

Pentecost Clearance and Celebration, Friday, Saturday, Sunday, May 26, 27, 28.

Focus on clearing and quickening of the **Blue, Yellow,
and **Ruby** Crosses—the Threefold Flame on the Cosmic
Clock--to prepare the personal and planetary Chalice for
the descent of the Holy Spirit on Pentecost Sunday.**

**"Love is the key.
Whatever else you
may develop or
acquire in this or a
thousand lifetimes,
without love—without
love in the
manifestation of the
power of the three-
times-three and the
nine gifts of the Holy
Spirit—you will not
fulfill your mission.
Be generous with love.
Give love daily. And
daily call on the law of
forgiveness for having
withheld love in the
forgotten past. In
addition, call on the
law of forgiveness on
behalf of those who
play the role of the
enemy. By your love
let the souls of all
people be converted to
the Path." The Beloved

O sweet intimations of the flame of the Holy Spirit, I bow before thy Light even as I AM thy Light. I bow before thy Master even as I AM thy Master. AM the Maha Chohan, so named the Great Lord, and I do preside over the Seven Chohans of the Rays. Each of these rays comes forth from the heart of the dove of the Holy Spirit. And that ray in manifestation to the planet is first and foremost the individualization of the God Flame by each of the Seven Lords.

...Thus, it is well to desire the Holy Spirit in each of the seven rays... Thus, in increments of sacred fire you do receive this Light. That which you receive you must keep and guard as treasure. ...Violet flame transmutation is the Holy Spirit's antidote to all opposites of the nine gifts. The Three-Fold Flame

"Each acknowledgment paid daily to the flame within your heart will amplify the power and illumination of love within your being. Each such attention will produce a new sense of dimension for you, if not outwardly apparent then subconsciously manifest within the folds of your inner thoughts. Neglect not, then, your heart as the altar of God. Neglect it not as the sun of your manifest being." M.L.Prophet and Elizabeth C. Prophet; The Lost Teachings of Jesus, Book Two, p. 83, 84, copyright © Summit University Press 1986

Description of the process of the Clearance – The Three-Fold Flame, the Three Crosses representing the Three-Fold Flame on the lines of the Cosmic Clock; Lords of the Seven Rays and the Great Lord, and the Hierarchs of the Spirit on the lines of the Cosmic Clock and the Gifts of the Holy Spirit

We can learn from the Lords of the Seven Rays, our mentors of the Spirit and the Solar Hierarchies who lead us on the paths of righteousness toward our soul's receptivity to the gifts of the Holy Spirit. We will in these next hours attune ourselves to them and ask them to assist us in expanding our receptivity to those gifts.

6:00 Line– HIERARCHY OF CANCER: Fourth Ray of GOD PURITY AND GOD HARMONY: Beloved Serapis Bey and the great seraphim and cherubim: Base of the Spine Chakra; Gift of the Holy Spirit – Working of Miracles

"Lord Serapis Bey, Chohan of the Fourth Ray of God Purity, hierarch of Luxor, initiator of the ascending ones in the applications of the sacred fire, architect of holy orders, the inner life, and golden-age cities, military disciplinarian of the forces of Light, Peace, and Cosmic Freedom. To the students who make it to Luxor, Serapis introduces himself with characteristic directness: "I am the hierophant of Luxor, Retreat of the Ascension Flame. I am known among the Brotherhood as the disciplinarian, and among my disciples as the fiery Master, and among those who have rejected the disciplines of our retreat by various and sundry names." P150
The Fourth Ray of Alpha and Omega embodies the quintessence of every other ray. It is the white on white that outlines Mother's many faces in all her sons and daughters. P 159

Beloved Serapis, great initiate of the Mother flame, administers the gift of the *working of miracles*--Mother's miracles--to the Lightbearers of earth. This gift, in order to be received, requires utmost Love; for only Love begets self-discipline in the sacred fire that is neither brittle nor fanatical nor self-demeaning. The abundance of every good and perfect, miraculous gift of God is derived from the white light of the Mother, whose sacred fire breath is at the heart of every atom and sun center. Intense devotion to the Presence of God will result in the natural bestowal of the gift of miracles. Lord Serapis Bey says that he gives us this prayer to sustain us through the rigorous initiations of the Fourth Ray": p. 160

"Even so, come quickly, Dearest Mother, to liberate our souls forever from the bondage of the senses, the illusion of time and space and the violators of thy Word incarnate in our souls! "I summon that Flaming One, as I AM the Flaming One, as I AM in the heart of the flame, to clear the way by love, by accentuating the ruby ray for these souls of light to be cleansed and washed of all human hatred--the hatred of the Mother and her seed, the hatred of the Self who is God, the hatred of the soul who is in the process of fusion with God. For this hatred will deny to the individuals who retain it the fullness of the blessing and the bliss of entering into the union of the Holy Spirit with the Cosmic Virgin.

"Love is the key. Whatever else you may develop or acquire in this or a thousand lifetimes, without love—without love in the manifestation of the power of the three-times-three and the nine gifts of the Holy Spirit—you will not fulfill your mission.

Be generous with love. Give love daily. And daily call on the law of forgiveness for having withheld love in the forgotten past. In addition, call on the law of forgiveness on behalf of those who play the role of the enemy. By your love let the souls of all people be converted to the Path." This which I call forth for myself I call forth for all mankind, the elemental life and the earth body. In accordance with the will of God, let it be done! Amen.

10:00 Call 1: Beloved Lord Maha Chohan, assist us to overcome all patterns of misuse of the Third-eye chakra of God Vision, Truth, Science and Healing, all vibrations of selfishness, self-love, physical self infatuation and idolatry.

10:00 Call 2: In the name of my mighty I AM Presence and Holy Christ Self, I call for the fiery essence of the sacred fire breath to go forth and draw off and transmute all accumulations of negativity around my third-eye chakra, all vibrations of selfishness, self-love, physical self infatuation and idolatry.

Prayer to the Holy Spirit

Come Holy Spirit, Lord Maha Chohan,
Into my heart, my mind, my soul,
All of my being and consciousness.
Infuse me with your gift, Free Will,
And show me how you would have me use it.

Purge me of all misuses of the 5th Ray and
the third-eye chakra, all vibrations of selfishness,
self-love, physical self infatuation and idolatry.
everything that takes me away from you.
Remain with me all the moments of my life
And grant me the grace never to depart from thee,
My Love, My All.
Oh Thou Great Comforter and Lover of Souls,
Comfort and love all of the children of light,
Especially those most in need.

Yet, not my will, not my will,
not my will but thine be done.
Thou the all, I the nothing, Thou the all,
I the nothing, Thou the all, I the nothing.

The Five Secret Rays

6:30 - Secret Chamber of the Heart

The secret chamber of the heart is in and behind the heart and so is sometimes referred to as the antechamber of the heart. It has eight petals that are golden pink, white, pink, rose, and ruby. This chakra focuses the 8th ray of integration. Thus, it is all seven of the rays in integration. Expressions of the 8th ray include, integration, wholeness, balance, togetherness, unity, community, comfort, enlightenment, and breath of life. Since this ray is only accessed with mastery of the other 7 rays it cannot in itself be misused. Lack of this ray can be expressed as fragmentation, separateness, loneliness, or disunity.

The secret chamber of the heart is multi-dimensional and within it is a flame with three plumes, blue, yellow and pink, representing, Father, Son, and Holy Spirit, the three aspects of God. These spring from a white, iridescent base, representing the Mother aspect of God. Thus, we have God in our hearts, an actual, literal spirit spark of God's own being and the facets of that being..

In a discourse on the threefold flame and the secret chamber of the heart, the Ascended Master Saint Germain refers to the secret chamber of the heart as, one of the choicest gifts of God. He says that, within it there is a central chamber surrounded by such light and protection that it is called a "cosmic interval." This chamber is separated from matter, and occupies simultaneously not only the third and fourth dimensions but also other dimensions not known to the human consciousness. It is the connecting point of the silver cord of light that descends from your God Presence to sustain the beating of your physical heart, giving you life, purpose and integration with all of cosmos. By thy sacred fire consume in me
the poison of all anger and hate and hate creation!

Third Secret Ray Chakra 9:30 Ratnasambhava

By thy sacred fire consume in me
