

## MECHANIZATION CONCEPT PART A

(For use with decrees 7.00, 7.01, 7.02, 7.03  
7.05, or 10.14)

### Insert:

The crucifixion of the Mother, the death of the Mother through mechanization and the mechanization of life; the fall of the flame of the Mother on Lemuria; the Luciferian attempt to make the children of the Mother a mechanical, chemical race; all tyranny and oppression which rob man of his birthright immortal, all matrices based upon human concepts; intense opposition to good generated by erroneous principles and abuses, all deterrents to the flow of Christ-good; the dichotomy of good and evil which threatens to divide the self, the warring in the members between the carnal mind and the Christ mind, schisms between the carnal mind and the Christ mind giving birth to the mechanization concept;

all false concepts, personal egos and smug concepts; old dogmas, elements of negation on the screen of consciousness, wrong ideas of men; the dangerous dogma of the mechanization concept;

all anthropomorphic gods, antichrist coming through the anthropomorphic god, an anthropomorphic god being the counterfeit of Alpha; the human intellectual controversy between deistic and pantheistic concepts of God;

the creation of life and form akin to the human body; denying the existence of God on the basis that he is no longer needed since man can simulate creation;

attempts to create souls inhabiting manmade bodies, mankind attempting to create laws governing segments or the total cosmos; a manipulation (a man-i-pollution) of the cosmos by a manifestation (a man-i-infestation) of the cosmos called man;

manipulation of life, manipulation of the social structure, manipulation of individuals; human manipulators under the direction of nefarious forces;

Antichrist as the perversion of the electronic belt coming through an anthropomorphic god being a deified man or de-mon; the attempt of antichrist to abort the Christ plan; Luciferian creation of a vortex of darkness and insane energies becoming the animating principle used to ensoul inert matter, such as demons, entities and fallen ones;

the Kali-yuga, the tenacity of old age and its outworn structures; mechanical virtue, psychic weights upon mankind, confusion; concepts which have been used to drive in against civilization from hidden levels of negation in an insidious and subtle manner;

all misuse of the free will principle, potential for destruction of a planet or a solar system, temporary self-destruction;

all perversions of Alpha in the mechanization concept; all perversions of Capricorn, manipulation of earth as the substance of God to create a counterfeit creation which is the condemnation to death of Father, Christ, Mother, and Holy Spirit;

all creation of the fallen ones--robots and animals; the karma of the planet, mixing of the seed of the children of God with the children of Lucifer; Watchers, karma with Watchers and Luciferians, pity or sympathy for these beings; sons and daughters of God enslaved by Luciferians;

all abortion, destructivity of hydrogen bombs, forcefields of destruction, fallout and radioactivity constant opposition to the people of the greatest light, day and night, from both inner and outer levels; the sinister force, all demons--with their causes and cores.

## MECHANIZATION CONCEPT PART B

(For use with decrees 7.00, 7.01, 7.02, 7.03,  
7.05, or 10.14)

### Insert:

all abuse of immortal inheritance, all witchcraft, black magic and the use of knowledge without principle; betrayal of the covenant between the Father and the Son in order to wrest from the universe by violence if necessary the mysteries of the kingdom of heaven; grains of darkness projected at us by the dark ones which tip the balance scales of our being and take from us a pure awareness of truth; grains of doubt and fear; grains of gossip and disparagement; the mind becoming completely embroiled in the negative manifestations of the electronic belt; aggressive mental suggestion of the carnal mind causing turmoil in the emotional body; imbalance in the 1-5-9 trine;

mechanical creation of man, the mechanical creation of Matter; erroneous notion that man is no more than a well-put-together-machine; perversion of the sacred fire in the mechanical creation of man and Matter that is a perversion of both Alpha and Omega; the possibility of the perversion of Summit University if the teachings were given without the impartation of the flame; the husks of an intellectual knowledge;

the principle of mechanization in the Lemurian and Atlantean ages; monstrous human forms prior to the flood of Noah which caused recurring problems to the earth and its evolutions; religious cults and political philosophies which propound a mechanical victory for man through the performance of rituals or by the creation of a superstate; mechanical doctrines of salvation, mechanistic attitudes toward the obtaining of victory in life; Matter becoming mechanical when bereft of Spirit; the mechanistic theory as it pertains to the resurrection; mechanical healing which neglects the restoration of divine harmony within the forcefield of the being of man; chemicals, pills, and drugs used to remove the symptoms of disease;

the rote giving of the rosary and decrees, the mechanical victory, and the mechanical ascension; mechanical observance of the fourteen stations of the cross; the mechanization of ritual as the devil's way of weaning people from Spirit, mechanization in prayer;

the electronic belts of all people on the planet; spirals of human consciousness of the mechanization concept; the cause and core of human will and human creation; the cause and core of all substance of creation and creations made by man without reverence, the absence of reverence for life and the sacredness of life in the creation; all the degradations of the liar and the lie that caused the reduction in mankind of holy vision and holy power; dark records in the subconscious and in the etheric body which are the perversions of the sacred fires of creation;

all opposition to the realization in mankind of the activity of spiritual attainment through initiation; spirals of rote performance of ritual and of the ascension in every church, mosque, and temple in the world; false teachers who promise salvation through mechanical acts and rituals, the false hierarchy; spirals of a false confidence in the successes achieved by mechanization and mechanical success;

all malicious, ignorant, sympathetic, and delicious animal magnetism that pervert the manifestation of the divine potential; the mechanical consciousness that produces poverty, ignorance, darkness, deceit, despair, degradation, decay, and disease; the world momentum of hatred and mild dislike that perverts the cycles of Aquarius, all mechanical hatreds; spirals of mechanical pride and prejudice engrained into the little children; all anti-Father, anti-Son, anti-Mother; and anti-Spirit energies--with their causes and cores.

## MECHANIZATION CONCEPT PART C

(For use with decrees 7.00, 7.01, 7.02, 7.03,  
7.05, or 10.14)

### Insert:

all betrayal of the Christ and the Mother; all planetary momentums and records of death, death spirals, all opposition to our God-mastery; the mechanistic theory as it relates to the perversion of the energy of the Mother in motion, bondage which comes as a result of freedom from responsibility;

all sense of rote causing mankind to lose sight of the cosmic inner design, all creation by rote; all improper manners of presenting sex to children; siring offspring by rote instead of ritual which perpetuates a robot race; the ritual of the family becoming a rote performance;

the rote performance of rituals, including sex, becoming abhorrent or repugnant; intense hatred, insanity which manifests with the cycles of the moon; the frustration of sexual energies; fanaticism, fanatical attitudes, demons of fanaticism; a false understanding of the mastery of sex; unfortunate experiences with sex and its misuses that can cause emotional problems; shock disappointment, and disillusionment resulting from rote performance of sex;

all criticism and hatred of the messengers; homosexuality, lesbianism, all perversions in the feminist movement; all personality problems which are based on problems with sex; the mechanical sense which carries over particularly into the outer phases of creation; the blackest of lies which mingles truth and error;

all vibrations and logic of the carnal mind; the inability of the carnal mind to perceive truth; rebellion and grief; all lies; the heavy sense of Matter and the intricate mechanics thereof; the lugubrious sense of form becoming oppressive and stupefying to soul consciousness; the frustrating sense of overpowering vastness;

all feelings of oppressive haste that deride comfort; the mechanical sense; barren life; the evils that so easily beset mankind; the whirling energies of this mechanical age; the miasma of a fraudulent civilization; old prison houses of temporal detainment;

all uses of science being unholy when they are rote; chemicals in our food, chemical medicines, chemical vitamins, chemical clothing, chemical houses and utensils; mechanical and chemical spirals which confine man from the cradle to the grave; all misuses of the sacred fire and the sacred rituals of life; all perversions of the divine ritual in science, in religion, and in the family by the activity of rote; the Illuminati and the history of Lucifer and the fallen ones; the "betrayal" as one's own carnal mind; the "enemy" as one's own electronic belt and untransmuted substance; the hippopotamus thoughtform as a symbol and vibration of evil; records of prehistoric, reptilian, and amphibian life at the low astral plane; the coalescing of carnal mind and mental body concepts which create these forms on the astral and physical planes; all sloth--with their causes and cores.

MECHANIZATION CONCEPT  
PART D

(For use with decrees 7.00, 7.01, 7.02, 7.03,  
7.05, or 10.14)

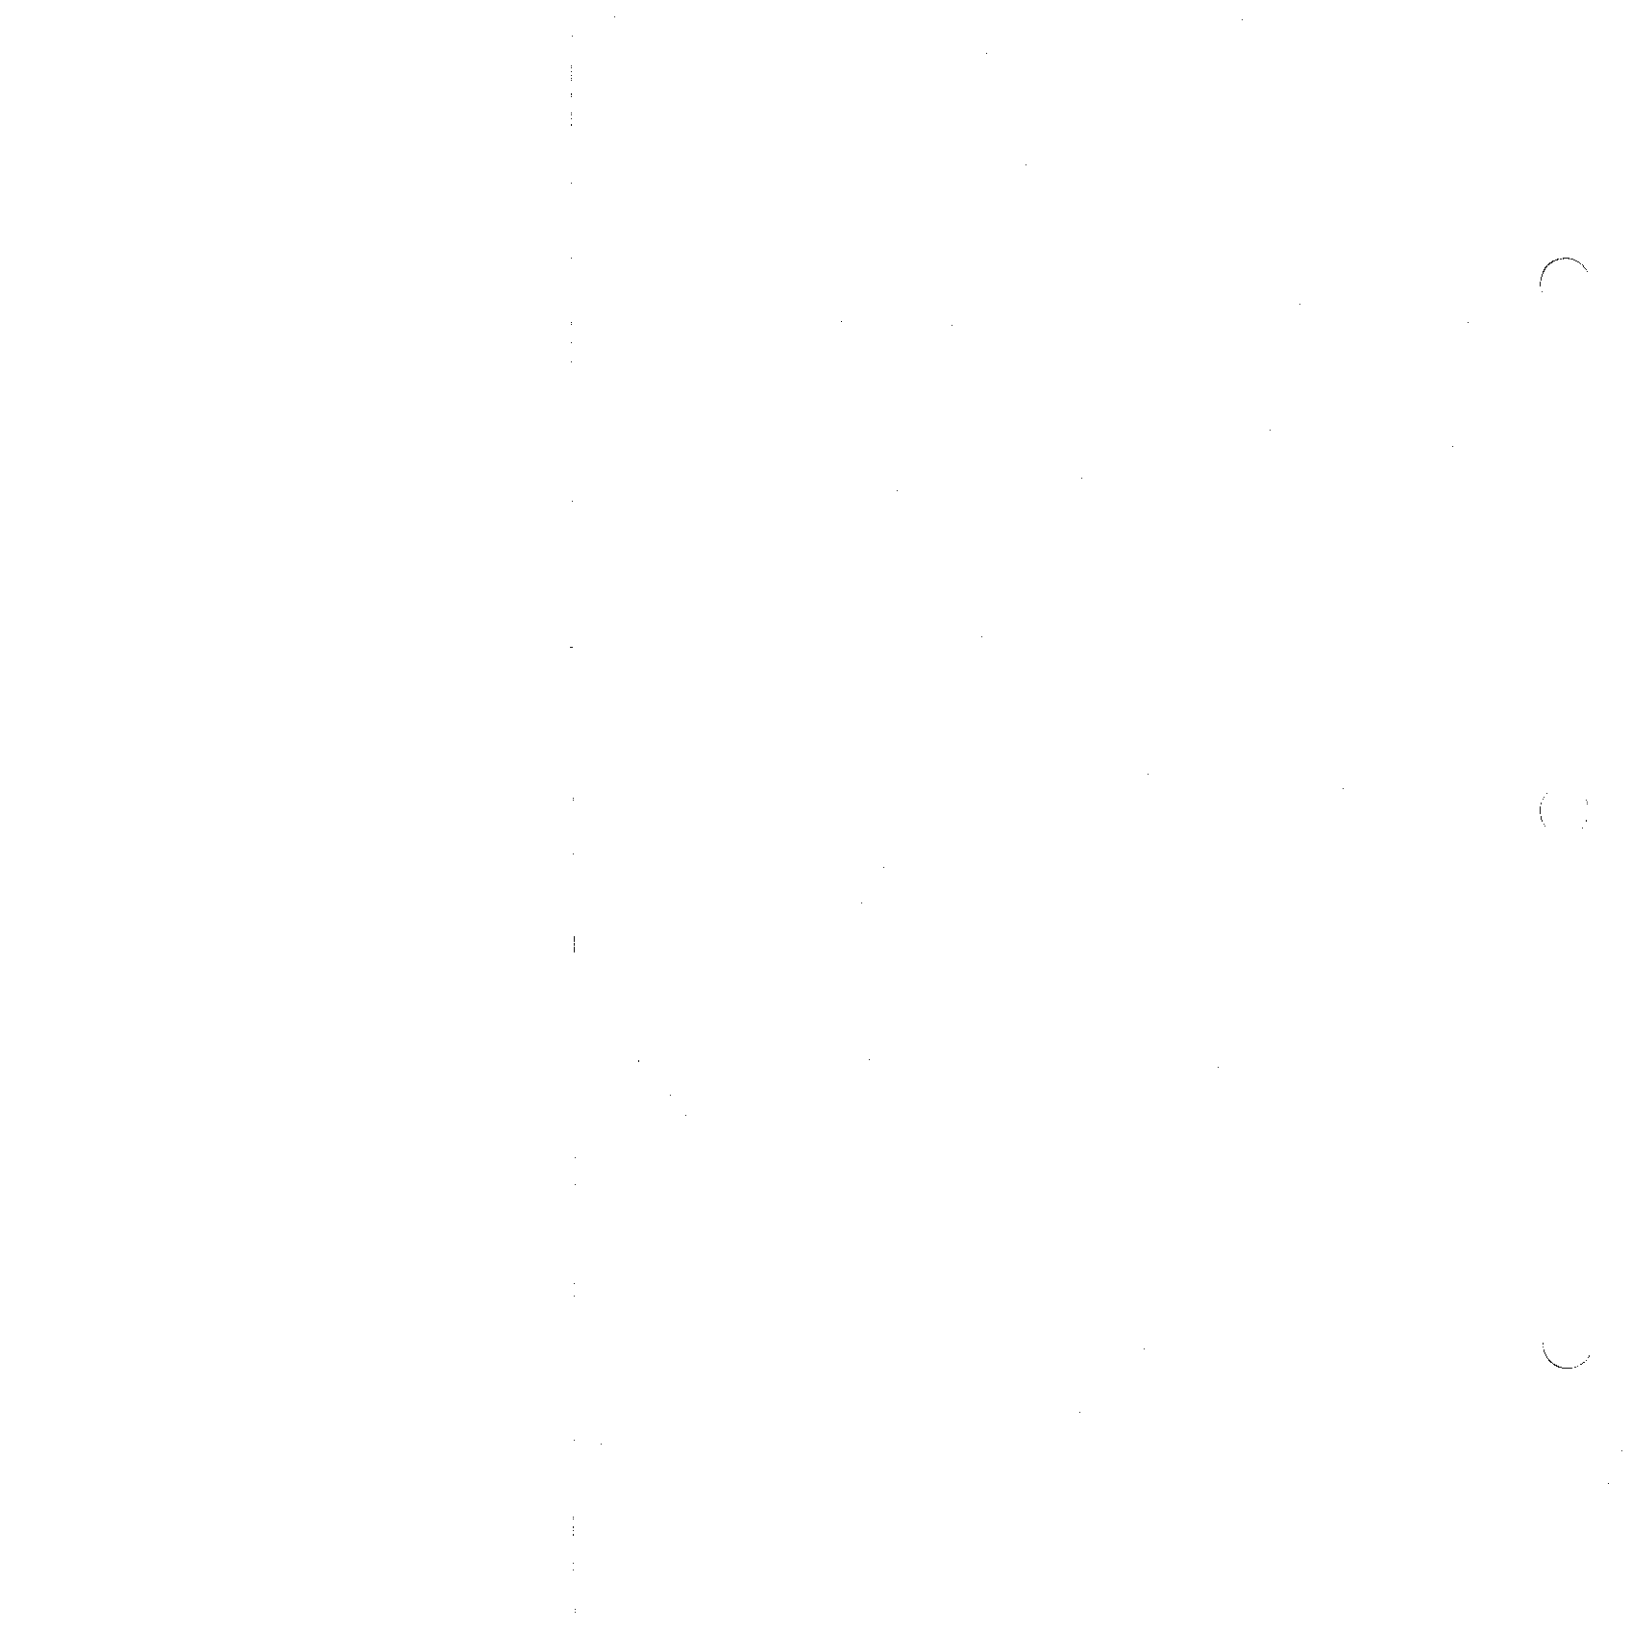

Insert:

all carnivorous appetites of mankind which stem from their long and successive engagement with material substance; man's attempt to wrest control from nature either by direct intent or through ignorance; contemporary men imbibing the content of a poisoned draught which is the direct result of their own contamination of nature in ages past; man's alteration of the original pattern of nature as evidenced in the imbalance of our bodies, the moving of our hearts to the left side, forms of life that do not mirror the divine, in weeds, in gross forms of plant life especially in flesh-eating plants: warps that have been impressed upon nature that stem from an ancient karma;

all negative energy which is imposed upon the nature kingdom; sexual perversion in the misuse of the sacred fire which result in the creation of insect life; mankind being lured by mortal concepts into a state of unnatural quietude; mechanical acceptance of conditions as they presently manifest; unfortunate habits which do not give to mankind his God-intended freedom;

all perversions of the carnal mind at the level of the three o'clock line, especially all misuses of the sacred fire imposed upon nature; all misuses of creative energies, all miscreations due to a lack of contact with the Christ mind; all diabolical misuses of the Aries cycle which result in the breeding of man and animals, the creation of animals, the creation of robots;

all cruelty to elemental life; the Luciferian mind that is uncanny in its analysis of the desire patterns of humanity and which works upon peoples' fears, greeds, carnivorous natures and appetites; mankind being so dense that they cannot be sensitive to the masters; all imprisoned elementals; filthy, sophisticated fallen scientists of Mu and Atlantis

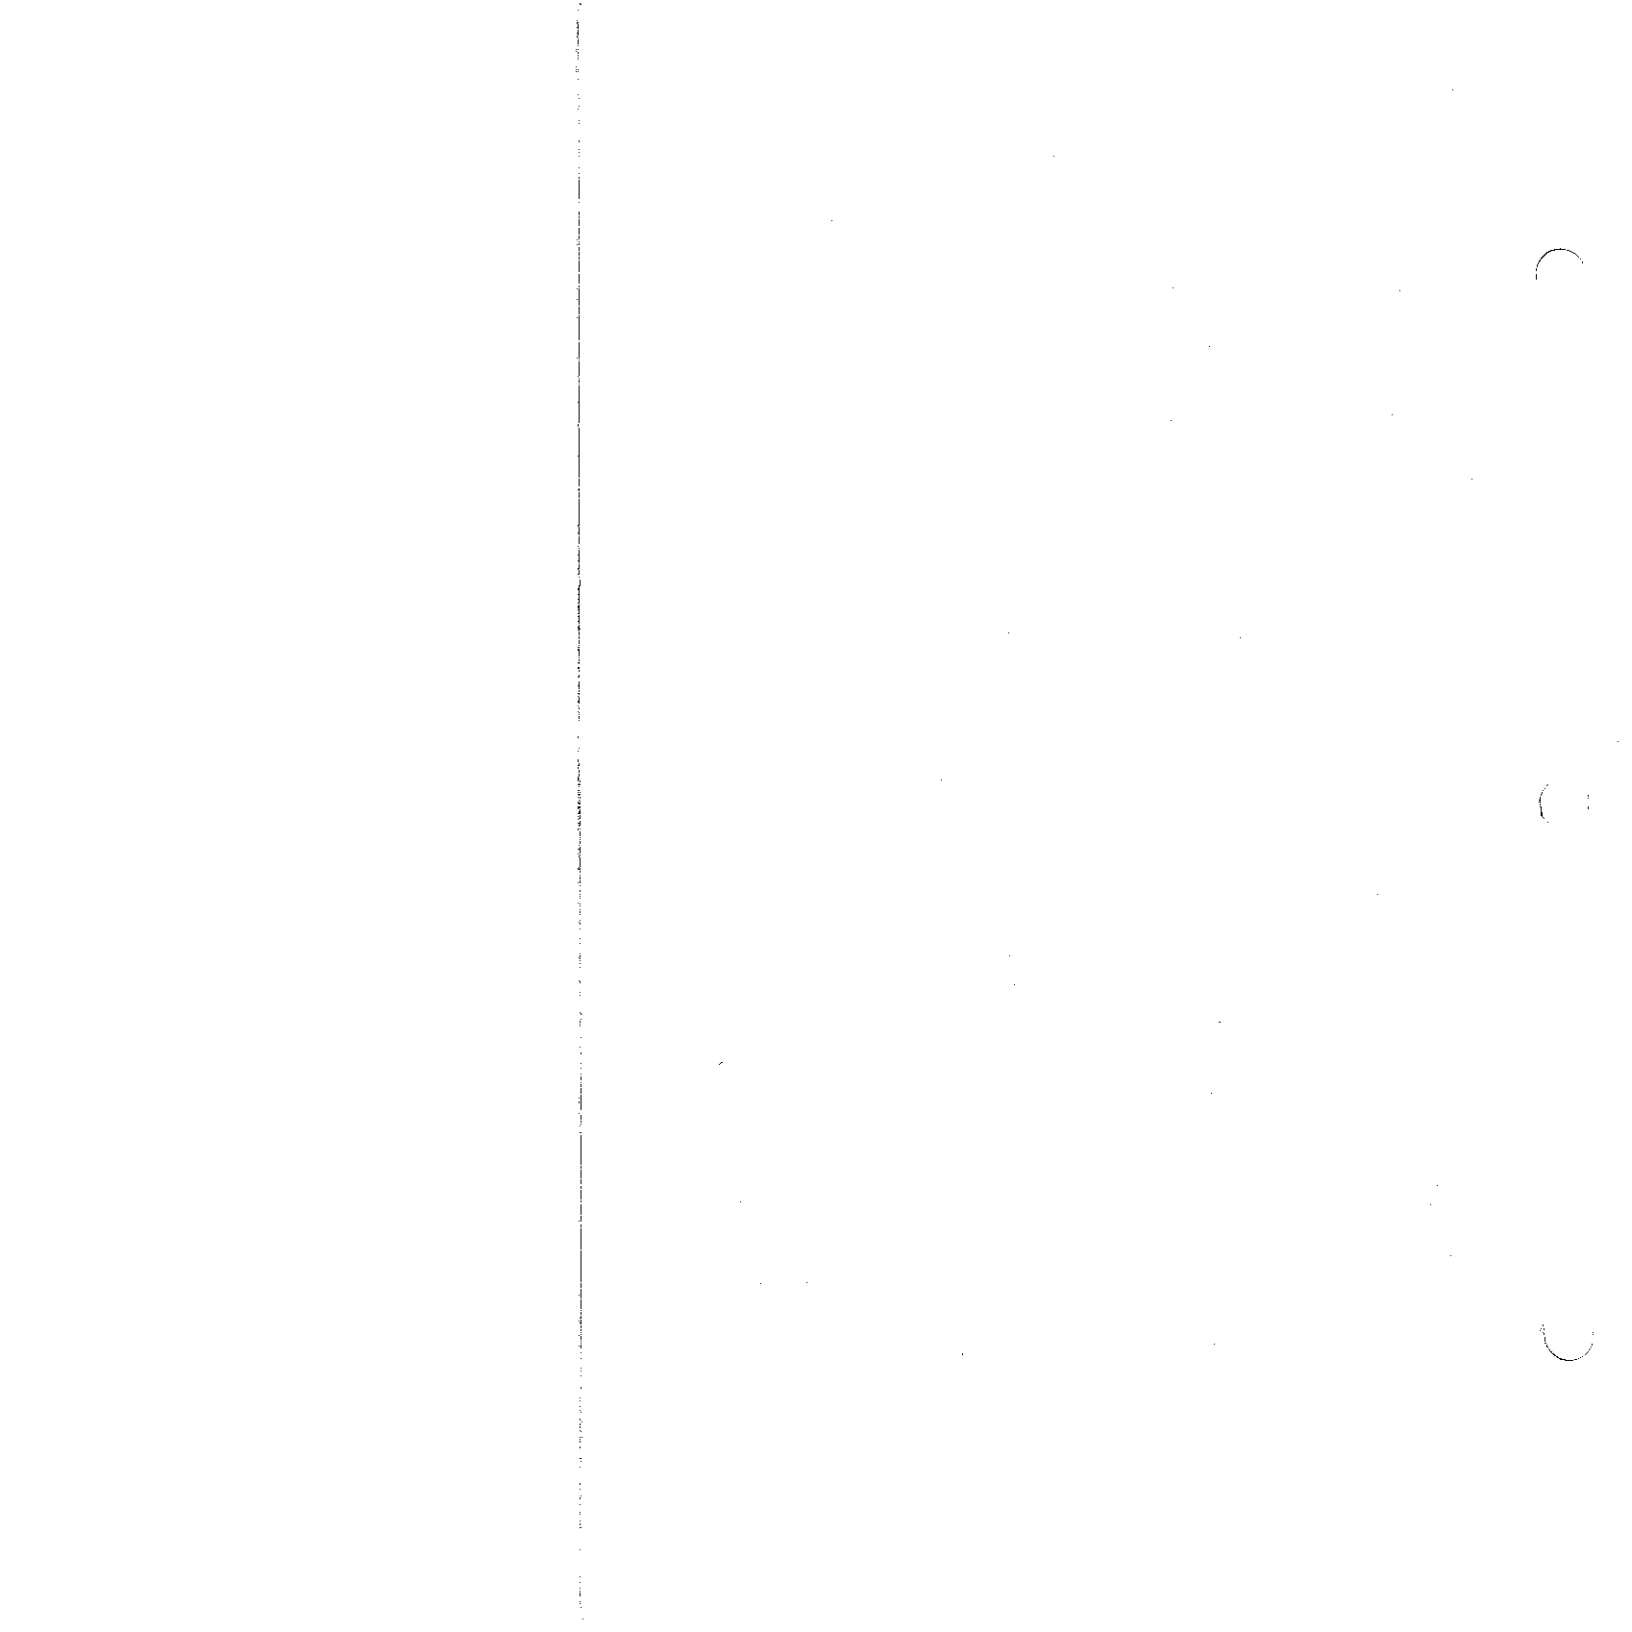

who trapped the elementals in grotesque and animal forms; intellectualism that can experiment with life and have no feeling or sensitivity for that life; the insane sense of humor that would distort the Christic pattern of life into these forms; imprisoning the life force and the energy of God in these forms;

all matrices of wrong thought and feeling; the Luciferian plot to superimpose animal forms upon mankind; all the matrices of the animal kingdom impressed into mankind's subconscious minds; carnivorous, war-like appetites that are not native to elemental life but which are superimposed upon animals; animal magnetism which is sustained within mankind's four lower bodies by imperfect patterns created by the black magicians;

all old and familiar situations which seem most comfortable to the outer man, unpleasant sensations or situations; mankind who live in a hapless debris of unregenerate energy; all monstrous millstones of civilization; mechanical patterns of behavior which result in mankind's disenfranchisement of spiritual power and freedom; all mechanical patterns of mortality, animal forms in mankind's electronic belts; animal forms which symbolize a conniving consciousness or sensuality;

all recalcitrant individuals who, when given mercy from the Karmic Lords, take license for a continuation of their bad conduct; all wrong acts and negative karma; karmic peaks and valleys, the path of downward action; retarded children; mankind's pride and intellect which hinder them from acknowledging God; all hypnotic energies, all materialism; all "soft" and "hard" pornographic movies and materials; all bombs, instruments and implements of war; the mechanistic concept, all sense of mere mechanical actions, and all thoughts about following a proscribed rote of the law; the Valley of the Shadow; the blackest aspects of the mind of Lucifer and its miscreations; world communism, mechanistic patterns of civilization; all miscreations of the black magicians which result from the misuse of the energies of the Holy Spirit--with their causes and cores.

## MECHANIZATION CONCEPT PART E

(For use with decrees 7.00, 7.01, 7.02, 7.03,  
7.05, 10.14)

### Insert:

all current dangers to the banner of freedom; the rebellion of the fallen ones, the dark ones, the Luciferians, and their perversion of the masculine ray in the spirit of world communism; the mechanization concept and the mechanical sense; all pitfalls on the Path; the conscious mind implanting its outworn, transient, or deeply engraven thoughts into the subconscious mind; the manipulation of the masses by the automatic reflexing from the subconscious to the conscious mind; rays from the false hierarchy which go directly to certain points in the electronic belt of individuals who are tied to the mass consciousness and raise in them thoughts and actions which oppose Lightbearers;

all cycles of the moon; the action whereby children are manipulated by the forces of darkness to jeer, tease, and tear down the children of light; underlying desire patterns--for thrill, for sensation, for sex, for attention to the ego, for romance, for high adventure--which are tied to records in one's subconscious which can be manipulated by the force to cause one to compromise one's light; ploys and set-ups contrived by the force to trap Lightbearers; all subconscious desires; desiring something in this world more than desiring God;

all thoughts and feelings which are spiritually unethical, inflammatory, desultory, degrading to any part of life; all wrong thoughts, actions, or judgments toward another part of life, bearing ill will to any part of life; the bane of ignorance that perpetuates wrong action; mass ignorance perpetuated by ignorant animal magnetism that perverts the mental body;

all rote and decadence in the Catholic Church; all forms of perverted English; all abominations and perversions of the name and flame of Jesus; all impure, improper music, folk masses, and jazz masses which tear down the very fibers of the patterns of the angelic hosts;

all sloth; ignorant animal magnetism outpictured as the sloth of people sitting and continuously watching television and eventually losing their capacity to think, reason, study and be creative; the thoughtform of sloth--a rhinoceros or hippopotamus--as a heavy lethargic beast that takes over the mind and brain, causing them to become inactive; the stupor of sensuality on the physical plane; the sensuality of the mind whereby it becomes carnally motivated; all impure and improper movies; the libidinous energies of the human ego;

all criticism, condemnation, and judgment; baneful thoughts and feelings approved by the outer mind that flow into the subconscious; undesirable images in mankind's subconscious; the tactic of the fallen ones of projecting visual or audible perceptions at mankind to which we do not consent and then trying to slip these into our subconscious minds; all plots of the fallen ones; all mentally imbalanced people walking the streets especially those who yell obscenities or blasphemies at the children of God; improper matrices as thought patterns which place distortions upon the seed, the egg, and the seat-of-the-soul chakra; all unpleasant memories and all electronic belt patterns;

all of the multitudinous pressures of existence; man's curious nature which prompts him to explore many avenues of consciousness; perils which men encounter in the lesser avenues of natural existence and being; all forces of evil and all iniquity; human tendencies and temporary magnetism of personal momentums which often exert their pull and momentarily disturb the progress of the soul;

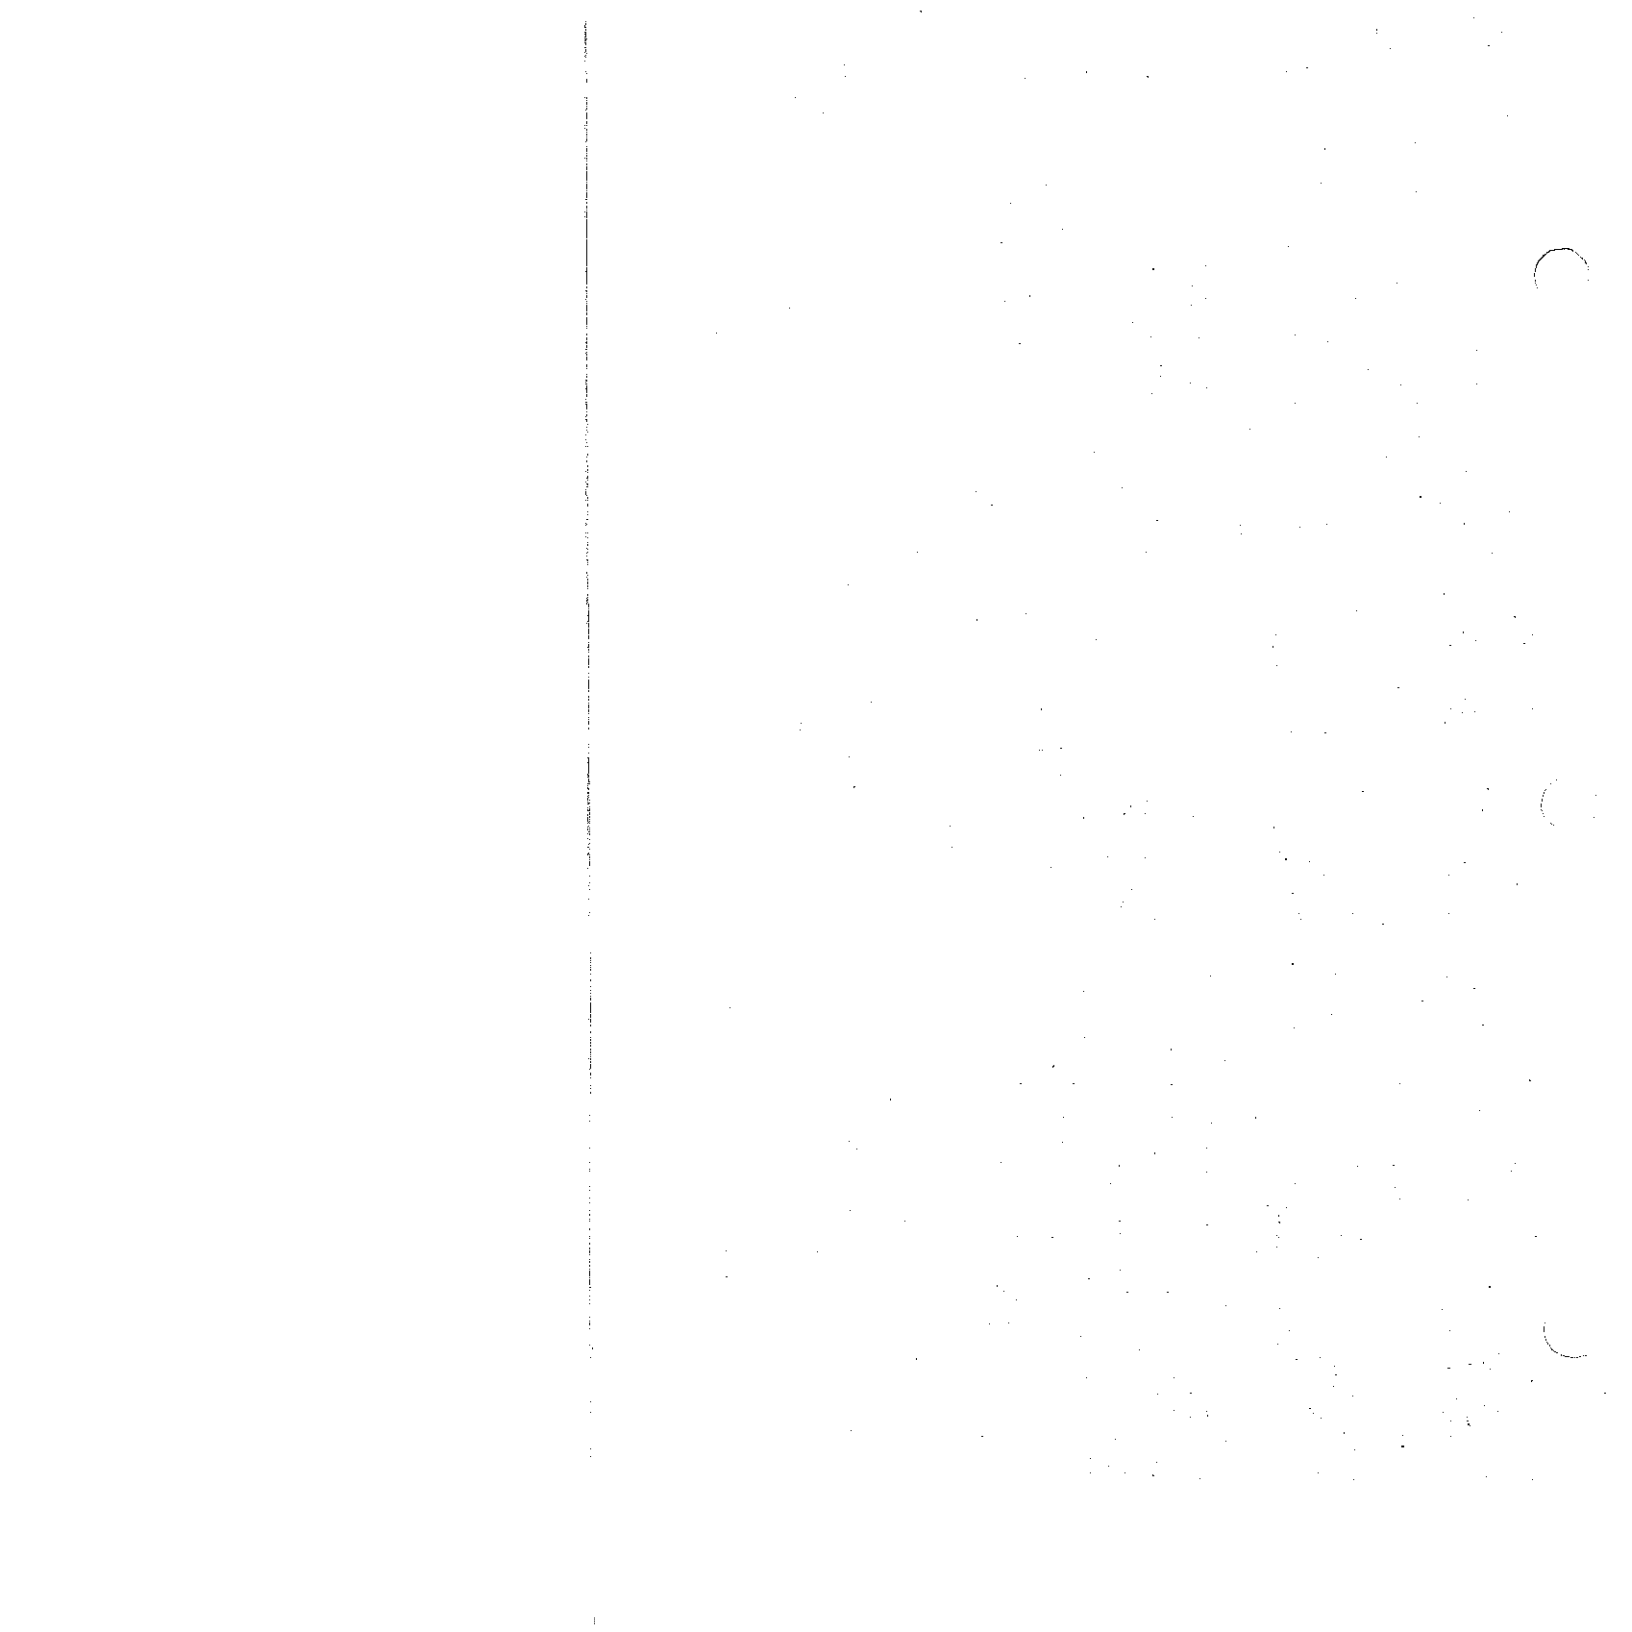

all records of infamy, the cult of the bull, the cult of the minotaur, ancient rites of black

magic and sex craft; the ancient records of perverted and insane uses of sex in the temples by fallen priests; all dark spirits and forcefields, all defiance and disobedience; the personal and planetary dweller on the threshold; all places of infamy on Terra where dark records of the past can be picked up by those who go there physically; dens of iniquity;

all perversions and plots of communism including training programs for the taking-over of cities and harassment of political candidates; standardized, unimaginative plots of communism: the plots of money, of sex, of having a good time, of family interference; man's "soiled garments" and his consciousness of imperfection; all crises in this octave; the webs of delusion and intellectual brittleness which ensnare individuals;

all hypnosis and autohypnosis; all physical unions with others where the soul is divided against itself; all outer gaiety and wit of mankind; all blind acceptance of the "mere mechanical action" of the subconscious as the controlling factor of being; all bad habits;

all false hierarchy activities of programming and electronically controlling people who become instruments for the heads of these activities who are in turn tools of the false hierarchy; experiments with parapsychology in the Soviet Union involving the use of children trained to perceive with their inner senses, the outer senses having been destroyed; all humanoids and all experimentation on aborted human and animal fetuses; all subjugation of the soul to aborted human fetuses which are still alive; worlds populated with mechanical people; all false hierarchy controls of mankind; all types of robots; the mechanization concepts in Judaism; all mechanization concepts on the Taurus line of the clock--with their causes and cores.

## MECHANIZATION CONCEPT PART F

(For use with decrees 7.00, 7.01, 7.02, 7.03,  
7.05, or 10.14)

### Insert:

all karma on the five and seven o'clock lines which can distort one's vision; giving power to evil; complacency which weakens mankind's will to do good; all lethargy, concern, worry, frustration; all opposition to the feminine ray, needless detail, or the mechanical sense; the pleasure cult of the Luciferians, including the use of hallucinogens and harmful drugs; all hypnosis and sluggishness of the mass consciousness;

all mass ignorance and ignorant animal magnetism; all mixing together of good and evil; the misqualification of God's pure energy by wrong thoughts and feelings; wolves who go forth in sheep's clothing and all wolf-life manifestations of evil; metaphysical denial of evil;

all aspects of maya, illusion, personal karma, and worldly conditions that constantly try to make of life a contrast of opposites and constantly try to tear us from the center and oneness of the Christ mind; all that which attempts to distort and divide the Alpha and Omega spirals of Gemini and to make of it a duality; all breaches of division: being at odds with other individuals and loved ones, and all concepts of separation, division, divide and conquer, and discord because minds cannot meet; all human viscousness; all children of mammon;

all perversions of the polarity of Alpha and Omega; attempting to make darkness the polarity of light, the peculiar attraction of light and dark in this world; all marriages between people of light and people of darkness which form unholy matrimones and unholy merging of energies; all seeds or elements of human sympathy for the dark ones in the subconscious; all attraction to people of light by people of darkness who need that light;

all mechanical acceptance of fads, styles, and trends; all implantation of seeds of disobedience, rebellion, distrust, and suspicion within the consciousness of mankind; all crimes committed against state, person, and the Godhead; the cause and core of all negative habit patterns;

all seeds of criminal action and organized crime based on duality, all failures to recognize that which is life and that which is death; organized crime as the spiraling into manifestation of the death consciousness; all perversions of Aquarius, Gemini, and Libra in organized crime; all hatred, envy, jealousy, intrigue, and perversions of the Holy Spirit;

all imitation and attempted take-over of the true aristocracy of the sons and daughters of God by the fallen ones, the Luciferians, and the robot consciousness; all manipulation of elemental life by robots especially in sports; all use of elemental life as familiars; all anchoring points of the Luciferian consciousness; all infiltration of the middle class by fallen ones, by robots and chiefly by laggards; all aspirations of the laggards to follow in the path of the Luciferian aristocracy; all perversions of initiation, as social climbing, a run for money and clothes, "keeping up with the Joneses," having status gained from the Luciferian game of competition, and the pleasure cult; the motto "eat, drink, and be merry for tomorrow we die";

all indulgences of the Luciferians in the aristocracy--their misuse of substance, supply, and the hoarding of wealth, the Luciferian hierarchy which infiltrates the structure of life;

laggards who have failed to accept their responsibility as children of God, who have failed to see Mater as a means to Spirit; all laggard consciousness that uses Mater as a means to the end of maintaining the status quo--of maintaining wealth through heredity, through our civilization;

all weight of the sins of Luciferians and laggards borne by the sons, daughters, and children of God; all lack of money and education of the sons, daughters, and children of God due to spirals of complacency; lethargy, and the hypnotism of the mass consciousness in their worlds; all lack of will on the part of the sons, daughters, and children of God;

all imitation by the children of God of laggard ways--their styles, habits, looks--which tie them to the laggards; all desires of the children of God to be accepted by society as it is today which have caused them to inculcate into themselves Luciferian and laggard values; all rebellion against the proper concept of society and the structure of initiation; the confusion of principle that would throw out all aspects of society and not just dark practices and structures;

all pride and spiritual pride that separates the children of God; the crux of mankind's problems stemming from their acceptance of Luciferian values and their striving to achieve these values; all striving for name, fame, power, and wealth by the children of God for the sake of the ego instead of for the glory of God;

all monstrous crimes of murder; all strikes which result from the division of the Gemini cycle; all pleas of the dark ones for concessions from the children of light;

all sinning done with the intent of praying for forgiveness afterwards; all negative conditions and karma in society; the total infiltration of society by dark ones; all infiltration into our bodies of toxins, poisons, and impurities; all dark candidates in the Republican and Democratic parties--with their causes and cores.

MECHANIZATION CONCEPT  
PART H

(For use with decrees 7.00, 7.01, 7.02, 7.03,  
7.05, or 10.14)

Insert:

all diverse human opinions; all lack of harmony which breaks the flow and communion between Alpha and Omega on this plane; all inharmony which breaks the flow of supply; all major and minor air disasters; all discordant vibrations which split the soul and body, the heart and the mind; all clashes among various groups of people which produce seeds of distrust, unhappiness, and doubt; all manners of injustice perpetrated in the name of God by religious groups; the great weakness of the human ego and its desire to achieve recognition for accomplishment; all competition which seeks to harm or disturb another part of life in an unjust manner; all cutthroat competition in our society; all competition between husband and wife which can tear apart a family and all competition for the love of children; all competition for recognition in a community and all competition to see who can make the most money;

all confusion, chaos, disorganization, and poverty which oppose and misuse the sacred fires of the base-of-the-spine chakra; all negative grids and forcefields of religious and political thought, joined by numerous frustrations and feelings of inadequacy, which result in human discord and which is almost suffocating to the cause of progress; all mechanical clashes of conflicting grids and forcefields impinging upon one another and causing mass confusion; all past and present court intrigue and assassination of rulers; all unwanted conditions in one's world and all vicious thoughts and feelings of others; all boredom and unhappiness; all doubt of the work and teachings of the ascended masters; all sections of the electronic belt; all hatred and mild dislike;

all aspects of the mere mechanics of creation;

(Continued)

all attitudes of having a mechanical sense about everything while losing sight of the great spiritual values of being; all outer turmoil and all explosive releases of energy; all spurning of the great spiritual gnosis and the voice of soul consciousness; all ingratitude and taking things for granted; all outer judgment done with the two-eyed vision of gazing upon relativity and looking at electronic belt patterns; all judging of people after the aspects of the synthetic image; all discordant, disgruntled vibrations and the desire for ego recognition--with their causes and cores.

## MECHANIZATION CONCEPT Part I

(For use with decrees 7.00, 7.01, 7.02, 7.03,  
7.05, or 10.14)

### Insert:

all false opinions of mankind especially about little known subjects; the fog of human concepts, all fears and uncertainties of mankind as to their reason for being; all programming, conditioning, and educating of mankind to almost complete dependence upon outer sources for the attainment of wisdom; all programming of mankind to the five outer senses and away from the center of God-consciousness;

all competition, distrust, misunderstanding, and selfish love; all impediments of karma and the immersion in ceaseless karmic rounds; the mechanization concept; all tendencies of mankind to become wise in the ways of the world which makes them less dependent upon God; all threats of world famine; all imbalance in supply as the imbalance of Alpha and Omega in the kingdom of nature and in the Holy Spirit; all refusal to balance karma;

all harmful or potentially harmful interplanetary beings in their flying saucers; all darkness and disillusionment; all records of the fall of man and the interbreeding of interplanetary beings with humanity; all activities of opposition coming from beyond this solar system and all energies and manifestations of these dark beings; all wickedness of mankind; all ignorance of hierarchy and the ascended masters by mankind;

all injustice and sense of injustice, all darkness, and all ills of the flesh; the mechanical doctrine of the ascension; all machines that simulate the ascension chair, the ascended plane, and the ascended state; all machines that stimulate happiness or supposedly test spiritual vibrations; dodging karma, using just enough black magic to keep your

path clear from everything that would be a hindrance and simply indulging; all forces and forcefields that would deprive humanity of the goal or of the desire for the ascension;

all discord, rebellion, negative patterns, negative beats and rhythms of the world that children pick up consciously and subconsciously; using the mastery of Matter as an end in itself and not as the means to attaining Spirit;

all violence against heaven and the violent who seek to take heaven by force; the mechanical sense of attainment; all fallen ones and scientists who believe that man can do anything given time and opportunity to develop the science and mastery of the physical environment; all mechanical mastery of the laws of this plane; all concepts and actions of creating life in a test tube; all violation of the sanctity of God in Matter;

all experimentation with freezing people and the trying to bring them back to life again thus preventing them from reincarnating and therefore stopping their soul evolution; all rebellious souls who caused the fall of Atlantis; all casting spells on dead bodies, ensouling them with demons or fallen angels, and stealing the momentum of light and attainment from them; all entities, black magicians, and negative forces living off the light of dead bodies;

all doctrines of error and byways of delusion; all karma which accrues from misleading other people; all wrong thought; all lunar light in people's auras; all psychic refusal to decree; all false hierarchy imposters of the Great Divine Director; the entire camp of the false hierarchy with their stories of illusion, flattery, and euphoria; all creation of an illusory world by those who cannot face reality or their karma; all karma dodging and the dodging of responsibility; all errors, rote action, and all that is unreal; all cataclysm including hurricanes--with their causes and cores.

**MECHANIZATION CONCEPT  
PART J**

(For use with decrees 7.00, 7.01, 7.02, 7.03,  
7.05, or 10.14)

**Insert:**

all criticism, condemnation, and judgment; all willful neglect of the law and the consequent wrong use of energy; all criticism of the Godhead and all impugning of the motives of heaven; all shadowed concepts of the mass mind; all those who affirm for themselves the freedom to act while denying the same privilege to others; all sinister arrows of negation from psychic sources projected against focuses of light and against the messengers; all hindrances to the expression of truth;

all taking of the energies of heaven and coloring them with human concepts; all rejection of the ascended masters by their own chelas; all separatists who receive the messages of the masters yet deny the messengers; all criticism, condemnation, and judgment of the messengers; all darkness, error, distraction, and insanity;

all mechanical stereotyping of individuals; all idolatry and all value judgments of others; all fear of man's criticism or opinion; the entire set of stereotyped and acceptable values which mankind have developed; all assassination of the character of God's servants; all powers of intolerance which have attempted malicious devaluation of mankind including circulation of partial truths, lies, and fabrications;

all dangers in the battle of life; all fearsome astral states; all vicious attack from the forces of darkness; all fear of earthly censure; all denial of the Christ; the seemingly innocent practice of holding wrong concepts about others, of judging others and of wrongly assessing their level of attainment;

all unsatisfied, hidden hungers of the soul for advancement which sometimes burst out as the unbalanced energy of gossip and the downgrading of others; all substitutes for inner God-security;

all negative actions, reactions, emotional outbursts, and aberrations; all negative physical conditions, stresses, strains, rudeness, grouchiness, and depression; all snap judgments; all those who attempt to methodically and mechanically thwart the progress of another soul;

all wiles and snares of Satan; all captives of human illusion; all blots upon the honor of spiritual organizations cast by evil practitioners; all mechanical ignorance; the mechanical creation that thwart the spiritual creation and the spiritualization of consciousness;

all mistaken beliefs in a mechanical ascension; all hypnosis that causes one to believe he has attained bliss or the ascension and then no longer strives for spiritual goals; all mechanical perpetuation of life; all perversions of God's consciousness in the chakras; all perverted use of the upper chakras by black magicians; all forcefields and worlds that are counterfeits of reality; all tricks of the fallen ones, the entire pyramid of energy structure serving Lucifer and Satan;

all nets and pockets of delusion on the astral and physical planes; all untransmuted dark substance of the fallen ones who have gone through the second death; all negative records, impressions, and influences the fallen ones have had upon the human race; all segments of the mass consciousness and all complexities of human error; all fine points of the perversion of the five secret rays, of the Mother, and of the Holy Spirit--with their cases and cores.

**MECHANIZATION CONCEPT  
PART K**

(For use with decrees 7.00, 7.01, 7.02, 7.03, 7.05,  
or 10.14)

**Insert:**

all suffering, sorrow, and sense of separation from God; all conditions and circumstances that array themselves against the God-qualities of the cosmic clock; all negative aspects and perversions of the qualities of the fourteen stations of the cross;

all hypnosis and autohypnosis; all those who believe they can have mastery without God by the manipulation of the subconscious reservoir of power; all use of autohypnosis in a mechanical way to penetrate the depths of the subconscious; all poisonous and toxic substance within the physical body; all karmic conditions in the four lower bodies that can be consumed in accordance with cosmic law; all doubt, fear, and doubt waves; all horrors of the electronic belt; all negative karma and substance of negative karma; the mechanization concept;

all means of the forces of negation that oppose the divine plan for man by attempting to substitute the mechanics of system for the gracious voice of the soul;

all negative points of contact, spirals, and forcefields deep within the subconscious that have not been arrested; all forcefields and patterns in the electronic belt that cause the occurrence of unhealthy, unwholesome circumstances; the cause and core of every knot of energy in my electronic belt where energy is tied up and prevented from moving; all impediments locked in the subconscious; all programming of the subconscious to electronic belt patterns;

all false programming through astrology, karma, heredity, upbringing, and the mass media; all snares that are cleverly and continually used by the powers of darkness; all diversion and dissipation of the energies of the children of God by the powers of darkness; all plateaus of limited self-engrossment;

all subconscious patterns that surface and make war with the Christ within and pull us from all that is real; all records of rebellion, of separation, of selfishness; all subconscious momentums and substance that go against our upward drive; all wars, the warring in our members, and the battle of Armageddon; all incorrect or limited concepts of evolution; all fallen ones and interplanetary scientists who have captivated the minds of mankind with the idea of a false mastery based on a mechanization concept and a false science that is devoid of the Mother flame and of the Christ;

all mechanical energy of the fallen ones; all poisonous and deadly draughts put before the lightbearers; all psychic phenomena, inharmony, negative vibrations, and frustration; all subtle inroads made by the dark ones against the progress of the lightbearers;

the sleep of the ages which casts its spell upon mankind and veils mortal eyes from the light of truth; all faith tethered to wrong belief; all trees which do not bring forth fruit as the trees and weeds which grows in the electronic belt; the jungle of the electronic belt; all animal forms, mortal cursings, witchcraft, and black magic in the electronic belt;

all energy forcefields and lines of force in the electronic belt which tie one to a "dying star," a larger forcefield of evil, a larger electronic belt pattern of Terra or of malefic stars beyond this solar system; all darkness and destructivity in individuals which result from hitching their electronic belt energies to the residual remnant of beings who have fallen and who have left a record of their fall even

after their second death; all thoughts, ideas, and recollections which are debris in the electronic belt;

all malice, ego involvement, fleeting and vain pleasures, selfish exclusions, jealousy, revenge, trickery, debauchery, chaos, necromancy, witchcraft, assault, viciousness, lying, distortions, fabrications, and perversions of nature's purposes;

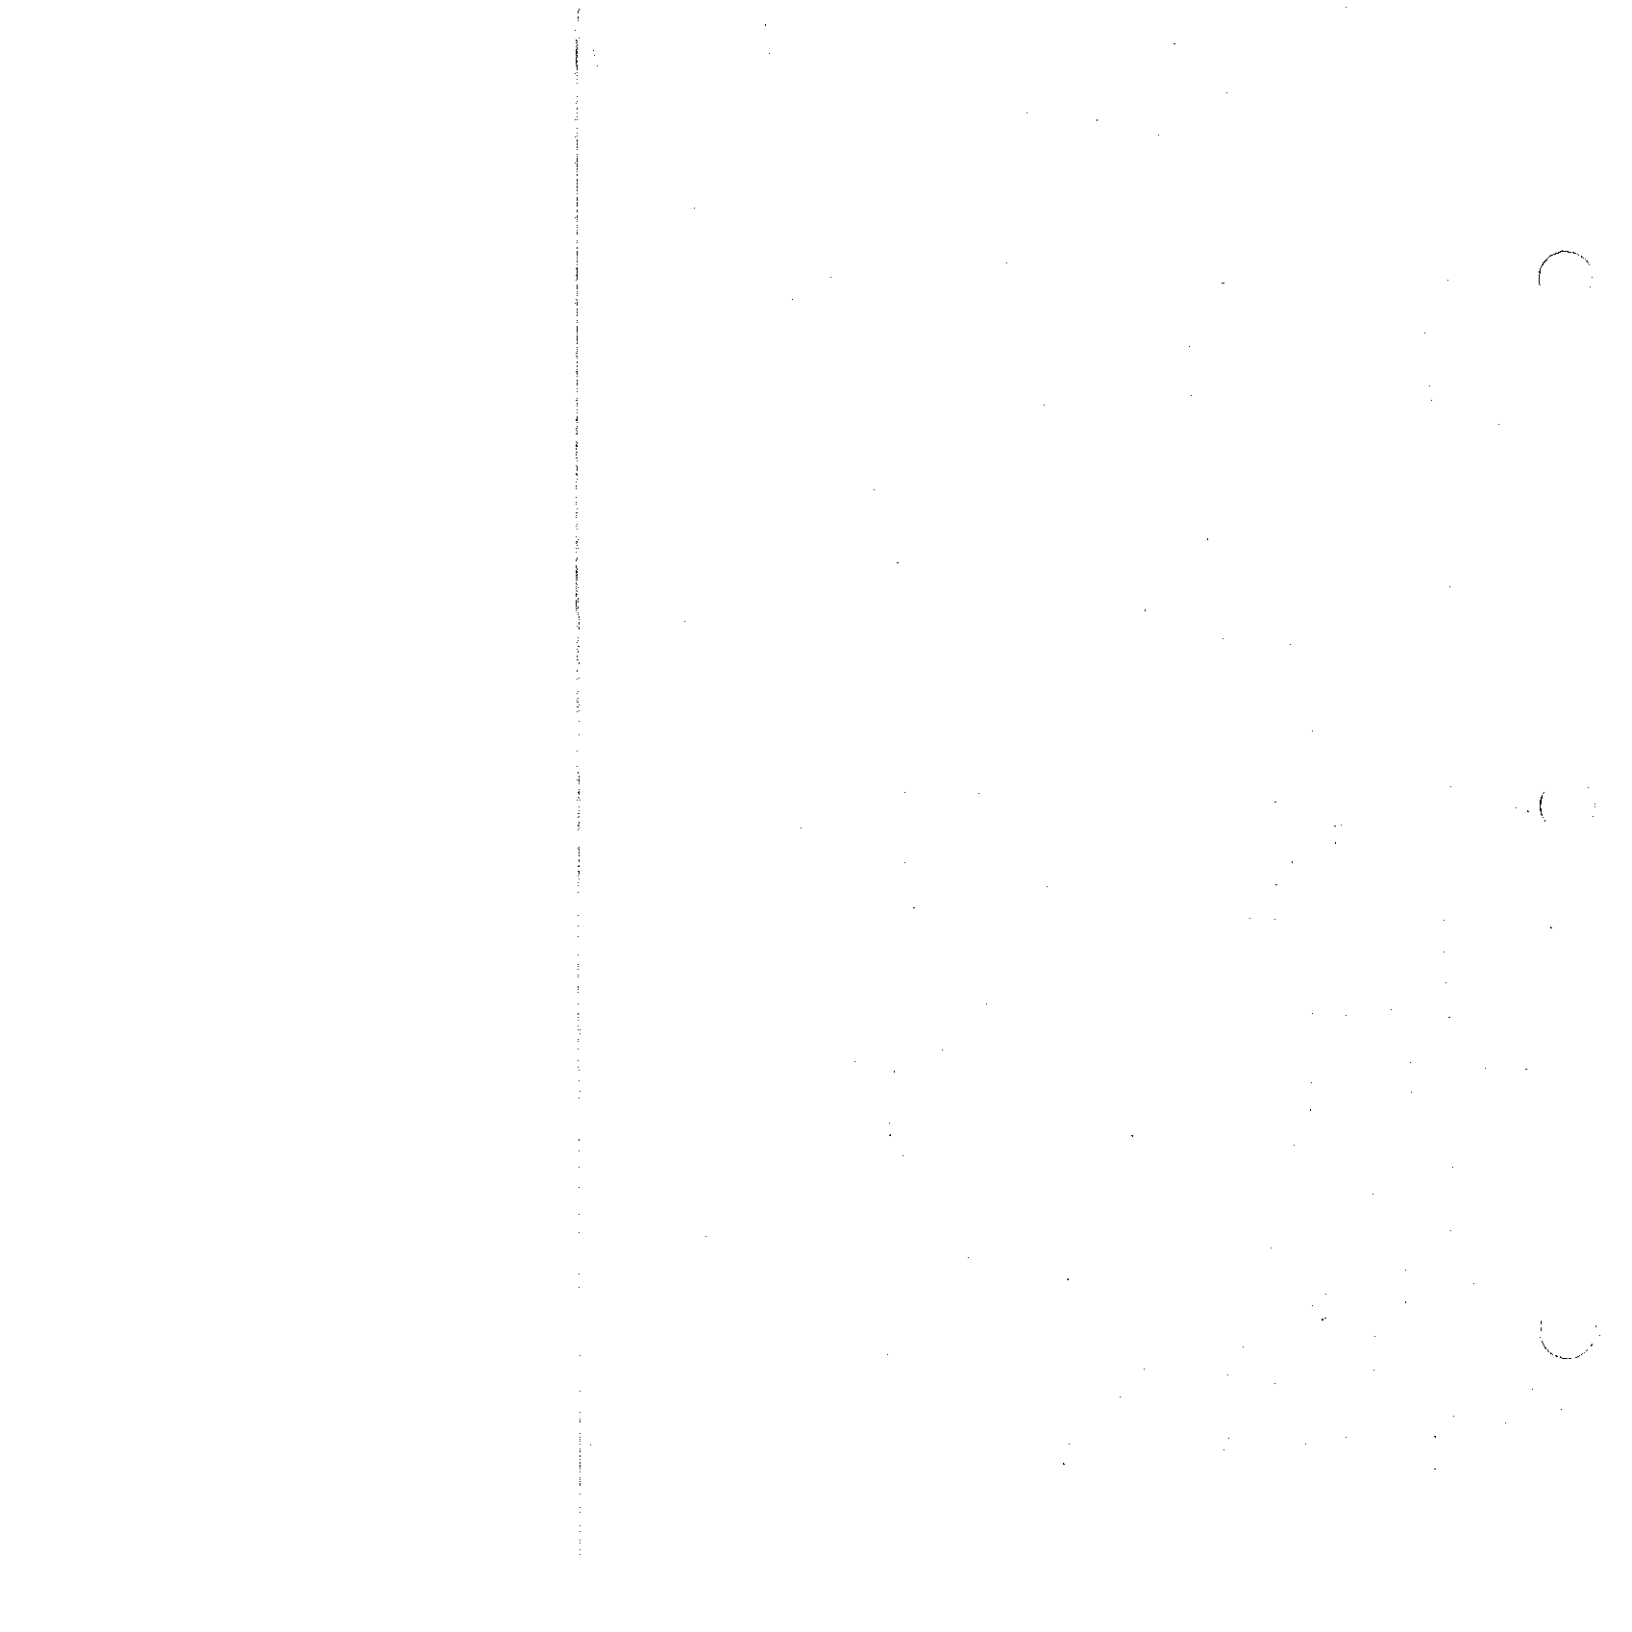

all recreation of and retrogressing into old problems and conditions; all burdens of the untransmuted consciousness;

all beliefs which are biased and unsoundly based on childhood misconceptions, environmental influences, or even blind, unthinking acceptance of a closed system of thought which boasts that all truth as already been revealed in its exclusive teachings;

all doctrines and tenets of faith and belief which have often been a mechanical crib, confining the soul to acceptability and creed without benefit of ultimate truth; all dependence upon mechanical faith which may bring personal popularity; all preachers who are popular because they propound a mechanical faith; all mechanical religious performance of accepting the blood atonement and thereby becoming saved;

all maya and effluvia of the world of unreality; all mechanical illusion and forces of darkness--with their causes and cores.

(rev.S.U.10-31-85)

**MECHANIZATION CONCEPT  
PART L**

(For use with decrees 7.00, 7.01, 7.02 7.03,  
7.05, or 10.14)

**Insert:**

all patterns of the electronic belt that prevent the realization of the Christ mind through the God-qualities of the fourteen stations; the electronic belt of this planet and the planets of this solar system; all systems of thought that state that man is made to be a servant of a mechanical system or regimen;

all factors at work behind the cause of man's original loss of his spiritual faculties; all laggards who came to earth following the downfall of man; the laggard state of consciousness; the violent who seek to wrest the secrets of nature from the hand of God and use them to their own ends;

man's concept that through mastery of nature he could circumvent God thus giving him power over God-substance; all boasts of the serpent; the fall of ethics, ideals and patterns of humility in mankind; all individuals who feel that they are a law unto themselves; all influence of the fallen ones in every branch of science;

all descents of consciousness on other systems of worlds; all defection from acknowledging the supremacy of the Godhead; the flow of laggards to Terra; all negative extra-terrestrial activity; all laggard concepts of the physical mastery of material substance which is taught to mankind; all of mankind's dependency upon outer sources of supply and wisdom while neglecting the inward power of nature and nature's God; all neglect of the inner activities of the soul, which causes mental illness; the concept and credo: "Let us eat and drink and be merry for tomorrow we die";

all involvement of civilization in matter and materialism to the progressive exclusion of Spirit; the consciousness and ego of man as a battlefield of divergent energies; all personal degradation causing man to belittle himself; the cause and core of man's expulsion from Paradise; all of man's misappropriation of God's purposes in life; all exploitation of man's search for God by those who would make religion a source of livelihood and soul expansion a mechanical process; all mass confusion and chaos; all ignorance and fear as the tools used by the forces of negation to cause men to vegetate in the human estate without entering into the divine; all aspects of the monstrous mechanical doctrine; all of mankind's viciousness and bestiality;

all neuroses, psychoses, and diseases of the mind and nerves; man's inability to cope with his environment; the lack of meaning in life which occurs when the purposes of life are misunderstood; mankind's limited vision; all "meandering along the stream" and idling of the mighty engines of life-- their causes and cores.
