

“The Price We Pay for Freedom”

Friends of Freedom Arise!

To the Call of the Mighty I AM!

On May 1, we honor the celebration of our Beloved Saint Germain’s Ascension Day (May 1, 1684) and his Coronation Day as Hierarch of the Aquarian Age (1954). Saint Germain ascended following his embodiment as Sir Francis Bacon (1561-1626)-after having made, as he once commented, “two million right decisions.” *The Master Alchemist and his beloved twin flame Portia were crowned Hierarchs of the Aquarian Age on May 1, 1954.

In a July 2, 1971 lecture Mark L Prophet delivered a message entitled “The Price of Freedom”. He addressed cultural, religious, educational and governmental issues in the rapidly changing social fabric of the time: Vietnam war protests, distrust of government and a general waning of the spirit of patriotism in the nation, especially among the youth and we see where we are today in these areas of our society.

In 2026, as America prepares for its celebration of the 250th year remembrance of the signing of the Declaration of Independence, (and noted by the Ascended Masters teaching as the date of conception of the United States of America) we may ask ourselves this question: What is the price we are willing to pay for the preservation and restoration of freedom in this land we call America? Is there a reawakening in America today and what is the nature of true freedom?

Please join us this Sunday as we celebrate the love of the Master Saint Germain for us and share in his answers to these questions, through his Ascension Day Address delivered by the Messenger Mark L. Prophet on May 1, 1963.

In Freedom’s Flame We Stand!

*Together they focus the Christ consciousness of the Seventh Ray, as Jesus ensouled the Christ consciousness of the Sixth Ray for the Piscean dispensation.
