

SAF PRAYER VIGIL FOR THE ELEMENTALS

**Violet Flame and Ruby Fire
to
Restore Elemental Life and Transmute the Records of Mu**

February 13-15, 2026

This prayer vigil is focused on the transmutation of the burden upon elemental life and the burden upon souls who cannot move on because of the horrendous records of Lemuria that linger.

Our service will be bolstered, not only by the power of the spoken Word, but by many sacred visualizations. Each session will feature a video dictation from one of the hierarchs of the Elements.

The decrees and teachings will lead up to a meditative conflagration of records of Mu on Saturday night. Then, on Sunday morning worship, we will receive the blessed Neptune and Luara, who come to place in our hands—a GREAT KEY. A key that will unlock our own prison cell, the very prison of our psyche where we are yet prisoners of past ages, of past relationships, of past interchange—the prison cell of the mind and of the heart and of the solar plexus, the prison cell of many levels of being.

And when you are truly liberated at all levels of being, you can take this key, to go forth, and unlock the doors of those who are imprisoned, who are imprisoned by fallen angels. Unlock the doors where elementals suffer and cannot do their work, for they are imprisoned in the curses of the fallen ones.

What a gift!...

Please join us for this weekend prayer vigil on behalf of elemental life serving earth and her evolutions.

In behalf of all elemental life,
Rev. Mark Myers

SONG AND DECREE TO HELIOS AND VESTA

IN THE NAME OF MY MIGHTY I AM PRESENCE, I GO FORTH TO HEAL MILLIONS OF ELEMENTALS IN THE EARTH

Beloved Mighty I AM Presence, in the name of my Holy Christ Self and by the Love, Wisdom and Power of my threefold flame, I call forth the action of transmutation by the fire of my being, multiplied by the violet flame, multiplied by the fire of the Great Central Sun and the Great Central Sun Magnet. I call forth this action on behalf of all elemental life, including my body elemental and the body elementals of all souls evolving on planet earth.

I call for that portion of the flame I invoke and all that I AM to go forth now to heal millions upon millions of elementals in the earth! This I decree in the name of my own Christhood, in the name of my own becoming the Ascended Master who I shall be and who I am already, for the seed is within itself and the seed of my Mighty I AM Presence is with me in my heart! And therefore I dedicate those percentages allowed me by the Lords of Karma of the fire of my lifestream to the liberation of all elemental life.

This I do in the name of the Father and of the Son and of the Holy Spirit and of the universal Divine Mother. And I accept it done this hour in full power by the blessing of the Lords of Karma, Amen.

CALL TO GO TO RETREAT

In the name of the Christ, my own Real Self, in the name of Lady Master Clara Louise, Saint Germain and Omri-Tas, I call to the heart of the I AM Presence and to the angel of the Presence and the seraphim to take me in my soul and in my soul consciousness to the record rooms of ancient Lemuria where I may review the scenes of ancient battles and lessons I once learned that must be reviewed that I might take practical steps in action in the physical plane to bring about peace on earth the scientific way.

Let me return to my physical body consciousness determined to 'make things right' with such a profound insight as to the outworking of cosmic law.... that 'The lessons learned by my soul out of

the body during sleep are not lost but become a part of the composite of subconscious self-awareness, surfacing just enough to prick the soul memory and prod it to decisive action.'

And I ask that all information necessary to the fulfillment of my divine plan be released to my outer waking consciousness as it is required. I thank thee and I accept this done in the full power of the risen Christ.

Decree 20.16 “Seven Calls for Illumined Action” section #5

In the name of my Mighty I AM Presence, I call for the full power of the sacred fire from the heart of beloved Prince Oromasis and Diana to blaze through my entire consciousness, being, and world and to burn out of my four lower bodies all that is not of the Light. I ask beloved Prince Oromasis and Diana to walk through my electronic belt every twenty-four hours and to burn out of my etheric body the cause, effect, record, and memory of all that would hinder the balanced manifestation of the Love, Wisdom, and Power of God through my lifestream. I call to beloved Helios and Vesta, to the beloved Maha Chohan, and to beloved Prince Oromasis and Diana to resurrect the memory and the pattern of my divine plan fulfilled and the full consciousness of the Christ that was ordained by God in the beginning of my individualized manifestation.

RUBY RAY PREAMBLE [Andrew]

INVOCATION by Andrew

In the name Jesus Christ and of Oromasis and Diana I command billions of Fiery Salamanders, always as God wills:

Burn through all opposition to my divine plan and projects!

Burn through all addictions, negative habits and their cause and core!

Burn through all darkness in my physical body, emotional body, mental body, etheric body!

Burn through all negative habits in my children!

Burn through and set free every elemental on this planet. Burn through all curses, all hexes put upon the elementals of Terra!

Burn through all witchcraft, the dweller of all witches, their glamour, pride and hatred of the Father and of the Light!

Burn through all moon substance, all their curses, hexes, sex cones...

Burn through for the deliverance of the lost sons of Seth.

In the name of the World Mother, we say: Burn through! Burn through! Burn through! Burn through!

In the name of the Christ, my own Real Self, I call to the heart of the I AM Presence and to the angel of the Presence, to Archangel Michael to take me in my soul and in my soul consciousness to the etheric retreat to work with the twenty-four scientists who oversee the work at Surya and Cuzco's retreat at Viti Levu, Fiji that they may directly transfer to my heart and mind the information that I might not otherwise have regarding earth changes and the use of the sacred fire to help hold the balance for terra. I implore you to re-energize your special dispensation and special action released at the Shasta Conference 1975, for those who wish to become outposts of Cuzco's retreat, and electrodes for the adjustment of planetary cycles.
