

Prayer for Kuan Yin's Sword of Mercy

When you don't know what to do about a problem, just calm down, center in the presence of God within you and call to Kuan Yin in the name of your I AM Presence and Holy Christ Self for her sword of mercy. Visualize your heart blazing with mercy's pink-violet fire.

Then place your right hand upon your heart and draw forth the sword of mercy. Take this sword and point it directly into the core of any problem. Feel the action of mercy's power rushing in to balance minds and feelings, to transmute and make everyone whole. Meditate upon the sword and visualize its penetrating, all-consuming action. And let the flame do its perfect work.

O beloved Kuan Yin, charge now this sword with thy flame of forgiveness, of healing and truth, of mercy and freedom. Make my right arm the scepter of thy power in the world of form and extend thy grace into [insert personal prayer here].

Let the full expansion of the fire of mercy from the altar of your retreat in Peking* be charged now through my right arm and through my heart by this sword of living flame.

Let the children of God upon earth know that the fire of mercy will allay our fears, will quench the blaze of our emotions, will stop the rioting of the masses and will quiet the concerns and worries of our youth.
