## INVOCATION BY ELIZABETH CLARE PROPHET

### PARTICIPANTS:

[Electronic Presence of Saint Germain]

**Beloved Saint Germain and beloved Portia, come now and teach each one his personal sacred formula for self-transformation, for the movement of the mind, the will, the soul, the desire into a higher matrix of perfection ordained by God—and only ordained by Him. Accelerate the pinpoints of light within each one’s aura and in the very matrices that govern the aura!**

**Let there be change—hallowed, God-willed, and accepted by enlightened free will—among this company of lightbearers who keep the flame of the Goddess of Liberty, who hold that torch high that all might rise to that torch and through it discover the mighty Book of the Law—the Book of the Law that is written by the Christ Self of each one for that lifestream.**

**O God Our God, O manifest Holy Will through El Morya and through Saint Germain, touch these hearts! Expand the aperture of Selfhood!**

**Let the violet flame flow! And let there be a joy and a leaping of the self, rising to meet the Great God Self, rising by the sacred alchemy of change into a higher dimension of consciousness on behalf of all life.**

**O come forth, Lady Portia! Prepare now our souls to receive thy beloved, Saint Germain. In thy name, O God, I AM THAT I AM, let this noble servant now stand with us for the transformation of worlds within and worlds without.**

**In the name of the entire Spirit of the Great White Brotherhood and the unascended chelas of the ascended masters, I call. And I accept the answer to my call in this hour, O God, by thy love, hallowed as victory in our life. Amen.**

[I Invoke Constructive Change]

In the name of the I AM THAT I AM, I invoke constructive change! I command in the name of the Lord—the Lord Christ who is Lord of this temple, the I AM THAT I AM whose Word He is incarnate—the alchemical precipitation of the gifts and graces of the Spirit to *flow*, to endow the blessed son with the qualities of the Christ, therefore making that son in me and in each and every one more capable as a spiritual alchemist and more integrated with a universal plan!

In the name of Almighty God, I invoke the right motive for change within the hearts of these devotees of the sacred fire. O fiery salamanders, purge now the hearts! Purge them now, beloved mighty seraphim! I call for the release of the seraphic science, whereby each one who desires to know enters into the Divine Theosophia.

Let the wisdom of Mother manifest. Let those who would know be in the center of the fiery vortex of the Knower and the known, that true identity may be perceived, may be penetrated, may be precipitated from the soul unto the Christ Self, from the Christ Self unto the soul!

Saint Germain, in thy name I call! I call with great determination and love to your heart for a body of lightbearers to be accelerated for this transition into the golden age which shall surely come, for it is sacred prophecy of your blessed heart and the heart of beloved Portia.

Therefore, in the holy name of God, let the lightbearers be raised up! Let the 'stones' be raised up as the true descendants of Abraham. And let the earth accelerate in her coursing and in her cycles until purification does occur on a planetary scale in God's name, I AM THAT I AM.

[The Law of Alchemy for Sacred Change]

Almighty God, I stand before you clothed upon with Light. I am filled of Light—not of myself but by thy grace, O LORD. My sin is consumed— not of myself but by thy grace, O LORD.

And because I stand under the grace of the living God, therefore, in the name of his son Jesus Christ, I invoke the law of alchemy for sacred change in my life. And I know that the Law is infallible and that the love of

**my own Christ Self will direct, by the accord of my free will, the highest and most perfect change for my life as a servant of God.**

**Before the altar of the great Master Alchemist Saint Germain we come for the acceleration of our God-mastery of the control of the human aura by the divine aura.**

**AUM**

**[Invoke the Cloud]**

**In the name of the Mighty I AM Presence, I invoke the cloud. I invoke the cloud of Saint Germain. I invoke the cloud of infinite energy descending from our own God Presence!**

**[Seraphim Reinforce the Creation of the Cloud]**

**O mighty seraphim of Life, now manifest where I AM! In the name of Serapis, in the name of Serapis Bey, in the name of the Great Seraph—mighty Serapis! mighty one of God!—in the name of Jesus Christ, in the name of Justinius, captain of seraphic bands, I command: holy seraphim, enter this temple of being where I AM.**

**Stand where I AM. Stand where God is! Reinforce now the creation of the cloud—cloud of flaming sacred fire where I AM.**

**In the name of the Holy of Holies, in the name of the I AM THAT I AM, lo, I AM the cloud. Lo, I AM the cloud of the Lord God Almighty. And out of the cloud, the voice of God—the holy Word, the manifest Logos where I AM.**

**Mighty seraphim, I charge you in the name of God's holy will: Charge now every fiber of my being with thyself, with thy holy cloud, and with the true cloud of witnesses of thy holy bands!**

**Lo, I would stand in the center of the seraphim. And there I AM in the oneness of the will of God, the love of God, and the wisdom of God.**

**By thy leave and only by thy leave, O God—by thy Holy Spirit, by the Lord Maha Chohan and none other, do I take my leave to manifest the holy cloud.**

**Soul of God, in the name of the Almighty One, I command thee: Rise now by the shaft of Mother light into the secret chamber of the heart, into the white-fire core of being!**

**Enter the Holy of Holies. Stand before your altar. Bow now before your own blessed and beloved Redeemer, blest Christ Self, Holy One of Israel.**

**O LORD GOD, receive this blessed soul!**

**Soul of Light, bend the knee in reverence. Bend the knee and confess that this, the sacred Word within you, is the mediator of thy sonship. Confess that He is alchemist, He is scientist, He is the great harmony of God.**

**Embrace this divine lover of your soul. And surrender! O surrender, my soul, all resistance to the holy will. Amen.**

## **CREATING THE CLOUD**

---

---

**[This section is led by the Messenger as she directs you to create the Cloud.**

**Ends with “...Because God is where I AM—The Incorruptible One!]**

---

---

## **ASSIGNING THE CLOUD**

---

---

**[You may wish to continue your meditation during this Section, or you may choose to recite it with Mother using the power of the Word.]**

**Lord God Almighty, O Brahman, O Word, I direct—by the authority of the free will of God with which he has vested my soul, by the authority of my Christ Self and Mighty I AM Presence—that this cloud of infinite energy shall now be transferred in the most concentrated forcefield over the entire United States of America to the height of 20 miles over the earth.**

**From the earth, from the sea, high into the upper atmosphere, I AM now the authority of the white fire cloud in manifestation, spiritually. And by the nexus of the threefold flame of my heart, I AM commanding the crystallization of the cloud from Spirit to Matter.**

**Let this cloud of God consume now ten thousand times the weight of each particle of human creation, mass consciousness, and debris of the astral plane including all darkness, all fear, hate, anger, violence, lawlessness, rioting, insurrection, rebellion, anti-Americanism and strategies of anarchy.**

**I demand and I AM the release of the radiant cloud of energy that now occupies, by the Word of God, the entire forcefield of the United States of America.**

**By the authority of the seven archangels, I AM the multiplication of this cloud by the radiant cloud of energy formed by every ascended master, cosmic being, archangel, and angel of light within their own forcefield.**

**Lord God Almighty, multiply this, my manifestation of the loaf of God's being, by the many manifestations within cosmos! Let there be the concentrated cloud of the universal Spirit of the Great White Brotherhood over all 50 States in the United States of America.**

**Let it cleanse the aura of every city, town and area in the United States of America.**

**In the name of the Father, the Mother, the Son, and the Holy Spirit, we are establishing this cloud. And when this cloud does accomplish its perfect work by seraphic science, by billions of seraphic hosts, so let that cloud then be dispersed to an entire cosmos—as we send our greeting throughout universal space to all sentient life, to all life that is God-free.**

**Lo, I AM a son of God upon Terra! I welcome the light of every other son of God, of universes born and unborn, to manifest upon earth for the victory of the systems of worlds.**

**Lo, I AM THAT I AM. Amen.**

The zeal of the Lord will perform it! Say it!

**“The zeal of the Lord will perform it!” (3x)**

Do you believe it? **“Yes!”**

Then say it!

**“The zeal of the Lord will perform it!”**

Amen. **“Amen!”**
