

JUSTINIUS: THE SOLAR RING SEALS DEATH AND HELL [AND RECORDS OF THE MIDDLE EAST]
(January 1, 1984, Keepers lesson #32)

"In the name Alpha and Omega, Elohim, Helios and Vesta, God and Goddess Meru, messengers of the Sun, mighty Archangels and Chohans, I, Justinius, call forth twin pillars of twin flames of the Godhead from the

Central Sun to the very white fire core of worlds and worlds and worlds beyond and in the four quadrants of Matter, penetrating to the very depths of misqualification in the astral plane.

Therefore, the mighty solar ring does now place the seal upon Death and Hell and the areas and pockets of the darkness of the pit. Be *sealed* now! Let the Great Central Sun Magnet *seal* the place where evil dwells until the binding and casting of Death and Hell into the lake of fire!"

Therefore, by the authority of Lord Sanat Kumara, I, Justinius, call forth again the mighty solar ring around the vortex of the origin of the consciousness of Evil and the Evil One and around the vortex of its effect upon earth's evolutions in the Middle East and beyond.

I call forth the twin pillars of Alpha and Omega, Elohim of the Sun! Elohim of the Sun! Elohim of the Sun! Hercules and Amazonia, Apollo and Lumina, Heros and Amora, Purity and Astrea, Cyclopea and Virginia, Peace and Aloha, Arcturus and Victoria, Elohim of the five secret rays, reinforce now our solar rings.

Alpha and Omega, Great Central Sun Magnet, beloved God and Goddess Meru, Helios and Vesta, messengers of the Sun, all saints ascended and unascended, mighty pillars of twin flames, reinforce now our solar rings!

Reinforce now the sealing of the point of origin of the spawning of Evil in the earth and in the vortex of the black hole in space. Now let these solar rings be sealed! Seal, therefore! Seal, therefore! Seal, therefore, the place where evil dwells and let it be consumed from within!"

(Let the) "judgment calls...direct to this nucleus of the grand conflagration of the sacred fire the miscreations of the Matter cosmos and their miscreants - those for whom time and space are no longer, those whose words and works and all that they are can be sustained no longer by the Light or the anti-Light.

Beloved Serapis Bey, I, Justinius, call for the igniting and consuming of the cause and core as well as the effect, record, and memory in the Middle East of laggard evolutions and their point of embarkation whence they sailed to earth, that their most recent habitats as well as their point of origin in the Matter spheres may also be cleared of the records of their infamy.

Thus, I, Justinius, with the Elohim, the archangel and the Chohan of the Fourth Ray, do draw again by the bodies of seraphim the solar rings around the vortex of the black hole in space and the dweller-on-the-threshold of the Matter cosmos. And by correspondence, I do draw the solar ring around the Middle East and all nations around the Mediterranean who are comprised in part of laggard evolutions.

I, Justinius, call for the igniting and the consuming of the cause and core, the effect, record, and memory of all their destructivity of the pristine purity of Lemuria and Atlantis and of ancient golden ages on this and other planets of this solar system and throughout the Matter cosmos. And I, Justinius, call for the judgment of the Nephilim and their laggard scientists and their mechanization man and also the Watchers who are their overlords.

I, Justinius, call forth in the name I AM THAT I AM on behalf of every lightbearer of the Matter Cosmos the mighty cloak of invisibility, invincibility, and invulnerability around this entire action of the sacred fire. I call forth the tube of light and the secret rays so that the entire alchemy of the sacred fire for world transmutation in the very core of the astral plane might be sealed." ["Violet Fire and Tube of Light Decree" given once]

"Souls of light MUST GUARD AND TEND the sacred fire of the Grand Conflagration" (of the Dweller on the Threshold of the Matter Cosmos)...And it will either be sustained or sealed according to the level of your calls to Astrea and the continuous vigil kept at this season and in the ongoing decades." "Beloved hearts, your judgment calls MUST DIRECT to this nucleus of the grand conflagration of the sacred fire the miscreations of the Matter cosmos and their miscreants - those for whom time and space are no longer, those whose words and works and all that they are can be sustained no longer by the Light or the anti-Light." (Justinius, KOF Lesson 32)

SURYA & CUZCO: *Let the Curse of Death Be Broken!*

In the name I AM THAT I AM, "I AM Surya. And within my orbit is the ascended master Cuzco. And our light rays, as the light of Alpha and Omega, descend now and converge in the earth! And as there is the converging of the currents of the Guru/chela relationship, so the light of Alpha and Omega—as the light of the arms of the cosmic cross—does pierce, then, that point of the curse, that point of superstition of the curse!

***Let the curse of death be broken! (3X)**

Let it be broken now, as our mighty piercing light rays descend and meet in that very ray and moment of the pronouncement of the curse, meet it therefore to cancel it out by the full power of beloved Alpha and Omega!

And now, from the heart of the Great Central Sun, the light ray does emanate, the mighty Word does flow. And there are millions of light rays descending to pierce and to dissolve that ray that continues from the sounding of their curse (whereby) the fallen ones have cursed mankind....the sons of God and the children of the light.

And this is the action of the sacred fire from the very heart of the God Star. This is the action of the reversing and (by way of reversing) the dissolving, to the very nadir, of those mortal cursings which have been pronounced since the very foundation of the worlds by these fallen ones!

The light ray does go forth by the very sound and the tone of the Word, by the very heart of hearts of the living Word, for Alpha has ordained it! And therefore, ***the curse of death is dissolved and it is broken! (3X)**

Therefore, let the soul reunite with the Son in the very heart of hearts of the living Saviour! Let the threefold flame be ignited in those in whom it were dead! – and let it expand, and let it increase, and let the soul rise and not be impeded now by those levels!

***Let every curse be broken (3X)** as our mighty light rays go forth as the light of Alpha, as the light of Omega!
ELOHIM. ELOHIM. ELOHIM. ELOHIM.

Let the mighty intensity of the Z-ray, of the ruby ray go forth! And let the children of the light go free!

***Let it shatter the death matrix! (3X)**

Let it dissolve to the very core the misuse even of the light of Life itself by these fallen ones!

Let that death that is the inversion of Life now be consumed!

And ***let the mighty ascension flame be raised up! (3X)**

We are penetrating through....many levels on the astral plane....And therefore, let the habits of the fallen ones that have bound mankind be broken! Let the spirals of their sex cones be broken! Let the spirals of ignorance and of all malice and of all sympathy with the devil be broken! Let them be broken now by the power of mighty light rays from the very heart of the white-fire/blue-fire sun! And the light of Sirius is the very light emanation to thwart the UFOs and their inhabitants who are not of the light.

So, ***the Light of God does not fail! (3X)** The Light of the Son of God within (me) does not fail! And therefore, (I) say: The I AM THAT I AM in me does not fail! I do not fail! I do not fail!

For the "I" that speaketh in me is the I AM THAT I AM. And the Light of God in me can never, never, never fail! And it will not fail!

And therefore, God where I AM shall have the victory this day, shall have the victory of Life over death!

And the resurrection shall appear! And eternal Life shall appear! And the condemnation of the just and the righteous shall be consumed! – and it is consumed by the annihilation ray, which is actually the light manifestation of the Almighty himself which does consume all unlike that vibrating essence of his essential Light!

I – the I AM THAT I AM, the Mighty I AM Presence, the Christ – have overcome the world! And therefore, the world in this moment is overcome with Light. And they shall not pass into the hallowed circle of the Master and his beloved disciple!

(I AM) that beloved disciple and the Master is 'God with us' incarnate in the only begotten Son that *I AM, THAT I AM, THAT I AM, THAT I AM, THAT I AM*. And as I say this, everyone who is the Son of God does

repeat throughout all cosmos *THAT I AM, THAT I AM, THAT I AM, THAT I AM, THAT I AM.** And the echoing is the affirmation of Being. And where that affirmation is, there is no dwelling-place for the not-self. It is no more.

And ***I proclaim the death knell of the not-self!** (3X)

Angels to the right,
Angels to the left,
Angels of the living Word,
Protect these in whom
The flower of spring does begin to bloom.
Protect these—each one the rose of light,
The lily of the field of God's own consciousness,
The whiteness of the lily of the valley
Of the Blessed Virgin.

As Elohim send forth the floral offering, let every avatar of light now pronounce the judgment of abortion and the abortionist, of all who abort the Life of the Almighty on earth! Let every child in the womb that suffers at the hand of Herod and his henchmen pronounce the judgment of the Cosmic Christ—and let them be bound!

From the very heart of the God Star, from the very heart of the Pacific, we arc the judgment of the murderers of Christ on earth. And I make the sign of the cosmic cross of white fire as the sign of the judgment upon every fallen one and evil spirit that has invaded the temple of our God!

...our God (does) open your eyes....stand and behold the judgment of the fallen ones and the manifestation of justice unto the righteous....stand and see the salvation of our God!

May the sea give up her dead, may the earth give up her dead, and may they be drawn into the spiral of transmutation.

I, Surya, I, Cuzco, ordain perpetual transmutation from the heart of Saint Germain, Arcturus, Victoria, Zadkiel, Amethyst, Kuan Yin, and all of the legions of the violet flame from the heart of Melchizedek—perpetual transmutation, swirling round and round and round the earth body for the transmutation of death.

And the burning and the smoking lamp of Abraham does denote, in this hour, that death is sacrificed and is no more and that the flame of Life does burn brightly in the heart, in the etheric temple, and in the soul now cut free to pierce the veil! pierce the veil! pierce the veil! pierce the veil! pierce the veil!

I command it, ELOHIM!

In the name I AM THAT I AM, on behalf of every living soul:

Let the death shroud be no more!

Let the garment of Light appear!

Let the Electronic Presence of the Lord Jesus Christ be the Presence of the Master with every true disciple of his very heart of hearts!

I AM Surya.

I AM Cuzco.

I AM sustaining....the Electronic Presence of Jesus Christ – with every sincere heart whose soul is one on earth with him! I AM sustaining it for the purging and the purging again and the purging of all error and erroneous concepts concerning his most blessed heart!

In his name and in his glory, I say: Victory unto Life within you! Victory unto Life within you!

Victory! Victory! Victory!

I seal it as the seed!

I seal it as the leaping heart!

I seal it as your vision of the goal!

O soul, know that I AM for and in and of the victory of earth with you and with the entire Spirit of the Great White Brotherhood. Amen.

Break the Curse/Spell

In the name of my Mighty I AM Presence and Holy Christ Self, I call to beloved Astrea and Purity, Mother Mary, the Great Divine Director, Archangel Michael and Faith, El Morya and the Seven Chohans of the Rays, to beloved Mighty Cosmos, the Five Dhyani Buddhas, the twenty-one manifestations of Tara, Padma Sambhava beloved Lanello, and the entire Spirit of the Great White Brotherhood and the world Mother, elemental life, fire, air, water and earth:

I call for divine intercession and the breaking of the curse of old oaths and vows that I may have made in past ages that have tied me into the consciousness of the fallen angels and the left-handed path. I demand the arresting of the spiral of all ties—conscious and unconscious—to all fallen priests, rabbis, nuns, spiritual leaders and purported healers, voodoo priestesses and black magicians to whom I have given my light and allegiance over the centuries. I demand the release from all such ties which have given them entrée into my psyche to place curses, spells, or hexes upon me, thereby locking me into their negative thoughtforms and patterns of thinking, controlling my energies and actions, and enslaving my soul. Free me from all patterns of obeisance to false gods, idolatry, imposition of belief systems upon me in the name of spirituality and given away of my own God power. Bind, consume and transmute the cause and core of any and all of these records and ancient ties once and for all.

I invoke the power of mighty Astrea and Purity's cosmic circle and sword of blue flame to encircle these grids and patterns of darkness, duplicity, deceit, deception, psychic projections, emotional riptides, aggressive mental suggestion and control; verbal curses, aura invasions, energy merging; disrespect and disallowing of my free will; malicious, ignorant, sympathetic, and delicious animal magnetism; and all forms of discordant or negative manifestations in my thought and feeling world. I ask for the removal of the false imposters, Kas, not-selves, or dwellers-on-the-threshold of anyone now attached to my energy field or seeking to enter therein. Remove all energy grids and matrices cast on my house and energy forcefield. I ask you to fully and finally break the curses that the fallen ones have placed upon me—cause, effect, record and memory back to my first embodiment in matter—and fill my life and home with only the illumined light of God.

Cut my soul free, right now today, to fulfill her dharma and divine destiny without any further interference and to serve only my Holy Christ Self. I ask this according to God's holy will. Amen
