

Victory for America and the Nationsⁱ

Hosts of the LORD, legions of Hilarion, foot soldiers of Sanat Kumara, legions of Serapis Bey, God Mercury and legions of Mercury, beloved Saint Germain:

In the name I AM THAT I AM and according to God's holy will, we claim the full manifestation of the vision of America in the golden-age society and the golden light of victory reflecting upon her highways and mountains and cities, and the glistening white granite and marble, with New Age architecture, with city planning, with mothers and fathers bringing forth the Christed ones—a golden age of such transcendence and splendor that it will exceed the heights of previous golden ages.

By the light of the All-Seeing Eye of God, with Saint Germain we project the manifestation of this golden age through this two-thousand-year cycle for the conclusion of the Aquarian age. It is a golden age that will come by the momentum of previous golden ages and by the overcoming and attainment of those who participate and are victorious over the last enemy, over the fallen ones, over the dragon and the beast, and over all those who have set themselves against the Christ and the City Foursquare. By the victory of the overcomers and by their mastery of the planes of Mater, so we claim America's fiery destiny to be a golden age of majesty, of joy, and of great culture through the distillations of the mind of the Cosmic Virgin.

In the name of the Christ, we call to the beloved Great Divine Director to arrest the spirals of defeat, failure and darkness, which the fallen ones have projected across this land as a matrix to be outpictured. *Arrest* these spirals of a race of humankind scarcely recognizable, emaciated, animal-like, bent over, insane, distorted, diseased, "shipwrecked upon the shores of life" and spirals of total destruction and total cataclysm through greed, pollution, terrorism and the misuse of atomic power and nuclear fission. *Blaze the violet flame through!*

Arrest the projections of the fallen ones and remove their electrodes of astral substance and their computers for cycling into manifestation in the physical plane every darkness of the pit and of the sewer of that astral horror. *Blaze the violet flame through!*

Arrest their thoughtforms and the cycles already released that would carve up the earth into sections with their one-world government under Luciferian tyranny. *Blaze the violet flame through! Arrest* the spirals of cycling into the planes of Matter

their total perversion of the Mother flame. *Blaze the violet flame through!*

Step by step, city by city, *bind* now the mark of the focus and energy of the fallen ones. By the light of Almighty God, *bind* this diabolical plot of the fallen ones against the mind and consciousness of mankind. Close in upon it all and transmute, transmute, transmute it all, cause, effect, record and memory before it can act, approach or encroach upon life any longer.

Saint Germain's Remedy—Focuses in Cities

Beloved Saint Germain, reconsecrate now the focuses of The Summit Lighthouse and Church Universal and Triumphant in the major cities of the United States, and bring Mission Amethyst Jewelⁱⁱ to the cities and capitals of every nation.

By the action of the cosmic cube and the squaring of the circle of fire, we call for the emerald ray of precipitation, with the thrust of diamond light, to be reactivated in the hearts of all students who have passed through our halls. We call forth the chelas of the sacred fire who are willing to be electrodes of God, those who will receive into their four lower bodies the energies of the alchemist of the Spirit and the mandala of victory and of the golden age—chelas who will bear the signet of the Church Universal and Triumphant and be humble, pure, honorable and joyous to defend that true Church wherever they are called upon.

Seal and protect the capital of the United States of America, Washington, D.C., as the first and most important focal point for a center of light to counteract the darkest of the darkness of the fallen ones and all their matrices placed over the Congress, the Supreme Court, the Cabinet and the president of the United States. In the name of the Christ, we call forth souls who will send the hosts of heaven to take dominion now over the Illuminati, any false government, the false hierarchy of every member of government, elected or appointed, and the retaliatory measures of the dragon and the fallen ones.

In the name of Saint Germain, we call forth stalwart souls, as representatives of the Church, to bear the mantle of the four and twenty elders in Washington, D.C., and in other cities of America. We call forth stalwart souls to bear the mantle of the ascended masters who focus Mission Amethyst Jewel. Seal them in the hallowed circle of the Aum, in the light, the spotlight of their own I AM Presence, where no evil shall befall them, neither shall any plague come nigh their dwelling. Seal those who represent the

Church who will stand in the cities, that if they drink any deadly thing, it shall not hurt them.

We call forth the Master of Paris and K-17, working from the retreat in Paris, to reestablish the focus that will contain the mandala of the origins and the founding of The Summit Lighthouse in 1958 and the momentums of the classes and the twin flames of the messenger and her firstborn. Release now the spirals from conferences in Washington, D.C., for the redemption of the white marble of the nation's capital, reflecting that etheric city and that blueprint of the golden age as the focal point of the messengers and their service in the Midwest. *Expand* the spirals of the Cosmic Christ consciousness for the victory of the flame of freedom and of the Goddess of Liberty!

Let it be given unto each one as opportunity, in the name of justice, to redeem all that has passed in previous incarnations, to win the laurel wreath of victory, and to walk through the portals of Luxor at the conclusion of this incarnation.

We hear the sounds of the note of the victor! And we hear the sound of the warning. We stand now in the fulcrum of the Christ consciousness with Uncle Sam, the patron of the United States of America, this place where the virgin comes forth to give birth to the avatar of the age.

So let the Divine Mother appear within us all. So we welcome the Christed ones to the service of the Great White Brotherhood. So we stand as a fount of living water unto all mankind. Let America fulfill the prophesy of that land which is to be the opportunity for all generations to merge with the Christ flame of our oneness. So let us prove the negative vision all wrong. So let us prove that the victory is won here and now. Here and now, I AM the victorious one! It is done!

The Vow [optional]

By the love of the purple fiery heart, I claim the arc of light touching each of our hearts with a glow of crystal and emerald and the love of the ascended master Saint Germain, who has stood with mankind for hundreds and thousands of years. So *I* will stand for a half a century and a century!

I will stand with mankind and the hosts of victory unto the passing of this form and this consciousness into the glory of my ascension!

I will remember my vows taken even before I took incarnation! *I will* remember the glory of studying with the ascended masters and the illumination for this age! *I will* remember the promises that I am to keep!

I will remember that Saint Germain has very few upon whom he can count for the victory all the way! And *I will* remember that with these few, Saint Germain has promised to overtake the world in the flame of Jesus the Christ.

I will remember that no one can replace my flame, my commitment, the mantle of my light or the matrix of my heart fire. And therefore, when I think of other interests and pursuits, *I will* remember that when I leave my post, my flame and my absence is a vacancy until I return. *I will* remember that others may come with their mandala and their flame, but they can never take my place. They can only take their own place and try to fill in for me.

And therefore, *I will* remember that I am precious to Saint Germain's heart. *I am* held sacred in his heart. *I am* chosen as a point of light that reflects a special aspect of the Great Central Sun, of the secret rays and the seven rays. *I am* unique wherever I serve.

I now call forth the light of the causal bodies of those who have failed to keep the flame. With fellow servants, *I will* fill in as *I find* vacancies in the mandalas of our cities, states and nations. And as *I fill in*, *I will* magnetize, by my application to the causal bodies of those destined to serve with us, their souls, their return and their victory. *I fear not* to go forth in the armour *I have* been given into the astral night to claim these souls for the victory.

I receive the cup that is full from Saint Germain, the Knight Commander, a cup *I will* drink throughout this life. *I ask* for the grace to carry this more than ordinary responsibility because the need is great and the hour is dark. *I know* that *I can* bear it because *I have* the Law and the excellence of the teaching and because *I know* how, by the lessons of alchemy, to make that burden light.

It is done. It is finished. It is sealed by the cosmic cross of white fire from the heart of Lord Gautama.

May the Buddha light be upon the lightbearers and our nations. May the Christic light now coalesce within us and crystallize talents from our causal bodies that we have not known in this life. *I AM* the crystallization of the fire mist within, and *I submit* my soul into the keeping of my own *I AM* Presence, my presence of the living God, forevermore.

² "The Darjeeling Council sets forth its solution to world problems. It is **Mission Amethyst Jewel**. We stand in a vote of confidence around the Darjeeling Council table in honor of Saint Germain and all servant sons and daughters who embody the great spirit of freedom as a mystery of the Holy Grail." *Archangel Gabriel, January 14, 1979*

"**Mission Amethyst Jewel** is based upon the principle of the violet flame burning within the heart of the chela. The chela is the jewel, and as chelas place themselves together as atoms that become molecules that form outer centers, the **Mission Amethyst Jewel** becomes crystallized....So Amethyst Jewel, then, is Saint Germain's commitment to send chelas to the nations of the earth....The key to freedom on earth today is America. And if America is not saved and turned around, there is very little that any other nation will be able to do to guarantee freedom—whether it is spiritual or material freedom." *Elizabeth Clare Prophet, April 14, 1979*
