

Invocation taken from A Conference from July 1974: A Vigil For Freedom by St Germain

Copyright 1974 Church Universal & Triumphant

10) In the Name of the Cosmic Christ and in the name of Alpha and Omega, America, O America, rise up in defense of this holy ground! America, respond to your inner calling! O America, be free! Wake! O wake to hear the warning sounded by angelic hosts on high! O children of the light, listen! Listen to God as he speaks to you in this hour! O America, bend the knee! Come down from that lofty pride of the Luciferians, and be humble in the Christ!

11) In the name of the Christ I call to the Great Divine Director for the arresting of the spirals of the giving away and selling away of America, of secrets of science, of invention, of abundance. Stop the action of compromise and bargaining with the unrighteous generation, the rebels and the fallen ones who have already taken over the governments of the world.

In the name of the Christ I AM the authority of! I AM the real government of the people, by the people, and for the people! In the name of the Christ I am shaking off lethargy and complacency! I am a vigilante for freedom! I rise up in defense of America as the territory set aside from on high by cosmic councils as the place where the Christ Child is to be born, where the Woman is to be nourished until all mankind becomes the fullness of the flame Holy of the Spirit.

In the name of Almighty God, In the name of St Germain, sons and daughters of Liberty, awake in the name of freedom! Awake I say! Beloved St Germain, I claim the fervor of your heart. I claim the fiery purple heart of your being which you impart to us as sons and daughters of Liberty. I am the hands and the feet of the Lord. I am the instrument whereby the Lord God of hosts can rise triumphant into the White House, into the Capitol building, into the Supreme Court, into the capitol of every state of the union. In the name of the Christ, I call for a return to cosmic honor and to the cosmic honor flame. I call for diligence, expansion, and the support of the cause of truth. And I call for St Germain's fervent call and his heart's love to be anchored in and as my own as I give these decrees.
