

the Liar and the lie!

Beloved Saint Germain, I ask you this very day to march with your legions from this very center of light to the White House, to our nation's Capitol, and place your mark there—in the chambers of the Supreme Court, in the House of Representatives, in the Senate.

I demand the forcefield and the focus of Saint Germain in the White House, in every room of the Congress, and all offices of the House, and the Senate Office Buildings.

I demand the action of the sacred fire in the Old Executive Office Building, the State Department, and every other building housing the departments of the federal government, the U.S. Treasury, the Pentagon, the Supreme Court, and the Federal Reserve buildings.

Blaze the light of ten thousand suns!

Blaze the light through! (3x)

We call for the marching of the hosts of the LORD on Washington this day. We *demand* an explosion of liberty and light and freedom! *Blaze* the light through every street! *Blaze* the light through! I demand the liberation of the sons of God. *Expose*, therefore, the fallen angels and the laggards corrupting our nation and every nation on earth. Beloved Saint Germain, let this incident of these terrorists' murder of innocent lifestreams now be an example to all people upon earth of their brutality, of their infamy, and of their evil and warlike nature. **Blaze the light through! (3x)*

Beloved legions of Light and hosts of the LORD, enter this city. *Bind* therefore every agent of international terrorism! *Bind* therefore all communists and their spies and their network and their electronic eavesdropping, phone tapping, blackmail, and every scheme, known or unknown, to subvert this government, including the infiltration of the CIA, the FBI, the Pentagon, and every office of this government. **Blaze the light through! (3x)*

We demand the binding of all infiltration in the White House, in the Capitol Building, in every area of service. *Burn* through! And we demand the exposure of their counterparts in this government. We demand the exposure of the Nephilim
