***** RITUAL *****

Section 1—DEDICATION/BACKGROUND

Leader:

This ritual is dedicated in deepest love, gratitude and devotion to our gracious Lady Master Kuan Yin and all the Brothers of Love and the Sisters of Mercy who serve from her etheric retreat, the Temple of Mercy, over Peking (Beijing), China.

Kuan Yin ascended thousands of years ago, and is known and loved as the Goddess of Mercy. She is also a member of the Karmic Board, the august body of eight ascended masters who are assigned the responsibility of adjudicating karma, mercy and judgment on behalf of every lifestream.

According to legend, Kuan Yin paused on the threshold of heaven as she was about to enter when she heard the anguished cries of the world. Out of compassion for the suffering of others, she turned and vowed to remain and help those in need for however long this may take.

At Freedom 1988, Guru Ma announced the release of Kuan Yin's Crystal Rosary, an album of prayers, ancient Chinese mantras, songs and decrees. Kuan Yin's Crystal Rosary is a powerful means of invoking her intercession. For her 57 mantras published in this Rosary are "cures" for personal and planetary karmic conditions.

O beloved Kuan Yin, we bow to you in eternal gratitude for the great service you have rendered angels, men, and elementals in the externalization of mercy, forgiveness, and love divine! And we petition you, and your Brothers of Love and Sisters of Mercy, that as we move through this ritual that you will assist us to transport our solar awareness to your Temple of Mercy in Peking [Beijing] in China.

Let it be so! Amen.

...

Let us as devotees of Kuan Yin invoke the bodhisattva's power and merciful intercession with the mantra OM MANI PADME HUM, which means "Hail to the jewel in the lotus!" or, as it has also been interpreted, "Hail to

Avalokitesvara (or Kuan Yin), who is the jewel in the heart of the lotus of the devotee's heart!" We will follow that by giving her our great devotion by singing song 424, 'Our Beloved Kuan Yin.'

Section 2— CHANT [Spiritual Toning]: Om Mani Padme Hum

Section 3 ∞ BELOVED KUAN YIN

Introduction—4 measures, 1 beat, 4/4 time

Beloved Kuan Yin, we welcome you
Beloved Goddess of Mercy
We wait thy coming, dear
Within the stillness of our hearts.

Interlude—7-1/2 beats, 4/4 time

We call now to thee, ever to be
Protected by thy hand of mercy
While in thy presence here
Make us the purity thou art.

Interlude—7 beats, 4/4 time

In the ancient time of Chin
A pagoda deep within
Jewels rare and shining there
Held each heart in splendor fair.

Interlude—4 measures, 4/4 time

Lovely of the Sun
Reestablish thine own
Lotus flower here this hour
In each heart unfold thy pow'r.

Interlude—4 measures, 1 beat, 4/4 time

Lift to God, spread abroad
The magnificence of God
Wisdom flow, beauty grow
Pastel radiance aglow.

Interlude—2 measures, 1 beat, 4/4 time

Chinese art, make us part
Of the cultureland thou art
Souls arise to the skies
As a jeweled symbol high.

Interlude—2 measures, 2 beats, 4/4 time

The shimmering show'r
The oneness of heaven
Thy blessing and pow'r
To the world now is given.

Kuan Yin, Kuan Yin. (hold 2 beats)

Through pathways so bright
From starlight descending
Flows heavenly light
And Mercy unending.

Kuan Yin, Kuan Yin. (hold 2 beats)

Beloved Kuan Yin.

Section 4 ∞ PETITION: THE MIRACLE OF KUAN YIN'S PROMISE

Leader:

We will now petition the Great Buddha to release Mercy's Flame through her miracle promise, followed by Hymn 426--Invocation To Mercy, Decree 1.30--Forgiveness, then Hymn 428--Thou Mercy Flame, Decree 7.20--Decree For World Mercy, and the first 3 Manifestations from her Crystal Rosary... Together...

Beloved heavenly Father, beloved Mother of the World, in the name of our very own beloved I AM Presence and the ascended Jesus Christ consciousness, the hierarchies of heaven and of Light, the Brothers and Sister of Mercy, beloved Guru Ma and Lanello, and the entire Spirit of the Great White Brotherhood:

I am truly convinced that there is mercy beyond mercy that I have opportunity to remake myself by the power of Elohim in the image and likeness of Almighty God, by the power of the Word with Brahman in the Beginning. O my God, if thou wilt have me, if thou wilt hold me, I desire to transcend this lesser self; and thus, I receive the Karmic Board, I receive beloved Portia and beloved Kuan Yin and I know that by the flame of Mercy and the flame of Justice, if I have faith as a grain of mustard seed, I can receive a miracle of transmutation of the untransmuted records of my karma.

Blessed Goddess of Mercy, Kuan Yin, seal my heart with a concentrated elixir, an elixir of a deep, rich violet flame flecked with gold. Let this elixir be concentrated in my physical heart and in the secret chamber of my heart for healing by transmutation, giving the unguent of the Seventh Ray for the expansion of heart capacity, for life, for energy, for spirit and for love, mercy and compassion.

And in accordance with beloved Kuan Yin's request from her dictation on Mothers' Day 1988, May 8th, I call for the original release and re-release of the fire of Her being, and I command her Light and keep on so doing until I sense I have reached the limitations of her office for "any" thing of the will of God will be alchemically precipitated to me, for:

I AM able to bear it.

I AM the harmony which holds the balance for it.

I AM the internal integration of the soul in the Seventh Ray chakra with the fiery heart of the living Christ Boddhisattva.

PETITION FOR MERCY ON BEHALF OF MANKIND:

I join in solemn invocation with my brothers and sisters of Light, heart-to-heart, bond-to-bond, soul-to-soul, being-to-being and light-to-light: Invoking from the heart of God in the Great Central Sun, divine intercession and the great capacity of infinite mercy on behalf of the mankind of earth.

Almighty God! Release through my heart assistance to the people of China, oil for the lamps of China, oil for the lamps of the world and the flame to light them. I invoke a spiritual flame to kindle the light of God that never fails in souls the world around.

And as the Great Flame of Mercy gathers momentum, as I nurture it day-by-day, let it pass through the streets of the cities by night and by day. Let it reach into the homes of the world, the hospitals, the schools, the temples, the mosques, the synagogues, wherever people congregate, that it shall bring to them the quality of mercy which I continually qualify and charge with the momentum from my causal body.

Let all be blessed the world around. In the name of my Mighty I AM Presence, I decree it so, and it is so! Amen.

SEALING OF THE REQUEST:

As Kuan Yin promises to surely bring my prayer as a manifestation into my life, I in turn vow to make every effort to fulfill her expectations:

I vow to deal with manifestations to my call and all opposing forces to its manifestation.

I vow to cease the sense of struggle—of being a beast of burden for bearing that which has come upon me as opposition (to my Christhood) and therefore a certain weariness and a certain wondering, “How long, O Lord?” “Kuan Yin does say: Thus far and no farther!” There is no more distance or ground that can be invoked or summoned (or taken) by the fallen one: I call to Kuan Yin and instantaneously their day is done in my life.

I AM the call of a fire of intensity.

I AM as a fire-breathing dragon as a fire proceeding from my mouth.

I AM the fire that leaps to heaven, cuts across the Matter matrix and arrives at the abode of the highest Buddhas.

I AM the playfulness of the Divine Mother that does coax the highest Buddhas to come and come again and see what her sons and daughters have wrought on earth.

I AM a fire of intensity as I speak and implore, even as I whisper.

I AM the manifestation of Cosmic Peace and Freedom as a contribution to our entire community and ultimately for every erg of energy and life on this planet.

I AM the call that lifts “the weariness of the saints” and lifts the weariness everywhere upon this planet.

I AM the pronouncement of the name of Kuan Yin within the heart that makes her ecstatically, instantaneously one with my flesh-and-blood body.

Lo! I AM the eye and the crystallization of the eye of God. I AM the glorious gift of the eye of Amitabha.

Let miracles of Kuan Yin flow! Let miracles of the Great Buddha flow! (3x)

O God, in thy name and by thy grace, I vow to do and be better and to do now this thing. O Lord, help me. Help me to fulfill it. I desire it so!

Section 5 - HYMN 426: INVOCATION TO MERCY

O God, have mercy on our souls
Transmuting all that is not right
O God, have mercy on our souls
Help us become thy holy Light.

'Tis then that we shall dwell with thee
When lifted to thy heav'nly height
May violet fire expanded be
And make our feelings pure delight.

O violet fire, now cleanse our souls
In love and wisdom, joy and pow'r
The truth at last shall make us whole
To be thy presence every hour.

O violet fire, now cleanse our souls
I AM with thee in thy pure Light
Such lovely beauty we behold
When in celestial realms so bright.

Now vict'ry is our joyful song
As we, in consciousness, arise
To join the glorious angel throng

Where love and happiness abide.

Section 6—DECREE 1.30: Forgiveness

Leader:

Kuan Yin has called us to come to her temple at Peking, come to the place of mercy. Come and learn of me, and learn how to dispense that law and that grace. Jesus came also to Peking in his finer body, and when he said, "Lo, thy sins be forgiven thee. Take up thy bed and walk," it was in the full understanding of the action of the law of forgiveness whereby the Christ of each one may set aside an increment of karma, an increment of [misqualified] energy.

Let us call upon the law of forgiveness... Together...

Hail greatly Merciful Kuan-shih-yin! (3x)

In the name I AM THAT I AM, Elohim, Saint Germain, Portia, Guru Ma, Lanello, Padma Sambhava, Kuan Yin and the Five Dhyani Buddhas,

In the name I AM THAT I AM, Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ,

OM Vairochana! Akshobhya! Ratnasambhava! Amitabha! Amoghasiddhi! Vajrasattva!

OMMMmmmmmmmm

I call upon the law of forgiveness—and I petition for forgiveness of my wrongs and injustices, my inequities, my selfishness and sin. Forgive me, O God, I pray, and give to me opportunity to right every wrong, to requalify all that has been misqualified, to transmute that which has not been the perfection of the fulfilling of the Law. Whatever it takes, my beloved mighty I AM Presence, Almighty God, I demand that I be given the opportunity to transmute my karma that would hold me and bind me to the astral plane, even to the first level of the astral world. And I ask you to show me what I must do to pay all my debts to anyone, anywhere. Mighty I AM Presence, send forth your tremendous energy, daily, for the healing of all life. Send forth that Light of my Presence to reach all those with whom I have negative karma, so that I can swiftly balance my debts to life by sending untold blessings to those who may have wronged me or whom I may have wronged.

O divine mercy! O divine mercy! O divine mercy! As a chela of God's light, I implore thee to sweep around the world and to flood the consciousness of every person upon earth of every religion, and those claiming none at all, with the feeling of divine mercy and love that encompasses them like a swaddling garment until—wrapped in the cosmic flame of divine mercy from the heart of God and amplified by the power of Holy Amethyst, beloved Archangel Zadkiel and the great beloved being Saint Germain—mankind shall know a freedom which they have never known before.

Set the people free! Set the earth free! Set mankind free! Sustain the flame of freedom—that threefold flame—within their hearts. Show them the God-way to live. Let them unite as never before. Let them break down the walls of separation that keep hearts from hearts, souls from souls and minds from minds until there flows between the unseparated shores of mankind's being one beautiful stream of pure divine love. From the heart of beloved Kuan Yin, let there be ushered into the consciousness of the world that divine mercy which gives everyone their ascension.

Leader:

Let us now recite the simple mantra of forgiveness, written by our beloved El Morya, so that we could recite it wherever we are. Understanding that forgiveness is your key to contact your own Christ Self. The first time you say the mantra is for the forgiveness the self, and the second, you may forgive other selves, and finally, on the third time to flood the world with forgiveness.... Together...

I AM Forgiveness acting here,
Casting out all doubt and fear,
Setting men forever free
With wings of cosmic Victory.

I AM calling in full power
For Forgiveness every hour;
To all life in every place
I flood forth forgiving Grace. (3x)

Section 7—HYMN 428: THOU MERCY FLAME

Introduction—5 measures, 4/4 time

Mercy is the grace of love
Forgiveness from above
Beauteous star-fire might
Falling rain of Light.

Mighty God-caress
Freedom from distress
Touching mind and heart
With love's divinest part (hold 2 beats, rest 6)

Frees the soul from blindness
Ope's the mind to purest kindness
Glorious Light, enfold all now
In heaven's greenest bough!

Interlude—10 measures, 4/4 time

Joy of nature's band
God's extended hand
Living flame most holy
Answers now the lowly.

No difference does he make
All his children who will take
His offered cup of love
Perceive his Comfort Dove

No darkness in his motive
But only Light and Life
Behold the flaming votive
We share one common Light!

Interlude—2 measures, 4/4 time

Behold the flaming votive
We share one common Light!

Section 8—DECREE 7.20: DECREE FOR WORLD MERCY

O my very own beloved Mighty I AM Presence, Holy Christ Self, and Holy Christ Selves of all mankind, I call now to thee and to beloved Kuan Yin, Goddess of Mercy, beloved Saint Germain, Lord Morya El, Jesus, Mother Mary, the Great Divine Director, our beloved Gautama, Lord of the World, beloved Lanello, the

entire Spirit of the Great White Brotherhood and the World Mother, elemental life—fire, air, water, and earth!

*Flood, flood, and flood the world by the power of the three-times-three and the power of the sacred fire with enough of the cosmic quality of Mercy from the heart of God in the Great Central Sun and the heart of beloved Helios and Vesta in our own dear sun to saturate the earth and all thereon, including myself, with more Mercy than we will ever need until all are wholly ascended and free!

Let this Mercy be amplified without limit, expanding its service so as to free all from the power of every recalcitrant substance, thought, and manifestation, transmuting all life—human, elemental, and imprisoned angels—changing all into the illumined, invincible power of Christ Victory over every negative condition, which automatically raises all men into their own God-given estate and the full victory of the ascension!

Melt, dissolve, and transmute daily all hate and hate creation, including the entire accumulation of human discord over the large cities of the world! Mitigate the effects of mass karma and restrain the reaction thereof by cosmic wisdom and mercy in perfect divine balance as an overcoming victory for all those whose hearts yearn for Victory and recognize the power of their Presence to sustain it without limit until all the world is God-victorious, illumined, ascended, and forever free in the Light.
