

Call on the Conspiracy of Gog and Magog*

Ruby Ray Preamble

In the name I AM THAT I AM, come O Goddess of Liberty with “the legions of light and form a mighty spiral around thy focus. We come to the shrine of Liberty and the open door of the Mother’s heart of initiation. There in New York, let there be the sealing of the earth, the sea, the fire, the air! Let there be the sealing until the servants of God might turn and serve the Light.

“O let the newcomers to this soil receive the initiation of light! Measure for measure as they bear light, let them receive that increment and let the raising up of the torch of Liberty draw all nations of the seed of Sanat Kumara to that point of definition of the community of the Holy Spirit of this nation that is a haven for all who are oppressed.”

- We “will not fail to call forth the judgment upon Gog and Magog and all forces thusly pitted against one another to the death. Let them be *bound* in the name of the Lord Christ!” Together with Archangel Uriel, we speak it in the name of Helios and Vesta.
- Let Gog and Magog be bound! Let their power be reduced and let their karma be upon them and let it be turned unto them—and let the blood of the prophets be required of them. For I am the mouthpiece of the judgment of the Cosmic Christ, I say the lightbearers are raised up and these age-old rivals are put down by the hand of the Almighty.
- Let us draw the lines! Let us be clear in our definitions! And let not words convey metaphysical ideas that have nothing to do with God-reality.
- Let the members of the I AM Race worldwide understand the great gathering of the elect and the coming to America

of those lightbearers who will stand to defeat the world totalitarian movements within and without.

- We stand in the Middle East for the judgment of the Nephilim gods who have usurped that land for more than a half a million years and beyond, into the very mists of antiquity, to overturn the Light, even the promised Light that was sent.
- Let there be the containment by the all-consuming light, the sacred fire of Sanat Kumara, to burn through the cause, effect, record and memory of this ancient hatred of the laggards toward the lightbearers.
- With Holy Justinus and the Elohim, we call forth the solar rings around the vortex of the black hole in space and the dweller-on-the-threshold of the Matter cosmos. Seal now the point of origin of the spawning of Evil in the earth and in the vortex of the black hole in space. Now let these solar rings be sealed!
- "Beloved Great Central Magnet of my own Mighty I AM Presence, align my entire consciousness, being and world at the point of the I AM THAT I AM and the living Christ each time I enter into the ritual of calling forth the solar ring."
- We shall not be caught in left-wing or right-wing rhetoric, indoctrination, passive expectancy of prophecy, the misuse of language or the violation of the Word.
- Let the laggard forces be bound and let the servants of light be set free! Let the Light prevail! And let our hearts of light united as one in the very heart of Helios and Vesta go forth then. For the armies of the Lord are with the saints on the earth. Mighty archangels, defend the point of light for the true promised land of the I AM Race—America!
- Cast out the betrayers of the Word in America. Let the Union be drawn, that the crack in the Liberty Bell might be *healed*, and the genius of freedom and creative sons of light might know the meaning of the oneness and the strength of the One Sent.

- I stand with Archangel Uriel and the Lord Jesus Christ as a part of the great gathering of the elect and the coming to America of those lightbearers who will stand to defeat the world totalitarian movements within and without. I AM a warrior of Peace!
- Let the strategy of Saint Germain be made known, and let the wise ones be readied for their role. Let the true shepherds of the people be positioned on the stage of life continent by continent in the Person of God. Let them give their energy to God alone and to his Lamb, as the children of the light are made one through the Body and the Blood, the Omega and the alpha, of the Lamb.
- With Archangel Gabriel, we affirm the all-transmuting Light of His body and His Blood as the solution and the dissolution of world good and evil.

“Therefore, Helios and Vesta admonish the sons and daughters of God: Put aside your differences and enter the Union. Be not caught in the skirmishes of these ones, but understand the true love of Christ and thereby shall all men know that ye are brethren and disciples in his name.”

**In the consciousness of the One and the One Sent, I AM He!
(3x)**

Beloved Archangel Uriel, we call unto you to once again as you have done before, to seal us in the fiery rose, the fiery ruby rose of the heart of Jesus. Seal us in the white rose of the ascension of Mother Mary. Seal us in the cosmic cross of white fire. Angels of white fire and angels of the ruby ray guard and keep us unto the victory of our own God-harmony. Let it be done in accordance with God's Holy Will. AMEN.

And in full faith...
