

INSERT: Be an Outpost of Cuzco's Retreat for the Adjustment of Planetary Cycles

I AM Ra Mu! [chant 3x]

In the name I AM that I AM, Beloved Surya and Cuzco and the Four and Twenty Elders, re-energize your special dispensation and special action released at the Shasta Conference 1975, for those who wish to become outposts of Cuzco's retreat and electrodes for the adjustment of planetary cycles. I am stepping forward in service, for the lofty purposes of the Great White Brotherhood! Therefore, I AM a direct outpost in the physical, of Cuzco's Sacred Retreat of the Blue Flame at Viti Levu in the Fuji island chain, the retreat that is dedicated to the adjustment of planetary cycles.

I step forward now to receive the anointing to be the rod of power that is required for the transmutation of the energies that have held back the Mother flame, that in the original crisis caused the cataclysm of the sinking of Lemuria—"this misqualification of Eva--the Mother of living--of that life-force." And if selected, I accept the visitation of an angel from Sirius, one of the angels who form the mighty blue eagle, to go to the place where my heart is consecrated, where my life has been retained on Terra for this supreme moment of the adjustment of planetary cycles!

The rod is placed within my heart, and the electrode is set. And henceforth, as I retain this electrode, I AM a direct outpost of this retreat of Cuzco; and thus can expect at any hour of the day or night, the rushing-in of fire for a purpose, for transmutation. And when I feel the fire flow, a corresponding energy of misqualified substance of Terra will also come into that vortex for transmutation. And in that moment, I will hold the balance of Libra, of the Holy Spirit; and I will keep the balance for the renewing of levels of consciousness and the stabilization of all mankind.

Bring forth extraordinary dispensations from the Lords of Karma to release the full power of the violet flame, the violet-blue fire of the chemical ray, the fire of the Ruby Ray, the annihilation ray and the mighty Z-ray into the records behind the sinking of Lemuria. Dissolve even the very core of the misuse of the light of Life itself by these fallen ones!

Let there be a reamplification of all the Ascended Masters dispensations for the restoration of the Feminine Ray in the physical. Blaze the Light of the twin suns of Alpha and Omega! Blaze the Light of the white-fire/blue-fire sun of Sirius! Blaze the white-fire/blue-fire sun in the heart of the earth! Legions of the Central Sun, consume the Darkness in this hour!

Establish now a forcefield of the Great Central Sun magnet over Lemuria. Let the Flame of the Divine Feminine rise from the Ancient Mother Land, Mu, as a nourishing pillar of piercing Ruby Light sheathed in White Fire. Restore all that is of noble worth, and all that was energized there by stalwart hearts, souls of fire, and the early root races of Terra. Let this consciousness of the Divine Mother sweep across the planet—north, south, east and west—for the rise of the Feminine Ray in America, and for the restoration of the culture of the Motherland on earth. *I AM the fulfillment of my every call!* (3x) Lord Maximus, maximize the action of our prayers! Let it be so! Amen.
