Mother's Miracle Mantra

To be given while standing for God

In the name of the light of God that never fails,

my being and in the five secret rays!

the Sacred Heart of Jesus, and the full power of the
Ascended Master John the Beloved:

Blaze forth your miracle light! (3x) *Burn* through!

I call for Ascended Master Jesus Christ' miracle of
perfection in my heart, in my third-eye, in my throat,

I call for the mantle of your Assumption now.

I call for the dedication of the Inner Retreat unto
the victory of the ascension of every child of God.

In the name of the Father and of the Son and of the
Holy Spirit, in the name of the Mother, Amen. [songs to
Mother Mary and "A Child's Rosary"]

Hail, Mary, full of grace. The LORD is with thee.
Blessed art thou among women and blessed is the fruit
of thy womb, Jesus.

Holy Mary, Mother of God, pray for us, sons and
daughters of God, now and at the hour of our victory
over sin, disease, and death.

Thy Healing Hands

by Mark L. Prophet

O Our Father, we are thy children. We are gathered together at thy feet in the footstool kingdom of manifestation. We know that thou art here, even as thou art in heaven, in the heavenly realm. And so we ask that right where we are, you will be in a greater manifestation than we have felt before of thy nearness.

The bright radiance of thy beloved Son, the Universal Christ, is walking upon the waters of the mass consciousness. The light of the Holy Spirit is beaming through his raiment. His manifestation of immortality and the winds of the Holy Spirit also flow forth through his garments, creating the divine wind of cosmic action in the world of form.

Where I AM, there shall ye be also. And so, we are gathered together in this place in time, that we might place upon the cosmic heap the energies of our life, judged by the cosmic pyramid of white fire within the center of each atom. For our flesh form is pliable, and it will yield to the hot breath of the Holy Spirit, whose blazing diadem of love is to be found in the meaning of cosmic brotherhood.

We invoke the Holy Spirit. We invoke the presence of our Lord the Maha Chohan. We invoke the Holy Spirit, and we ask that silence shall reign in our being as we await the coming of thy omnipresence into the field of our awareness.

Out of the diadem of the heavenly realm, we ask the procession of healing angels from the heart of God. No problem too great, no burden too heavy—for thy burden is light. And out of light the angels of God come, the healing angels.

Their understanding is legions of light. Their understanding is the outreach of God. His hand moves through theirs. His heart beats through their heart. His illumination is aflame within the head and aura of each angelic foci.

O beloved Christ, thou who art the true Mediator between God and man, a multitude of afflictions rise up to contact thy healing hands. The oil of cosmic purpose, the oil of the Holy Spirit, signifies thy nearness to us in this moment of our outer afflictions.

We ask a manifestation of thy wonder, of the miracle of thy being in ourselves. Be our affliction physical, let it be corrected. And correct the causes behind it, O Brotherhood of Light, that we may remove the cause and the core of our outer affliction.

The strategies of the light are greater than the strategies of the darkness. Hence, O Universal Christ, be with us now. Through the infinite power of the Holy Spirit, through the untrammelled heights of the Great White Brotherhood, through the communion of the Brotherhood of angels, elementals, and men, we say:

Let there be peace! And let that peace expand in all hearts—not only in those who are here, able to come in closer contact, but those who may be anywhere upon the earth and in need. As the needs of man magnify, so dost thou by thy grace magnify the healing ray for mankind.

O blessed Hilarion—Hilarion, Hilarion, Hilarion—we invoke thy presence here also in the name of the Universal Christ. Magnify the cords of light that bind the hearts of men to the hearts of the Eternal Ones, to the heart of God!

Stretch forth thy hand, O healing angels! Stretch forth thy hands, O sacred lovers of devotion! For devotion is of God. Love is of God.

Love opens the hearts of flowers. Love is the perfume that pours forth as an open door into ethereal realms. Love is a furnace that consumes dross. Love is a coolant that provides comfort and mercy. For the mercy of God does fall upon the earth beneath. It is the mercy that we shall not forget.

We ask, then, that thy love and thy healing and thy consummation of perfection in us shall be accepted by us—that that which is crooked may be restored,

that that which is broken be mended, that that which is inoperative become operative, that whatever affliction may be leveled upon man shall be healed and straightened out in the name of the living Christ.

In the name of Jesus Christ, we say: Let it be done!

Out of the chalice of infinite Love pours the concentrated rays from the heart of the Master Hilarion, the Master Jesus, the beloved rays of the Father, the Son, and the Holy Spirit.

Charge, charge, charge this oil with the healing power of the Christ consciousness! Let it be infused with the sacred fire from the altars of heaven. We here upon this earth ask and it shall be given unto us.

We invoke the presence of Elijah, for whom the cruse of oil failed not. We invoke the presence of all great souls that have ever lived upon this planet. We invoke the presence of the archangels and their archeiai. We invoke the presence of Lord Michael. We invoke the presence of the Universal Christ.

In his name and by the cosmic cross of white fire, by the golden cross of divine illumination, by the pink cross of universal love, we say: Give us freely thy water of Life, thy healing waters, the anointing of the Holy Spirit. It is done.

And it came to pass after these things, that the son of the woman, the mistress of the house, fell sick; and his sickness was so sore that there was no breath left in him. And she said unto Elijah, What have I to do with thee, O thou man of God? art thou come unto me to call my sin to remembrance, and to slay my son?

And he said unto her, Give me thy son. And he took him out of her bosom, and carried him up into a loft, where he abode, and laid him upon his own bed.

And he cried unto the LORD, and said, O LORD my God, hast thou also brought evil upon the widow with whom I sojourn, by slaying her son?

And he stretched himself upon the child three times, and cried unto the LORD, and said, O LORD my God, I pray thee, let this child's soul come into him again.

And the LORD heard the voice of Elijah; and the soul of the child came into him again, and he revived.

—I Kings 17:17-22

Even so, Holy Spirit, come forth in the name of the Father and the Son. By the Word of the Blessed Virgin, Amen.

**(b) To the Lord of the World
for the Convergence of Hearts**

In the name of the light of God that never fails, I AM calling forth the light of the Lord of the World, beloved Gautama Buddha. I call for the consuming now of all that is anti-Light within these souls and hearts and minds, all that has accumulated over the centuries. I call for the thinning of the veil, the convergence of the Mind of God in the minds of these hearts. Let the saints of God, East and West, now converge with these hearts, that they might accelerate.

I demand the throwing off of the yoke of Cain and of the Satans (sə-tans'). I demand the binding of the Satans in the earth and their power over any individual of God.

By the light of the Holy Ghost, in the name of the seven archangels, I demand the liberation of these anointed ones of all entities and discarnates. I demand

the purging by the sacred fire of all projections within and without. O Light of God that never fails, let there be the resurgence of the resurrection fire to resurrect now that holy light.

Victory of the Eternal Flame, I call thee forth! (3x)

Blessed Mother Mary, anoint holy purpose.

I call for the casting down of the accursed ones. I demand the breaking of the back of the curse of death and the misuse of the sacred fire! I demand the shattering of the forcefield of bondage to limitation, to the senses, and to time and space! I call for the Mighty God flame to set free these souls of light over every binding habit.

Lo, I AM THAT I AM! And I AM the expelling of all entities and discarnates of nicotine and alcohol that have ever possessed these body temples.

I AM the purging of the physical forms of all impurities.

I AM the binding of all sin and the sense of sin!

I call for the victory of the God flame unto noble purpose and the bringing forth of the light-bearers.

I AM the sealing of these hearts unto the Inner Retreat and the service of the Great White Brotherhood.

I demand the purging of the sacred fire of Almighty God! Let the flame of victory burn through! Let the vision of the Immaculate One now be upon them, that they might see their noble birth and the original image of that divine purpose.

God, I demand the burning up and the consuming of the patterns of drug and rock and the bondage and addiction thereto. I AM the consuming of chemical substances within these temples hindering the unfolding of the light of the chakras.

I call to the mighty archangels of light. Send your

legions with flaming swords! Cut free these souls of light. Mighty Faithful and True, beloved Maitreya, Sanat Kumara, Jesus, Saint Germain, set the captives free!

I AM the consuming by the sacred fire of all implants of the fallen ones—all manipulation of the mind, heart and soul, and the DNA chain.

I AM the healing light of the healing thoughtform, removing from each one the cause and core of all conditions out of alignment with the will of God.

I AM the cosmic cross of white fire, sealing the third eye, opening the gate of the temple.

Blazing Sacred Fire of Almighty God, descend now! For the hour is come for the acceleration of a planet unto the victory of the golden age. Let this golden oil of the chakra and crown of the Buddha and the Christ, this oil of the heart of the Blessed Virgin, be now for the healing of souls.

Mighty I AM Presence, *bind* the oppressors of my children! (3x) Now!

(c) The Lowering of the Emerald Matrix

Invincible Light of Cosmic Victory, I AM calling forth the lowering of the Emerald Matrix. (3x)

By the power of the Great Central Sun Magnet, beloved Maximus, maximize now the magnet of Almighty God to magnetize the perfection of the Eternal Christ within these hearts.

(d) For Intercession and Resolution

Lords of Karma, I pray for intercession for all Keepers of the Flame. I call to the Great Teams of Conquerors for the binding of all negative conditions within these hearts and within their lives, circumstances of karma, and all ungodly family manipulation by those who surround the souls of Light.

I call for the divine resolution of family karmic conditions by the full power of the violet flame. I call for the will of God from the heart of the Great Divine Director, beloved El Morya, Lanello, and Godfre.

Blaze through these blessed hearts, O God! Magnify the LORD within them. Magnify the immaculate concept. Deliver them now from all schism within the four lower bodies, all wedges of darkness in their garments projected by the seed of Antichrist. I demand the burning up and the consuming now of all that separates them from the victory of the Great God Flame.

Lord God Almighty, I plead in their behalf, in the name of Kuan Yin and the Blessed Virgin, for intercession. Let legions of light come forth to do battle with the Antichrist that would unseat these souls from the victory of the Path.

O blessed hand of Mother Mary, let thy anointing of these souls now be for their safety and their secure manifestation unto the hour of the resurrection and the life with Jesus Christ our Lord.

(e) For the Original Edenic Image

Beloved Gautama Buddha, forget them not. Fiery salamanders and mighty seraphim, pass through each Keeper of the Flame. Consume that which is foreign and alien to the perfect divine plan of the original Edenic image.

Let the image of Eden come forth!

O Magnanimous Heart of Lanello, claim thine own!

I AM the binding of the rebellious will, and I AM fastening these hearts of light unto the will of the Almighty.

I AM the purging light.

I AM the binding light.

I AM the sacred fire of Sanat Kumara, fulfilling now cosmic purpose.

Open their eyes that they might see with perfect love, O God, what is that acceptable and holy will made plain.

(f) The LORD's Strengthening
for the Victory over Death and Hell

Mighty Victory, let the fragrance of the spikenard carry us to the hour of the victory of the Lord Christ, the victory of Life over Death and Hell.

Lo, I AM THAT I AM in the fullness of the Spirit of the Great White Brotherhood.

In the name of the Father, the Son, and the Holy Spirit, I demand the binding of Death and Hell and the astral hordes that would assail the ascent of these sons of God. Beloved Kuan Yin, come forth with thy mercy flame now. Give them new birth and new life.

Legions of the sacred fire, let the crystal-clear waters descend from the mighty Tree of Life. Let the cleansing and the purging show forth the divine image within every communicant of the Church Universal and Triumphant.

O souls of light, be strengthened, for the LORD is with thee.

I AM the strengthening Presence of Almighty God, propelling each one in ever-transcending spirals above the lesser self into the reality of that which is the true Self. That which you really are is now and always has been the great master of life where you stand.

(g) To Healing Angels for God's Healing of Souls

Healing angels, come forth for the healing of these souls. Heal them from all going out of the way of the perfect Presence of God.

O God, nothing is impossible with thee! Heal them, then, of all vestiges of drugs, marijuana, impure substances invading these beauteous body temples consecrated unto the living Christ of each one.

I AM the peace-commanding Presence that bids all demons of drugs depart these temples. Depart! Depart! Depart! I demand it in the name of the Lord of the World, Gautama Buddha!

I AM the light of the sacred fire and of the hallowed

Presence of God that will not admit to death but only Life, that the fullness of the Life that is God expel all else.

In the name of Jesus Christ, I command it and I accept it done this hour in the full power of the I AM THAT I AM.

I AM ensouling in these hearts the perfection of the flame of the Divine Mother, the perpetual healing grace.

I AM the firing of the will unto the perfect love of God.

(h) Open Up These Hearts, O LORD

Open up these hearts, O LORD, by thy mighty flame of love! Let the Ruby Ray drench each one! Let it saturate and purge and purify! Let each Keeper of Thy Flame put on a new heart and a new temple: a new physical body, a new mental body, a new desire body, a new etheric body! By the violet flame of Saint Germain, it is done! (3x) Let them be healed of all burdens of the fallen ones upon this planet. Let them not see death but eternal Life and renewal. Let them see Perfection here and now made manifest!

Beloved Mighty I AM Presence, thou canst do all things. Come then and be with these blessed hearts. Let the remnant be raised up. Bind then the oppressor! Bind the entities, even those of which they are not aware, that have invaded the system, even the physical functioning of the body, the astral, mental, and etheric bodies.

I call for the clearing of the desire bodies of all that is foreign to the desire of Almighty God to be the fullness of love made manifest within them now! I call for the desiring of God and his original desire in the formation of these souls of light to be present with them. I call for intense blessing, opening, illumination, the rededication to the original purpose of life.

O Divine One, in the flame of victory, let these souls know thee face-to-face and let them enter the Path whereby every miracle is possible.

(i) For the Redemption of the People
by the Capstone of the Pyramid

O Blessed Peace of the Lord Christ, be upon each communicant of Thy Word. Let the capstone upon the pyramid reveal the Emerald Matrix to lower into manifestation the inner Light.

I AM the canceling out of all identity that is less than the perfection of Alpha and Omega.

Infinite Light of all the hosts of the LORD, hear my call for the redemption of the light-bearers of earth. I call it forth, that they might know thee.

O God, let us begin to see the acceleration of light. Let these realize more of Thee than they are presently manifesting as they pursue thy wisdom to bestow the gift of love upon the altar of humanity.

Angels of the sacred fire, be with us. I pray fervently for the upliftment, the endowment, the healing. Let the divine wholeness appear!

Seven blessed archangels, expand the spark of Life, the threefold flame! Expand it in God's name!

Push back the veils, O God. Let the divine image appear! (3x)

(j) The Dispensation for Each One
to Choose to Be His Real Self

Let there be the separation of Light and darkness, and let each soul exercise free will to choose the Light and shun the darkness. And let the authority of the Word and the ministering angels reinforce the strength of the pilgrims of the sun to follow the heart of cosmic purpose.

Mighty Light Rays from the heart of God, let the opportunity now become the mercy of dispensation for each one to choose to be his Real Self. Show them the way of the choice, O God. Enhance the light of desire that chooses to be the I AM THAT I AM.

I AM the reinforcing presence of the perfect will of God within these hearts. I stand with the legions of light

and the flaming sword for the binding now of that which would interfere with the freedom of each one to choose to be God incarnate.

Beloved Cyclopea, intensify now that Vision—the vision of the individual in Christ and the individual in the community of the Holy Spirit. Mighty Astrea! (3x) encircle all opposition to that Vision! (3x)

(k) Bind That Which Hinders the Incarnate Word

Light of God that never fails, hear my call! (3x)
Great Teams of Conquerors, bind now that which hinders the incarnate Word within the temples of all light-bearers on earth.

Souls of light, rise and affirm thy holy purpose! (3x) Now!
Be fearless to face the anti-Self, and welcome the LORD thy God into thy temple. For we go forth to conquer, worlds without end!

(l) Knowing and Loving Oneself as the Divine Image

Archangel Michael, defend faith. Let faith appear within these hearts. Let them not forget that God is able to raise up of these stones sons of Abraham.

Let the seed of Sanat Kumara be reinforced. Let the fragments of soul be assembled and reassembled. Let Christ be formed in the Keepers of the Flame!

I call unto the Great Central Sun Magnet: expand within my heart by the power of the ascension flame of Serapis Bey! Magnetize now the true identity! Let there be the removal of every mask of the pseudo-self posing as the real. Let each one know and love himself as the divine image in manifestation now!

I call for the perfect love of Self to replace sin and the sense of sin and all struggle. I AM the purging of every discarnate entity posing as that Real Self and preventing the perfection of the divine will.

Mighty Light of God that never fails, let thy sacred fire burn through and consume all that the Great Law will allow. Behold thyself in manifestation, LORD. Anoint thy self in perfect peace.

I call for the oneness of the I AM Race. I call for the strength of God's people throughout this planet by the anointing of the saints East and West. I call for the union of all people of God upon earth. I call for the touching and the contact of the Blessed Virgin of every son of God in East Germany, in Eastern Europe, all those under the yoke and oppression of tyranny of every form—World Communism and the capitalist conspirators and international bankers behind it. I demand the unveiling and the exposure of the lie.

Even so, strengthen hearts, that those who now have the anointing might be the instrument of that exposure of the Truth and the lie to all of God's people. And then reinforce, O God, thy will in them. Reinforce thy will, that we might be one.

In the Father and the Son and by the power of the Holy Spirit, rise for the judgment of the anti-Self on the planetary scale! Inspire each one with the vision that he can be God-victorious because God is victorious in him now!

(m) I AM the Acceleration of the Resurrection Flame

Beloved Meta, Mighty Victory, Lady Venus, Sanat Kumara, Seven Holy Kumaras, let there be the consuming of all that is not of the Light. Cyclopea, lower the Divine Matrix now!

O blessed violet-flame angels, anoint the blessed hearts of Keepers of the Flame everywhere. Let transmutation appear!

I AM the reversing of all rebellious cells of anti-Life within these temples!

I AM the perfect flame, the threefold flame of Life in the heart of every cell, shedding forth perfect health in body, mind, and soul of all light-bearers on earth!

I AM the emanating light of the Great Central Sun in every cell within their body temples now made manifest!

I AM the acceleration of that light, as the resurrection flame infuses each and every one with the resurrection of holy purpose, the abundant life, the

resolution of every problem—national and international—by the electrodes of these blessed hearts of the Keepers of the Flame.

(n) O Mighty Image of God,
All-Powerful within These Beings

I AM the willing of perfect peace that comes by the presence of the Buddha and the Christ within each heart.

O Christ, enter these hearts as never before. Let this earth be filled now with the saints of God who know who they are in the I AM THAT I AM.

Beloved Mother Mary, let us together reinforce now the blessedness of purity and the will of God, love, truth, and wisdom—action to fulfill that will of making God's kingdom come on earth as it is in heaven.

O Grace of God, appear and transform! I believe that thou art the Christ, the Son of the living God. Lord Jesus Christ, by the faith of the Almighty and the archangels, transform these blessed ones into thy perfect image now.

O Mighty Image of God, thou art all-powerful within the Keepers of the Flame. Let thy presence reveal, then, the Way, the Truth, and the Life.

Thou art divine here and now, O son and daughter of Light. Every life is a mission to fulfill that holy purpose for the blessing of all brothers and sisters upon earth. Sharpen the mind and the heart to acknowledge that mission, O God, to enter with joy.

(o) Let the Karmic Accounts Be Settled

LORD, where there have been wasted years, let them be regained as thy promise is fulfilled. Let all that is lost be restored. Let the crooked be made straight. Let the valleys be exalted. Let the karmic accounts now be settled. Let each one prepare to meet his own LORD and Saviour.

O Blessed Christ Self of each one, teach in love. And let these witnesses unto the Truth be a mighty and formidable people going forth now for the casting out of serpents.

(p) A Planetary Clearance by the Power of Astrea

By the consecration of our holy vow and our oneness in the Blessed Virgin, we demand, O God, as thy saints upon earth, the binding of murder and the murderous intent in our society, the binding of terrorists and terrorism!

I call for legions of light for the binding of the astral hordes causing mayhem and the increase of crime. Let there be a planetary clearance by the power of Astrea. Mighty Astrea, bind the terrorists and assassins now! (3x) Confute, Confute, Confute them now! (3x)

O God, we are thy mystical body upon earth. We are united in the one Person of the Lord Christ in this hour. By the strength of our love for thee, for the cross of the Saviour, for the blessed crucifix, hear our call and answer!

Bind war and the engines of war! Neutralize the weapons of nuclear energy pitting man against man! Bind the Nephilim gods and their plots to destroy this people and this planet!

(q) The Divine Matrix of Planetary Wholeness

By the fervor of our hearts' oneness, let the Divine Matrix of planetary wholeness form a grid congruent with the physical earth. Let the sacred fire in the sun of even pressure in the heart of the earth balance elemental life, balance the planetary body—the faults, the gas belts, the underground chambers, the atmosphere.

Let there be purification by the sacred fire that flows through us freely, O God. To this purpose we have taken embodiment, that we might stand and hold the light for the transformation of worlds. Be with us in thy oneness.

Let the Father and the Son come and dwell in these temples. Let the Holy Spirit prepare them and purge and purify, that they might be acceptable, O God. Let every atom and cell of consciousness and of the sheaves of manifestation be a fitting habitation of the Trinity.

Father, Son, and Holy Spirit, expand the mighty, cosmic threefold unfed flame!

(r) Helios and Vesta, Break the Curse of Death!

Helios and Vesta, let thy light intensify!

Helios and Vesta!

Helios and Vesta!

And let the earth be transformed into the

New Day! (3x)

By the light of the Holy of Holies, I AM the breaking of the curse of death within these temples of the Keepers of the Flame!

I AM the binding of all opposition to the victory of the ascension flame!

I AM the strengthening of the will and the spine.

Mighty Action of the Sacred Fire, let this transforming light of God fulfill cosmic purpose here in the hearts of all Keepers of the Flame!

(s) I AM the Resurrection and the Life of Holy Purpose

I AM the breaking of the chains of all subservience to the laws of mortality.

I AM the light of God that never fails.

I AM the victory over Death and Hell.

I AM the judgment of the anti-Self.

I AM the resurrection and the life.

I AM the resurrection and the life of holy purpose! (7x)

Praise the LORD I AM THAT I AM Sanat Kumara! (9x)

Hail, Mary, full of grace. The LORD is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus.

Shining in the darkness of being
And changing all into the golden treasury
Of the mind of Christ.
I AM projecting my love
Out into the world
To erase all errors
And to break down all barriers.
I AM the power of Infinite Love,
Amplifying Itself
Until It is victorious,
World without end! (4x)

In the name of the light of God that never fails, I call for the mighty action of the sacred fire from the heart of the Almighty One. I call unto the angels of the sacred fire. I call unto the Great Central Sun Magnet.

Helios and Vesta, beloved Alpha and Omega, in the name of the Father and of the Son and of the Holy Spirit, in the name of the Divine Mother, I call forth the ascension flame of the Blessed Virgin. I call unto the victory of the light. I call unto the hosts of the LORD. I call for the expansion of the threefold flame within these hearts as the divine magnet of the Almighty One.

I call forth the angels of beloved Mother Mary. I call forth the angels of Victory. I call forth the angels of Saint Germain, beloved Jesus Christ. I call unto the mighty action of the sacred fire.

Mighty Astrea, lock your cosmic circle and sword of blue flame in, through, and around these souls of light. Let the impetus toward darkness be bound! Let the momentum toward light be enhanced now by the holiness of the blessed angels in our midst.

Beloved Raphael, in commemoration of the Assumption of the Blessed Virgin, I call thee forth now. Let the gift of our hearts upon the altar of God, the mighty archangels of light and their archeiai, be now for the impelling of these souls of all Keepers of the Flame toward the climbing upward of Jacob's ladder into the very heart of the Holy of Holies.

I call for the magnification of the Lord God Almighty. I call for the ascent of souls. I call for the ascent of the Mother flame. In the name of the living Word, let this sacred fire be unto us the sign and the signet of our own desire to magnify the sacred fire of our understanding that the essential nature of our hearts is indeed this sacred fire of God.

Beloved mighty seraphim of God, I call for the great mystery of thy Word to manifest in our midst. Mighty seraphim of God, beloved legions of the seven archangels, come forth now in the victory of the flame! Come forth now in the victory of the Blessed Virgin!

I call for legions of light to assemble on planet Earth in commemoration of the ascension of the Blessed Mother, now for the amplification of the ascent of the feminine potential of being that is the soul potential of each one.

I call to the Mighty I AM Presence. I call to the magnet of beloved Alpha. I call for the wooing of the flame of Omega within us. I call for the ascent of worlds. I call for the meditation of the fusion of that which is above and that which is below as the fullness of the figure eight and the line of victory.

O Sacred Fire from the heart of the Blessed Virgin, manifest thyself now. In the name of the entire Spirit of the Great White Brotherhood, hosts of the LORD, Lord of the World, and Sanat Kumara, we accept it done this hour in full power. [song 201 (226) "Lo! I AM Come to Do Thy Will, O God!"]

Camelot, Calif., 8-15-81.

Light from the Universal Heart of 85.12 Alpha and Omega, Set the Captives Free!

Light from the universal heart of Alpha and Omega, I call thee forth in the name of the I AM THAT I AM! Light of the Mighty I AM Presence, come forth now:

Set the captives free!

Set the captives free!

Set the captives free!

By the mighty Presence of the Lord God Almighty in our midst, I address now that personal Christ Self of each one:

LORD of the temple of Life, come forth now in the flaming sword of the Spirit by the action of the sacred Word. Living flame of the Almighty, set the captives free!

In the name of the I AM THAT I AM, by the authority of the saints of the Universal Church, I AM registering upon earth this prayer of intercession of the World Mother.

In the name of the Blessed Virgin, in the name of Jesus Christ, before the Lord God Almighty, I command legions of angels in the charge of the Lord Christ to descend into earth in this hour:

Set the captives free! (2x)

Set the captives free, O God!

Lead them to the fount of immortality. Lead them unto the Tree of Life. Let them be drawn now by the magnet of the crystal-clear mind of God.

In the name of the living Word, we pray. [song 242 (208) "Light, Set Me Free!"]

Light, set me free! (3x)
 Light command, (2x) Light command, command, command!
 Light demand, (2x) Light demand, demand, demand!
 Light expand, (2x) Light expand, expand, expand!
 Light I AM, (2x) Light I AM, I AM, I AM!
 I AM a being of violet fire—I AM the purity God desires!

85.13 O Word of God, Sing the Song of the New Day in My Heart

O Mighty I AM Presence of each one, Christ Self of each one, mighty threefold flame, I bow before the individuality of God within these temples of being.

I implore thee, O Word of God, now recite this holy mantra. Sing this song of the new day! Sing this light song and this command, and let these souls experience the fusion with the Word—the Word and the cosmic dance of Shiva, the Word that was begun in the vast distance that now comes toward us. And as it passes through us, we hear the Word, we affirm the Word, and we know that we have always been a part of that Word.

We dwell in Eternity. We are the Eternal Now. Lo, I AM a son of God! [song 242 (208) "Light, Set Me Free!"]

Light, set me free! (3x)
 Light command, (2x) Light command, command, command!

**Gratitude to Hermes for the Message 85.23
and the Law of Our Immortality**

In the name of the I AM THAT I AM, beloved Ascended Master Hermes, we bow before the Lord God Almighty, whom thou dost represent to us in the fullness of living Truth. We claim the Truth of thy aura, the mind of God within thee, and the full compassion of thy heart that is the magnet of Truth for and on behalf of the youth of the world.

We stand for Truth with thee, with Pallas Athena, Mother Mary, and the Lords of Karma, all the hosts of the LORD. Infire us with Truth. Let us become the witness with thee of the resurrection of the sons of God and the judgment of the fallen ones.

We would pursue thy pathway. Let us now be caught up in the draft of thy mantle and move with thee amongst the stars as we contemplate truly the Emerald Tablet and the Emerald Matrix of the law of our inner being.

We send forth gratitude that thou hast held with firmness and determination the message of our immortality through dark ages, through golden ages, through ages of our own neglect. We are grateful for thy presence as the Keeper of the Flame of the law of immortality.

Through thy heart and thy essence now within our temple, we sing to all masters of the Great White Brotherhood in this, truly the communion of the saints of heaven and earth. [song 202 (97) "O Presence of the Diamond Heart"]

85.25 For the Exorcism of the Marijuana Entities from Our Youth by the Action of Mighty Cosmos' Secret Rays

Beloved Holy Spirit, beloved God the Father, in the name of Jesus Christ, we invoke the mighty healing thoughtform into the bodies of our youth and all individuals of the light who have unwittingly taken poison into their body temples against the great blazing light of thy flame burning upon the altar of Life.

We ask that all souls of light who are worthy—worthy of the Lamb—might receive the healing thoughtform, might receive the action intensified of mighty Cosmos' secret rays.

In the name of Alpha and Omega, in the name of Jesus Christ and Saint Germain, the mighty flame and gift of miracle in my heart, I demand the action of the transfer of mighty Cosmos' secret rays.

Heal the white fire core of the physical atoms!

Heal the white fire core of the centrosome of every living cell!

Heal the cause and core of that being!

Heal them now of that drug substance, especially of marijuana!

Heal them now!

I demand the exorcism in the name of Jesus Christ of the marijuana entities who have invaded the temples of our youth. *Come out*, in the name of Almighty God! *Come out*, I say, in the name of Jesus Christ! Be *bound* by the power of Astrea!

Bind them now, O mighty Elohim! *Bind* every last vestige of marijuana within the fatty tissue, the brain tissue, within the cells of these temples of light! *Burn* through and bind the vestiges of the marijuana entity still affecting the brain and the emotional body!

Burn through, O LORD GOD of hosts!

Sanat Kumara, hear our call this day! By the mighty gift of miracles, the gift of healing, let these bodies be healed. I call for the commencement of the spiral of healing by the intensified light of mighty Cosmos' secret rays. Let it be done! Let it begin! Let it combine with the mighty resurrection flame of Jesus Christ this Eastertide.

Let the resurrection flame within the heart, within every cell, now be one with mighty Cosmos' secret rays, and let these flames of God be for the renewal of life on earth, as youth and all life have the right to live life to its fullest in the Aquarian age.

Helios and Vesta, send forth thy golden-pink glow ray into the body temples. Purify the blood! Purify the chakras! *Heal* now the astral bodies! *Heal* now the physical bodies! *Heal* them and remove by the violet flame the cause, effect, record, and memory of that substance and its effect upon them and their progeny.

I call forth the light of God that never fails. I call to mighty Astrea: Encircle these entities that lurk in the folds of the garment of the astral body. Blaze blue lightning through! I demand they come out! *Bind* the marijuana entity!

Burn them out, beloved Oromasis and Diana, fiery salamanders!

Burn them out! Smoke them out!

Burn them out! Smoke them out!

Burn them out by the burning lamp and the smoking furnace. *Burn* them out by the burning lamp and the smoking furnace of our father Abraham!

Burn through! *Burn* through! I demand they come out of the temples of our youth!

Bind the marijuana entities! *Bind* the international drug rings! *Bind* their purveyors! *Bind* those who are hiding the marijuana entity! *Bind* the marijuana entity this day! *Burn* right through! *Burn* right through, beloved fiery salamanders!

Where they refuse to move, in defiance of the great God, I demand that you go in with Archangel Michael and mighty Astrea and burn them to the core, right where they are. *Burn* and consume them now, O fiery salamanders! *Burn* them in their dens! *Burn* them in their caves! *Burn* them up now in the bodies of the people! *Blaze* blue lightning through!

Roll back now *High Times* and NORML!* *Burn* right through! *Burn* through and burn up the drug entities hiding in the folds of their garments! *Bolts* of lightning! I demand the binding of those individuals who will not surrender their entities and who will therefore be judged with them. Let them be permanently bound, and see that they can no longer affect the children of the light upon the planetary body.

We decree it. We accept it done this hour in full power, in the name of Brahma, Vishnu, Shiva.

Shiva! (14x)

85.27 Almighty God, through the Heart of Saint Francis, Free the Youth of America from Marijuana

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, O point of Light in the heart of each heart, in the very Holy of Holies of these children of the sun, beloved Helios and Vesta, I implore you now through the heart of Saint Francis, the heart of Kuthumi, to come very close to these devotees of the flame.

Beloved Kuthumi, I invoke your mighty Electronic Presence over each one. Let your heart of light now be one with the hearts of these souls. Beloved Kuthumi, come very close to these devotees on the Path as they offer in silent prayer their own requests for your intercession in their life.

I call especially to you and to your legions of light, to the Brothers and Sisters of the Golden Robe to come forth and free the youth of America and all of our people from this deadly drug of marijuana—all of its influences.

And I call for the *healing* of all souls who have ever partaken of it, the *healing* now of the seed, the healing of the cells, the brain, the mind, the nervous system. I call for the healing of all phases of the light manifestation in the temple of our youth. I call for the healing of the channels of flow from the heart of cells and atoms.

And I demand the stripping of all souls of these discarnates and demons sent by the Nephilim to enslave them to their death cult. *Burn* right through, O mighty archangels! *Burn* right through by the power of Kuthumi! Set life free! Set youth free! And raise up the ascended master youth of this nation to go forth nation by nation and set the captives free!

O God, set the captives free nation by nation from that which imperils their souls though they know it not!

I call now, in the name of Brahman and the Word that was with Him in the beginning and the Word that was God. I call in the name of the Word manifest in the Father, the Son, the Holy Spirit, by the light of the Mother. Amen. [song 17 (305) "Prayer of Saint Francis"]

85.28

**O Word Incarnate in Beloved Kuthumi, Transfer to
These Hearts the Healing Light of Thy Presence**

In the name of the beloved Mighty I AM Presence, I now call forth the intense flame of beloved Kuthumi. Enter now these hearts, O LORD. O Word incarnate in our midst, O beloved World Teacher, in the name of Jesus Christ, now transfer to them, by the mantra of thy Word, the healing light of thy Presence.

Heal them, O master! *Heal* them, beloved Kuthumi! *Heal* them by the magnitude of thy causal body of light and the magnitude of their love for thee poured out in a

living stream, an arc of light from their hearts to thine own. Make them one as we are one, O God! (3x) [decree 7.10A "I AM Light"]

85.29 For the Demagnetization of the Chakras of the State of California

In the name of Almighty God, I appeal to the Four and Twenty Elders, to the Cosmic Christ, to the Seven Mighty Elohim who ensoul the seven chakras of the state of California and _____, I call to mighty Cosmos and the Five Elohim who ensoul the secret rays.

I call now to the heart of the Great Central Sun Magnet and to beloved Helios and Vesta, and I demand a demagnetization of these focuses of light by the power and authority of the priests of the Great White Brotherhood, the priests of the Order of Melchizedek. I *demand* the demagnetizing of the chakras in the state of California and _____, the seven and the five, by the power of the Mighty Elohim! Let them be demagnetized of all false hierarchy influences and all perversions of the light.

Blaze the light of God through! (3x) *Bolts* of blue lightning descend from the heart of the Great Central Sun, and the mighty white fire-rings descend and encircle those centers and clear them now of all demons and discarnates!

By the authority of Gautama Buddha, I invoke the presence of the Buddha and the Electronic Presence of the Buddha over each chakra.

I ask you, beloved Lord Gautama, Lord of the World, to *expand* your light within the heart of those centers! *Blaze* the light of God through! *Blaze* the light of the Buddha! *Blaze* the light of the Buddha! *Blaze* the light of the Buddha!

I call for the fires from the hearts of the retreats of the Mighty Elohim anchored across the planetary body. *Blaze* the light of God through! (3x) The light of God never fails and the Mighty I AM Presence is that light!
