

**For the Anchoring of the Power 110.00
of the God Star Sirius in Washington, D.C.**

Beloved Alpha and Omega from the heart of God in the Great Central Sun, I demand the action of the sacred fire. I call for the full power of the four cosmic forces, beloved Helios and Vesta, the Four and Twenty Elders, the Fourteen Ascended Masters who govern the destiny of America. I demand the action of the sacred fire. *Descend* now upon the altar of our hearts! *Descend* now into this sanctuary! Blaze forth the light of ten thousand suns!

In the name I AM THAT I AM, in the name I AM THAT I AM, in the name I AM THAT I AM Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, *clear* the way for the light of Victory here! *Clear* the way for the light of Victory in the Rotunda of the Capitol! *Blaze* the light through! *Blaze* the light through the nation's Capitol and the mighty heart flame of the Goddess of Freedom! *Blaze the light through! (3x)

I call for the anchoring in this city here and now of the full power of the God Star Sirius. Beloved Mighty Surya and Cuzco, *descend* now, in the name of Saint Germain! Descend now into my heart and *blaze* forth the light of beloved Surya and Cuzco in the Immaculate Heart of the Guru and the Chela!

I call for the blazing forth of the will of God and the full power of the Great Central Sun *here and now* in this mighty first-ray chakra of America.

Blaze forth the blue ray of our beloved El Morya! Beloved Archangel Michael, beloved Lanello, *blaze* forth thy light! *Blaze* forth thy light! *Blaze* forth thy light!

In the name of the Goddess of Liberty, in the name of the Father, the Son, the Holy Spirit, and the Mother, Amen.

So, therefore, understand the Work of the Lord. Understand the holding and the keeping of the balance of the mighty pillars of Hercules and Amazonia. Do not forget, for this is the means and the only means, therefore, of averting World Communism, binding terrorism, turning back war and aggression, and restoring God-freedom to the body politic of the earth, to the economies of the world.
