

I AM God's love flame in manifestation
I AM God's wisdom flame in manifestation
I AM God's power flame in manifestation
I AM God's healing and abundance flames in
manifestation
I AM God's resurrection flame in manifestation
I AM God's purity flame in manifestation
I AM God's forgiveness, mercy and transmuting flame in
manifestation
I AM Light's flame, an integrated spiral of all God
qualities
Rising, Rising, Rising (3X) upward
Expanding, Expanding, Expanding (3X) outward
Swaddling a dark planet in Light, anchoring Light

I AM the sealing of this mighty momentum in the heart of
Ahura Mazda, that these energies may be dispensed
without ceasing to the nations and a planet in peril for
the restoration of the Freedom Star.
