DISPENSATIONS OF HIERARCHY

BELOVED ARCHANGEL MICHAEL

Wield My Sword of Blue Flame 2-2-88

1. In the name of the beloved Mighty Victorious Presence of God I AM in me, my beloved Holy Christ Self and Threefold, I invoke the dispensation from Archangel Michael given on July 2nd, 1988 and I call for his Electronic Presence over me now as I invoke the personal presence and protection of Archangel Michael, thus signifying to him, to the Seven Archangels and all hosts of the Lord that they may enter my entire consciousness, being and world and that of my family with the full protection of the Godhead, for I AM THAT I AM in manifestation now. Thus walking as my Christed Self, I affirm my full sealing in the heart of Archangel Michael and his Legions of Blue Lightening, even as we are sealed in the starry blue womb of the Divine Mother, past, present, future, here, now and for always. Amen. [give decrees and songs to Archangel Michael]

BELOVED MIGHTY ARCHANGELS

Separate out what is Real and what is unreal in my consciousness

“We see again and again the teaching of the parable of the tares and the wheat—the entwining of the consciousness of Light and darkness and only in the end are they separated out. But before the end, each one reveals his path.” - Elizabeth Clare Prophet [Vol. 26 No. 37a]

2. In the name of Almighty God! My Mighty I AM Presence, Come forth, Beloved Archangel Michael! Jophiel! Chamuel! Gabriel! Raphael! Uriel! Zadkiel! Uzziel! Enter my four lower bodies, my electronic belt, my subconscious and my unconscious now!

Archangel Uriel separate the tares from the wheat that are growing side by side within me. Separate out what is Real and what is unreal in my consciousness.

Archangel Michael excise the genetic tares of the fallen ones sown in the folds of the garment of my consciousness by the enemy while I was asleep. Sow the good wheat of the Christ Mind in its place. Consume the root of the Serpent mind; and bind the origination of any aggressive mental suggestion trying to pound my brain and pound the brain *and pound the brain!* until the brain is exhausted and it acquiesces to the erroneous suggestion projected by the sinister force. Archangel Michael plunge your sword of blue flame into the cause and core. I invoke the unrelenting power of Almighty God and his hosts to deliver me from these forces and *the wiles of the Serpent!*

I ask God to judge me, to let his sacred fire descends into my temple—not to harm me, but to separate out the bad karma from the good karma. I implore my God, my own beloved Mighty I AM Presence, to exorcise from me the cause, effect, record and memory of all negative conditions of consciousness (*name conditions*).

BELOVED JESUS CHRIST

Staying action by the Right Hand of Almighty God of the attacks and conspiracies of Death and Hell 7-4-88

I, Jesus, require you to call for the binding, the judgment, and the casting out of Antichrist from this planet—and the seed of Antichrist in all lesser manifestations. There is indeed a connection between this anti-force and certain world leaders today. In fact, many are on a network of that very wavelength of the force of Antichrist moving against humanity.

I shall repeat it now. I, Jesus, charge you to call for that binding, that casting out, and that judgment of the Antichrist and all of that wavelength. [Let them be] cast out within and without.

This Call given daily will enable there to be a staying action by the power of Solar Logoi on behalf of all [Lightbearers] who serve this system. A staying action: a holding back of this force assailing Lightbearers and a holding back of the destructivity that could be wrought by the same force through any and all who are of the anti-Light.

These are keys... and there are many keys....

3. I call for the binding, the judgment and the casting out of Antichrist from this planet and the seed of Antichrist in all lesser manifestations and in that entire wavelength! Let it be cast out from within and without!

In the name I AM THAT I AM, by the authority of the Cosmic Cross of White Fire and the Electronic Presence of Jesus Christ, let there be a staying action by the power of Solar Logoi, preventing by the Right Hand of Almighty God the attacks and conspiracies of Death and Hell upon the Lightbearers, worlds without end. On behalf of all who serve God in this system, let there be a staying action—a holding back of this sinister force assailing lightbearers through karmic conditions and negative astrology and let there be a holding back of the destructivity that could be wrought by the same force of the Watchers, the Nephilim and their mechanization man through any and all who are of the anti-Light.

BELOVED LORD MAITREYA

The Gift of Self-Knowledge 6-30-88

4. By the authority of my Mighty I AM Presence I call for the golden pink glow-ray to draw me unerringly to Maitreya's abode and to manifest in, through and around my chakras to establish through my Holy Christ Self and Threefold Flame my congruency with Maitreya's abode and the entrance to the realm of the Buddhas.

I invoke the gift of Maitreya's fire to seal me, to secure me, to see to it that—my soul in devotion to the God Flame, amplifying the golden pink glow-ray and the whiteness of the Mother, might know that sense of security of the Universal Oneness.

5. In the name of the beloved Mighty Victorious Presence of God I AM in me, my beloved Holy Christ Self and Threefold Flame, and the Holy Christ Self of my Twin Flame, I claim the gift from beloved Lord Maitreya of the "fire of my fire"—a gold and pink and white fire which he has placed upon the altar of my heart that I might become all that I AM.

BELOVED ELOHIM HEROS AND AMORA

Love Must Prevail 6-30-88

6. In the name of the entire Spirit of the Great White Brotherhood, O beloved Heros and Amora, stand where I AM! Come with your fierceness and with the Ruby Ray Judgment of the very dregs of the denizens of the astral plane that the momentum of the violet flame invoked through the science of the spoken Word be for the binding and judgment of a considerable percentage of the those who are the attackers of youth and the child and the child in the womb.

Beware, then, ye violators of children, no matter what form that violation does take! Feel, then, the hot breath of the Elohim of Love and of the Holy Ghost. For the violation of children and youth, therefore, you receive this night thrice the judgment of the Holy Ghost. That judgment goes directly to the physical level of your evil and to the astral mire of your misqualified energy of the Mother: [give judgment calls]

BELOVED GODDESS OF LIBERTY

A Cosmic Threefold Flame of Liberty to counteract Damocles' Sword: Aliens in their Spacecraft... 7-2-88

7. By the authority of the living flame of the Goddess of Liberty and her divine office in the I AM THAT I AM, I invoke the Cosmic Threefold Flame implanted in the earth and at the Inner Retreat by the Goddess of Liberty, by the edict of the Almighty One to counteract, bind, turn back, and bring to judgment: Damocles' Sword, aliens in their spacecraft, the Watchers, Nephilim, their mechanization man and animal creations, the godless and the seed of the evil one, their false hierarchies, demons, discarnates and astral hordes out of Death and Hell and the entire international capitalist-communist conspiracy pitted against the Lightbearers of the world.

8. In the name I AM THAT I AM ELOHIM, Saint Germain, Portia, Guru Ma, Lanello, Padma Sambhava, Kuan Yin and the Five Dhyani Buddhas. In the name I AM THAT I AM SANAT KUMARA, Gautama Buddha, Lord Maitreya, Jesus Christ. OM
VAIROCHANA • AKSHOBHYA • RATNASAMBHAVA • AMITABHA • AMOGHASIDDHI •
VAJRASATTVA OM

I invoke the magnification of the original Word with Brahman, Who is the true Judge, and I confirm the judgment already rendered by the Cosmic Council upon these aliens and all fallen angels, pronounced through Enoch upon the Watchers, for their violation of space and of time and of the sacred body temples of sons and daughters of God and souls of Light. [Give 20.07 (3x)]

Inasmuch as they have done it unto the least of these my brethren, the 144,000 who came with Sanat Kumara, the 4th, 5th and 6th Root Races and the entire lineage of Light on Earth, so they have done it unto me, the Goddess of Liberty! I declare this day, then, the karma is tenfold upon them, not for their violation of humanity but for their equivalency in the violation of the Office and Being and Flame of the Goddess of Liberty as she does stand the Cosmic Mother of humanity and of these lightbearers of the Sun. Thus, as they have done it unto one, so it shall be counted unto them that they have done it unto the Goddess of Liberty tenfold.

For the Goddess of Liberty declares and I with her: I AM that Life and I AM that Threefold Flame of Liberty within every beating heart. Therefore, in the name I AM THAT I AM, these violators of the genetic seed of the Christed ones of earth will not be allowed to tamper with or to borrow that sacred fire and thus perpetuate for aeons their robotic creation by even a microscopic portion of the Liberty Flame which itself is a part of the genetic code of the Lightbearers.

By the authority of the Goddess of Liberty, I AM clothed upon with her mantle and I ratify the judgment of the race of mechanization man and the godless and the feelingless and the heartless who have succeeded in existing by borrowing the science of the Divine Mother and of Sanat Kumara. And with the Goddess of Liberty, I say:

You have no power! The days of your misuse of the Sacred Science of the Divine Mother are done! (9x)

So help me God!

9. In the name I AM THAT I AM, I call to the heart of the Goddess of Liberty to multiply my every breath for freedom that we might together so establish a spiritual forcefield on this planet that not a single Lightbearer should ever again be violated by these fallen ones and their mechanization man.

10. In the name I AM THAT I AM, in the name of the Goddess of Liberty, the Lords of Karma, the Four and Twenty Elders, the entire Spirit of the Great White Brotherhood, the Seven Solar Logoi and the Seven Holy Kumaras, Guru Ma and Lanello, I invoke the authority of the mantle of the ascended Messengers, who are beloved Prophets, to be upon me now, to challenge, bind, and turn back and bring to judgment all alien forces, whether coming in their craft or who have been on this planet for thousands of years. And in the name of my beloved Holy Christ Self and Threefold Flame, I vow to keep the Flame and to defend the children of the Light in the hour when such aliens to the Light who are the seed of Antichrist should move against them.

11. In the Light of God that never fails, I seize the torch of Liberty which is Cosmic Christ Illumination multiplied by Love, multiplied by Power, squared by the Purity of the Divine Mother, that I might endure to the end and be God-victorious in the Cosmic Liberty that I AM THAT I AM.

GREAT COSMIC BEING THE SPIRIT OF SELFLESSNESS

The All-Consuming Power that Will Transform Selfhood into Godhood 10-14-74

12. In the name of the Christ, I invoke the presence of the Great Cosmic Being, The Spirit of Selflessness, along with my Lord the Maha Chohan, Buddha Ratnasambhava and beloved Kuthumi: Let the energies of the Holy Spirit realign me so that the fires of the kundalini might rise on the altar of the spine to illumine, to purify, and to increase the intensity of the sun behind the sun in my being.

Come Holy Spirit, enlightenment me! (3x)

O Blessed Ones! Raise me to cosmic heights to glimpse thy great cosmic perspective, the highest vista I can view, to become less and less aware and dependent on the lower self... And to contact and commune more and more with the One who lives in the Sun behind the sun of my own being—leading to God Self-realization in and through my Great God Self, the Universal One.

Blessed Spirit of Selflessness, I implore the all-consuming power that turns selfhood into Godhood! To expand the limits of my narrow room; expanding the boundaries of my self-awareness to the Great Cosmic Awareness that I live, move, and have my being within the spheres of God's cosmic Self-awareness.

For only in the Spirit of Selflessness can I be aware of the allness of Being.

I AM the Fullness of the All-One! (9x)

BELOVED EL MORYA

Candidates for the Ascension, Attention! 6-30-88

13. In the name of the Beloved Mighty Victorious Presence of God I AM in me, my beloved Holy Christ Self and Threefold Flame, I invoke the power and authority of the mantle of the Two Witnesses and the fire that proceeds out of their mouths. I invoke the power and authority of the Faithful and True (the Word of God) out of whose mouth proceeds a living sword, that with it he should smite the Nephilim gods of the nations: and the King of kings and the Lord of lords shall rule them with a rod of iron. By the Power/Wisdom/Love—Brahma/Vishnu/Shiva! of the entire Spirit of the Great White Brotherhood, I call for the judgment of those who have sworn enmity against the Woman and her seed and who have made their death vows to the utter destruction of the Lightbearers of the planet. And I AM enveloped with that Electronic Presence of the fire proceeding out of the Sons of Maitreya in the spoken Word of the judgment call.

14. In the name I AM THAT I AM, Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ—in the name El Morya, I claim the day of my Victory now and I know that through my beloved Holy Christ Self and my Threefold Flame, I shall remain so fixed in the secret love star of Victory that no subtlety or subterfuge or beguiling tempter shall cause me to move, not even a quarter of an inch or a quarter of a mile, from the center of my First Love.

BELOVED KUTHUMI

Be Who You Really Are 6-30-88

15. In the name of the Beloved Mighty Victorious Presence of God I AM in me, my beloved Holy Christ Self and Threefold Flame, I call for the great sword Excalibur to be plunged by the living hand of God and the Divine Mother into the core, the point of origin, the nadir of the not self and into all percentages of the not-self that have not already been consumed.

I call for legions of Mighty Victory, armies of the Faithful and True and the Seven Archangels to march for the binding of the assailants of the Lightbearers, including false hierarchies, demons and discarnates of spiritual suicide, discouragement, despair, despondency, Depressa, entity of the Annihilation Ray, and all of the above focused in the dweller-on-the-threshold that is about to go: *Thrust Ho!*

In the name of my Mighty I AM Presence, I demand the binding of all malicious, ignorant, sympathetic and delicious animal magnetism, all aggressive mental suggestion: O density, O perversity, O blasphemy against the Divine Mother, I say to you, *Peace be still, in the name of God!* You are bound by the power of the Lord's Host, Archangel Michael and legions of Blue Lightening Angels.

You have no power; your day is done! (3x)

This is the hour of my victory! I summon it! I accept nothing less. I AM the vigilance of my God wherever I AM. I AM the vigilance of my Holy Christ Self and my Threefold Flame. With God all things are possible and I shall win my victory here and now this day and I shall win my ascension.

16. In the name of the Beloved Mighty Victorious Presence of God I AM in me, my beloved Holy Christ Self and Threefold Flame, I call to beloved Kuthumi for the alleviating and the healing of the burdens of my soul and for the momentum of your incarnations as Saint Francis for the defeat of the aspect of self that is my worst enemy and then of all lesser enemies, phases, figments, fantasies of the not-self until I see in the mirror of your inner garment the blazing reality of my holy Christhood.

BELOVED KUTHUMI

For Our Physical Healing and Healing Our Psychology 1-27-85

Another dispensation from the Ascended Master Kuthumi, who is known as the Master Psychologist, was announced on January 27, 1985. Kuthumi received the dispensation and assignment from Lord Maitreya to help each of us individually to heal our physical health and our psychology.

17. In the name of my Mighty I AM Presence and Holy Christ Self I make my determination to transcend my former self and I call to beloved Kuthumi to tutor me through my own heart and any messenger you may send my way for the healing of my physical health and my psychology. I accept this done today according to God's Holy Will.

BELOVED KUTHUMI

Call to Be Trained as A World Teacher

18. In the name of the Christ, my own Real Self, I call to the heart of my mighty I AM Presence and to beloved Archangel Michael to take me in my soul consciousness to The Temple of Illumination in Kashmir, India. I ask to be trained on inner levels by beloved Kuthumi, Brothers and Sisters of the Golden Robe, and the Masters of the Himalayas in preparation to become a world teacher. I ask to remain in constant communion with the Order of the Brothers and Sisters of the Golden Robe; and that all information necessary for the fulfillment of my divine plan be released to my outer waking consciousness, as it is required. I thank thee and I accept it done according to God's holy will. *(If you want to become a member of the Order of the Brothers and Sisters of the Golden Robe you can apply directly to the Ascended Master Kuthumi: Write him a letter and ask him to receive you for training in his retreat in Kashmir. Then, burn your letter in a physical fire. Ministering angels will take your letter to the Master.)*

BELOVED LISTENING ANGEL

Open My Ears

19. I call to Beloved Listening Angel to open my ears and let me hear all of the instructions which Beloved Jesus Christ has given to millions over the centuries and that I have missed!

BELOVED LORD KRISHNA

Krishna's pledge to heal the inner child—meditation for the dissolving of painful memories 10-10-92

Lord Krishna has pledged to help heal the inner child as we sing mantras and bhajans to him. Visualize Krishna's Presence over you at the age when you experienced any emotional trauma, physical pain, mental pain, from this or a previous lifetime Then, visualize Lord Krishna at that age—six months old, six years old, twelve years old, fifty years old—and see him standing over you and over the entire situation. If there are other figures in this scene through whom the pain has come, see the Presence of Lord Krishna around them also. Give the devotional mantra and song until you are pouring such love to Lord Krishna that he is taking your love, multiplying it through his heart, passing it back through you and transmuting that scene and that record.

20. Beloved Lord Krishna, I call to you as the universal Christ consciousness to superimpose your electronic Presence over me. Open a highway of love to your heart and be the Lord and Savior of my inner child, inner adult and inner being! Point me to my Dharma! Cure any unresolved spiritual, mind, heart, or desire imperfections in my four lower bodies. Heal me of any records of physical, emotional, mental or psychological damage or abuse in this or previous embodiments. I demand resolution of these traumas! Let these events pass before my third eye like slides moving across a screen or a motion picture. Lord Krishna stand over me and these entire situations.... Krishna superimpose your electronic presence over every party, every problem, all anger, and all burdens since I first embodied. I affirm in my heart that there is no Reality but God. Only God is Real, and God is placing his Presence over all these situations through the personification of himself in Lord Krishna. And let all involved be healed now and forever; establishing righteousness once again in our souls! Re-create me in the image and likeness of the Cosmic Christ Maitreya!

BELOVED KUAN YIN

The Miracle of Her Promise 5-8-88

“I ask you to prove me, to make your demands upon me and to command my Light and to keep on so doing until you should sense you have reached the limitations of my office. For I tell you, beloved, there is no thing of the will of God that I will not alchemically precipitate if you are able to bear it, [if you are able] to hold the harmony for it, and if you [will] seek the internal integration of the soul in the Seventh Ray chakra with the fiery heart of the living Christ Bodhisattva. What I am saying, beloved, [is] if that for which you call is given to you and in your receiving of it you can deal with its manifestation and all opposing forces to its manifestation [and if you can be counted upon to make every effort to do so], then I, Kuan Yin, in the name of the will of God and my commitment to all Lightbearers of this planet, will surely bring that manifestation into your life.”

21. Hail greatly Merciful Kuan-shih-yin! (3x)

I call to the great Causal Body of Kuan Yin, Goddess of Mercy, to descend over me! I petition for the original release and re-release of the fire of your being released through your dictation given through Guru Ma on Mothers' Day 1988, May 8th; and in accordance with Beloved Kuan Yin's request I command her Light and keep on so doing until I sense I have reached the limitations of her office for "any" thing of the will of God will be alchemically precipitated to me, for:

I AM able to bear it.

I AM the harmony which holds the balance for it.

I AM the internal integration of the soul in the Seventh Ray chakra with the fiery heart of the living Christ Bodhisattva.

PERSONAL CALLS.....

As Kuan Yin promises to surely bring my prayer as a manifestation into my life, I in turn vow to make every effort to fulfill her expectations:

Let miracles of Kuan Yin flow! Let miracles of the Great Buddha flow! (9x)

Lo, I AM the eye and the crystallization of the eye of God.

“...begin to understand how I may come in one of my many bodies to be the fulfillment of [need in] a crisis—because you as the alchemist have selected the exact vibration [, the specific mantra which corresponds to the specific mantle of my multiple offices as the Mediatrix of Mercy.] for the cure.”

Give specific Kuan Yin Mantra under the direction of your Holy Christ Self to manifest what is needed...

BELOVED MIGHTY COSMOS

The Sword of Mighty Cosmos 7-2-88

22. In the name of the beloved Mighty Victorious Presence of God I AM in me, my beloved Holy Christ Self and Threefold Flame, I invoke the sword of beloved Mighty Cosmos that does divide the real from the unreal in the cosmic secret-ray manifestation of my life.

Beloved Mighty Cosmos, wield your sword for the binding of those barriers self-imposed as well as those superimposed by fallen angels, all of whom are alien to the mansions of God! Remove by Divine Intercession this stumbling block, therefore, between that six o'clock line and the entering in by the sons and daughters of God to the center of Being by means of the eightfold, eight-petaled chakra.

Mighty Cosmos, pierce through, quicken my conscience and let your sword descend now to take from me the block between the six o'clock line and the six-thirty passageway through the heart of Padma Sambhava to the center of my Cosmic Clock. I also invoke the presence of the Five Dhyani Buddhas—five Buddhas bearing sacred fire of the secret rays, Buddhas wielding swords of secret rays to initiate me at the half hours of seven, eight, nine, ten and eleven on the Cosmic Clock.

I call for the five secret rays and the cosmic rays of Mighty Cosmos and I say: Flames of secret rays in the heart of the Dhyani Buddhas, reveal thyself! Therefore, Flames of God, consume the force of anti-Desire that in the untransmuted self repels rather than attracts thy manifestation.

BELOVED SERAPIS BEY

The Goal: Victory in the Threefold Flame

23. In the name of the beloved Mighty Victorious Presence of God I AM in me, my beloved Holy Christ Self and Threefold Flame, in the name of the Divine Mother and the Ascension Flame, I invoke the gift of God of the sword of Cosmos and I call to beloved Serapis Bey to take your place and stand upon my six o'clock line with your sword Excalibur and the fleur-de-lis, the hallmark of ascension's victory, for I would receive and therefore command Light from all Elohim to give me the impetus to master the six o'clock line of God-Harmony, of the Ascension Flame, of the sacred fire, of the purity of the Divine Mother in the base-of-the-spine chakra, and hence in all chakras above including the God-Mastery and God-Control over all personal and planetary momentums of my misuses of the sacred fire and over the false hierarchies thereof.

I call to beloved Serapis as the representative of Mighty Cosmos and God Harmony, nevermore to dally in self-sympathy, pools of pity, words of babbling brooks of self-justification. And to that end, in the name I AM THAT I AM, I sound the death knell to my dweller-on-the-threshold and to the collective dweller-on-the-threshold of the sons of Light on earth. [give 20.09 Dweller call].

BELOVED JESUS CHRIST

Prayer of Jesus from 'The Masters of the Far East'

Jesus explained to us in the Masters of the Far East: "When I say, 'Behold a Christ of God is here,' I behold the God-man standing forth. I see this body as the true temple of God, the perfect instrument or channel through which the Great Creative Principle flows and comes forth freely; then this creation is unadulterated in image, form, and likeness. I AM GOD. In this attitude I stand forth the master of every situation, the Christ of God triumphant. It is this ideal that I worship and that which I worship, I bring forth."

24. Be still, O my soul, and know that I AM God! (3x)

"As I stand alone in Your great silence, God my Father, in the midst of me there blazes a pure light and it fills every atom of my whole being with its great radiance. Life, Love, Strength, Purity, Beauty, Perfection, stand forth in all dominion within me. As I gaze into the very heart of this light, I see another light, liquid, soft, golden-white and radiantly luminous, absorbing, mothering and giving forth the caressing fire of the Greater Light."

"Now I know that I am God and one with God's whole universe. I whisper to God my Father and I am undisturbed."

"Yet in this complete silence there exists God's Greatest Activity. Again, I am undisturbed and complete silence is all about me. Now the radiance of thy light spreads to

God's vast universe and everywhere I know there is God's conscious life. Again, I say fearlessly, I am God; I am silent and unafraid.”

"I lift the Christ high within me and sing God's praise. In the tones of my music, inspiration hums. Louder and louder within me, the Great Mother sings of new life. Louder and clearer with each new day, inspiration is lifting my conscious thought until it is attuned to God's rhythm. Again, I lift the Christ high and give close ear that I may hear the glad music. My keynote is harmony and the theme of my song is God and God seals my song as Truth.”

"I am free with the great light of Your Spirit, God my Father, and Your seal is placed upon my forehead. I accept. I hold your light high, God my Father. Again, I accept.”

Peace, be still and know that **I AM God!** (3x)

Arcturus told us: "I plead on behalf of those who do not have sponsors. And I plead with you to rise up in a certain dominion, a certain selflessness, a certain sense that you must, you must be there for the Divine Mother. You must be there for the angels of God. You in embodiment can make the difference as to whether a single soul—and millions of souls—shall have everlasting life or go through the second death. I ask you to deliberate profoundly."

BELOVED GOD TABOR

Make Me See You Face to Face! 8-18-50

34. Beloved Mighty I AM Presence and Beloved Tabor, I demand and command my outer self to be still and feel the nearness, the Power and the Love of the Presence of the Ascended Masters. I demand that the "veil" be stripped aside and consumed forever that prevents me from seeing my I AM Presence face to Face. I demand to see my Presence face to Face!

BELOVED JESUS the CHRIST

Stepping Out of Our Old Vibrations 11-26-92

35. O beloved Christ Self,
thou the All and the allness of God and of my soul,
Occupy the vessel of my nothingness that, as Above, so below,
I might manifest thy glory.

O beloved, Lord Jesus, I desire to step out of the old plots, the old vibrations, my old garments! Assist me in stepping out of these old vibrations! My Lord, show me how to let go of the old man, the old woman, the lesser self and the records of the past. Show me how to let go! That I can come apart! Consume now! the consciousness of the flesh whereby I do not, cannot, will not let go of these conditions long past. Lord Jesus I now

demand this must cease. This must go! So, I no longer identify with these records, I AM the Christ Child, the heart of the little child that is pure, the heart of the little child that has wisdom and can transcend the lesser self and that can approach the higher calling of God! This I DEMAND in your Holy Name!

I call to my LORD and Saviour Jesus Christ to enter the vacuum of my being! (9x)
O Holy Christ Self, come into my temple! (3x)
I, yet not I, but Christ who lives in me. (3x)
Come Holy Spirit, Enlighten Me! (3x)

With the electronic presence of Lord Jesus over me, the Prince of this world cometh, and hath nothing in me—he has no power over me! Through God in me I have no point of vulnerability to the karma delivered by the Four Horsemen! I accept it done this hour with full Power, Wisdom and Love of the Cosmic Christ!

BELOVED LORD MAITREYA

To Those Who Would Inherit Life as Joint Heirs with Christ 12-21-75

36. In the name of Almighty God, I demand that to wrest from the fallen ones their ill-gotten gains and the misuse of the sacred fire of the Divine Mother. Seven Mighty Archangels of the LORD, seize and bind the death energy and the judgment of those who embody it. I speak to souls inoculated with the death consciousness. Awake, I say! “Choose Life, not Death.” Awake in the name of the living God! Shake yourselves and be shaken by the Cosmic Christ consciousness! I call for the binding of the synthetic self and the separating out of our souls from death, the death consciousness, and its death culture and programming of death and death's disintegration by the sloth of the serpent and by the seeds of self-annihilation. Bind these anti-manifestations of reality which exist as shadows of the real creation God hath made.

BELOVED SAINT GERMAIN

Keep My Purple Heart 7-4-88

37. In the name of the Beloved Mighty Victorious Presence of God I AM in me, my beloved Holy Christ Self and Threefold Flame, I invoke the living flame of love from the heart of the Five Dhyani Buddhas—Vairochana, Akshobhya, Ratnasambhva, Amitabha, Amoghasiddhi—as Cosmic Principles and Forces and Presences who do vow to be the ones to answer my call for God-Gratitude, God-Justice, God-Reality, God-Vision, God-Victory in the five secret rays as I recite the mantras of Kuan Yin and the Hail Mary.

Come Padma Sambava, Maitreya, Gautama, Sanat Kumara! Come Five Dhyani Buddhas: through the heart of beloved Kuan Yin and Mother Mary, be unto me the deliverers of the violet flame, Mighty Cosmos' secret rays and the nine gifts of the Holy Spirit.

Therefore, through the blessed Electronic Presence of Kuan Yin and Mother Mary around me, let there be a tremendous acceleration of my God-mastery of the five secret rays, my development of my soul faculties and Christ and Buddhist consciousness even as I accelerate my preparation for the days ahead.

BELOVED META

Call to Meta for Children

38. In the name of the Christ, I call to Lady Master Meta and the priestesses of the sacred fire who have tended the flame of healing for thousands of years to transfer the crystal matrix,

the pure and perfect crystal design for my children and for every child on earth as well as those coming into embodiment. Come to their bedside each night and tarry with them 24 hours a day. Anchor the Healing Thoughtform and the crystal of the immaculate concept in their etheric bodies. Let them preserve the crystal clarity of the consciousness of God that they had upon entering the world scene.

This which I call forth for my children, I call forth for every child of Light on earth and those coming into embodiment.

Beloved Meta, minister to the needs of the children of earth.

39. In the name of the Beloved Mighty Victorious Presence of God I AM in me, my beloved Holy Christ Self and Threefold Flame, Mighty Victory and legions of Light, the Five Dhyani Buddhas, beloved Kuan Yin: In every beating heart of Keeper of the Flame I AM there. I AM bathing in violet flame, giving the unguent of the Seventh Ray for the expansion of heart capacity, for life, for energy, for spirit—for love. And I call to beloved Kuan Yin to seal my heart with a concentrated elixir of the violet flame concentrated in my physical heart and in the secret chamber of my heart for healing by transmutation.

BELOVED GURUA MA

Prayer for the Removing of Mountains 3-27-83 POW Vol. 26 No. 37a

40. Let us pray.

Beloved Lord Jesus Christ, we lean upon thy heart and thy Word this day. We say, therefore, unto these mountains that the gods have placed in the world to confound the children of the Light; we say unto the mountain of the manipulation of our economy; we say unto the mountain of World Communism and the swallowing up of the land and the people of the earth by world totalitarian movements;

We say unto the manipulation of the international bankers; we say unto the manipulation of life and light and abundance, the divine economy and the governments, the manipulation of labor and management—the manipulation of the sacred labor of our hearts and of all those who work to keep the flame of America burning bright;

We say unto the mountain of opposition to our livelihood, to our free enterprise system, to our commerce, to the people of this nation who are without jobs; we say unto this mountain of opposition to the Christ Child aborning in their hearts, we say unto the mountain of world karma:

Be thou removed! Be thou removed! Be thou removed!

And be thou cast into the sea of sacred fire!

And be thou cast into the sea of sacred fire!

And be thou cast into the sea of sacred fire!

And it shall be done in the name of Jesus Christ!

And it shall be done in the name of Jesus Christ!

And it shall be done in the name of Jesus Christ!

By the Flame of Victory from the heart of Jesus, by the great causal body momentum of your light, O Lord, this day, increased now in these two thousand years, so multiply the victory of your Word within us. Let this Word go forth until it is accomplished through and through by the hearts and heads and hands of the many light-bearers and children of the sun throughout

America and the world, by the instrumentation of the angelic hosts, elemental life, mighty Archangels, and Elohim.

Let the Word go forth!

Let the Word go forth!

Let the Word go forth!

Let the mountains of adversity against the people of God be removed and let them be cast into the sea of sacred fire! (3x)

We accept it done in the name I AM THAT I AM. In the name Jesus Christ! In the name of the saints robed in white who are the entire Spirit of the Great White Brotherhood, we accept it done this hour in full power!

It is done, it is finished, it is sealed!

It is done, it is finished, it is sealed!

It is done, it is finished, it is sealed!

It is done, it is finished, it is sealed!

In the name of the Father, the Son, the Holy Spirit, and the Mother, Amen. "Amen." And all things whatsoever ye shall ask in prayer, believing, ye shall receive.
