I demand the action of the sacred fire for the opening of the way. I demand the binding of those unseen forces and ancient conditions, the ancient records beyond Atlantis and Lemuria of the dark ones and their focuses established here.

Burn through and bind the very nests of those serpents and the retreats of the black brotherhood on the astral plane and on the physical plane! Burn through and encircle the very cause and core of all that is anti-Christ, anti-Father, anti-Son, anti-Holy Spirit, and anti-Mother in this nation! Burn through and let it be cleared by the power of the sacred fire, by the power of the universal Mother this day!

Bolts of blue lightning, I demand the binding of all black magicians in this hour! Burn through and let the forces of freedom march! Let the mighty archangels march. Let the legions of the chohans and the legions of angels assigned to the chelas in embodiment march. I demand the marching in this hour of the mighty seraphim, north, south, east, and west in the mighty Maltese cross formation over Canada. Burn through!

Therefore, I demand the clearing of the darkness on the borders. And I demand the simultaneous action in the United States for the mighty balance of the T'ai Chi of the figure eight flow and full power of beloved Alpha and Omega this day. Bolts of blue lightning penetrate through!

Beloved God and Goddess Meru, the Great Divine Director, beloved Himalaya, and Vaivasvata Manu, I now demand the establishment of the four sides of the City Foursquare by the great law of the Lawgivers, the Manus, made and established for and on behalf of all evolutions of earth.

Blaze the power of the Universal Christ that does hold the immaculate concept for all lifestreams on earth, no matter what their origin! Burn through. I demand the immaculate design. Therefore press in through the power of the Cosmic Christ in our own hearts and the Christ Selves of all! Blaze the light through. Let the power of this Christ and its manifestation of the sacred fire consume all unlike itself in business, in commerce, in the laws, in the government, in education, in politics, and in those areas where the judgments and decisions are made that affect the lives of millions for decades to come.

Burn through and let the sacred fire now be spread abroad by the power of Oromasis and Diana and billions of fiery salamanders! Burn through and clear the way for the coming of Saint Germain and Portia in a physical, tangible manifestation here! In the name of the Father, the Son, the Holy Spirit, and the Mother, Amen

[Song 703, "The Chela's Star Spangled Banner"] Hail Saint Germain! Hail Saint Germain! Hail Saint Germain!

## **For the Union of Lightbearers**

**120.11**

Beloved Mighty I AM Presence from the heart of God, we call forth now the light of universal Cosmic Christ purpose, conceived and dedicated in the very heart of the liberty of our own Christ Self. Beloved Mighty I AM Presence, we seek the union of the lightbearers on earth. We understand that this must come only through the Christ Self and not through the United Nations or the attempt through the beast of socialism/communism or a false capitalism to unite the human consciousness on the basis of compromise with its lowest common denominator.

Therefore, we, the brothers and sisters of Mother Liberty in Canada and the United States, declare the oneness of our hearts and the oneness of the Universal Christ with us and in these nations. We demand that all that opposes that union and that light shall fall. We demand a mighty circle of fire around the cosmic cube and the foundation of the pyramid established around our nations. We call for the light of Alpha and Omega, the sponsorship of Saint Germain that this might become the nucleus for the oneness and the union of all hearts of light upon this planetary home and throughout this solar system and galaxy.

We call forth this mighty pyramid of fire. We call to the Fourteen Ascended Masters Who Govern the Destiny of America and the members of the I AM Race worldwide. We call for the mighty dispensations of freedom of the Goddess of Liberty, the Lords of Karma, and Saint Germain that have been given to the United States in her inception to be extended now as initiation to those hearts of Keepers of the Flame and lightbearers in Canada who may receive that spark of patriotism from your dear heart, beloved Godfre.

Convey to them now the necessary light to straighten the axis of this God-government and economy and to bring it into alignment with Saint Germain's heart as concurrently we bring into alignment the United States of America, her God government and her economy—bring it into alignment with the original conception of George Washington, the Founding Fathers, and those who brought forth the Constitution from the heart of Saint Germain as the covenant of Almighty God betwixt his people, the reincarnated twelve tribes, and himself. O Universal Christ, let there now be a mighty bastion of freedom, of power, and of Christ consciousness.

We sing therefore the national anthems of our nations as one, as an indispensable union of the light of Alpha and Omega and the mighty whirling power of the T'ai Chi. We demand that through the Cosmic Christ in all people in these nations, there be now the throwing off of all that is anti the light of Saint Germain and the seventh age, all that opposes the flame of freedom, especially the infiltration and conspiracy of world communism, world socialism, and the compromise of the true free enterprise system.

Burn through Almighty God! I demand the binding and the judgment this day of every individual so inclined who does move against the light of freedom in these nations. I ask it and I place it before the Cosmic Council. I demand immediate dispensations according to God's holy will, wisdom, and love, from the heart of beloved Helios and Vesta.

In the name of the Father, the Son, the Holy Spirit, and the Mother, we salute the threefold flame of life within our nations, within Liberty, within Saint Germain and Archangel Michael, within the mighty Elohim of God. We salute this flame, its divine purpose, and the immaculate design for these nations. We command light to flow and the cosmic forces to descend. We demand an instantaneous defense of our nations as one military base in defense of world freedom against all forces incoming of world communism.

I call upon the light of God. I call for the councils to meet, and I demand the power of the seven mighty archangels. Awaken and shake our representatives everywhere to alert them

to the immediate necessity for defense against all impending threats. Almighty God, K-17 and Lanello, this day we beseech you to hear our call and answer.

[Song 680, "The Star-Spangled Banner." Song 733, "O Canada"]

## **Emerald Matrix for the Healing of Canada 120.12**

*(When I held a prayer vigil in London and Stockholm, the Brotherhood had asked me to use the focus of the Emerald Matrix on the map of the country. I am going to do that now—to take this crystal of emerald and to use it on the map. I'm going to go over the map and make calls. While I am doing this, I ask you to close your eyes and visualize the rays of emerald light, sheets of emerald light, descending from the heart of Elohim, delivering the immaculate matrix for the design of Canada. We call for the action of the sacred fire to accomplish this through our united hearts as one. Therefore please join me in this prayer.)*

Beloved Mighty I AM Presence, beloved Lords of Karma, beloved Goddess of Liberty, we welcome you each one to the very heart of Canada and to the hearts of the lightbearers here.

In the name of the universal Christ manifest within each heart, I call forth now the descent of the Emerald Matrix for the healing of this nation, the healing of every molecule of matter and spiritual energy in the chalice of matter. I call for the healing of government, the economy, the systems of the society, its education and culture. I demand the healing of the very cause and core of the disease and the malignancy of world communism, world socialism, the perversions of capitalism, and the perversions of the international bankers as they have affected this nation.

I demand the power of Almighty God to restore this nation to her divine destiny in the physical octave, in the astral plane, the mental plane, and the etheric. I call for the cosmic City Foursquare to descend as we sing now "The Flame of Freedom Speaks."

[Song 704, "The Flame of Freedom Speaks. "Decree 5.03, "Decree for the Great Cosmic Light" 1x]

*Calgary, Alberta, Canada, September 30, 1984*

### **120.13 To the Maha Chohan**

We call to the beloved Maha Chohan. We call to the Holy Spirit to permeate this land, to permeate the United States and Canada. We call for the light of the Great White Brotherhood, the light of the Darjeeling Council, the Indian Council, and the Council of the Royal Teton. Instruct and advise us and all members of the governments of these nations, that we may bring forth action in concerted force in the union of light, as Above, so below, north and south, for the defense of North America, its absolute security and ability to defend itself. Make any possible idea of a first strike absolutely abhorrent and unthinkable because of firsthand knowledge of the capacity of the West to defend itself.

Therefore we demand this day, beloved Holy Spirit, the stopping of all sales of technology from the United States and private industry to any nation who might use that technology against us. We demand the security of our science, our technology, and our industry. We demand the security of our defense system and its tests from all infiltrators, all sabotage, known or unknown. We call for the complete overhauling of the military of Canada, and we call for the hosts of light to go to the very core of this condition.

*Calgary, Alberta, Canada, September 30, 1984*

### **Invocation for God-Government in Canada 120.14**

[Decree 20.10, "I Accept the Gift of Peace!" given 1x. Decree 20.11, "Peace, Be Still," given 1x. Decree 20.12, "I Ratify the Judgment of Helios," begun, stopped after decree 20.07, "They Shall Not Pass!" given 3x]

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, in the name of Almighty God, in the name of Almighty God, in the name of Almighty God, I call for the full power of the Almighty Father. I call for the flaming seraphim who keep the way of the tree of life. Beloved Mighty Astrea, lock your cosmic circle and sword of blue flame around this nation. Beloved mighty Astrea, mighty Astrea, mighty Astrea, lock your cosmic circle and sword of blue flame around this forcefield now.

Blue lightning from the mind of God, blue lightning from the mind of God, blue lightning from the mind of God. I demand the action of the sacred fire this day. I demand the action of the sacred fire this day. I demand the piercing of the veil of the mask of relative good and evil dominating the politics of Canada. I demand the binding of the forces of anti-Christ that are galactic and system wide, the forces of the international capitalist/communist conspiracy, the forces of the anti-Buddha, the anti-Father, anti-Son, anti-Holy Spirit, and anti-Mother manifestation.

I demand the clearing action now of all those who have come forward to represent this nation and this people and those who have formed this government. I demand the action of the sacred fire this day. I demand the binding of the very cause and core of all evil forces, entities, demons and discarnates, especially all influences of the international capitalist/communist conspiracy, the malignancy of world socialism, international bankers, greed, lust, self-interest and self-love, all separatist notions, and all hate and hate-creation directed against the United States of America by black magicians and pitted against these individuals comprising the government. I demand the stripping action now and I demand

the judgment of the very core of the dweller-on-the-threshold and carnal mind within all representatives of the people.

I demand the action of the sacred fire throughout this government, throughout this nation now. I demand the encirclement of all people this day, and the removal of the very cause and core of the seed of the wicked.

I especially demand the judgment this day of the Watchers incarnate, the Nephilim gods, their mechanization man, all the godless and all who have already made their decision against the light, who have vowed themselves as enemies of the living Christ incarnate and taken the left-handed path.

Bolts of blue lightning penetrate through! Bolts of blue lightning penetrate through! Bolts of blue lightning penetrate through! I demand the encirclement now, the cutting free, and the binding of all forces of negativity and darkness in, through, and around every member of the government, including:\_\_\_\_\_.

[give your personal prayers here]

Beloved Mighty Astrea, encircle now the very cause and core of the ministers who operate as the inner cabinet, making the key decisions that shape the government and policy. Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, I demand the removal of the control of these individuals through the Watchers, the godless, the power elite, and the Order. I demand the binding and the judgment of any among them who are imposters of the light, who in fact have by their free will become the embodiment of that anti-Christ and those forces of darkness.

Beloved Mighty I AM Presence, I demand the exposure to the people of Canada of all those who are the false gods, the false hierarchs, the false representatives of God-government and of the Great White Brotherhood in this nation. Therefore, I demand that judgment and the full fire of God justice upon these individuals:\_\_\_\_\_.

[give your personal prayers here]

Beloved Mighty I AM Presence from the heart of God, I demand the justice of the universe to deal now with all these individuals. I demand the binding of those forces within them and within this government preventing the descent of the Holy Christ Self, the Universal Christ, into their temple for the amplification of the light or for the judgment.

Beloved Mighty I AM Presence, I call for the fierce action of Archangel Michael and the seven mighty archangels to cut free those who represent the people of Canada, all those who are their staff, their support, their families, all bodies of research and committees.

I demand the action of the sacred fire upon the entire system and bureaucracy that is attached to these individuals. I demand an absolute cleaning of house. I demand the binding of the seed of the wicked, the casting out of the fallen ones, and the removal from positions of power in this government of all those who are known and allied with the sinister force and the destruction of the City Foursquare and its out picturing in Canada.

I demand the binding of the forces that are behind them, to be named in the "Lord's Ritual of Exorcism." And therefore let the judgment descend in this hour according to the will of Helios and Vesta for the pulling of the plug on the seed of the wicked and the seeds in consciousness sown here as world socialism, the capitalist/communist conspiracy, communism, all leanings toward the left and an absence of vision of the Cosmic Christ.

I demand the binding of all opposition to their chakras, to the union of their four lower bodies, and I demand the binding of the dweller-on-the-threshold in them now. Therefore we give that judgment call for the absolute victory of the Christ within those who have been named and all those serving with them and all people of Canada.

In the name of the Father, the Son, the Holy Spirit, and the Mother, Amen.

[Decree 20.07, "They Shall Not Pass!" given 3x. Decree 20.12, continued]

*(Please meditate on the thoughtforms we have established: the base of the City Foursquare, the pyramid, the coil rising in the center, the great sphere of the Great Divine Director.)*

In the name I AM THAT I AM, Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the dweller-on-the-threshold of the very cause and core of the international capitalist/communist conspiracy behind the members of Parliament elected to form the government of Canada.

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, I demand the action of the sacred fire upon all political parties. I demand the binding of the entire cause and core of the dweller-on-the-threshold behind them and behind all agents of the international capitalist/communist conspiracy, the beasts in Canada that rise up out of the sea and out of the earth, and the dragon who gave power to the beasts.

I call upon the action of the sacred fire for the binding and the judgment of the very core of evil using them. And I demand the binding and the judgment of those who have made that core evil a part of themselves, who are wholly wed and aligned with it and have become the anti-Christ incarnate. I demand the judgment of Almighty God and a stripping action this day. I demand the absolute binding of all sinister forces from UFOs, psychotronics, and infiltration of agents from any nation.

I call upon the sacred fire now for the absolute demolishing of the infiltration of Canada by World Communism, by the power elite, by the international bankers, by the forces of greed and the godless who come in the name of capitalism or in the name of America to subvert this nation, causing enmity and division between the people of God.

Beloved Mighty I AM Presence, I demand the binding and the casting out of the serpent and his seed in Canada this

day, especially those who stand between us, her citizens, and the beloved Goddess of Liberty, beloved Saint Germain and their initiations of the heart chakras.

I demand the encirclement of all socialist programs and for the return to individual accountability, to the right action of beloved Saint Germain and his tutoring in the sacred labor, in the abundant life, and in the divine economy.

Mighty Astrea, encircle business and industry in Canada, the entire economy. We demand the binding of the dweller on-the-threshold, the stopping of the infiltration of this nation and the seizing of assets through loans to nations and individuals who do not stand for the Light. Mighty Astrea, encircle the banks, trust companies and financial institutions of Canada. We demand the encirclement of the Canadian dollar. We demand the manifestation of the gold standard here.

Mighty Astrea, encircle the dweller-on-the-threshold of all opposition to the farmers, to farming itself, to labor, and to management. Encircle all labor unions, their strikes, and the infiltration of world socialism and communism in the labor movement, especially the seed of the wicked in them.

Beloved Mighty I AM Presence, we call for the action of the sacred fire on all individuals in positions of power across Canada and for them to be stripped and cut free to assist Canada.

We demand the encirclement of Canada's defense. We demand the binding of the international fallen ones, the warlords, the Watchers, the Nephilim gods, moving against the united defense of Canada and the United States and all opposition to the reinforcement of the defense of Europe and this hemisphere.

Mighty Astrea, encircle these individuals and assist them in manifesting the Christ consciousness. Encircle the foreign affairs situation and foreign policy. Mighty Astrea we demand the binding of the dweller-on-the-threshold and the undoing of the very core of evil in this nation.

We call for the encirclement now of the Constitution Act of 1982 and the encirclement of the very cause and core of all opposition to property rights, the right to trial before courts, to

freedom of assembly and freedom of speech. We demand the action of the sacred fire into the very cause and core of everything in that Constitution of Canada that is not in alignment with the will of God, the divine plan of the Great Divine Director, the path of the ascension, the great pyramid and the etheric City Foursquare that is to be lowered into manifestation.

I demand that this divine document now be laid upon the altar of Saint Germain at his retreat in the Cave of Symbols and be left there, tended by Keepers of the Flame at inner levels, that Saint Germain might return to us what is that perfect divine document for the constitution of Canada and see that it is implemented. Mighty Astrea, encircle all inequities in this constitution and see that there are equal rights given to every individual and every citizen.

Mighty Astrea, encircle the very force and the nucleus of terrorism in Canada and in the United States. By the power of Archangel Gabriel, encircle the dweller-on-the-threshold of all perversion of the feminine ray.

In conclusion, Almighty God, we ask for the removal of every burden of darkness and the sinister force, the fallen angels and the rebellious ones from this nation. And in its place we demand the immediate and instantaneous manifestation of the Cosmic Christ consciousness, beginning with those of the highest and greatest light and greatest aptitude for the assimilation of the teachings of the ascended masters.

In the name I AM THAT I AM, Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the dweller-on-the-threshold of the anti-Christ of Canada manifest in, through, and around every lifestream, known or unknown, all astral forces and fallen ones gathered here to destroy that manchild of the light of Liberty as soon as it is born.

[Decree 20.09, "I Cast Out the Dweller on the Threshold!" 1x]

In the name I AM THAT I AM, Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the

dweller-on-the-threshold of the anti-Christ of Canada, the false hierarchy, false pastors, false gurus and false chelas, the godless, the Watcher, the Nephilim, and the sinister force moving through whatever manifestation or mask available.

Bolts of blue lightning! I demand the binding of the avowed communists and those who have become the incarnation of the forces of evil system wide.

Burn through and bind the entire false hierarchy of the black magicians of Canada! Bind their hate and hate creation! Bind their revenge! Bind their anger! Burn through and bind the core of that anger now! Burn through and bind the core of the dweller-on-the-threshold of that anger now. By the power of Oromasis and Diana, Aries and Thor, Neptune and Luara, Virgo and Pelleur, we say:

[Decree 20.09, "I Cast Out the Dweller on the Threshold!" 1x]

In the name I AM THAT I AM, Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the dweller-on-the-threshold of the anti-Christ of Canada, the false hierarchy opposition to Saint Germain, the false hierarchy of Jesus Christ manifest in the extremes of the godless, the atheist, the fundamentalist Christians, all fanaticism.

I demand the binding and the casting out of the dweller-on-the-threshold of the anti-cult movement and their forces working through the media, especially TV, radio, newspapers, and the internet, moving against the light of Church Universal and Triumphant and stemming from the very core of anti-Christ.

I demand the binding of that dweller-on-the-threshold and the very core of that hatred, that anger, that avowed determination to destroy Church Universal and Triumphant in Canada and America and the world. Bolts of blue lightning take that dweller-on-the-threshold now! Beloved Helios and Vesta, pull the plug from the seed of the wicked now, and all who will not relent.

And therefore, I ask beloved Lanello and Archangel Gabriel to clear those individuals who are of the light but are wrongly influenced and using their heart's light against the light. Let them be shown the truth, and let them choose this day whom they will serve. And if they choose to serve the light, let them be blessed. And if they choose to serve the darkness and to destroy the ongoing work of the Great White Brotherhood for the rescue mission of the planet, including the work of the Saviour of the world, let them be judged.

Beloved Mighty I AM Presence, I AM the action of the sacred fire for the binding of the dweller-on-the-threshold of all attack upon this community of lightbearers through family members who are aligned with darkness and the astral plane. Bind Death and Hell! Bind the very cause and core of evil that would thwart the divine plan in manifestation of the Keepers of the Flame of Canada! Blaze the light of Saint Germain into the very core now of this death-hold upon the light of Canada! Burn through and bind every opposition to the manifestation of the community of the Holy Spirit and the remnant of the people raised up for the light.

[Decree 20.09, "I Cast Out the Dweller on the Threshold!" given 1x. Decree 20.12, "I Ratify the Judgment of Helios" end]

## **120.15      Invocations for the Solar Ring**

[Decree 0.30, "The Solar Ring," to the first insert]

Canada, and around the United States of America and Canada as a manifestation of the City Foursquare. I AM the action of the sacred fire of this solar ring around each individual city in Canada and the United States, each individual Keeper of the Flame and every constructive individual, and around the governments and the economies of this nation and their defense.

[Decree 0.30, "The Solar Ring," cont'd to the second insert]

Canada. For the sealing of Canada and the United States, for the sealing of the City Foursquare as the mighty square around North America, for the sealing of the pyramid itself, and for the sealing of the builders, initiates of Gautama Buddha, to build that City Foursquare on earth as it is in heaven.

I AM the sealing by the power of the tube of light of every constructive individual in North America, every Keeper of the Flame and lightbearer, all who are the instruments or the potential instruments of Saint Germain. Let that tube of light come forth now around the holy innocents and the children of the light and all in whom there burns a mighty threefold flame.

In the name of Almighty God we say:

[Decree 0.01, "Violet Fire and Tube of Light Decree."

## **To Godfre and Lanello**

**120.16**

Beloved Ascended Master Godfre, beloved Lanello, we call for the fervor of your heart's dedication to America and to Saint Germain. Let this fervor be implanted in the hearts of all people of Canada to throw off all darkness of world socialism, all hate and hate creation, all covering over of witchcraft and black magic as a divide and conquer tactic to separate the people of Canada from one another and from the people of the United States as a whole.

Burn through, Almighty God! Beloved Messengers from the Sun, come forth now and infuse this nation under God with the will, the power, the wisdom, and the love of the Goddess of Liberty, with the spirit of freedom and the acceleration that takes her to a new vision of God consciousness and the City Foursquare.

Blaze the light through, and encircle all division! Blaze the light through, and establish God-vision! Blaze the light through in the name of Godfre and Lanello!

We demand that the Causal Bodies of all devotees of the Buddha descend now for the alchemy of the sacred fire in our midst. We thank thee and accept it done in this hour.

In the name of Mother Mary, Jesus and Magda, Amen.

*Calgary, Alberta, Canada, September 30, 1984*

## **120.17                      Miracle Call Invocation**

Almighty God, I demand a miracle this day from the heart of beloved Godfre and Lanello, a miracle of supply, a miracle of unity. I call for the multiplication of our sacred labor and the supply entrusted to our care that there might be the building of the nucleus of the City Foursquare, the retreat of the Royal Teton Ranch, and the remnant of lightbearers.

I call for the action of the light. I call for the descent of the presence of the God of Gold. Beloved God of Gold, release now all that is necessary to the building of that security for each and every individual Keeper of the Flame in the United States, Canada, and worldwide.

We demand the action of the sacred fire and the overturning of all opposition to the unity of Canada and all Canadians. Beloved Micah, let the nation of Canada and all who are a part of Canada come together. Let division be no more. Let the violet flame transmute it all.

Let pride and the elements of pride be cast into the sacred fire. And may the oneness of Canada be for the liberation of all people upon this continent.

Therefore we call by the miracle of Saint Germain.

[Decree 1.21, "I AM the Miracle of God." Song 522, "Our Gracious Godfre"]

*Calgary, Alberta, Canada, September 30, 1984  
(includes calls taken from POW Vol. 41 No. 45)*

## **Invocation for the Blessing of                      120.18 the Love Offering and Canada's Economy**

Beloved Lanello, we call for your blessing now of this love offering and those who have transferred it from their heart, head, and hand into the bowl of matter. Let it be for the building of the City Foursquare and for the securing of the place prepared for these lifestreams to fulfill their divine destiny and to hold the balance of light in the earth.

Beloved Mighty I AM Presence, we bless the Lord God Almighty, who has sent his supply into our hands and use, who has held up the law of divine abundance on earth and the divine economy that we might multiply our sacred labor to produce for the Lord.

We call to you now to protect this economy, to protect the law of the abundant life, to protect the sacred labor and the free market system according to the laws of Almighty God. We demand the binding of all forces opposing our economy, our money, our supply, our dollar, and the gold standard for Canada and the United States that our economies might be solid, our currencies might be solid and hold the divine and gold standard of the Christ consciousness for the earth.

Blaze the light through! Let this offering be multiplied by ten and returned to the very heart of the giver, Almighty God, and his instrument, these servant-sons, that they might sow and reap again and deliver once again in the harvest of the next cycle the fruits of their precious labors. Almighty God, see to it, therefore, that our chakras are opened and through us thy light may flow for the building of that place prepared for every lightbearer and son of God on earth as designated by you.

And therefore, beloved Lanello, come forth now. Let the banner of your ascension, your teaching, the light of your heart as our Guru, be manifest to all nations of the earth. Let the power of your Cosmic Christ awareness, your fatherhood with us, inspire and ignite every freedom fighter and chela come into the oneness of the path of the teachings of the ascended masters, the blessed violet flame, and the founding of Saint Germain's Aquarian age for all.

Beloved Lanello, enter this room, physically, tangibly, in this hour, through our hearts and through your chelas, and demonstrate the victory of Canada. In Saint Germain's name we call to you for your assistance now.

[Song 516, "Hail to Thee, Lanello!"] Hail Godfre! Hail Lanello! (3x)

*Calgary, Alberta, Canada October 1, 1984*

## 120.21 For the Union of the I AM Race

*(I would like to conclude with an invocation and by singing to Archangel Jophiel for great illumination for us all in being the representatives of God on earth, as everyone on earth is intended to be, and determining how we are going to justly apply the teachings of God in every circumstance. It's song number 300.)*

In the name of Almighty God, in the name of Almighty God, in the name of Almighty God, I call for the full power of the sacred fire! I call for the full power of the Great Central Sun Magnet. Mighty Astrea, mighty Astrea, mighty Astrea, lock your cosmic circle and sword of blue flame around this forcefield now. In the name of Almighty God, I call for the full power of the Great Central Sun Magnet. I demand the cutting free of the Keepers of the Flame, all souls of light, and the lightbearers who are gathered here and in the nations of Canada and the United States. I demand a union of hearts worldwide, a network of light of the I AM Race directed by the Fourteen Ascended Masters Who Govern the Destiny of America.

Blaze forth the light of God that never fails. Cut us free by the blue lightning of the mind of God. Beloved Jophiel, I call for your Electronic Presence to be placed over us and to inspire and illumine us, to instruct us by the light of the Christ mind, by the power of Gautama Buddha.

Bolts of blue lightning penetrate through! Clear the way for vision and understanding. Bind all enemies of the Christ and of the Great White Brotherhood in this city and nation. Burn through! I demand absolute God-justice for all injustices that have happened against the light and the forces of freedom in North America.

Blaze the light of ten thousand suns. Reinforce the defense of our nations. Reinforce the light descending now for the correction of all ills of society. Cut free the members of this government for the action of the sacred fire, for the

instrumentation of their lifestreams unto the will of God and the victory of the golden age.

Blaze the full power of Saint Germain! Saint Germain, we call you forth in the name of freedom.

In the name of the Father, the Son, the Holy Spirit, and the Mother, Amen.

[Song 300, "Beloved Jophiel and Christine"]

*Calgary, Alberta, Canada, October 1, 1984*

## To the Goddess of Liberty 120.22 for the Sealing of the Energies

Beloved Goddess of Liberty, beloved Lords of Karma, we call you forth that you might prepare the lifestreams in Canada for the initiation by the sacred fire of the threefold flame of the heart.

We demand the binding and the judgment of those individuals who have violated life itself. We call for the pulling of the plug on the seed of the wicked of these ones. We call for the instantaneous judgment of those who are the darkest and most evil forces on this planet, especially in Canada this day, and especially those who stand between the path of initiation by the Goddess of Liberty and this people of light.

Blaze the light through, and let those who have committed their crimes against humanity and Almighty God be judged. Let the acceleration of judgment take place according to the holy will of God and according to the Lords of Karma. Let the light increase on earth. Let the lightbearers be increased.

I demand the action of the sacred fire in this hour for the victory of light and for the binding of all forces that would overturn or reverse the course of the victory of this prayer vigil.

Therefore we call for the sealing of our energies in the mighty focus of the secret love star placed over this sanctuary. I call for the light rays of Cyclopea to draw the mighty square and to focus the light in the City Foursquare of North America by the power of the Emerald Matrix. I call for that permanent

forcefield here and now within this chalice of the Emerald Matrix. And I call for the light and the sealing of these chelas.

Beloved Mighty I AM Presence from the heart of God, we are the sealing of this continent and this nation until the next level of the inner and intensive work that can be accomplished. We seal these lifestreams in the heart of El Morya and the Cosmic Christ, and we ask that all energies invoked be sealed in the heart of our I AM Presence and released for the ongoing work of the Brotherhood, according to the dictates of Alpha and Omega.

Beloved Helios and Vesta, release now the inner and outer matrix of your dispensation delivered July 4, 1984, in the Heart of the Inner Retreat.<sup>1</sup> Release it through this city and all cities of Canada. And let a mighty miracle occur in this twelve-month cycle and in the coming weeks and months, that the Keepers of the Flame may be raised up for the deliverance of this mighty people.

In the name of the Goddess of Liberty, Amen.

*Calgary, Alberta, Canada October 1, 1984*
