83.00 O Light of Joy from Out the Great Central Sun

O light of joy from out the Great Central Sun, increase and intensify joy within these blessed hearts who serve in love, who live in love, who sacrifice in love, who surrender in love, and who are selfless in love.

O joy of Sanat Kumara, burst now within our hearts. Joy of Sanat Kumara, burst as the sacred fire of eternal life. For when we have joy, O God, we have already entered into the mainstream of thy eternal life.

Legions of joy from out the Great Central Sun, kindle now these flames. Elohim, kindle now these flames burning upon the altar of our hearts. Kindle now the joy of life.

O Light, multiply light. O Joy, multiply joy. Love, multiply love, and prove the Word that I AM. For by that Word is the measure of the Son of God and this is the life everlasting. And this is the living witness of the sons and daughters of God that the Word that is within them doth multiply all substance of Almighty God.

Therefore by thy Word, O God, multiply our joy, multiply our light, multiply our love, multiply our consciousness of the Father, I AM THAT I AM, of the Son, the blessed Flame of Life, of the Holy Ghost, the breath of thy Spirit. Multiply the energy of life pulsing now as Mother flame.

O Word that is within us, multiply the God that I AM, everywhere I AM. Lo, Amen.

Camelot, Calif., 9-2-79.

So shall my word be that goeth forth out of my mouth: it shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it.

Set the Captives Free! 83.03

O Jesus, Jesus, Jesus, the hour is come for the fulfillment of thy Word within us. We fear not. Thou art our Life, our Light. Thou art the shield and the sword of our faith. Thou art our crown

everlasting.

Let us walk with thee throughout the earth on the highways and the byways seeking out the blessed sheep who have gone astray. We come for the lost sheep of the house of Israel.

Hold out thy cup to them, O blessed Christ. Give to them thy Body this night. We call upon the law of forgiveness for their sins. We ask that their souls might be heard before thee, Lord Christ, in the confession of their sins that they might receive forgiveness and Holy Communion. Light of the Holy of Holies in our Saviour, we adore thee.

Blessed Saint Francis, tarry with us here. Teach us thy devotion to the living flame of peace in the Saviour. Teach us how to be twenty-four hours a day in his service. O beloved Francis, in the name of the Saviour, grant to us our prayer for the youth.

By the power of thy stigmata and the mighty seraphim, bind those drug entities within our youth! Awaken, illumine, enliven, infill them, O blessed Francis. Set the captives free by the mighty seraphim of the LORD. Legions of seraphim without number, purge the earth by the Body and Blood of our Saviour, of all drug entities, demons and conspiracies, persons unprincipled, powers, principalities. Purge them by thy power! Purge them, O God! Purge them!

For the earth is the LORD's and the fullness thereof. The earth is the LORD's and the fullness thereof. The earth is the LORD's and the fullness thereof. Take thy dominion, O God.

Four and Twenty Elders, descend into the earth. Cut free my children. Bring them home, O God. Cut free my children. I ask it in the name of Jesus Christ, in the name of Saint Francis, in the name of blessed Thérèse of Lisieux.

Come forth, O saints of the Holy Church. Let the miracle of Saint Joseph be this day of days unto God and man. Let this our Last Supper mark the ending of the cycle of death and the beginning of the great cycle of Life. By thy Word, O God, by thy grace, by thy love everlasting and thy mercy, it is done.

O saints robed in white, saints neath the altar of God, come forth and be with us. O brothers and sisters of light, come and celebrate the communion of our LORD.

Ancient of Days, send representatives from the Love Star. Let

the great feast of the LORD be attended by the numberless numbers who have vowed to set earth free. Hail, brothers and sisters of light. We are one with thee in the seven planes of heaven and in the seven planes of earth.

Let the LORD GOD omnipotent reign. Reign, O God, in each tender heart, we pray. Mighty Word of God, descend by the hand of thy mighty archangels. Claim thine own this night. By the mighty flame of God-victory, God-reality, claim thine own, living Word. Set the captives free!

Let the Holy Ghost descend. Consume the plague of death upon earth. Burn through, O Holy Ghost! Burn into the cause and core of the drug culture. Burn through! O Holy Ghost, by his precious Blood and his precious Body.

Therefore, let all be *bound* that is the anti-Guru and the anti-chela within and without this forcefield! We *demand* it! and we *command* it! in the name of the living Word. We go forth to part the very astral plane itself to *bind* the sinister force—to see to it that Death and Hell are *bound* and cast into the lake of fire!

O Lord of Life, let the armor, the shield, the sword and the invincible protection of the legions of light *go* with every Keeper of the Flame as we determine to set Life free twenty-four hours a day!

We *call* to Sanat Kumara! We *call* to Lady Venus! We *call* for the action of *light! light! light!* from the heart of Maximus to peel away, by sacred fire's burning, the layers and the veils of illusion manifest in the earth concerning Life and the abortion of Life.

As we stand, O God, in this hour, we are determined by thy Great God Flame within us that no thing in heaven or earth shall be able to abort the mighty divine plan of the ages from manifesting in this hour!

Roll it back, O mighty Elohim! *Roll* it back! and let it be consumed! We decree it! And our Word goes forth in the name of the I AM THAT I AM.

Lo! I AM THAT I AM. *Lo!* I AM THAT I AM.

AUM Buddha. AUM Ma-ray.

AUM light of eternal Life I AM.

Cosmic Cross of White Fire Sealed in the Heart of Every Child of Light 83.11

In the name of the I AM THAT I AM, I call for that cosmic cross of white fire to be sealed in the heart of every child of the light, every son and daughter of God, every Keeper of the Flame!

I call for the intense action of the cosmic cross of white fire within the heart, within the secret chamber of the heart, in the

mighty Threefold Flame! O intensify and accelerate!

Beloved Maximus, so make the sign of the cosmic cross of white fire within these hearts and mark the place where the mighty Threefold Flame shall accelerate, intensify and become the glorious spiral of the resurrection flame and of the ascension.

I call unto the legions of Angels of the Cosmic Cross of White Fire. *Return* now to earth! *Return* to the lightbearers! *Return* to the tendance of the Ancient of Days!

O light of the Holy of Holies, mighty seraphim, come forth! I call for the reconsecration of life unto the eternal victory of love.

I call unto Brahma, Vishnu, Shiva! I call unto the light of the white-fire core of being! I call for the mighty action of this cosmic cross of white fire as the sign of the ascendancy of the light! as the sign of the birth of the avatar! as the sign of the coming Manchild who is come into manifestation!

O holy Mother Mary, tarry with us with thy legions of Life! O legions of Life, accelerate Life and let us be the fullness of joy!

83.12 To Protect Life Aborning in the Womb

In the name of the I AM THAT I AM, I call to beloved Archangel Michael, legions of light and mighty seraphim. I command Life to protect Life aborning in the womb!

I call for the circle of white fire and the mighty chain of hierarchy to *encircle* now the children of the light preparing to embody! *Encircle* their parents! *Encircle* all those who would harm them!

Let them be filled with light! Let legions of light protect these children! Let there be a turning around of the consciousness of their parents. Let there be an upsurge and a swelling in the hearts of these parents of intense love for their offspring who are children of the light.

I call for the protection of these souls, beloved Archangel Uriel and Aurora. *Blaze* forth the infinite light of God! *Seal* them in Life! *Bind* death and the death consciousness! *Bind* abortion and the abortionist!

In the name of the Father, the Mother, the Son and the Holy

O Maha Chohan and Holy Spirit, entire Spirit of the Great White Brotherhood, go forth now and protect this Life due to manifest here and now in this decade for the victory of earth.

In the name of the Father, the Son, the Holy Spirit and the Mother, Amen.

Forgiveness for Those Who Have Had an Abortion 83.13

In the name of the I AM THAT I AM, I call upon the law of forgiveness for every child of light within these rooms who has ever unwittingly undergone an abortion or consented to an abortion or encouraged an abortion in any part of Life. I call for the encirclement *now* of that entire cause, effect, record and memory!

I call for the cutting free of the soul aborted! I call for the cutting free of the mother and the father! I *call* for the raising and the elevation of their consciousness into new service to Life, into renewed opportunity to serve to set Life free!

I call for divine opportunity for that soul to incarnate, if it has not already done so. I call for the path of peace, enlightenment and ministration and service to be the way of atonement unto the children of God who have been drawn into the culture of death and now desire to espouse the culture of the Divine Mother in life.

Therefore, Lord Christ, we ask for the pronouncement of thy Word unto these whose hearts are troubled by the events of abortion in their own life. Pronounce the Word, O LORD, as we speak it: Thy sin be forgiven thee. *Go* and sin no more! *Go* and serve to set Life free! *Go* and be a mother of the world, a father of Life aborning. And therefore, nourish and encourage Life to be free—all Life everywhere manifest.

Now, in the name of the I AM THAT I AM, we raise our right hand with the hand of beloved Mother Mary in confirmation of the Word of the Four and Twenty Elders through Archangel Uriel for the judgment of abortion and the abortionist upon earth! [20.07]

I demand the reversing of the tide of the entire malintent of Death upon the children of the light! I *demand* it reversed this day! And I demand a cosmic accountability on the part of these fallen ones wherever they may be upon the planetary body.

I *demand* they be stripped of their garments! I *demand* the blood of the prophets be required of them this day! I *demand* the blood of the holy innocents be required of them this day!

Let it go forth according to thy Word, O God!

In the name of the I AM THAT I AM, Amen.

Cosmic Accountability for the Fallen Ones (b) 83.15

Take dominion now over the cause and core of abortion on earth! Take dominion now over the cause and core of abortion and the abortionist, death and the death consciousness, and the entire conspiracy behind it—of the Watchers and their godless creation.

I demand the full karmic accountability this day through this our invocation made in the name of the Father, the Son, the Holy Spirit and the Mother.

I *demand* that karmic accountability be at the doorstep of the fallen ones this hour! I *demand* that they shall not pass! Reverse the Tide on Abortion and the Abortionist! 83.16

In the name of the I AM THAT I AM, I demand the reinforcement of the light of God that never fails through the holy angels and the reversing of the tide of those who are the exploiters of Woman and her seed, all opposition to the Divine Mother and the Divine Manchild upon the planetary body, all opposition to the Guru and her chela!

I demand the action of the Lord Sanat Kumara, the LORD God Almighty this hour—as in the name of Brahma, Vishnu, Shiva, and in the name of Kali herself we *demand* the reversing of the tide on abortion and the abortionist and the entire death cult upon earth!

In the name of the Father, the Mother, the Son, and the Holy Spirit, we decree: [Give 7.05.]

I demand the binding of all sensuality, misuse of the sacred fire, witchcraft and black magic—all opposition to the manifestation of the true vision of Life upon earth!

LORD God Almighty, I invoke the action of the mighty cross of sacred fire, the mighty cross of the Ruby Ray! And I invoke legions of the violet flame to transmute the cause and core of all

misqualified substance of the light of Taurus, the light of Gautama, Maitreya, Sanat Kumara and the Buddha in the womb of Cosmos—misusing this action of the sacred fire on the line of Taurus, on the line of Wesak, on the line of the release of the sacred fire of Alpha and Omega for the building of the spiral of Life begetting Life on earth!

We call to the entire Spirit of the Great White Brotherhood. And we call for the violet-flame action on a planetary scale. [Give violet-flame decrees.]

Sponsoring of Life through the Sons and Daughters of God 83.19

In the name of the I AM THAT I AM, I invoke the love fires of beloved Sanat Kumara, beloved Lady Master Venus for the sponsoring of Life on earth.

We call for the flame of Alpha and Omega for the sponsoring of Life through the sons and daughters of God and the children of light.

Let there be an invigoration of the resurrection flame in the cosmic conception of the children of the light coming forth! Let there be joy in the hearts of parents and families waiting to receive these children of the light! Let there be a new surge and *burst* of consciousness as the five secret rays and the seven rays of Life become a part of the conscious cooperation of Father, Mother and Manchild for the precipitation of the causal body in manifestation in each child in the womb!

We call for the opening of the way for dispensations whereby the great fiery contents of the causal body of each child might be lowered into manifestation through expanded cell-awareness in the very formation of the body temple.

We call to the Holy Spirit opening the portals of birth for many who call forth the children of the light, that there might also be the opening of cells whereby the sons and daughters of God might finally manifest in the physical temple those higher powers and higher realizations that will enable them to bring forth their cosmic consciousness at birth and therefore go forth to challenge Death and manifest Life in earth as the avatars are so intended to do.

LORD God Almighty, clear the way for higher life and fuller, richer life to manifest through us, in us, in the offspring of these holy innocents! We make this invocation on behalf of all who are servants of the Most High God in the earth and who are awaiting the coming of the glorious children of the light.

In the name of the Father, the Mother, the Son and the Holy Spirit, we sing to our Lady Master of Love. [Song 551, “Venus, Our Lady of Love”]

83.20 Magnetize Twin Flames Destined to Bring Forth Souls of Light

In the name of the I AM THAT I AM, I call to Lady Venus and Sanat Kumara: *Send* forth thy light within these devoted hearts! Let thy light and thy love ray be the magnet of the Great Central Sun and the starry focal point of the Secret Love Star specifically for the magnetization of twin flames in the earth of those who are destined to bring forth souls of light!

Let parents and families and those who are entering the new age of Aquarius be *sealed* by the Great Love Star, by the light of Alpha and Omega, that we might truly take the torch of our responsibility for the transition of Life into the new age!

Goddess of Liberty, as you have given to us the passing of the torch of this responsibility, so we know that within that torch—is as within every particle of Life—is the entire nucleus for the fulfillment of its divine plan. Therefore we invoke out of the torch of the Goddess of Liberty the full understanding, the wisdom, the power, the love, the will of God to implement the divine plan of the Great Divine Director for the golden age now dawning.

We lovingly accept this answer to our prayer, O God! In the name of the Father, the Mother, the Son, the Holy Spirit, the entire Spirit of the Great White Brotherhood, Amen.

Blessing of the Love Offering 83.21 Sponsorship of Children of the Light

Dear God, in the name of thy Son Jesus Christ, in the name of thy sons and daughters waiting to live upon earth and to breathe

the air of freedom, we ask thy blessing upon this offering. We ask that it be multiplied a hundredfold and that the abundant supply from thy heart and the heart of the Mother be freed in the earth for the building of Montessori International, for all of the projects of Saint Germain, for the [sponsorship of] all of the needy children whose parents are unable to sponsor them.

We call for the multiplication of light, of resources, so that every child of light who yearns to be [part of our community] can be with us in this mighty work of the ages—the work of the flowering of the soul.

Therefore, we summon the entire Spirit of the Great White Brotherhood and the archangels for the increase of sponsorship, for the acceleration of initiation, and for a mighty clearing action of Astrea and Archangel Michael to cut free all souls of light who should be with us. So let the doors swing wide! Let the twelve gates of the city be opened! And let all of the children of the world who are of the light be welcomed [in our worldwide community].

O beloved Mother Mary, carry our prayer to the heart of Jesus and Saint Germain and to the heart of the Almighty.

We thank thee and accept it done this hour in the full power of the Holy Ghost whose bride thou art.

In Jesus' name, Amen.

Alpha and Omega for Our Sponsorship of Earth and Her Evolutions 83.22

In the name of the I AM THAT I AM, I call forth the flame of Gautama Buddha, beloved Lord Maitreya, and the World Teachers, Jesus and Kuthumi:

I invoke the Great Blue Causal Body of the Great Divine Director. I call unto the God Star Sirius, mighty Surya and Cuzco: Send forth the white-fire/blue-fire suns! Send forth the blue-fire/white-fire suns!

Alpha and Omega, manifest thy living flame of eternal Life upon the Altar of Invocation and in the altar of our hearts. Beloved Father/Mother God, let these twin pillars focus thy twin flames as our sponsorship for earth and her evolutions.

Beloved Maha Chohan, *let* the cloven tongues of sacred fire be

the sponsoring light that draws down into the hearts of God's people the flame of the Father and the Son!

I invoke the light of the Universal Mother as the rising flame of ascension—eternal Life. O Mother flame, endow this eternal creation with the sacred fire of the Permanent Atom of Being.

Invincible light of God that never fails, *burn* now within these hearts that sweet mystery of Life that is revealed to us from the very heart of Lord Maitreya! [song 458, “Beloved Lord Maitreya”]

83.23 Welcome, Lord Maitreya, into Our Hearts!

In the name of the I AM THAT I AM, welcome, beloved Lord Maitreya!

We call forth thy Great Causal Body and the bodhisattvas and disciples serving with thee. We call forth the magnificence of thy God Flame on behalf of earth and her evolutions! We *call* forth the mighty initiations of the path of wisdom and overcoming victory unto all abiding upon this earth! We *call* for a great acceleration of Life, the Flame of Life, and the opportunity for the path of the ascension!

Beloved Lord Maitreya, come forth and be where I AM the fullness of living joy, the fullness of life and love, and the impartation of that Threefold Flame in the name of Jesus Christ unto everyone who believes on him and understands the true meaning of the salvation of the eternal Saviour!

In the name of the Father and of the Mother, of the Son and of the Holy Spirit, welcome, Lord Maitreya, into our hearts!

83.24 Bind the Watchers and Their Godless Creation!

In the name of the I AM THAT I AM, I call forth the light of Elohim! I *call* to the LORD God Almighty in the Person of the Father, the Son, the Holy Spirit, and the Mother!

I *call* to the entire Spirit of the Great White Brotherhood, the councils of the Brotherhood, the retreats of the Great White Brotherhood on earth and in the heart of the sun and in the heart of the Great Central Sun!

I call to the sponsors of the chelas of Almighty God on earth. I call to Archangel Michael and mighty Astrea for the protection

of the children of the light, for the protection of the sons and daughters of God!

Mighty Elohim, surround every child of light upon earth and aborning in the womb of time and space. I *demand* they be sealed now by the holy angels, all elemental life, the seraphim, legions of Archangel Michael! I call for the sealing of those blessed Keepers of the Flame here assembled who have the greater awareness of the forces of Armageddon imparted unto them.

I call unto the Word. I call unto Sanat Kumara, Gautama Buddha, Lord Maitreya, Lord Jesus, Saint Germain and beloved Kuthumi. Come forth *now* in the hour of freedom's maximum peril! Come forth *now* for the defense of the chelas of Saint Germain to expand the flame of freedom in the hearts of God's children that they might be spared and saved from mass mechanization of the fallen ones!

Beloved mighty Astrea, mighty Astrea, mighty Astrea, *bind* the Watchers and their godless creation in the earth! *Bind* the Nephilim! *Bind* the fallen ones! *Bind* the manifestations of their clones throughout this system of worlds and beyond!

Bind them and seal them in a mighty blue flame of Hercules! *Bind* them and render them powerless to move against the children of the light! *Bind* them and *seize* them by the cosmic cross of white fire until the hour of their judgment is come, until Death and Hell are cast into the lake of fire!

Bind them now by all of the forces of cosmos, by the Great Teams of Conquerors, by mighty Victory and his legions of light, by the full power of beloved Michael and Faith, beloved Jophiel and Christine, beloved Chamuel and Charity, beloved Gabriel and Hope, beloved Raphael and Mother Mary, beloved Uriel and Aurora, beloved Zadkiel and Holy Amethyst, beloved Uzziel, all the legions of light and the Great Divine Director!

I call for great assistance unto the earth and to all true devotees of the flame who, in the understanding of the law and of the nefarious deeds of the wicked since the foundation of the world, will rise up and take dominion—will dedicate their lives anew to the preservation of the Flame of Life upon earth.

LORD God Almighty, *seal* us in white fire and blue lightning!

Seal us in the tube of light and the mighty shield and armor of Archangel Michael! And then send us forth to challenge these fallen ones as David challenged them and as he conquered mightily over Goliath. Send us forth with a mighty action of the sacred fire as our sling and let it be put to the very core of the third eye, its misuse in the mechanical creation of the Nephilim!

Bind their misuse of the Mother flame! *Bind* the tail of the dragon! *Bind* the misuse of the all-seeing eye of God as the misqualification of the life force in the creation of mechanization man!

Great Divine Director, come forth *now*! We invoke the dispensation of light for the staying action of the LORD God Almighty upon the fallen ones. Let them be *bound* in the name of the LORD!

By the fiat of the Lord Jesus Christ, we agree together on earth that these Nephilim and their godless creation and all who have sold their souls to them are *bound* in the earth! are *bound* in the heaven! are *bound* in their four lower bodies and in their chakras!

Bind them, O living Word! *Bind* them, O Lord Sanat Kumara, who lives in my heart and in the heart of every chela. *Bind* them, O mighty ascension flame! *Bind* them, O Gautama, Maitreya, Jesus, Saint Germain, Morya and Lanello! *Bind* them, Archangel Michael and mighty Astrea! *Seize, pin, and *bind* them right where they are! (3x)

*You have *no* power, you have *no* power, you have *no* power, your day is done! (3x) And the judgment of the LORD is come!

In the name of the I AM THAT I AM, in the name of the I AM THAT I AM, we say: *The light of God never fails! The light of God never fails! The light of God never fails! and the beloved mighty I AM Presence is that light! (3x)

In the name of the I AM THAT I AM, in the name of the entire Spirit of the Great White Brotherhood and the World Mother, elemental life—fire, air, water, and earth! In the name of the Father, and of the Mother, of the Son and of the Holy Spirit:

*It is done, it is finished, it is sealed! (3x)

*The mouth of the LORD hath spoken it! (3x)

It is done in the earth as it is in heaven, as the Woman and her seed confirm the judgment of the LORD God Almighty and the

action of Archangel Michael casting the dragon out of heaven into the earth. So they are *bound* in the earth! So they are *bound* by the Word of the LORD! And that Word goes forth perpetually, twenty-four hours a day, until the victory of Life in earth is won!

We thank thee, O LORD God Almighty, for this opportunity to seize the torch of victory and run with it and therefore to be counted with the overcomers in the race and to be counted with the Great White Brotherhood in our mighty service to Life!

*Lo, I of mine own self can do nothing. It is the Father in me who doeth the work. (3x)

Let every child of light take this saying of the Lord Christ and let it be emblazoned in the heart so that all will allow the LORD God Almighty to perform his perfect work in the judgment of the wicked and their seed and in the raising up of every true child of His heart in the ascension path.

O Holy Spirit, enlighten us! Speak thy Word through us! Preach the Word of Sanat Kumara to the nations and give every child of God the opportunity to separate himself out from among them and to come into alignment with the mighty I AM Presence.

This we ask, O Lords of Karma, that the blessings of Portia, the Goddess of Opportunity, might give us opportunity for the saving of the children of God who know not the way to go.

Lo, he said, “I AM the Way, the Truth and the Life: no man cometh unto the Father, but by me.” Let the Divine Us in the person of the Holy Kumaras be the open door—opened by the Lamb, opened by the 144,000—for the escape of the children of light in the ascension spiral.

O beloved Alpha and Omega, O beloved Maitreya and Mother, we thank thee, we love thee, and we say, Amen.

Therefore, O LORD God Almighty, send thy mighty Archangel Michael into our midst. For the battle of Armageddon rages. *Bind* these fallen ones! *Bind* the seed of the wicked! *Bind* them now! And *let* the mighty hand of God manifest a staying action by thy Word incarnate!

By the Saviour Jesus Christ, *let* there be a staying action on the hand of the abortionist and abortion, and *let* the holy innocents step through the veil into incarnation!

Mighty Astrea, I *demand* in this hour the clearing of parents—fathers and mothers! *Bind* now the consciousness of death and the death culture of the Nephilim! *Bolts* of blue lightning, clear the way! Let the magnet of divine love from the heart of Chamuel and Charity, Heros and Amora, beloved Paul the Venetian and the mighty Secret Love Star place in the hearts of these parents-to-be the intensity of love for the incarnating one!

Let the love of God be magnified! Let the love of God be magnified! Let God be magnified in the hearts of these parents! Let God be magnified in the hearts of the Divine Manchild manifesting within them!

In the name of Zarathustra, I call forth the light of Ahura Mazda on behalf of the incoming souls of light. In the name of the Father, and of the Mother, of the Son and of the Holy Spirit, I *seal* it in the Great White Brotherhood! I *seal* it in the heart of God! I *seal* it in the heart of Christ! I *seal* it in the heart of the souls of light!

Lo! it is done, it is finished, it is sealed! For the mouth of the LORD hath spoken it. Amen.

And therefore, let enlightenment and exposure of the truth and exposure of their lie now go forth in beloved Omega's *Mother's Manifesto*, promulgated throughout the world and in the hearts of the people.

I demand it! Therefore, legions of light, we say: *Charge, charge, charge and let victory be proclaimed! (4x)

83.40 The Mighty Flame and Fervor of the Ascended Master Godfre

In the name of the I AM THAT I AM, I call forth the mighty flame and fervor of the Ascended Master Godfre! I call for the light of attainment of the Buddha!

I call unto the causal bodies of the nine Buddhas. I call unto the causal body of Sanat Kumara, Gautama Buddha, Lord Maitreya, Lord Jesus Christ and all manifestations of the sons of God in the Great White Brotherhood:

I call for the expansion and multiplication of the light of Godfre in America. I call for the expansion of the light of George Washington and all the fervor and fire of his wisdom and love!

I *demand* the exposure of the real flame of George Washington and the binding of the Serpent's history and revisionist history concerning his flame and his sacred fire! I *demand* the truth be made known concerning this immortal devotee of the sacred fire—in our schools, among our youth, among all people everywhere! I *demand* he be resumed to his lawful position of sainthood in America!

I *demand* action from the Court of the Sacred Fire and the Karmic Board for dispensations of tribute unto George

Washington and Godfre Ray King, Guy Ballard! I *demand* the expansion of his flame! And I *demand* the expansion of all supporting devotees of the I AM THAT I AM!

Mighty Astrea, encircle all opposition to his lifestream and to his manifestation of God-love and victory! I *demand* the clearing of the way for his message of freedom through the mighty I AM Presence to be made manifest as the beginning and the ending of our culture of light!

Beloved Godfre, now amplify your mighty Electronic Presence within the hearts of Keepers of the Flame everywhere! Renew in us the course of original devotion to Saint Germain, to Liberty and to the principles upon which this nation was founded. I call thee forth and thy mighty Electronic Presence with Sanat Kumara to lead this nation, her armies, her citizens, her people, her youth and her little children unto the victory of Life!

*I demand action now! (3x)

*I call unto the light of God that never fails! (3x)

Therefore let the God-mastery of initiation and its path under the hierarchy of Taurus be released from the heart of beloved Godfre as initiation on this plane in the path of the Buddha. I demand the acceleration of initiation in the secret rays, in the Secret Love Star and the cross of the Ruby Ray through beloved Godfre. So come forth! Step through the veil and deliver thy Word as my Word—as one flaming light of God-obedience!

O light of God that never fails, let those who have the courage to speak the word of truth thereby take courage as we release this truth in the name of Godfre and every true patriot of freedom, nation by nation, upon the earth! Let those souls on etheric planes and inner levels, those saints robed in white, now rise up and take dominion and manifest the victory of the Church Universal and Triumphant!

Let all those who have been slain in the Satanic conspiracy unite at inner levels and now be that flaming white cross of righteousness to encourage the manifestation of Life and to return to earth in embodiment for the victory of the New Jerusalem, for the victory of Armageddon!

We call thee forth, O saints of the Most High God! O company

of the saints, be with us, reinforce us, love us, and show us thy true glory! In the name of the Father, the Mother, the Son and the Holy Spirit, Amen.

83.41 Take Action to Defend Freedom in Her Hour of Maximum Peril!

In the name of the I AM THAT I AM, I call forth the light of beloved Godfre, beloved Lanello and beloved Saint Germain, beloved Goddess of Liberty. We call forth thy flaming Presence of freedom! We call forth thy flaming Presence of truth!

By the action of the sacred fire, I *demand* the flame of cosmic freedom burst forth upon the altar of our hearts! LORD God Almighty, give impetus to our Word, that it be not only the Word that is heard across the land, but the Word that is acted upon by brave men and women of the Spirit who see the peril of freedom and will take action to defend it in its hour of maximum peril.

I *demand* action from the heart of the Karmic Board!—mighty dispensations of freedom for the clearing of the way of souls of light to be present for the mighty Call of Camelot as the call of the ages, as the call of the Community of the Holy Spirit, as the call of Lord Gautama, Lord Maitreya and Lord Jesus Christ.

I *call* for the mighty action of the sacred fire! *Clear* the way now, that the Word might be translated into action by the pure fiery love of the Holy Spirit!

Therefore I call for the cleansing of these temples as the electrodes of light and for the cleansing of all Americans, all who are of the I AM Race in every nation upon earth.

Let them be *cleansed* by the living Word incarnate! Let them be *cleansed* by our devotion to the Eternal Guru, by our path of chelaship, by the love of the Mother that flows in an unbroken stream through us, by the crystal clear waters of the River of Life! Let them be *cleansed*, O Maha Chohan, Lord Jesus Christ, beloved John the Baptist!

I call for the cleansing, for the clearing of the way that this Word might find now a resonant ring in the hearts of the true lovers of freedom, that the Word might be made flesh, that they might therefore go forth fearlessly, by the power of Ray-O-Light's

fearlessness flame, to conquer Death and Hell. Let them be united, O God! Let the children of the light be united everywhere. And let this battle be fought and won without delay.

I *call* for that mighty victory! I *call* for that God-victorious action of the hosts of the LORD! *Let* it come forth now, O God!

Behold, *now* is the accepted time! Behold, thy servant is ready on earth and in heaven! Behold, *now* is the acceptable day of the LORD, the year of the LORD, of the coming of the Christ incarnate! Behold, *now* is the manifestation of our witness! Therefore let Death and Hell and time and space and all mortality be swallowed up in the Eternal Now.

Therefore we sing, O God, to the fervor of the sacred fire of the founding of this nation as the archetype of every nation upon earth. Let the fervor of our hearts count in this hour, O God, for the fervor that yet must be quickened and awakened in the hearts of this people.

Let it count for grace and for mercy and for dispensation and for a staying action by the hand of Almighty God until these souls, these patriots, these lightbearers across the land can be quickened, can be awakened, and can rally to the banner of the Goddess of Liberty.

O light of far-off worlds and legions of light, we upon earth summon thee for the victory and we herald thy coming in God's name! [song 680, "The Star-Spangled Banner"]

Hosts of the LORD, Come Forth in Defense of Life! 83.42

Let Life go forth *now* from our hearts! Let the flame of cosmic freedom descend from the cosmic beings of earth's first three root races! I call forth that light!

*O beloved Maximus, send forth now the maxim light! (3x)

**Blaze* forth the light of God that never fails! (3x)

Beloved Seven Holy Kumaras, Lady Master Venus, come forth! Establish thou now the mighty Flame of Life to **accelerate* and *burn!* (3x)

Mighty Threefold Flame of Life, **Expand! Expand! Expand!* in the very heart of the earth! (3x)

Expand in the hearts of Keepers of the Flame! *Expand* in the hearts of our youth and children! *Expand* in the hearts of the children of the light! Let Life *expand!* Life *expand!* Life *expand!*

Seven mighty archangels, we call thee forth in the name of Saint Germain and Jesus Christ, in the name of Gautama Buddha, Lord Maitreya and Sanat Kumara. Come forth now for the defense of the Woman and her seed. We demand it! We command it! And we stand in the heart of the earth to love all Life free.

In the name of the Father, the Mother, the Son and the Holy Spirit, we summon the hosts of the LORD! We summon the entire Spirit of the Great White Brotherhood and the World Mother!

Let Life go forth and consume all death! Let Life manifest the pillar—the rising spiral of resurrection’s flame! Let the momentum of Jesus Christ’s victory now be that victory of Life which overcomes and swallows up death. Therefore, where is thy sting? Mighty I AM Presence, it is no more. For the sting of death is swallowed up in Life, and mortality is swallowed up in immortality in the very heart of the little child.

So Divine Manchild, so Infant of Prague, come forth and manifest the perfection of the goal!

In the name of Almighty God, I call to beloved Archangel Raphael and Mother Mary, beloved El Morya and Kuan Yin, beloved Saint Germain, O beloved Jesus, and all the hosts of the LORD:

Beloved Lanello, I ask now for your intercession. Beloved Ever-Present Guru, place your mighty Electronic Presence about all those who are in the vanguard of the Pro-Life movement and all those who should be. I call for their quickening! I call for their

In the name of Almighty God, we stand with Mother Mary, with Jesus and Archangel Uriel. We will not take no for an

Judgment of Manipulators and Controllers of Life on Earth 83.49

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, mighty action of the Sacred Fire, Elohim of God, Seven Holy Kumaras, *blaze* now the full power of Almighty God within us! By the authority of the Threefold Flame of Life, by the authority of the Mighty I AM Presence and Christ Self of each one, I call forth now the living Word, the living Christ, the Son of God.

We demand the judgment in this hour of the fallen ones who seek to manipulate and control and, therefore, logically destroy embodied life on earth, to manipulate even the genes of Light of the Christic consciousness of the sons and daughters of God, to steal that light and combine it now with the animal creation and godless Homo sapiens.

We call unto the LORD God Almighty in this hour. And we stand and we call for the reinforcement of the entire Spirit of the Great White Brotherhood for the casting out and the binding of the dweller-on-the-threshold of this fallen consciousness. And therefore, in the name of the hierarchs of the Ruby Ray, we say:

In the name of Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the dweller-on-the-threshold of the manipulation of the human race and of the sons and daughters of God through abortion, genetic engineering, surrogate motherhood, freezing embryos, fetal experimentation, combining human and animal genes, organ farming, all attempts by the Nephilim gods to create their super-race, _____.

We *demand* it by the action of the sacred fire, Almighty God! We call for the full power of the Great Central Sun Magnet. We *demand* it this hour! Let God's will be done!

I call upon the LORD! (3x) Let God's will be done! [20.09]

To Venus for Enlightenment to Change the World from Death to Life 83.50

In the name of the light of God that never fails, I call directly to the heart of beloved Sanat Kumara, Lady Master Venus, beloved Mighty Victory and legions of Light, brothers and sisters

of our love star, Venus.

We call to you now for the Cosmic Christ—Lord Jesus Christ, Maitreya, Gautama Buddha, Sanat Kumara—*descend* now into our hearts through our own Christ Self! Give us enlightenment, strength, comfort and the means to change this world from death unto Life by the mandate of the LORD unto Moses, that we choose Life and not death.

Therefore, Almighty God, deliver to us the enlightenment, the illumination, the fire of the heart's love of all of the ascended masters of the Great White Brotherhood.

Now in this hour by the heart of the Mother of the World, by the heart of the Mother Venus, we call for the action of the sacred fire to instruct us, to discipline us, to bring us into alignment with the will of God, that we might transfer to this world the mandate of God's holy will, by freewill choice, according to the path of illumination. Let that path, O God, be illumined before us by the Venusian, Jesus Christ, Kuthumi, Djwal Kul.

We call for all of the ascended masters of the Great White Brotherhood to clear a pathway of golden illumination's flame for all lightbearers of earth to follow their way back to the very heart of God, according to the teachings of the ruby ray masters, the healing masters, the Sponsors of Youth and our dearly beloved Mother Mary.

In the name of the Father, the Son, the Holy Spirit and the Mother, we call. [song 551, "Venus, Our Lady of Love"]

83.51 Give Us Ten Thousand

Hail! Ascended Lady Master Venus and Sanat Kumara! (4x)

In the name of the Cosmic Christ, we pray, O God: Give us ten thousand—ten thousand souls of Light whom we may care for, nourish, love and educate in Spirit and in Truth! [song 712]

83.52 Clearing the Records of the Pain of Abortion

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, beloved Alpha and Omega, beloved Keeper of the Scrolls:

Look down these lifestreams, those who now come as

supplicants before the altar of the Most High God.

Let the record be read. Let the lifestream, therefore, confront that moment. And by the power of the living Christ, let each one appeal for forgiveness through repentance and remission of sins.

Let each one now be delivered by the Comforter, the Holy Spirit, the Maha Chohan, of that pain, guilt, sin, and the cause, effect, record and memory of the act.

Let there be a *healing*! Let there be enlightenment and understanding. Let there be a renewal of love and joy. Let there be a renewal of self-givingness. And let there be the restoration, one unto the other, of the Divine Sonship of the sons and daughters of God, the Divine Masculine and the Divine Feminine in man and in woman.

Heal, therefore, all children of the Light and sons of God and souls of the Most High, children of Enoch, of the transgressions of the law of Life in any form, known or unknown!

And let there be a flushing out now of the repression of the record. Let there be the cutting free of that knot of the human consciousness. Let the energy that flows thereto in subconscious pain be relieved.

Let the consequences of hardness of heart, thick-skinned insensitivity and a sense of revenge now be taken from those who have so suffered, by their own hand or the hand of another.

Let there be the healing of all souls of Light who have been aborted. Let their etheric, mental and emotional bodies be healed. Let them be sealed and bathed in light. Let them be taken into the healing temples in the etheric octave. And let the souls of Light be prepared for embodiment in this hour unto families of Light upon this planet who will receive them.

Yea, LORD, I receive thy Word! I accept it done. I accept forgiveness for and on behalf of these Keepers of the Flame and all communicants of the Faith and all children of God upon earth.

Heal, therefore, the cause, effect, record and memory, so that mature sons and daughters of God may rise up in America and the world and deal with this problem, rather than adding insult to injury and layer upon layer of the records, now, of new abortions, year upon year! I *demand* it!

In the name I AM THAT I AM Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the dweller-on-the-threshold at that very point of the Serpent and the Liar and the lie and that of the abortion process—aborting any part of Life, as in acts, one toward the other, we deny each other's Christhood through whatever means, known or unknown.

And therefore, let all abortion of the Mind of God incarnate within us now be submitted to the Living Flame of Divine Love. And let the Ruby Ray consume it! Let the violet flame consume it! Let understanding and grace and thanksgiving and gratitude and praise unto the LORD in this hour for the deliverance of souls of Light now be the action of our healing.

In the name I AM THAT I AM, we call forth the judgment of that state of consciousness that has passed through any one of these sons and daughters of God at any time—the state of consciousness, admitting to and accepting abortion as a way of life or a necessity of life—for whatever reason.

We demand this judgment of the state of consciousness within each one and within the serpents who have perpetrated it in this hour, and therefore the judgment to the very cause and core.

We demand it in Jesus' name, and we say: [decree 20.07]

83.53 Forgiveness for Acts of Abortion

In the name of Almighty God, for and on behalf of every heart of Light, every soul of Aquarius, every Keeper of the Flame, I call upon and I accept the law of forgiveness for any of these such acts of abortion, consent to, or acquiescence to abortion, known or unknown, that has ever existed as cause, effect, record and memory in these lifestreams in this or past incarnations.

I, therefore, invoke the law of forgiveness from the very heart of beloved Kuan Yin, Goddess of Mercy. And in her name, I stand within the very heart chamber of every soul of Light who invites me to enter there, to invoke this flame of forgiveness, for and on behalf of their soul's evolution.

In the name of Jesus Christ, we call together for forgiveness and the violet-transmuting flame in the hearts of all lightbearers who are receptive. [decree 1.30, "Forgiveness"]

To Eriel for Children of Light 83.54 Making the Transition

Beloved Mighty I AM Presence in the heart of God in the Great Central Sun, beloved Eriel of the Light, beloved Ascended Master Eriel and beloved Fun Wey, we call to you now by the power of Elohim:

Cut free the souls of Light, the little ones who are taken from the screen of life abruptly! We call now that they be cut free by the power of beloved mighty Astrea's cosmic circle and sword of blue flame, beloved Archangel Michael's sword of blue flame.

Beloved Eriel, *cut* free these children of the Light, and let your angels go forth now and receive them out of the astral plane, as they have made the untimely transition (by accident, disease, drugs, malpractice or foul play) from the physical octave—and especially those souls who are aborted. Receive them, in the name of Mother Mary, into your retreat of light.

Beloved Eriel, cut them free, and let them be drawn into the comfort flame of your retreat and prepared for their next mission in life.

In the name of the Living Flame, in the name of the Father, the Son, the Holy Spirit and the Mother, we call forth *legions* and *legions* and *legions* of angels of Light for the deliverance of all lightbearers!

Cut free every child of Light, son and daughter of God in all octaves! *Cut* them free NOW! and bring them to the etheric octaves, in the sweet retreat of our beloved Eriel!

In the name of Mother Mary, Amen. [song 607]

I demand a bolt of blue lightning from the heart of Elohim Hercules and Amazonia into every abortion mill and laboratory in America and the world where murder and inhuman experiments on babies are performed daily! I demand the binding and the judgment of these fallen ones, by the power of beloved Archangel Uriel and the mighty hosts of the LORD!

I *call* for blue lightning from the mind of God into the entire issue of abortion worldwide! Seven Mighty Elohim and archangels, *Bind* abortion and the abortionist!

In the name of Almighty God, beloved Alpha and Omega, Helios and Vesta, *send* forth the judgment now from the very heart of Gautama Buddha, Maitreya, Sanat Kumara, Jesus and Kuthumi, the entire Spirit of the Great White Brotherhood, Saint Germain and beloved El Morya, beloved Lanello, Elemental Life—Fire, Air, Water and Earth!

I call to the heart of Mother Mary. I *demand* the judgment of this practice of the murder of the unborn now! I *demand* Cosmic Christ enlightenment unto the women of this nation and the world!

Burn through, Maha Chohan, and let the Holy Comforter, the Holy Spirit, Saint Germain, and Mother Mary and holy angels comfort and protect these women and teach them the love of God for their unborn child and the dedication to see their pregnancies through till term.

In the name of the living Word, we decree. [decree 20.07]

83.56 Sword of Blue Flame into Abortion Mills

Beloved Archangel Michael (3x) and your legions of Light, we call for the mighty action of the sacred fire of your sword of blue flame into the abortion mills of the world.

Burn through! *Bind* and seize right now those embodied devils and Nephilim gods! We demand the binding of the godless, the Watchers and the sons of Belial moving against the sons and daughters of God upon earth in the abortion mills, in Planned Parenthood, in the feminist movement, and everywhere upon this planetary body where the murder and slaughter of the holy innocents takes place!

Before the altar of the Most High God, we invoke the mighty sword of blue flame. We invoke the seven beloved archangels, legions of Archangel Michael from the heart of Banff, Great Teams of Conquerors, legions of Hercules, El Morya, Lanello, and all ascended masters of the Great White Brotherhood, hierarchies of Light, Buddhas, Lord Jesus and Lord Maitreya:

Burn through by the power of the mighty sword of blue flame! *Blaze* the sword of blue flame into action now! *Burn* right through to the very heart of abortion on this planet!

Bind all murder and the murderous intent! *Bind* those murderers who are of their father the Devil, who was the liar from the beginning! *Bind* the fallen ones who descend now from the Liar and from the Murderer, who are from beneath, ancient and modern Herods on the astral and physical planes who go forth to slay the children of the Light on earth! *Burn* through, in the name of the Father and of the Son, the Holy Spirit and the Mother.

We invoke Alpha and Omega, Helios and Vesta, God and Goddess Meru, Lord Himalaya, Vaivasvata Manu and the Great Divine Director: Launch now a mighty campaign of light to rid this earth of the murder and the murderers of the holy innocents. *Bind* the seed of Herod and the devils who perform their Satanic blood rites on the holy innocents in the hospitals and clinics of the world! Hosts of the Lord Sanat Kumara, *move* into action NOW!

Billions of blue-flame angels, *descend* from the Great Central Sun with swords of blue flame! *Take* decisive cosmic action NOW! We turn over the entire matter of abortion, the abortionists, murder and the murderous intent to you in this hour of the dark cycle of mankind's returning karma.

Comfort to the Child Undergoing Abortion or Fetal Experimentation 83.58

In the name of the Father, the Son, the Holy Spirit and the Mother, in the name of the Immaculate Heart of Mary and the Sacred Heart of Jesus, by the Diamond Heart of Moria, by the Purple Fiery Heart of Saint Germain, by the Magnanimous Heart of Lanella, by the heart of our own Mighty I AM Presence and Christ Self, by the very heart of the threefold flame within us and the threefold flame in the heart of the living child of Light aborted, about to be aborted, and undergoing fetal experimentation, before or thereafter—in the name of sweet Jesus, I speak to you from my very heart of hearts, and I extend the comfort flame of the Maha Chohan, the Holy Spirit.

I call forth the swaddling garment of the Cosmic Virgin around all souls of Light who have thus suffered this fate—all in retrospect, in the past, in the present, and in the future (God forbid!).

I call unto the Cosmic Virgin for the sealing of these souls of Light, for the carrying of them swiftly, by the holy angels, to the very arms of the Everlasting God.

I call for dispensations of light and special legions of angels to care now for the unborn, those undergoing abortion or fetal experimentation, to pass through it unscathed, and move on to octaves of Light and etheric cities and retreats.

I demand the action of the light from the Great Central Sun for the care of these souls of Light, the healing of their scars and their psyches. Let them be sealed now in the love of Almighty God, in the full power of the Holy Spirit, in the power of the Father and the Son.

Beloved Mother Mary and Archangel Raphael, we demand action! We turn over this entire matter to you and the healing masters and healing angels for your adjudication and the wisest and most loving gift of Almighty God that may be transmitted through your heart and through our hearts to the hearts of the unborn.

In the name of the living Word, O soul of Light, be comforted from our hearts and from the hearts of the entire Spirit of the Great White Brotherhood, as we sing to you a lullaby, in the name of the Maha Chohan. [song 599, “Be Still and Know”]

83.59 For the Incarnation of Aborted Souls of Light in Our Community

Beloved Mighty I AM Presence from the heart of God, O Sacred Will in the heart of El Moria, *seal* now these lightbearers! *Seal* every child of Light in the womb! *Seal* every child of God’s heart descending and ascending! Let them be defended. Let them come into life and fulfill their fiery destiny.

Bind the oppressors of the seed of the Woman! Legions of Mighty Victory, *clear* the way for their victory!

Almighty God, find in your great heart dispensations of light for us whereby, if these souls of Light be aborted, they may make their way into our community through our holy families of light or other disciples of Christ who will be coming this way of the ascended masters’ teachings.

In the name of Jesus Christ, we call now for the alignment of the planetary blueprint, the geometry of all souls of Light who must come into physical embodiment to fulfill their divine plan and make their ascension in this life. We seal our hearts one with their hearts, and we stand in life to defend their grand entrance on the stage of planet Earth—which, by God’s grace, we will make a haven and home of love and light for all who must sojourn here in order to fulfill their karma, their mission and their ultimate victory in the ascension to the heart of God.

In the name of the Karmic Board, with great joy and love, we give our hearts to you, Astrea, this night to accomplish this mighty purpose of cutting free all souls of Light by your cosmic circle and sword of blue flame. O blessed legions of Purity and Astrea, Do it now!

We demand the action of the Great Central Sun Magnet.

We call to beloved Nada. We call for your inspiration now into pro-life groups, Planned Parenthood groups, into our own organization, and all well-meaning individuals who stand on the line where Light meets darkness and swallows it up—in the case of abortion worldwide.

In Mother Mary's name, Amen. [song 419, "Beloved Nada, Our Chohan Divine"]

Blaze the power of the Four Cosmic Forces: Oromasis and Diana, Aries and Thor, Neptune and Luara, beloved Virgo and Pelleur, the fiery salamanders, sylphs, gnomes and undines, legions of elemental life into the four quadrants of Matter for the binding and the casting out of the dweller-on-the-threshold of abortion and mass murder or genetic manipulation of the bodies of the holy innocents!

March now, by the command of the Great Central Sun, and *consume* the cause and core of all perversion at the seat-of-the-soul chakra, all manipulation—genetic manipulation and manipulation of life at the soul level and the potential of the soul to

become incarnate!

Burn through, therefore, and clear all black magic, witchcraft, voodoo and UFO interference and manipulation of the seat-of-the-soul chakra of the people of America, of the I AM Race, of the children of Light and all people everywhere for the resolution now, by the power of the All-Seeing Eye of God, of perfect vision on the right to life of the unborn!

I call for the magnificent light of the Lords of Karma. Beloved Goddess of Liberty, hold high your torch. Send legions of Light to the very core of the psyche of America, and the collective unconscious of the entire planet for the Christ consciousness to prevail in all decisions concerning the unborn.

I *demand* the cutting through to the very core of the hatred of Christ incarnate, the hatred of the sons and daughters of God! *Burn* through and bind that momentum now! *Bind* the instruments and perpetrators of this hatred! *Bind* the Nephilim gods, the Watchers, and the godless, the mechanization man! *Bind* all devils incarnate!

Bind, therefore, all momentums of the hatred of Almighty God manifesting as abortion or fetal experimentation in every form! *Bind* it by the power of the Ruby Ray! And bind the despisers of the Word incarnate in the children of the Light!

Legions of Astrea, Archangel Michael and the holy angels—*move* into action now to consume the cause, effect, record and memory from this planet of the sacrifice of the firstborn and any and all babies to the Moloch of human greed, lust, sensuality and selfishness!

Mighty seraphim, priests of the sacred fire with fiery salamanders and legions of violet flame: in the name I AM THAT I AM, we call forth the living flame of cosmic freedom! [decree 7.30, “The Living Flame of Cosmic Freedom”]

83.63 **Bind the Dweller-on-the-Threshold of the Ruby-Ray Cross!**

Bind the God of Lust and Rebellion against the Most High God Delivered upon the Holy Innocents

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, we, the Keepers of the Flame of Life on earth, in the name of the Maha Chohan, do request the LORD God Almighty in this hour to now bind the personal and planetary dweller-on-the-threshold violating the love flame of our beloved Saint Germain and Gautama Buddha, violating therefore the 1/7/4/10 axis.

We demand the binding of all opposition to the hierarchy of Aquarius in the lust, greed and hate and hate creation directed against Saint Germain and the lightbearers of this planet and the children of the Most High God and the unborn.

Bind, therefore, that hatred locked into the seat-of-the-soul chakra by witchcraft and black magic! *Bind* the dweller-on-the-threshold on the one o'clock line!

Bind the dweller-on-the-threshold on the four o'clock line! *Bind* disobedience, stubbornness and defiance of the Law of Life of Almighty God! *Bind* the hatred of and the lusting after the Life in the Child, the Mother, the Father, and in every part of God.

Bind that dweller-on-the-threshold opposing the flame of God-Love, the flame of God-Obedience, the flame of God-Gratitude, sensitivity to life and God-Appreciation! *Bind*, therefore, the dweller-on-the-threshold on the ten o'clock line opposing the light of God-Vision!

We demand the binding of the dweller on the threshold of anti-love that squanders the life force in sensual gratification and all manner of sexual abuse, violence and perversion—that is ingratitude, insensitivity to life, inappreciation and absence of empathy with the unborn!

We demand the binding of all carnal lust, selfishness, self-love, and self-concern, spiritual blindness, physical blindness, and all division of consciousness in parents by Serpent and his seed! *Bind* all forces embodying this malicious, divisive and

selfish state of mind!

Bind all forces of the god of lust, lusting after the Light of the holy innocents on earth—the fallen ones embodying this state of hatred of the child, of Antichrist on the threshold of the Ruby Ray cross, on the pink flame of divine love. *Bind*, therefore, all demons of lust and rebellion against the Most High God and the incarnation of the seed of Sanat Kumara! And consume, by the sacred fire, the cause, effect, record and memory of the human and devil creation of this dweller-on-the-threshold.

In the name I AM THAT I AM Sanat Kumara, Gautama Buddha, Lord Maitreya, Jesus Christ, I cast out the dweller on the threshold of the betrayer of the life of the unborn, all hatred of the Woman and her seed, all hatred of Sanat Kumara, all hatred of the flame of God within my heart, all hatred of the threefold flame within the unborn, all hatred of the golden man of the heart of the unborn.

Bind the dweller-on-the-threshold of this god of hatred and lust on a planetary scale! Let God's will be done. [decree 20.09]

Oromasis and Diana, 83.64
March across the U.S.A. to Consume the Cause and Core
of Anti-Love—Hatred and Lust of the Child

Beloved Mighty I AM Presence, legions of seraphim, beloved Justinus, Captain of Seraphic Bands, beloved Serapis Bey, legions of Archangel Gabriel:

We call for the sacred fire from the heart of the Maha Chohan, from the white fire core of Alpha and Omega.

We call to fiery salamanders, legions of Light, to march across the United States of America—north, south, east and west—and every nation upon earth to consume the cause and core of the hatred and lust of the child—child molesting, child abuse, incest, and the murder of the unborn and fetal experimentation and genetic engineering!

Burn through now in the matter of abortion and remove the cloud on the issue of choosing life, not death! And let there be the binding of abortion and abortionists!

Let there be the judgment, and let there be the consuming of

the cause and core of ambivalence based on the people's own mild dislike, lust and hatred, on their own rebellion and disobedience, on their own insensitivity, noncaring, selfishness, and pleasure cult.

Burn through and bind the enemy from within! *Bind* the enemy from without! *Bind* that which is within the earth! *Bind* that which is beneath in death and hell!

Bind the fallen ones! *Bind* mechanization man and all hate and hate creation of mechanization man for the Nephilim gods, as well as for the Sons of God. *Bind* the hatred in the heart of the Nephilim gods for their own creation! *Bind* the godless! *Bind* the Watchers and their hatred and lust for the Sons of God!

Burn through, and let the cause, effect, record and memory of human and devil hatred and lust with its attendant superstition and bloodthirsty craving for war now be bound! And let black magic and the blood rite of Satan, carried out as revenge against Almighty God, the Father, in the abuse of the unborn child, be bound!

Let there be the binding of all witchcraft by the full power of the manus, the God and Goddess Meru, Lord Himalaya, Vaivasvata Manu and the Great Divine Director!

Blaze the power of Oromasis and Diana, Aries and Thor, Neptune and Luara, Virgo and Pelleur, multiplied by our own beloved Christ Self, for the victory of love in the earth!

In the name of Gautama Buddha, in the name of the flame of Shamballa and the flame of Saint Germain, we call. [song 399]

83.65 For the Adjudication of the Manipulation
of Life by the Fallen Ones

In the name of my beloved Mighty I AM Presence and Christ Self and the entire Spirit of the Great White Brotherhood, I call to beloved Helios and Vesta, beloved Alpha and Omega. I call for the full power of the emissaries of the sacred fire to hear the plea of the World Mother and to plead our case before the throne of the Most High God.

We now submit to the Lords of Karma and the Four and Twenty Elders the entire record, before the Keeper of the Scrolls, of the infamy of the fallen ones in the manipulation of human life, Divine Life, and of mechanization man.

We call, therefore, in the name of the Ascended Master Enoch—the seventh from Adam who is our father and our sponsor—we call in the name of Saint Germain and Jesus Christ, for the judgment of the fallen angels, the Nephilim gods, their mechanization man, the godless on this earth this day, and the Watchers who have used genetic engineering and cloning and the creation of the embryo and the freezing of the cells and the sperm and the ovum for the creation of a superior or superrace of their own kind before the Almighty in this hour.

We demand the entire matter of the manipulation of Life by the fallen angels, by the Nephilim gods and the Watchers be adjudicated in this hour.

As the Lord Christ, the Son of God, receives from the Father the authority for the judgment, so we call upon the Christ Self within us, the omniscience of the Godhead, His omnipotence and His omnipresence to deal with this matter that is beyond our capacity either to understand or to know or to stop: the horrendous plot against the mankind of earth which reared its ugly head in Nazi Germany and elsewhere and continues to this very hour.

We call unto the Most High God. Beloved Alpha and Omega, we direct our call before the very throne of the LORD God Almighty. We demand, in the name of Jesus Christ, intercession. And by the power of Elohim, we call for the judgment and the binding of the tares sown among the wheat, even of the genes of the fallen ones that are sown among the seed of Christ in the sons of God and the very egg of the Woman in the daughters of God.

We call for all manner of penetration of the cell of life in the children of Light on earth by the Evil One and his agents to be withdrawn, to be bound. And therefore, we demand the binding of the seed of evil and viruses at the microscopic and cellular level, within the seat-of-the-soul chakra and the organs that do govern and produce the egg and the sperm.

We demand the action of the sacred fire in all life for the purging, by the angels of the Most High God, of this entire planetary evolution of the flowers of evil (*les fleurs du mal*) and cancer-causing, mind-manipulating viruses bred by the fallen ones, and their microbes—laboratory-produced to cause the

degeneration of the human race.

We demand the binding of the fallen black priests and scientists of Lemuria and Atlantis incarnate who continue their nefarious work in this hour, whether conscious or unconscious of their deed, or of themselves as having been or being an agent of the Evil One.

We know, LORD God Almighty, that by thy ordination, it is the hour for the judgment of the fallen angels who have for thousands of years perpetrated their murder of the seed of Christ and the egg of the Divine Woman, and have perpetuated as well the lie concerning their own origin, seed and identity.

We know it is the hour of their judgment according to the cosmic cycles, according to prophecy. And we know that the Universal Christ and the Christ personified within us is the focal point of that Son of God, that Word, who alone is judge.

Therefore, we open our mouths to offer ourselves as instruments of the judgment of the Lord Jesus Christ upon the seed of the Wicked One. And we ask the entire hosts of the LORD to act, even as we perform the will of God by offering this decree in this octave, in the name of Jesus Christ. [decree 20.07]

83.66 Sealing of Keepers of the Flame by the World Mother in the Crystal Heart of Saint Germain

In the name of the living Word, I AM the sealing of these hearts of light in the Purple Fiery Heart of Saint Germain, in the crystal of his heart, and in the heart of Gautama Buddha.

We call to all of the Buddhas and Bodhisattvas and the anointed ones to increase now the threefold flame in these hearts while they sleep and to take their souls of light to the Royal Teton Retreat in the Grand Teton for continuing instruction under Lord Lanto and Confucius concerning the matters and issues of life and death on planet Earth.

In the name of Saint Germain, we stand for the mighty freedom of the age. And in his name, we recite now “The Flame of Freedom Speaks.” [decree 7.26]
