Illumination—the Only Cure for Earth
We Shall Press Through for a Worldwide Awakening

Sarasvati is both Person and Principle. Sarasvati is in the heart of every one of you. I AM an Ascended Lady Master. I AM a Goddess. I AM a Principle. I AM the Counterpart of Brahma. Therefore, where Father is, there AM I, the other side of Father. I AM Sarasvati. I come to you, beloved, for the only cure for the earth in this hour is illumination—illumination that comes from the light of the Word and the delivery of the Word by right speech preceded by right mindfulness. I am sent to you by my Lord Brahma, who has said, O Sarasvati, now is the hour for the appearing of dazzling knowledge, the power of the might of purity multiplying illumination's flame. Go forth, then! Go forth, then, with Lakshmi and multiply thy powers and the powers of the Divine Mother Durga and Kali. And, therefore, penetrate the sheaths of the four lower bodies of the earth with knowledge, with Light, with brightness of the spiritual cosmos.

OPENING INVOCATION

Violet and Gold Increase on the Planet....

In the name I AM THAT I AM, I command Lord Sanat Kumara, in the name Brahman to take command of our earth. Let the sacred fire flow... Let the Golden Flame of wisdom and peace saturate the earth!

Light, increase! (4x) Light! (40x) Light, increase! (4x)

Angels of infinite love, pour thy substance through my flesh form! Wash, cleanse, and remove the shadows! Flame of illumination from the God and Goddess Meru at Lake Titicaca, blaze through our minds the purifying power of the violet transmuting flame—violet and gold!

Violet and gold, increase! (7x)

Let the substance of the divine essence flow over the pia mater and the dura mater! Angels of the sacred fire, place thy hands, now, upon the heads of receptive individuals and let this flow now remove the cause, effect, record and memory of all fear and fear substance, shadow and resistance to the acceptance of the perfection and purity of the Law.

Let the violet flame blaze through the crown chakra! Let it purge the body! Let the sacred fire of our minds contact all parts of the known and unknown universes and beyond into the Spirit cosmos. Open the mind to God's Mind and see how the quickening of the crown chakra will come!

I invoke the violet flame to clear the way for the absorption of illumination by all people of earth.

Let the weight of planetary ignorance go into the violet flame!

Let the weight of ignorance that is upon each and every child of God go into the violet flame!

Raise up the evolutions of our earth. Reach down into their human consciousness with all of its density, with all of its suffocating conditions, and put their feet firmly on the path of the ascension, their road home to God.

Sarasvati and Lakshmi, press through the earth by the fire of Kali, by the power of the deep blue of the cosmos, by the Ruby Ray, by the power of the purple and the violet flame—press through in this hour. As your instrument, I have such a desire for true illumination of a spiritual nature as to produce a worldwide awakening to the spiritual path of the entire Spirit of the Great White Brotherhood.

Angels of the sacred fire, bear these tidings of great joy, peace and illumination to all people throughout the world in the holy name of freedom.

Let this action be sealed in the ruby cross and the flame of the Ruby Buddha. Amen.

HINDU PRAYER & CHANTS TO GODDESS SARASVATI, THE BESTOWER OF LEARNING

The Goddess Sarasvati is universally recognized in Hinduism as the Goddess of learning and knowledge. Students in any and all fields of learning pray to Sarasvati for success in completion of their studies. The Divine Mother in her manifestation as Sarasvati is the shakti of Lord Brahma, the creator. He is the Divine Lawgiver, the source of all knowledge. Sarasvati represents the union of power and intelligence from which organized creation arises. She represents speech, the mechanism or divine energy with which Brahma created the universe. Together, Brahma and Sarasvati are the embodiment of cosmic force.

Salutations to the supreme Goddess Sarasvati ... whose face is fair as a jasmine flower, luminescent like the moon and delicate as a snowflake; who is dressed in brilliant white garments; and holds the musical instrument in her hands to bestow boons to her disciples as she sits on her white lotus throne.

O blessed Sarasvati, consort of Lord Brahma, be unto me a kindling flame! Kindle my desire for the knowledge of God, for the knowledge of what is truly transpiring in the earth; especially, all of the trespasses that are made against the children of the Light. I AM ready to pursue with you the opening of the crown. Reveal to my inner eye the shafts of golden yellow light, crystallized as glass, as crystal itself, penetrating through layers of density. And as I intone the sacred word of your being, assist me in the raising of the Light of the Goddess Kundalini from the base-of-the-spine to the crown. Build around me a nucleus of golden-yellow white fire.

AIM..... (3x)

OM AIM SARASVATI NAMAHA (5x)

Let the clarity of the mind of Christ—the dazzling brilliance of illumination that comes from the light of the living Word—flow!. O Mind of God! Let it descend! Let it descend everywhere. Let now be the hour for the appearing of dazzling knowledge, the power of the might of purity multiplying illumination's flame. Penetrate the sheaths of the four lower bodies of the earth with knowledge, with Light, with brightness of the spiritual cosmos. Pierce the many veils that hang as shrouds upon our brains and minds. Impart clarity of thinking, of seeing, and of feeling to the lightbearers of our planet.

I claim the mantle of Goddess Sarasvati! And as the hands and feet of Sarasvati in the physical, I call forth from her heart, in this hour, ILLUMINATION, the only cure for the earth.

Come forth! Come forth with Lakshmi! Multiply the powers of the Divine Mother Durga and Kali that illumination's golden flame will touch the people who are in control of governments; those who teach the minds and lives in the schoolrooms; those who are in control of men's destinies, that they may be made aware by the angelic host of the awesome responsibility which they hold. Let golden rivers of illumination flow from the throne of God! Let rivers of light inundate consciousness and clear the way for the true teachings of the law! Let the four lower bodies of terra be cleansed and purified!

Praise be to Sarasvati, Lakshmi, Kali, to Durga—Shatter the knot of ignorance that binds!

HRIM KLIM CHAMUNDAYE VICHE (5x)

Let Wisdom open the door of cosmos that the Divine Mother in her multiple manifestations is here, there and everywhere; that the Divine Mother may shower all with blessings that all may be happy, that all may all enjoy health and freedom from disease, that all may all enjoy prosperity that none may suffer, that all may have the strength to sustain ourselves. We accept it done, as it is already done, according the direction of our Holy Christ Self. Purusha... Amen.

BUDDHIST PRAYERS AND CHANTS TO LORD MANJUSHRI, BUDDHA OF WISDOM

In Buddhist teachings, Manjushri is the Bodhisattva of Wisdom. Wisdom is wise dominion—of yourself, your aura, your entire being, and of all affairs that are entrusted to you and of all individuals who come under your care. In 1994, he counseled us: “You Have the Mind of God! Light the Way! Be Lamplighters in the Earth! This Is Not the Age of Do-Nothingness: This Is the Age of Accelerated Doingness...”

Preamble:

Obeisance to Buddha Manjushri, who holds to his heart a scriptural text, symbolic of his seeing all things as they are; whose intelligence shines forth as the sun, unclouded by delusions or traces of ignorance; who teaches in sixty ways with the loving compassion of a father for his only son all creatures caught in the prison of samsara, confused in the darkness of their ignorance, and overwhelmed by their suffering. We beseech you with the loving kindness of your omniscient light rays—roar like a dragon, wake the lightbearers from the dark sleep of afflicting emotions, freeing them from the iron shackles of ignorance and karma.

Ommmmmmmmmmmmmm... Man-ju-shri.....(9x)

Give this preamble, then intone Manjushri's manta Gate Gate Paragate Parasamgate Bodhi Svaha, invoking the wisdom of the Prajna Paramita scriptures. It means "Gone, gone, gone beyond, gone wholly beyond—Enlightenment, hail!" or "Proceed, proceed, proceed beyond, proceed completely beyond—be founded in Enlightenment!" This propels us beyond illusion and the illusory self into REALITY...

Preamble:

O compassionate Manjushri, you, who has been pure from the beginning. You, whose princely body is adorned with the one hundred and twelve marks of a Buddha; who has completed the stages achieving the highest perfection of a Bodhisattva; whose dragon-thunder-like proclamation of Dharma arouses us from the stupor of our delusions and frees us from the iron chains of our karma. Light the way for me! Light the way for others to give the great gift of enlightenment to the many. Propel us beyond illusion and the illusory self into Reality and the Real Self. Bring our earth from dark to LIGHT!

GATE GATE PARAGATE PARASAMGATE BODHI SVAHA (9x)

Let us give the preamble and then intone Manjushri's manta Om Wagi Shori Mum which increases the effectiveness of communication and your ability to deliver the Word. It means "Hail to the Lord of Speech!" Manjushri is known as the Lord of Speech and is revered as a master of eloquence.

Preamble:

O blessed master of wisdom's flame, Lord Manjushri, you who are the embodiment of transcendent and perfect wisdom, saturate me with illumination's flame! Bless and empower me with the all-pervading light of the sun whose radiance will dispel the obscuring clouds of ignorance, revealing the wisdom and clarity of my awakened nature. Clear away the darkness of our ignorance and cut through all wrong views! I appeal to you for intelligence, wisdom, mastery of the Teaching, and the power of exposition, eloquence and memory.

OM WAGI SHORI MUM (9x)

Manjushri mantra is chanted for both inner wisdom and worldly knowledge. Let us give this preamble and then intone Manjushri's mantra Om Ah Ra Pa Tsa Na Dhiih, which can be given to help develop wisdom, memory and the understanding of the scriptures.

Preamble:

O Enlightened One! Lord Manjushri, wield your flaming sword of wisdom, a “sword of quick detachment” to hew down suffering wherever its sprouts appear. Let the brilliance of your wisdom, illuminate the darkness enclosing my mind! Enlighten my intelligence and wisdom so that I may gain insight into Buddha's words, the teachings of the Ascended Masters, and the texts that explain them.

OM AH RA PA TSA NA DHIH (9x)

Let us give this preamble to Manjushri and chant the final syllable of his mantra, Dhih. Dhih is Manjushri's bija, or seed syllable. The essence of a cosmic being is concentrated in his bija.

Preamble:

O Brilliant Buddha, Manjushri, I ask for your courage and insight so I too may perceive directly, instantaneously and completely the nature of reality. Beloved Manjushri, take me to octaves of Light! Open the door of cosmos that I may put on luminous robes, robes of self-knowledge--and bathe me in illumination's flame that I may know the way to accomplish all things and deliver the earth unto the heart of God.

DHIH.....(9x)

20.00 INVOCATION OF ILLUMINATION

Solar Logoi implant the Rod of Cosmic Illumination... July 6, 1975

Apollo and Lumina are guardians of the Cosmic Christ consciousness. The Elohim of the second ray assist those who desire to know God through the mind of the Son, the second person of the Trinity. For the Elohim of the second ray, all is “the instantaneous precipitation of the mind of God. And never more did we need their assistance as the hour is urgent for earth! Lightbearers need to awaken to the deceptions of the antichrists.... The Lords of Karma told us a tremendous momentum of cosmic Christ illumination is required to save the lightbearers... This is why our beloved Elohim Apollo came to Shasta 1975, where he announced that the Solar Logoi had come to implant a rod of yellow-diamond light from the Great Central Sun for “the stepping up of the mind of humanity... [that] by their free will, lightbearers may use this rod to enter a new era and a golden age.”

In the name of the Seven Solar Logoi and the Seven Holy Kumaras, I speak by the authority of the Word, which I AM—and send forth Living Fire to light and illuminate the world. I decree that I AM Life! My words are Life which I AM sending forth! That is Energy, the Energy of Light and of the Universe to amplify, reactivate and intensify the dispensation of Apollo and the Solar Logoi granted at Mount Shasta on July 6, 1975. O lightbearers of earth, souls of the seed of Light, choose ye this day to employ this increment of Light that is the seed of Alpha, a rod of cosmic illumination, to enter a new era and a golden age! **Elohim Apollo and Lumina!** (3x) release an increment of Light that is the seed of Alpha, a rod of cosmic illumination, to raise the fires of awareness, to increase the penetration of the Infinite One for the elevation of consciousness and for the centering of that consciousness in the crown. Send forth the sacred golden fire of God's wisdom for the quickening of the crown chakra, for the education of the heart and mind and soul of the youth of the world! **Whirl the light of Alpha and Omega!** (3x) at the point between the pineal and the pituitary gland,

giving birth to a spherical awareness within the inner brain—to activate and intensify the action of golden Christ illumination through our crown chakras and the crown chakras of the lightbearers of the world. And let this rod of yellow-diamond Light pulsating within the brain and the crown chakra turn around all Luciferian implants. Let this pulsating rod restore the Mind of God in the I AM Race. Let the thousand-petaled lotus reign! **Elohim of God!** (3x) Seal the rod in the blue fire of Elohim for the protection of this dispensation of the Mind of God. It is done! In the name Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, Padmasambhava, Guru Ma and Lanello. Amen.

DECREE 20.01 - GOLDEN WAVES OF PEACE

Serapis Bey, Lord of the 4th ray, as the Spartan king Leonidas commanded the Greeks in their heroic stand against the immense Persian invasion at the pass of Thermopylae. At that time, it was a physical war against physical odds. Today, it is a battle of Armageddon against spiritual wickedness in high places of Church and State—the mind of God consuming the anti-mind, the greater Self consuming the not-self. On New Year's 1995, Serapis addressed the issue of war on earth, he said, "Will war ever end upon this planet, beloved? Will it ever end? It will not end until the 10 percent who are the remnant of the Lightbearers in the earth shall have purified their inner beings of the warring within. You must be done with the inner warring and you must have the breadth of consciousness to understand and admit that most people have that inner warring. Go after it, beloved, for it will disappear in the very flame of Serapis...." Disappear in golden waves of peace. Just as the physical flames of a blazing campfire engulf and consume the wood, so the flame of God-peace consumes all dissonance it envelops. See this flame of God-peace consuming all wars, both actual and those brewing; swallowing up the division amongst the lightbearers; and consuming even the warring within... Visualize yourself in the center of God's flaming Presence and feel yourself wrapped in His peace; enlarging the circumference of these flames of God-peace expanding out to encompass our entire planet earth... and beyond...

In the stillness of the night, in the flame of Serapis, let the flame of peace descend! Beloved Kuthumi, let peace descend from your heart! Pour out the momentum of your embodiment as Saint Francis to convey the comforting aspects of the Holy Spirit throughout the earth. Radiate ribbons of Cosmic Christ peace over the entire earth as a network of the Christ consciousness. Let God's peace flow throughout terra like the wind rustling in the trees, so our planet becomes one with the Spirit, hence one with all life that proceedeth therefrom.

I pray to the Holy Spirit for peace that knows no bounds, to leave an indelible imprint upon the consciousness of mankind and elemental life. I speak by the authority of the Word, which I AM; and declare an end to war. Let all wars cease! Let lightbearers of the world stop the warring in their own members, purify their inner beings, and become messengers of peace. I command peace to *flow* from the heart of God! I command war to cease in the name of God! And let all who persist in war be consumed by the fires of peace. In the name Jesus Christ, Peace, be still!

Let blessings of eternal wisdom flow from that wondrous fount of God's flame of illumination to comfort every heart upon the planetary body. Let the entire cosmos be exalted by the buoyancy of Divine Wisdom and peace. I send forth this brilliant flame of God-peace, as the beacon of a lighthouse flashing from my crown chakra—shedding the radiance of the Sun that the I AM Race be DIVIDED NO MORE!

Therefore, I affirm:

- I AM one with all my brothers and sisters of light. Peace be unto you.
- I AM, We Are—the Light of God that always prevails.
- I AM, We Are—the Antakarana of the Almighty's Light to the Earth.
- I AM, We Are—One Spirit, One Mind, One Body.

Seal us in the invincible light of the Mother. Seal us in the flame of Siddhartha Gautama, as his example Sumedha—the story of the soul becoming the Buddha, the acceptance of our God-ordained responsibility and destiny to be the Buddha. In the Spirit of Infinite Peace—what One has done, all can do! Peace be forevermore in the flame of Buddha. *Pax vobiscum*, peace eternal.

20.02 BLAZE ILLUMINATION'S FLAME THROUGH US

Sacred Opportunity to Receive Illumination from the God and Goddess Meru 12-22-73

The God and Goddess Meru are sponsors of education, advanced learning, the acceleration of the mind, the heart, the soul and the full development of the potential of the unborn child and all children as they mature. Their vast retreat, the Temple of Illumination, is located over Lake Titicaca, high in the Andes mountains on the Peru-Bolivia border. God and Goddess convey that they are cosmic beings who ensoul the God consciousness of their office. Goddess Meru brought forth a spectacular dispensation in 1973 that we should not lose sight of, telling us, "Of the many lectures and addresses that the God Meru and I have given before multitudes on the etheric plane, there are specific ones that may be heard by you if you but make the call and the attunement. It is as though you were to take a tape recording of one of your messengers' lectures, to play it back and to hear it. So you can, by tuning in to our retreat, receive these lectures that we have given. ...For if you so desire, and if you make the invocation each day, all through your life, you can be receiving the words of the God and Goddess Meru into your etheric body."

Thou Infinite, Mighty, All-powerful, Active Presence, God--Thou Mighty 'I AM' Presence, Creator of all that is, always Majestic in Thy Conquering Presence, I ever grow in deeper praise! Thanks and gratitude to Thee for Thy Life, Light, Love and Intelligent Power manifest everywhere in the Universe! God and Goddess Meru, let the Golden Flame of illumination sweep o'er the earth and inundate all with the holy fires of the opportunity to become a golden living sun—a Christed One. Raise the consciousness of the I AM Race to the awareness of the Mind that was also in Christ Jesus that we might receive wisdom at the hand of the Mother. Raise us in vibration that we can be attuned 24 hours a day to the electronic presence of the God and Goddess Meru, Casimir Poseidon and beloved Guru Ma and Lanello, and all who serve in the Temple of Illumination at Lake Titicaca. I implore the 100% reactivation and amplification of the dispensation of the Goddess Meru given on December 22, 1973 from "A Fiat of Solstice: A Petition for Quickening and for Judgment," to be activated within the lightbearers of earth, within our entire consciousness, being and world. Let us receive into our etheric bodies, the words of the God and Goddess Meru from the many lectures and addresses that they have given before multitudes on the etheric plane. Convey this information to us for the education of our lifestreams, as a nonstop inner-level recording playing 24 hours a day, 365 days a year—an unending message all through our lives—as though we were to take a tape recording of one of the messengers' lectures. Release to me the full-gathered momentum of God Meru from Lake Titicaca. Help me to draw forth into my waking consciousness the knowledge of the practical implementation of these teachings on the physical plane!

I give praise and gratitude for this sacred opportunity, an opportunity that ought not to be taken lightly or forgotten, and as the Goddess Meru has suggested, I should make the call before retiring at night and before getting out of bed in the morning for the continuing release of wisdom from the heart of the God and Goddess Meru.

20.04 CALL FOR ILLUMINATION

Sponsoring Youth—The Passing of the Torch of illumination

The Sponsors of Youth are twelve cosmic beings from the Great Central Sun who have been answering the prayers of mothers, fathers and sponsors of youth for aeons. The youth are the FUTURE!... It is the children who will bring in the Golden Age; and unfortunately, the state of youth today is at one of the lowest points since the days of the fall of Atlantis.... In fact, it was the desecration of the flame of holy youth that resulted in the ultimate judgment of Almighty God upon the people of that lost continent. If we neglect the child, we are neglecting the Christ within a very special person—so warned The Sponsors of Youth. This is why we need to keep a daily vigil for our youth, like Clara Louise Kieninger, now an ascended lady master, who kept the watch for the youth of the world. She would start her prayers at 3 or 4 am in the morning; continuing even sometimes until noon. The result, she recounted in a dictation was that many were raised up by her prayer; in fact, as she gazed out at the conferees, she said, “I see so many among you for whom I did pray in this my final incarnation, and I would tell you that it is clear in the record that my prayers did make the difference in your entering the Path.” So many of us may be in this ascended master activity, today, due to her prayer work.... “Pray and pray—and pray on your knees if you must,” say The Sponsors of Youth, “keep a vigil of prayers to the heart of the Divine Mother and the Immaculate Heart of Mary, and to all hosts of the LORD that you can name. Turn off your TV sets, deny yourselves fictionalized series. Keep abreast of the news, stop watching those series, use all of your free time decreeing for the children from birth to age thirty-three. Keep that prayer vigil!

Come! Great Masters of Wisdom, Sponsors of Youth from out the Great Central Sun! Come, Mother Omega, Goddess Sarasvati—great bestower of learning, Lady Master Clara Louise, those serving under the office of The World Teachers, Ascended Master Youth Rex and Nada Rayborn, Pearl and Bob Singleton, the twenty-five thousand ascended master youth from Venus. Come to sponsor and raise up the children of earth and young people everywhere. Come to sponsor the education of souls in the Christ light at every level, from preschool through primary and secondary education to college and university levels. Overshadow, guide and inspire the teachers, and those who teach the youth in every nation on earth. Goddess Sarasvati, bring out the best in everyone and of society. Bless the youth! Inspire and guide all students and the youth of the world to increase their academic excellence and creativity. O Divine Mother Omega, raise the Mother Light from the ancient continent of Mu! Raise the piercing ray of the ruby light sheathed in white fire that our earth may gain mastery of the physical octave to nourish the inception of the Golden Age. Blest Divine Mother, in all your resplendent manifestations, encompass all art, music, poetry, literature, education, morality, philosophy, science and technology to inspire the illumination necessary to produce the blessing of true culture, the Culture of the Divine Mother unto all people everywhere on planet earth. I call for the Torch of illumination charged with the vital fires from God's heavenly altar, as passed from Gautama Buddha through the hand of Clara Louise, for the illumination of the world's children. Let wisdom's flame burn brightly for the illumination of the earth; directing, hourly, your Illumination Flame into the minds, feelings and bodies of the youth of the world. God and Goddess Meru set aright education on our planet imparting to the youth, to their outer minds, the wisdom teachings of the ages.

20.05 LOTUS FLAME

Prayer to expand the thousand-petaled lotus flame

The Brothers and Sisters of the Golden Robe are an order of ascended and unascended beings headed by ascended master Kuthumi. They gather at Kuthumi's retreat in Kashmir, India called The Temple of Illumination, also known as The Cathedral of Nature. This order of illumination is intended to be the teachers of mankind; devoted to expanding the wisdom center in man, the thousand-petaled lotus flame of the crown chakra, on behalf of their brothers and sisters both in and out of embodiment. The

8 *Text taken from the words and concepts of the Ascended Masters in the Pearls of Wisdom published by Church Universal and Triumphant.

Cathedral of Nature has a library containing all of the books on the sacred mysteries—science, culture, and the wisdom teachings of the ages. The retreat also has a flame room, a sacred space, where the focus of the flame of illumination is guarded. This is where the masters, Buddhas and Bodhisattvas, and their disciples, come to sit in the lotus posture to meditate, pray and expand the action of God's Wisdom in and through the planet. To wear the golden robe of this Holy Order is a great opportunity and a great privilege. If you are interested in becoming a member of the Order of the Brothers and Sisters of the Golden Robe, you can apply directly to the Ascended Master Kuthumi by writing him a letter and asking him to receive you for training in his retreat in Kashmir. Then, burn your letter in a physical fire. Ministering angels will take your letter to the Master.

Descend, Great masters of Light, all Buddhas, Cosmic Christs and all Ascended and Cosmic Beings with the authority to release Sacred Fire, Cosmic Light, and Dispensations to the Earth! O Enlightened Ones, Brothers and Sisters of the Golden Robe, expand the thousand-petaled lotus flame of the crown chakra as the wisdom center in man—the Lotus Flame consecrated to the victory of the wisdom of the sons and daughters of God in this age. Expand, expand, expand and expand thy Buddhic consciousness within our hearts. Let the blessings of eternal wisdom flow from that wondrous fount of God's flame of illumination to comfort every heart upon the planetary body and exalting the entire cosmos by the buoyancy of Divine Wisdom.

I AM that buoyancy of Divine Wisdom. I AM the stillness of the Light. I AM the stillness of the Mind of God. I AM the perfect Be-ness of the Buddha within. And I AM the glory of the I AM THAT I AM. I AM the glory of the Son of God! I AM the glory of the Mighty I AM Presence! And I shed the radiance of the Sun to *charge* the earth with the illumination of the new age! I AM releasing golden light, wisdom, illumination, *and hope!* scintillating fragments, light rays, and infinity, wisdom, illumination and hope penetrating out from my golden heart for the transmutation of discouragement so that mankind no longer desires to return to the worldly life with its worldly living because they have found the fountain of youth, the elixir of golden liquid Light. And when it is drunk, mankind experiences the illumination of the Buddhic Consciousness, of the thousand-petaled lotus and thus enters into the knowledge of the Buddhas, enters into the knowledge of the Bodhisattvas—the instantaneous spherical awareness of what is and what is not, of what ought to be and what ought not to be.

Beloved Kuthumi, Brothers and Sisters of the Golden Robe and Masters of the Himalayas, train me on inner levels to become a world teacher—a teacher of mankind. Keep me in constant communion with the Order of the Brothers and Sisters of the Golden Robe so that all information necessary for the fulfillment of my divine plan will be released to my outer waking consciousness, as it is required. I thank thee and I accept it done according to God's holy will. AUM Buddha.

20.13 GOLDEN FLAME FROM THE CENTRAL SUN

Cassiopea is an Elohim of the Great Central Sun who holds a focus of great illumination on behalf of the Godhead. This cosmic being has come forth to assist the hierarchy in raising the consciousness of the entire planet in preparation for the golden age. The Great Central Sun, the Great Hub of the Spirit-Matter cosmos and all creation springs forth and is maintained from this point of the universe. The color bands surrounding the Central Sun are the planes of God's consciousness; each band is a Light-emanation of the Universal Christ concentrating particular gifts and graces and principles of self-awareness in the Logos. When we call forth the golden flame from the great central sun, we are calling for the God-qualities of Christed illumination, God self-awareness, humility, Divine Logos, divine reason, wisdom as wise dominion, understanding, cosmic consciousness, discrimination between absolute good

and relative good and evil, right knowledge, intelligence, resourcefulness, open-mindedness, perspicacity, and perspicuity... These qualities of illumination are stepped down and released to our earth by cosmic councils of ascended masters, etheric retreats of the Great White Brotherhood, and cities of light on the etheric plane. In these etheric cities, the golden age does reign in present times. The Etheric Retreats anchor one or more flames of the Godhead, as well as the momentum of the masters' service. These flames of the Godhead can be invoked by us to release increments of energy to a planet and a people.

Mighty Cosmic Beings in the Great Central Sun, Elohim Cassiopea, Lord Maximus, the Twelve Solar Hierarchies, all who serve in the Cosmic Councils throughout the Earth—the Council of Paris, the Indian Council, the Arabian Council, and the Darjeeling Council; all Ascended and Unascended Saints, Masters and Adepts of God in the Brotherhood of Mount Shasta, the Brotherhood of the Andes, the Brotherhood of Truth, the Brothers and Sisters of the Golden Robe, the Diamond Heart, the Blue Flame, the White Robe, and the Indigo Cape, be with us in this hour! Our hearts rejoice at your presence here! Pour out thy substance to one and all as we implore the release of tremendous tides of illumination, the full-gathered momentum of all Flames, Powers and Activities of the Second Ray from the Great Cosmic Temples, the Etheric Cities of Terra, and Retreats of the Great White Brotherhood including The Temple of the Sun over Manhattan; the Victory Retreat in the sun of Helios and Vesta; the Liberty Flame in the Washington monument; The Temple of Illumination of the God and Goddess Meru at Lake Titicaca; the Royal Teton Retreat of Lanto and Confucius; Maitreya's retreats in the Himalayas and over Tietsin; Djwal Kul's retreat in Tibet; Jophiel and Christine's retreat near Lanchow, China; the Cathedral of Nature in Kashmir in India; the retreat of Apollo and Lumina over Germany—answer our calls in this hour to blaze forth thy beauty and thy illuminating power to raise the consciousness of the entire planet in preparation for the golden age; bringing Holy order to our planet and its evolutions; liberating the Christ consciousness of individuals, cities, and nations.

I demand the Mind of God take command over all activities that are vital for the evolution of lightbearers and the entire Earth NOW! (3x)

Let this be for the tangible manifestation of the Golden Age on Terra. Amen.

20.14 GOLDEN VICTORIOUS LIGHT by the Cosmic Being Victory

Victory's Dispensation "Illumination's Power Restored" 7-4-88

Mighty Victory is a cosmic being from Venus whose devotion to the flame of victory for more than a hundred thousand years has given him the authority over that flame through vast reaches of cosmos. His love of the victory of the Christ and the potential victory of those evolving upon earth was the keynote of his response to Saint Germain's call for cosmic assistance to the earth in the 1930s.

O golden victorious flame of the God consciousness of the Second Ray in the Guru-Chela relationship: I AM Victory, Victory, Victory in the Three Jewel of initiation—the Buddha, the Dharma, and the Sangha. I AM Victory and I AM determined, together with Mighty Victory, to see to it that I am not left in the ignorance and twilight zone of a world that is neither here nor there. I AM here with Mighty Victory and we are in the center of a sun of Being to see to it that in the permanent seed atom of my being there is that nucleus of the rod of illumination's flame, that it shall develop, that it shall be connected to the electronic and electromagnetic field of the aura of the Great White Brotherhood and that I shall endure as an integrity—as an integral individuality in the Divine Whole of God, even through the sun of yellow sphere of my own causal body of light. I call forth the arc of the seven stars that does appear in the heavens as the

sign of the coming of the Seven Solar Lords, the Solar Logoi, the Holy Kumaras. And I accept the opportunity from Mighty Victory to so increase in wisdom that the very momentum of the crown chakra itself shall magnetize the Buddhas and raise up the Mother in me to fetch a starling to become a star. Seven Holy Kumaras, Eternal Youths, seal the Cosmic Christ protection and reverse the clock in every Lightbearer, for Victory's hours are not counted.

20.15 DECREE FOR BROTHERHOOD

Prayer for The Great Awakening of Humanity... *Transform our earth ...from dark to Light*

Elohim Peace and Aloha embody the virtues of brotherhood, ministration and service on behalf of all life. We can make the call to be taken to study at their retreat called the Temple of Peace, located in the etheric realms over the Hawaiian Islands. Jesus studied at this retreat, and the Elohim Peace has revealed that many of the sayings of Christ Jesus came from him.... The golden flame of illumined action merged with the purple flame of freedom brings forth the sixth ray of ministration and service. This ray brings out the qualities, within us, of peace, brotherhood, the true ministration of the Christ and the desire to be in the service of God and man through the mastery of the Christ consciousness.

I AM one with all my brothers and sisters of light; and all that I AM is theirs.

I AM come to stop the children of the Light from being divided.

In the name of my Holy Christ Self and twin flame, I offer the light of our causal bodies this day for victory over anti-Community forces, over the forces that would separate the chelas of the Sangha of Lord Buddha.

May the love which is in my soul pour forth to them.

May the strength which is in me lift and aid them.

May the thoughts which my soul creates reach and encourage them.

I AM one with all my brothers and sisters of light and as that one body of God physically embodied upon Terra—I, we as brothers and sisters of light, declare:

The earth is the LORD's and the Fullness thereof! (3x)

By the authority of my Christ Self, I AM releasing the decree of The Living Word to descend for THE GREAT AWAKENING of humanity!

Transform the maya of illusion into the omniscient awareness of the Buddha! Let the dark night of ignorance become the daylight of the golden oil of wisdom's flame. Transform the earth *from dark to LIGHT!*

Let THE GREAT AWAKENING bring awareness to the children of the Light regarding the divide and conquer tactics of the fallen ones.

By the authority of my Christ Self, I declare, WE THE PEOPLE will be divided no more! by all the powers of Heaven, bring us together as one strong body of God in the earth to overturn the evil that infects our world.

WE THE PEOPLE, the brothers and sisters of the Light, have the power, have the scepter of authority. And, by that scepter, I command that the I AM Race be divided no more! divided no more by race, divided no more by religion, by culture, by class or by political affiliation.

Almighty God, deliver us *from dark to LIGHT!*

Permeate terra with the concept of universal Brotherhood. Express divine love, wisdom and power in every relationship through compassion, mutual respect and goodwill.

I AM enshrining the individual peoples of the earth in their individual communities and I AM seeing the vision of these communities happen over and over again until the islands of lightbearers finally join and create a vast continent of lightbearers.

I say, America, Awake! I AM THAT I AM! This is why I have come. I come to heal division in our members. I come for the unification of hearts—hearts One in God and unified in embodying the Light of the LORD Sanat Kumara!

Lo, I AM THAT I AM the Oneness, the Oneness, the Oneness of the Community, of the Teaching outpictured, delivered as example. I AM the Presence of the Buddha and the mantle of the Buddha upon the witness of the eternal Guru in the midst thereof.

I shed this radiance of the Sun to go forth to bless all mankind that Almighty God deliver us *from dark to LIGHT!*

Thus, I bow to the Buddha within each one. It is done. It is finished. I AM the sealing of the Community of the Holy Spirit, the Mystical Body of God on earth, in the Love bond of Lord Gautama Buddha.

Praise the Lord, I AM THAT I AM, Sanat Kumara!

DECREE 20.19 LANTO'S PRAYER

Beloved Lord Lanto, Chohan of the second ray, is an ascended master in whose presence the sublimity of the mind of God can be touched and known. He teaches us the path of attainment through enlightenment, definition, and dominion in the crown chakra; and is dedicated to the perfectionment of the evolutions of this planet through Cosmic Christ illumination. Lanto told us on April 29, 1973, "I trust that you shall write down this prayer [now called Lanto's Prayer] ere you leave this class, and clasp it to your heart and say it often each day, that you might have the momentum and the mantle of my ray. Light a candle in the night and consecrate the fire to the fires of the sun, to the holy aura unfolding in each one." -POW v16 n21

Beloved Archangel Jophiel and Christine, create a maximum forcefield of illumination for us to receive the universal Christ of Lord Lanto, Jesus, Kuthumi, Maitreya, Gautama, Sanat Kumara and the Seven Solar Logoi. By the Word of Lord Lanto, I hold with mighty firmness the Invincible Awareness of my Mighty I AM Presence that by Conscious Command I may forever remain free of any intrusion of destructive human creation. Mighty I AM Presence, take Command of me, my mind, my body, my home, my world. Take Full Charge! Command everything in Obedience to Thee, and pour forth Thy Mighty Energy, Thy Mighty Radiance, to produce Perfection in everything I do! In every thought I have! And in every feeling that passes through me! Charge it with Your Mighty Direction!

In the name of the Christ, I call to the Great Divine Director for the restoration of the right-mindedness of the Lord of the World, Gautama Buddha, to a planet and her people. Touch each one to receive the anointing for the hour of our victory. Let this blessing focus the radiation of the Buddha to counteract all that would deprive mankind of their enlightenment in this cosmic hour. I say, then, in this moment, that I will give this prayer of Lanto that this body of God upon earth shall withstand all onslaughts. Come forth in the wisdom of the Mother! Come forth in the wisdom of the Father! Come forth in the wisdom of the Divine Manchild! Amen.

THE GREAT DIVINE DIRECTOR

Arrest the Spirals of the Intent to Destroy Man and Society by Dethroning the Real Image

In the name of the Christ, I call to the Great Divine Director and the Lords of Karma for the arresting of the spirals of darkness, of deceit, of self-deception, of negative karma and of the betrayal of the Christ throughout my entire consciousness, being and world, in America and in every nation upon earth. Beloved Great Divine Director, *arrest the spirals* of the intent to destroy man and society through the dethroning of the Real Image—the Christ within. *Blaze* the light through all rituals and art forms and attempts to inject distortions into the consciousness of the people and capture their minds and emotions to divert their attention from the Presence. *Bind* materialism and dense desire. *Bind* human power, pride, prominence, miasma and mists, and divide-and-conquer tactics that lead souls to the lefthanded path.

VIOLET FLAME INSERT

A Tremendous Acceleration of my God-Mastery 7-4-88

I invoke the living flame of love from the heart of the Five Dhyani Buddhas—Vairochana, Akshobhya, Ratnasambhava, Amitabha, Amghasiddhi—as Cosmic Principles and Forces and Presences who do vow to be the ones to answer my call for God-Gratitude, God-Justice, God-Reality, God-Vision and God-Victory in the five secret rays. Come Padma Sambhava, Maitreya, Gautama, Sanat Kumara! Come Five Dhyani Buddhas. Through the heart of beloved Kuan Yin and Mother Mary, be unto me the deliverers of the violet flame, Mighty Cosmos' secret rays and the nine gifts of the Holy Spirit as I AM ready and able to receive them. Therefore, through the blessed Electronic Presence of Kuan Yin and Mother Mary around me, let there be a tremendous acceleration of my God-Mastery of the five secret rays, my development of my soul faculties and Christ and Buddhist consciousness even as I accelerate my preparation for the days ahead.
