#### **Exorcism of the Manipulators of the Media**

In the name of the I AM THAT I AM, I call forth the living Word, I call for the descent of Elohim the seven beloved archangels, and the seven chohans of the rays. In the name of Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, the twin flames of the two witnesses and the hearts of the saints, I summon now the full power of the ruby ray! I call for the armies of heaven, beloved Pallas Athena, Hilarion and the legions of truth.

By the full intensity of the emerald ray and the blue lightning from the mind of God I demand the exorcism of the manipulators of truth within the media! I demand the casting out of Serpent, his seed, and his fallen angels, the original liar and his lie, the embodied seed of the Wicked One, the false Christs and false prophets, demons of fanaticism and fundamentalism, and the spoilers and false witnesses who subvert the authority of the Son and perpetuate their spiritual warfare through misuse of the media by their diabolical lies, censorship, disinformation, political bias, propaganda, divide and conquer tactics, subliminal seduction and indoctrination of the people to a false reality and death culture of socialism, communism, the perversions of capitalism, materialism, sex, violence, fantasy and illusion.

Beloved Cyclopea and Virginia, Great Silent Watchers and Cosmic Christs, expose, bind and judge the misuse of the media by the media conglomerates including Time Warner, News Corporation, Viacom, Vivendi, Bertelsmann AG and the Walt Disney Company. I call for the penetration of the emerald ray and the AllSeeing Eye of God to reveal their godless agenda, insidious control and the truth regarding the BP oil spill, the Arizona border situation, the U.S. and world economy, the Federal Reserve, the physical defense of America, the elections in the U.S. and in every nation, the ICC, and all areas of society! Beloved Alpha, let their viciousness be turned back upon them tenfold for usurping the mind of God and trampling upon the mental belt and mental bodies of the people.

Beloved Great Divine Director, arrest the spirals of the misuse of the media and replace it with the divine plan of the media to spread peace, beauty, harmony, culture, illumination of the true law and reality and carry constructive, uplifting instruction to the youth and the people of the world. Let true freedom of the press manifest and let God's will be done!
