JUSTINIUS: THE SOLAR RING SEALS DEATH AND HELL [AND RECORDS OF THE MIDDLE

EAST]

(January 1, 1984, Keepers lesson #32)

"In the name Alpha and Omega, Elohim, Helios and Vesta, God and Goddess Meru, messengers of the Sun, mighty Archangels and Chohans, I, Justinius, call forth twin pillars of twin flames of the Godhead from the

Central Sun to the very white fire core of worlds and worlds and worlds beyond and in the four quadrants of Matter, penetrating to the very depths of misqualification in the astral plane.

Therefore, the mighty solar ring does now place the seal upon Death and Hell and the areas and pockets of the darkness of the pit. Be *sealed* now! Let the Great Central Sun Magnet *seal* the place where evil dwells until the binding and casting of Death and Hell into the lake of fire!"

Therefore, by the authority of Lord Sanat Kumara, I, Justinius, call forth again the mighty solar ring around the vortex of the origin of the consciousness of Evil and the Evil One and around the vortex of its effect upon earth's evolutions in the Middle East and beyond.

I call forth the twin pillars of Alpha and Omega. Elohim of the Sun! Elohim of the Sun! Elohim of the Sun! Hercules and Amazonia, Apollo and Lumina, Heros and Amora, Purity and Astrea, Cyclopea and Virginia, Peace and Aloha, Arcturus and Victoria, Elohim of the five secret rays, reinforce now our solar rings.

Alpha and Omega, Great Central Sun Magnet, beloved God and Goddess Meru, Helios and Vesta, messengers of the Sun, all saints ascended and unascended, mighty pillars of twin flames, reinforce now our solar rings!

Reinforce now the sealing of the point of origin of the spawning of Evil in the earth and in the vortex of the black hole in space. Now let these solar rings be sealed! Seal, therefore! Seal, therefore! Seal, therefore, the place where evil dwells and let it be consumed from within!"

(Let the) "judgment calls...direct to this nucleus of the grand conflagration of the sacred fire the miscreations of the Matter cosmos and their miscreants – those for whom time and space are no longer, those whose words and works and all that they are can be sustained no longer by the Light or the anti-Light.

Beloved Serapis Bey, I, Justinius, call for the igniting and consuming of the cause and core as well as the effect, record, and memory in the Middle East of laggard evolutions and their point of embarkation whence they sailed to earth, that their most recent habitats as well as their point of origin in the Matter spheres may also be cleared of the records of their infamy.

Thus, I, Justinius, with the Elohim, the archangel and the Chohan of the Fourth Ray, do draw again by the bodies of seraphim the solar rings around the vortex of the black hole in space and the dweller-on-the-threshold of the Matter cosmos. And by correspondence, I do draw the solar ring around the Middle East and all nations around the Mediterranean who are comprised in part of laggard evolutions.

I, Justinius, call for the igniting and the consuming of the cause and core, the effect, record, and memory of all their destructivity of the pristine purity of Lemuria and Atlantis and of ancient golden ages on this and other planets of this solar system and throughout the Matter cosmos. And I, Justinius, call for the judgment of the Nephilim and their laggard scientists and their mechanization man and also the Watchers who are their overlords.

I, Justinius, call forth in the name I AM THAT I AM on behalf of every lightbearer of the Matter Cosmos the mighty cloak of invisibility, invincibility, and invulnerability around this entire action of the sacred fire. I call forth the tube of light and the secret rays so that the entire alchemy of the sacred fire for world transmutation in the very core of the astral plane might be sealed." ["Violet Fire and Tube of Light Decree" given once]

"Souls of light MUST GUARD AND TEND the sacred fire of the Grand Conflagration" (of the Dweller on the Threshold of the Matter Cosmos)...And it will either be sustained or sealed according to the level of your calls to Astrea and the continuous vigil kept at this season and in the ongoing decades. "Beloved hearts, your judgment calls **MUST DIRECT** to this nucleus of the grand conflagration of the sacred fire the miscreations of the Matter cosmos and their miscreants – those for whom time and space are no longer, those whose words and works and all that they are can be sustained no longer by the Light or the anti-Light." (Justinius, KOF Lesson 32)

Invocation for George Washington's Vision of the Third Peril :

In the name of the Christ we call for the binding of the negative portents of George Washington's vision of perils descending upon the United States especially those envisioned as a dark, shadowy angel placing a trumpet to his mouth, blowing three distinct blasts, taking water from the ocean, and sprinkling it upon Europe, Asia and Africa.

We call for the binding and the dissolving of the thick, black clouds rising from those continents and joining into one. Encircle and bind the dark red light within the cloud and the hordes of armed men, who, moving with the cloud, march by land and sail by sea to America.

We absolutely demand the dissolving by the full power of the violet flame of the projection of our country and the I AM Race enveloped in this volume of cloud, and of vast armies devastating the whole country and burning the villages, towns and cities with thundering cannon, clashing swords, and the shouts and cries of millions in mortal combat.

We call for the God Victory of America and the lightbearers of the world as proclaimed by the angel who placed his trumpet once more to his mouth, and blew a long and fearful blast.

We call forth that light as of a thousand suns to shine down and pierce and break into fragments the dark cloud projected to envelop America.

We call to Saint Germain, Godfre, El Morya and the Entire Spirit of the Great White Brotherhood to come forth with Micah, and the angel upon whose head shines the word Union, and who bears our national flag in one hand and a sword in the other to descend from the heavens attended by legions of white spirits to join the inhabitants of America to give them courage to close up their broken ranks and renew the battle.

We call forth the Angels of Light for the last time to dip water from the ocean and sprinkle it upon America, roll back the dark cloud together with the armies it had brought and leave the inhabitants of the land victorious!

We call for the resurrection of the villages, towns and cities springing up as they were while the bright angel, planting the azure standard he had brought in the midst of them, cries with a loud voice "While the stars remain, and the heavens send down dew upon the earth, so long shall the Union last." (3x)

Let the crown blazoned with the word 'UNION,' be placed upon the Standard while the people, kneeling down, say "Amen". (3x)

We call as one for the three great perils of George Washington's vision projected to come upon the Republic to be adjudicated by the Karmic Board so that even the greatest of conflicts brought about by the whole world united shall not prevail against the people of America and the I AM Race. Let every child of the Republic learn to live for his God, his land and the Union and fulfill the destiny of the United States."

C3. El Morya's Dweller Insert

I cast out the dweller-on-the-threshold of all lightbearers, the anti-Guru, anti-chela, anti-Holy Christ Self, anti-Father, anti-Mother, anti-Son, anti-Holy Spirit, and all hatred and anger towards the Guru.

Optional ending: Bind the worldwide force of Antichrist—"the magnetism of the fallen ones and their cunning in their lying"—as the dweller-on-the-threshold of every fallen angel, and the force of Antichrist in the core of the dweller-on-the-threshold within me and the lightbearers of "self-denial of the living Christ" within oneself. Cut free El Morya's one million lightbearers, "those who have the greatest light on planet Earth" and "the greatest potential to be chelas of the will of God."

C4. Alpha's Agenda

In the name of the Christ and the mighty I AM, we call forth the mantle of Alpha to defeat World Communism and those who support it, and to increase the physical defense of the physical continent of America and all lightbearers of the I AM Race worldwide. We claim the dispensation of Alpha, the helmet of Mercury, and the armour of Archangel Michael. We ratify the fiat of Alpha whereby legions of light who have come from far-off worlds will turn back upon the evildoer, the evil system, and the evil empire tenfold all viciousness sent forth against an unsuspecting world.

Hosts of light, restore the mind of God in this people. We call for the judgment of Jesus Christ upon those who usurp the mind of God and trample upon the mental belt and the mental bodies of the people. Let the crystal and star-fire descend to clear the minds of the lightbearers, our children and youth from all programming from outer space, from aliens, from those incarnate and out of the pits of Death and Hell—programming by the rhythm of rock music, by drugs, by psychotronics, by all manner of misuse of the science of the Word. We demand the deliverance of the youth of the world!

In Alpha's name, we demand the guarantee of the abundant life, the path of discipleship in Christ, and the education of the heart unto all children of the planet. Let the violet flame burn through the cause and core of every spiral of degeneration, of every seed of evil planted in the brains, minds, and consciousness of all upon this planet, consuming it forever!

Alpha and Omega, Pearls of Wisdom, vol. 30, no. 38; Saint Germain, vol. 34, no. 49.

C5. Astrea's Dragnet of the LORD

Beloved Mighty Astrea, encircle all souls passing from the screen of life and bind their astral kasi! I call for "the mighty dragnet of the LORD to sweep through the astral plane of the entire planet and ... take to the Court of the Sacred Fire all those discarnates, all of those kas that remain lurking about and working their evil just after the passing from the screen of life of individuals."

Clear and accelerate all souls of light! Bind the vampire activities of the astral hordes and wicked deeds performed by these discarnates—causing suicides, murder, and harming little children. Archangel Michael and Mighty Astrea, cut free souls caught in the psychic and astral realms and take them to their appointed places.

Mighty Astrea, clear the planet, the cities, my household and my four lower bodies!

In the name Brahman, in the name I AM THAT I AM, Sanat Kumara, I call to El Morya, Saint Germain, Godfre, Archangel Michael, and Mighty Astrea to protect the mind of God in our leaders and God-government at all levels. Expose all foreign infiltration and influence operations, including by the CCP and Iran, and lock your cosmic circles and swords in, through and around the White House, the Capitol, the Pentagon, all embassies worldwide, elected and appointed officials in the executive, legislative and judicial branches; the office of the President, his cabinet, and advisors, the Supreme Court, the State Department, FBI, Border Patrol; the military, and the federal bureaucracy; and require security clearances to expose communist ties and corruption.

I call to the Goddess of Liberty for the mantle of Christ to descend upon all elected and unelected officials and for these officeholders to come into alignment with the mantle itself. "I demand the judgment of those individuals who have betrayed the office of Mediator, which office is essential in the interpretation and execution of the Constitution." Beloved Shiva, stand in the chambers of the Congress in this moment! Come for the judgment and the trial by fire in the office of the President, in the White House, the Congress, and the Supreme Court.

Break the Curse/Spell

In the name of my Mighty I AM Presence and Holy Christ Self, I call to beloved Astrea and Purity, Mother Mary, the Great Divine Director, Archangel Michael and Faith, El Morya and the Seven Chohans of the Rays, to beloved Mighty Cosmos, the Five Dhyani Buddhas, the twenty-one manifestations of Tara, Padma Sambhava beloved Lanello, and the entire Spirit of the Great White Brotherhood and the world Mother, elemental life, fire, air, water and earth:

I call for divine intercession and the breaking of the curse of old oaths and vows that I may have made in past ages that have tied me into the consciousness of the fallen angels and the left-handed path. I demand the arresting of the spiral of all ties—conscious and unconscious—to all fallen priests, rabbis, nuns, spiritual leaders and purported healers, voodoo priestesses and black magicians to whom I have given my light and allegiance over the centuries. I demand the release from all such ties which have given them entrée into my psyche to place curses, spells, or hexes upon me, thereby locking me into their negative thoughtforms and patterns of thinking, controlling my energies and actions, and enslaving my soul. Free me from all patterns of obeisance to false gods, idolatry, imposition of belief systems upon me in the name of spirituality and given away of my own God power. Bind, consume and transmute the cause and core of any and all of these records and ancient ties once and for all.

I invoke the power of mighty Astrea and Purity's cosmic circle and sword of blue flame to encircle these grids and patterns of darkness, duplicity, deceit, deception, psychic projections, emotional riptides, aggressive mental suggestion and control; verbal curses, aura invasions, energy merging; disrespect and disallowing of my free will; malicious, ignorant, sympathetic, and delicious animal magnetism; and all forms of discordant or negative manifestations in my thought and feeling world. I ask for the removal of the false imposters, Kas, not-selves, or dwellers-on-the-threshold of anyone now attached to my energy field or seeking to enter therein. Remove all energy grids and matrices cast on my house and energy forcefield. I ask you to fully and finally break the curses that the fallen ones have placed upon me—cause, effect, record and memory back to my first embodiment in matter—and fill my life and home with only the illumined light of God.

Cut my soul free, right now today, to fulfill her dharma and divine destiny without any further interference and to serve only my Holy Christ Self. I ask this according to God's holy will. Amen

Call for Binding the Backlash

We call for the binding of the tail of the great dragon Tiamat as it swings as a *backlash* against the sons and daughters of God and against the Holy innocents. We call for the victory for those who are ready to draw forth the Light and challenge the tail of the great dragon-to challenge the misuse of the Sacred Fire and the tail of man's own carnality.

Bind the misuse of the Mother flame manifesting as the tail of the dragon, as a crescent hook drawing in energy to nurture the dragon and the fiery breath of the dragon. Bind the tail of that dragon! I demand the chopping off of that tail and I demand that light be returned to Alpha and Omega, be requalified and returned to our heart flames.

We call for the judgment of the Satanic hordes in chaos and in a fury without their leader and for the *backlash* of that remnant of his seed.

Archangel Michael, seize and bind those astral forces preying upon the innocent, and protect our families, children, loved ones from all *backlash* from those serpents.

We rush to send into that darkness, into that sinister force, billows and streams of cosmic Light descending.

We call that the wall of blue flame and the sphere of blue flame meet that revenge of the fallen angels and their momentum of revenge that has been smoldering as resentment for aeons against the Light and the Lightbearer and that when the Darkness comes it may instantaneously be deflected and go back to its source. And may the source of Darkness be destroyed by its own evil intent.

Archangel Michael protect ourselves and our families that the *backlash* of witchcraft does not cause them to become crazed and behave not as their usual selves and the riptide tear them from the path of their First Love.

We call for that protection from behind us as we continue on the awesome climb up the highest mountain.

We call to Archangel Uriel to place his electronic presence over us and ask that every erg of misqualified energy being directed against us and the light for which we stand be as it were directed at Archangel Uriel, and that all those sending forth this negative energy receive the full power of the judgment on the return current!

EAST]

(January 1, 1984, Keepers lesson #32)

"In the name Alpha and Omega, Elohim, Helios and Vesta, God and Goddess Meru, messengers of the Sun, mighty Archangels and Chohans, I, Justinius, call forth twin pillars of twin flames of the Godhead from the

Central Sun to the very white fire core of worlds and worlds and worlds beyond and in the four quadrants of Matter, penetrating to the very depths of misqualification in the astral plane.

Therefore, the mighty solar ring does now place the seal upon Death and Hell and the areas and pockets of the darkness of the pit. Be *sealed* now! Let the Great Central Sun Magnet *seal* the place where evil dwells until the binding and casting of Death and Hell into the lake of fire!"

Therefore, by the authority of Lord Sanat Kumara, I, Justinius, call forth again the mighty solar ring around the vortex of the origin of the consciousness of Evil and the Evil One and around the vortex of its effect upon earth's evolutions in the Middle East and beyond.

I call forth the twin pillars of Alpha and Omega. Elohim of the Sun! Elohim of the Sun! Elohim of the Sun! Hercules and Amazonia, Apollo and Lumina, Heros and Amora, Purity and Astrea, Cyclopea and Virginia, Peace and Aloha, Arcturus and Victoria, Elohim of the five secret rays, reinforce now our solar rings.

Alpha and Omega, Great Central Sun Magnet, beloved God and Goddess Meru, Helios and Vesta, messengers of the Sun, all saints ascended and unascended, mighty pillars of twin flames, reinforce now our solar rings!

Reinforce now the sealing of the point of origin of the spawning of Evil in the earth and in the vortex of the black hole in space. Now let these solar rings be sealed! Seal, therefore! Seal, therefore! Seal, therefore, the place where evil dwells and let it be consumed from within!"

(Let the) "judgment calls...direct to this nucleus of the grand conflagration of the sacred fire the miscreations of the Matter cosmos and their miscreants – those for whom time and space are no longer, those whose words and works and all that they are can be sustained no longer by the Light or the anti-Light.

Beloved Serapis Bey, I, Justinius, call for the igniting and consuming of the cause and core as well as the effect, record, and memory in the Middle East of laggard evolutions and their point of embarkation whence they sailed to earth, that their most recent habitats as well as their point of origin in the Matter spheres may also be cleared of the records of their infamy.

Thus, I, Justinius, with the Elohim, the archangel and the Chohan of the Fourth Ray, do draw again by the bodies of seraphim the solar rings around the vortex of the black hole in space and the dweller-on-the-threshold of the Matter cosmos. And by correspondence, I do draw the solar ring around the Middle East and all nations around the Mediterranean who are comprised in part of laggard evolutions.

I, Justinius, call for the igniting and the consuming of the cause and core, the effect, record, and memory of all their destructivity of the pristine purity of Lemuria and Atlantis and of ancient golden ages on this and other planets of this solar system and throughout the Matter cosmos. And I, Justinius, call for the judgment of the Nephilim and their laggard scientists and their mechanization man and also the Watchers who are their overlords.

I, Justinius, call forth in the name I AM THAT I AM on behalf of every lightbearer of the Matter Cosmos the mighty cloak of invisibility, invincibility, and invulnerability around this entire action of the sacred fire. I call forth the tube of light and the secret rays so that the entire alchemy of the sacred fire for world transmutation in the very core of the astral plane might be sealed." ["Violet Fire and Tube of Light Decree" given once]

"Souls of light **MUST GUARD AND TEND** the sacred fire of the Grand Conflagration" (of the Dweller on the Threshold of the Matter Cosmos)...And it will either be sustained or sealed according to the level of your calls to Astrea and the continuous vigil kept at this season and in the ongoing decades." "Beloved hearts, your judgment calls **MUST DIRECT** to this nucleus of the grand conflagration of the sacred fire the miscreations of the Matter cosmos and their miscreants – those for whom time and space are no longer, those whose words and works and all that they are can be sustained no longer by the Light or the anti-Light." (Justinius, KOF Lesson 32)

Invocation for George Washington's Vision of the Third Peril :

In the name of the Christ we call for the binding of the negative portents of George Washington's vision of perils descending upon the United States especially those envisioned as a dark, shadowy angel placing a trumpet to his mouth, blowing three distinct blasts, taking water from the ocean, and sprinkling it upon Europe, Asia and Africa.

We call for the binding and the dissolving of the thick, black clouds rising from those continents and joining into one. Encircle and bind the dark red light within the cloud and the hordes of armed men, who, moving with the cloud, march by land and sail by sea to America.

We absolutely demand the dissolving by the full power of the violet flame of the projection of our country and the I AM Race enveloped in this volume of cloud, and of vast armies devastating the whole country and burning the villages, towns and cities with thundering cannon, clashing swords, and the shouts and cries of millions in mortal combat.

We call for the God Victory of America and the lightbearers of the world as proclaimed by the angel who placed his trumpet once more to his mouth, and blew a long and fearful blast.

We call forth that light as of a thousand suns to shine down and pierce and break into fragments the dark cloud projected to envelop America.

We call to Saint Germain, Godfre, El Morya and the Entire Spirit of the Great White Brotherhood to come forth with Micah, and the angel upon whose head shines the word Union, and who bears our national flag in one hand and a sword in the other to descend from the heavens attended by legions of white spirits to join the inhabitants of America to give them courage to close up their broken ranks and renew the battle.

We call forth the Angels of Light for the last time to dip water from the ocean and sprinkle it upon America, roll back the dark cloud together with the armies it had brought and leave the inhabitants of the land victorious!

We call for the resurrection of the villages, towns and cities springing up as they were while the bright angel, planting the azure standard he had brought in the midst of them, cries with a loud voice "While the stars remain, and the heavens send down dew upon the earth, so long shall the Union last." (3x)

Let the crown blazoned with the word 'UNION,' be placed upon the Standard while the people, kneeling down, say "Amen". (3x)

We call as one for the three great perils of George Washington's vision projected to come upon the Republic to be adjudicated by the Karmic Board so that even the greatest of conflicts brought about by the whole world united shall not prevail against the people of America and the I AM Race. Let every child of the Republic learn to live for his God, his land and the Union and fulfill the destiny of the United States."

C3. El Morya's Dweller Insert

I cast out the dweller-on-the-threshold of all lightbearers, the anti-Guru, anti-chela, anti-Holy Christ Self, anti-Father, anti-Mother, anti-Son, anti-Holy Spirit, and all hatred and anger towards the Guru.

Optional ending: Bind the worldwide force of Antichrist—"the magnetism of the fallen ones and their cunning in their lying"—as the dweller-on-the-threshold of every fallen angel, and the force of Antichrist in the core of the dweller-on-the-threshold within me and the lightbearers of "self-denial of the living Christ" within oneself. Cut free El Morya's one million lightbearers, "those who have the greatest light on planet Earth" and "the greatest potential to be chelas of the will of God."

C4. Alpha's Agenda

In the name of the Christ and the mighty I AM, we call forth the mantle of Alpha to defeat World Communism and those who support it, and to increase the physical defense of the physical continent of America and all lightbearers of the I AM Race worldwide. We claim the dispensation of Alpha, the helmet of Mercury, and the armour of Archangel Michael. We ratify the fiat of Alpha whereby legions of light who have come from far-off worlds will turn back upon the evildoer, the evil system, and the evil empire tenfold all viciousness sent forth against an unsuspecting world.

Hosts of light, restore the mind of God in this people. We call for the judgment of Jesus Christ upon those who usurp the mind of God and trample upon the mental belt and the mental bodies of the people. Let the crystal and star-fire descend to clear the minds of the lightbearers, our children and youth from all programming from outer space, from aliens, from those incarnate and out of the pits of Death and Hell—programming by the rhythm of rock music, by drugs, by psychotronics, by all manner of misuse of the science of the Word. We demand the deliverance of the youth of the world!

In Alpha's name, we demand the guarantee of the abundant life, the path of discipleship in Christ, and the education of the heart unto all children of the planet. Let the violet flame burn through the cause and core of every spiral of degeneration, of every seed of evil planted in the brains, minds, and consciousness of all upon this planet, consuming it forever!

Alpha and Omega, Pearls of Wisdom, vol. 30, no. 38; Saint Germain, vol. 34, no. 49.

C5. Astrea's Dragnet of the LORD

Beloved Mighty Astrea, encircle all souls passing from the screen of life and bind their astral kasi! I call for "the mighty dragnet of the LORD to sweep through the astral plane of the entire planet and ... take to the Court of the Sacred Fire all those discarnates, all of those kas that remain lurking about and working their evil just after the passing from the screen of life of individuals."

Clear and accelerate all souls of light! Bind the vampire activities of the astral hordes and wicked deeds performed by these discarnates—causing suicides, murder, and harming little children. Archangel Michael and Mighty Astrea, cut free souls caught in the psychic and astral realms and take them to their appointed places.

Mighty Astrea, clear the planet, the cities, my household and my four lower bodies!

D1. U.S.—Protect God-Government

In the name Brahman, in the name I AM THAT I AM, Sanat Kumara, I call to El Morya, Saint Germain, Godfre, Archangel Michael, and Mighty Astrea to protect the mind of God in our leaders and God-government at all levels. Expose all foreign infiltration and influence operations, including by the CCP and Iran, and lock your cosmic circles and swords in, through and around the White House, the Capitol, the Pentagon, all embassies worldwide, elected and appointed officials in the executive, legislative and judicial branches; the office of the President, his cabinet, and advisors, the Supreme Court, the State Department, FBI, Border Patrol; the military, and the federal bureaucracy; and require security clearances to expose communist ties and corruption.

I call to the Goddess of Liberty for the mantle of Christ to descend upon all elected and unelected officials and for these officeholders to come into alignment with the mantle itself. "I demand the judgment of those individuals who have betrayed the office of Mediator, which office is essential in the interpretation and execution of the Constitution." Beloved Shiva, stand in the chambers of the Congress in this moment! Come for the judgment and the trial by fire in the office of the President, in the White House, the Congress, and the Supreme Court.

Break the Curse/Spell

In the name of my Mighty I AM Presence and Holy Christ Self, I call to beloved Astrea and Purity, Mother Mary, the Great Divine Director, Archangel Michael and Faith, El Morya and the Seven Chohans of the Rays, to beloved Mighty Cosmos, the Five Dhyani Buddhas, the twenty-one manifestations of Tara, Padma Sambhava beloved Lanello, and the entire Spirit of the Great White Brotherhood and the world Mother, elemental life, fire, air, water and earth:

I call for divine intercession and the breaking of the curse of old oaths and vows that I may have made in past ages that have tied me into the consciousness of the fallen angels and the left-handed path. I demand the arresting of the spiral of all ties—conscious and unconscious—to all fallen priests, rabbis, nuns, spiritual leaders and purported healers, voodoo priestesses and black magicians to whom I have given my light and allegiance over the centuries. I demand the release from all such ties which have given them entrée into my psyche to place curses, spells, or hexes upon me, thereby locking me into their negative thoughtforms and patterns of thinking, controlling my energies and actions, and enslaving my soul. Free me from all patterns of obeisance to false gods, idolatry, imposition of belief systems upon me in the name of spirituality and given away of my own God power. Bind, consume and transmute the cause and core of any and all of these records and ancient ties once and for all.

I invoke the power of mighty Astrea and Purity's cosmic circle and sword of blue flame to encircle these grids and patterns of darkness, duplicity, deceit, deception, psychic projections, emotional riptides, aggressive mental suggestion and control; verbal curses, aura invasions, energy merging; disrespect and disallowing of my free will; malicious, ignorant, sympathetic, and delicious animal magnetism; and all forms of discordant or negative manifestations in my thought and feeling world. I ask for the removal of the false imposters, Kas, not-selves, or dwellers-on-the-threshold of anyone now attached to my energy field or seeking to enter therein. Remove all energy grids and matrices cast on my house and energy forcefield. I ask you to fully and finally break the curses that the fallen ones have placed upon me—cause, effect, record and memory back to my first embodiment in matter—and fill my life and home with only the illumined light of God.

Cut my soul free, right now today, to fulfill her dharma and divine destiny without any further interference and to serve only my Holy Christ Self. I ask this according to God's holy will. Amen

Call for Binding the Backlash

We call for the binding of the tail of the great dragon Tiamat as it swings as a *backlash* against the sons and daughters of God and against the Holy innocents. We call for the victory for those who are ready to draw forth the Light and challenge the tail of the great dragon-to challenge the misuse of the Sacred Fire and the tail of man's own carnality.

Bind the misuse of the Mother flame manifesting as the tail of the dragon, as a crescent hook drawing in energy to nurture the dragon and the fiery breath of the dragon. Bind the tail of that dragon! I demand the chopping off of that tail and I demand that light be returned to Alpha and Omega, be requalified and returned to our heart flames.

We call for the judgment of the Satanic hordes in chaos and in a fury without their leader and for the *backlash* of that remnant of his seed.

Archangel Michael, seize and bind those astral forces preying upon the innocent, and protect our families, children, loved ones from all *backlash* from those serpents.

We rush to send into that darkness, into that sinister force, billows and streams of cosmic Light descending.

We call that the wall of blue flame and the sphere of blue flame meet that revenge of the fallen angels and their momentum of revenge that has been smoldering as resentment for aeons against the Light and the Lightbearer and that when the Darkness comes it may instantaneously be deflected and go back to its source. And may the source of Darkness be destroyed by its own evil intent.

Archangel Michael protect ourselves and our families that the *backlash* of witchcraft does not cause them to become crazed and behave not as their usual selves and the riptide tear them from the path of their First Love.

We call for that protection from behind us as we continue on the awesome climb up the highest mountain.

We call to Archangel Uriel to place his electronic presence over us and ask that every erg of misqualified energy being directed against us and the light for which we stand be as it were directed at Archangel Uriel, and that all those sending forth this negative energy receive the full power of the judgment on the return current!
