# The Sacred Ritual for the Creation of the Cloud

[Inserts to assign cloud to Our Nation's Capital]

*“Will you not take the ritual of the cloud given to you by Saint Germain in your Intermediate Studies in Alchemy and take the tape of this and offer the ritual of the cloud and **call forth a cloud of violet flame from the causal bodies of every member of the Great White Brotherhood in heaven and on earth?**”*

*This, beloved, this will give pause to the Lords of Karma and the Four and Twenty Elders and cause there to be a mitigation of those prophecies that have been released through our Messenger.”*

**DEDICATION**

*Leader:*

*This service is dedicated in deepest love, gratitude and devotion to our teacher of masters and men, our Holy Brother and Master Alchemist, Sanctus Germanus.*

*Inspiring us to become co-creators with God, Saint Germain teaches practical alchemy whereby we learn to harness life's energies for the healing of the nations. He shows us how to magnetize millions of focal points of light into a brilliant, pulsating cloud of infinite energy that can then be directed into specific planetary conditions.*

*He imparts to us the highest understanding of the mysteries of God through the mastery of "spiritual alchemy"—the sacred science of self-transformation. This is the science of the mystic and is the forte of the self-realized man and woman.*

*Saint Germain explains that if we want to bring in a Golden Age, then a new man, a new woman must emerge from the social milieu: a New Atlantean must step forth clothed with the righteousness of the Sun! A golden man! A golden woman! for the golden age!*

*This is you! You being forged as the Master Alchemist!*

*Thank you Saint Germain for being at our side.....*

## PRESENTATION OF SOULS UNTO THE VICTORY OF LOVE (chapter 1) [with Mother]

### DECREE 0.30: SOLAR RING

by the God and Goddess Meru

Blessed Father, Lord God Almighty! We lovingly invoke your Presence here with us.

Beloved Great Central Sun Magnet of my own Mighty I AM Presence, align my entire consciousness, being and world at the point of the I AM THAT I AM and the living Christ each time I enter into the ritual of calling forth the solar ring!...

I AM Alpha and Omega in the White Fire CORE of BEING! (3x)

In the name I AM THAT I AM, I stand the Son of God in the earth. Clothed upon with the Sun of Righteousness, I AM come with healing in my wings! I AM the descending fire-light from my point of origin in the heart of God, in the heart of my own Mighty I AM Presence!

I stand now God-centered in my own Christ Self, and by the flame within my heart, I do now draw the solar ring around MY FORCEFIELD... my seat-of-the-soul chakra, my soul and solar awareness as the base and foundation of my life in the earth and around my beloved twin flame and loved ones . . .

. . . and around the office and person of The President of The United States of America and the White House, The entire Executive Branch of Government including the Vice-President, the President's Cabinet, the pentagon, all US military personnel, the intelligence community, and law enforcement; The Congressional Branch of Government, The Senate and the House of Representatives of the US and the capital building; The Judiciary Branch of Government, the Supreme Court justices and the supreme court building, Washington DC, all state capitols and their seats of government

.and around THE SPIRITUAL AWARENESS FELLOWSHIP, its spiritual leader, its board of directors, its members, its projects and the Lombard sanctuary; as well as all sentient spiritual organizations on this planet and around \_\_\_\_\_ *[personal calls]* \_\_\_\_\_

### *0.30 SOLAR RING (cont'd)*

I now call forth, in the invincible Word of the Logos I AM THAT I AM, my invincible tube of light established upon the platform of the solar ring for the

sealing of my identity, my soul, my heart, and my mind within this mighty tube of light by the power of the solar ring, that I may go forth a son of God in the earth, using the power of seraphim for the protection of communities and nations and the earth body.

Therefore, in the name of Almighty God, in the name of the Father, the Son, the Holy Spirit, and the Mother, I do establish in this hour my tube of light for the sealing of my Sonship to this Word and Work of the Lord and for the sealing of all the above.

## **0.01 VIOLET FIRE AND TUBE OF LIGHT DECREE**

*by the Ascended Master Saint Germain*

O My constant, loving I AM Presence, Thou Light of God above me whose radiance forms a circle of fire before me to light my way, I AM faithfully calling to thee to place a great pillar of Light from my own mighty I AM God Presence all around me right now today! Keep it intact through every passing moment, manifesting as a shimmering shower of God's beautiful Light through which nothing human can ever pass. Into this beautiful electric circle of divinely charged energy direct a swift upsurge of the Violet Fire of freedom's forgiving, Transmuting Flame! Cause the ever-expanding energy of this Flame projected downward into the forcefield of my human energies to completely change every negative condition into the positive polarity of my own Great God Self! Let the magic of its mercy so purify my world with Light that all whom I contact shall always be blessed with the fragrance of violets from God's own heart in memory of the blessed dawning day when all discord--cause, effect, record, and memory--is forever changed into the Victory of Light and the peace of the ascended Jesus Christ. I AM now constantly accepting the full power and manifestation of this fiat of light and calling it into instantaneous action by my own God-given free will and the power to accelerate without limit this sacred release of assistance from God's own heart until all men are ascended and God-free in the Light that never, never, never fails! (3x)

## **0.30 SOLAR RING (cont'd)**

In the name I AM THAT I AM, as a son of God standing in the earth, I therefore call forth the solar ring around my life, and I call forth concurrently the twin pillars of Alpha and Omega, Helios and Vesta, the seven mighty Elohim, the God and Goddess Meru, my own twin flame, Saint Germain and Portia, the mighty archangels and archeiai, and the messengers from the Sun. In the name of Jesus Christ, I therefore seal myself in the Law and the flame of God Harmony and I call for the invincible protection of the legions of the first ray around this tube of light and around that solar ring. Amen.

I demand these solar rings physically manifest!

I expect these solar rings physically manifest!  
I AM these solar rings physically manifest, manifest, manifest...  
O Mighty I AM! Mighty I AM! Mighty I AM!

### **Multiplication Dispensations from Hierarchy**

In the name of my Mighty I AM Presence and Holy Christ Self, I call for the multiplication of all the violet flame that I have invoked or will invoke this day by every dispensation granted by Hierarchy:

Let these decrees be multiplied by the power of the giant violet flame reservoir, as a sea of light pulsating, deposited by beloved Omri-Tas in the heart of the earth by the power of the Violet Planet itself, and by the tremendous power of the legions of the Violet Planet and of Omri-Tas who saved that planet by invoking the violet flame!

Omri-Tas, Ra Mu and the Priests and Priestesses of the Sacred Fire, multiply tenfold our violet flame invocations. Lord Maitreya multiply our calls by the full power of ten thousand-times-ten thousand. Saint Germain, place your violet flame Maltese cross over our homes, cities, Washington DC, every nation's capital and our entire planet.

Reactivate and multiply the dispensation of violet flame spheres given July 6, 1963. Let Priests of the Sacred Fire from the Violet Planet form beautiful, magnificent spheres of violet flame, to roll down cosmic highways of light to the Capitol dome in Washington D.C. Let them shatter and diffuse and radiate out, as from a great hub, throughout the entire planet to bless the people of earth and especially every chela of Saint Germain.<sup>i</sup>

With great joy and determination I draw forth the mantle, authority and empowerment of every Ascended Master of the Great White Brotherhood to hold us eternally sustained, ever expanding, and world engulfing, until all Activities sanctioned by the Great White Brotherhood cover the Earth and reign everywhere Supreme with Full Power for all Eternity, and nothing else remains but the Purity, the Freedom, and the Victory of the Ascension for all, the Original Divine Way, without passing through the change called death. O Mighty I AM, Mighty I AM, Mighty I AM...

And in full Faith I consciously accept this manifest, manifest, manifest! (3x) right here and now with full Power, eternally sustained, all-powerfully active, ever expanding, and world enfolding until all are wholly ascended in the Light and free! Beloved I AM! Beloved I AM! Beloved I AM!

#### **Electronic Presence of Saint Germain (chapter 2)**

Beloved Saint Germain and beloved Portia, come now and teach each one his personal sacred formula for self-transformation, for the movement of the mind, the will, the soul, the desire into a higher matrix of perfection ordained by God—and only ordained by Him. Accelerate the pinpoints of light within each one’s aura and in the very matrices that govern the aura!

Let there be change—hallowed, God-willed, and accepted by enlightened free will—among this company of lightbearers who keep the flame of the Goddess of Liberty, who hold that torch high that all might rise to that torch and through it discover the mighty Book of the Law—the Book of the Law that is written by the Christ Self of each one for that lifestream.

O Holy Trinosophia, O mighty tome of ancient wisdom, beloved Saint Germain, hierarch of the Aquarian age, I AM calling to you to transfer to the very threefold flame of each Keeper of the Light, now, a portion of yourself, an increment of violet flame for the action of alchemy upon this planetary body that will defy all psychic predictions of destruction, cataclysm, and earthquake, all scientific so-called predictions, and that will inundate this planetary body with the violet flame through the aperture of Selfhood that is laid upon the altar now as the gift of self-mastery unto the people of earth.

O God Our God, O manifest Holy Will through El Morya and through Saint Germain, touch these hearts! Expand the aperture of Selfhood!

Let the violet flame flow! And let there be a joy and a leaping of the self, rising to meet the Great God Self, rising by the sacred alchemy of change into a higher dimension of consciousness on behalf of all life.

O come forth, Lady Portia! Prepare now our souls to receive thy beloved, Saint Germain. In thy name, O God, I AM THAT I AM, let this noble servant now stand with us for the transformation of worlds within and worlds without.

In the name of the entire Spirit of the Great White Brotherhood and the unascended chelas of the ascended masters, I call. And I accept the answer to my call in this hour, O God, by thy love, hallowed as victory in our life. Amen.

#### **I Invoke Constructive Change (chapter 3):**

In the name of the I AM THAT I AM, I invoke constructive change! I command in the name of the Lord—the Lord Christ who is Lord of this temple, the

I AM THAT I AM whose Word He is incarnate—the alchemical precipitation of the gifts and graces of the Spirit to *flow*, to endow the blessed son with the qualities of the Christ, therefore making that son in me and in each and every one more capable as a spiritual alchemist and more integrated with a universal plan!

In the name of Almighty God, I invoke the right motive for change within the hearts of these devotees of the sacred fire. O fiery salamanders, purge now the hearts! Purge them now, beloved mighty seraphim! I call for the release of the seraphic science, whereby each one who desires to know enters into the Divine Theosophia.

Let the wisdom of Mother manifest. Let those who would know be in the center of the fiery vortex of the Knower and the known, that true identity may be perceived, may be penetrated, may be precipitated from the soul unto the Christ Self, from the Christ Self unto the soul!

Saint Germain, in thy name I call! I call with great determination and love to your heart for a body of lightbearers to be accelerated for this transition into the golden age which shall surely come, for it is sacred prophecy of your blessed heart and the heart of beloved Portia.

Therefore, in the holy name of God, let the lightbearers be raised up! Let the ‘stones’ be raised up as the true descendants of Abraham. And let the earth accelerate in her coursing and in her cycles until purification does occur on a planetary scale in God’s name, I AM THAT I AM.

#### **Purity for the Divine Plan: Right Change (chapter 4)**

In the name of Jesus Christ, Almighty God, let thy purity manifest here each one’s individual divine plan for right change.

We resist not. We do not forestall the divine plan of action unto Life where I AM—and that I AM is where each chela now breathes the sacred breath of the sacred fire.

#### **Call to the Fire Breath**

I AM, I AM, I AM the Fire Breath of God from the Heart of beloved Alpha and Omega. This day I AM the immaculate concept in expression everywhere I move. Now I AM full of joy, for now I AM the full expression of Divine Love.

My beloved I AM Presence, seal me now within the very heart of the expanding Fire Breath of God. Let its purity, wholeness, and love manifest everywhere I AM today and forever. (3x)

I accept this done right now with full power; I AM this done right now with full power. I AM, I AM, I AM God-Life expressing perfection all ways at all times.

This which I call forth for myself I call forth for every man, woman, and child on this planet.

### **The Law of Alchemy for Sacred Change (chapter 5)**

Almighty God, I stand before you clothed upon with Light. I am filled of Light—not of myself but by thy grace, O LORD. My sin is consumed— not of myself but by thy grace, O LORD.

And because I stand under the grace of the living God, therefore, in the name of his son Jesus Christ, I invoke the law of alchemy for sacred change in my life. And I know that the Law is infallible and that the love of my own Christ Self will direct, by the accord of my free will, the highest and most perfect change for my life as a servant of God.

### **Consume Veils of Superstition and Idolatry (chapter 6)**

Before the altar of the great Master Alchemist Saint Germain we come for the acceleration of our God-mastery of the control of the human aura by the divine aura.

Therefore, we demand the entire layer and pocket of the human consciousness of superstition, based upon the idolatrous human ego, be now consumed by the sacred fire, as the Great Law will allow. Let it be encircled! Let it be bound!

And if it may not be taken according to the Great Law, then let it be sealed in white fire and blue lightning in this hour—sealed in the very subconscious until the hour when the LORD's hosts may remove this island of darkness within the subconscious minds of the entire planetary body.

*Blaze* forth the violet flame! *Burn* through and pierce the veil of superstition! *Burn* through and pierce the veil of idolatry! Beloved Saint Germain, let it be done by the very lobes of the Mind of God. Amen.

### **Chant the AUM (chapter 7)**

A-U-M . . .

### **Invoke the Cloud (chapter 8)**

In the name of the Mighty I AM Presence, I invoke the cloud. I invoke the cloud of Saint Germain. I invoke the cloud of infinite energy descending from our own God Presence!

O Light that we adore, manifest thyself as the cloud—even the cloud seen by the prophet, no bigger than a man's hand, that approaches to fill the entire sky of our consciousness.

So, from the horizon of great God-free being, all-seeing eye of God within us, reveal unto the soul here and now the vision of the cloud. Let the blind be *healed!*

And let them *see* with the inner sight that which is revealed by God as this forcefield of infinite energy.

O God, we accept the vision in the innermost being of the soul. May it come to pass that all faculties of each one may also have the fullness of this experience of the cloud of infinite energy.

### God Is All (chapter 9)

I am nothing.

God is all.

Therefore God is where I AM.

Therefore I AM THAT I AM.

Therefore I am nothing.

Therefore God is where I AM.

Therefore I AM God.

### Seraphim Reinforce the Creation of the Cloud (chapter 10)

O mighty seraphim of Life, now manifest where I AM! In the name of Serapis, in the name of Serapis Bey, in the name of the Great Seraph—mighty Serapis! mighty one of God!—in the name of Jesus Christ, in the name of Justinius, captain of seraphic bands, I command: holy seraphim, enter this temple of being where I AM.

Stand where I AM. Stand where God is! Reinforce now the creation of the cloud—cloud of flaming sacred fire where I AM.

In the name of the Holy of Holies, in the name of the I AM THAT I AM, lo, I AM the cloud. Lo, I AM the cloud of the Lord God Almighty.

And out of the cloud, the voice of God—the holy Word, the manifest Logos where I AM.

Mighty seraphim, I charge you in the name of God's holy will: Charge now every fiber of my being with thyself, with thy holy cloud, and with the true cloud of witnesses of thy holy bands!

Lo, I would stand in the center of the seraphim. And there I AM in the oneness of the will of God, the love of God, and the wisdom of God.

By thy leave and only by thy leave, O God—by thy Holy Spirit, by the Lord Maha Chohan and none other, do I take my leave to manifest the holy cloud.

### Souls Rise to the Secret Chamber of the Heart (chapter 11)

AUM

In the name of my beloved Mighty I AM Presence and Holy Christ Self, I address my own soul and solar awareness and I say:

Soul of God, in the name of the Almighty One, I command thee: Rise now by the shaft of Mother light into the secret chamber of the heart, into the white-fire core of being!

Rise, O soul! Resist now every obstacle to this rising. In the name of the I AM THAT I AM, I compel you, by the authority of your own free will, to rise to the very center of the flaming heart of God within you, into the very heart of your threefold flame.

Enter the Holy of Holies. Stand before your altar. Bow now before your own blessed and beloved Redeemer, blest Christ Self, Holy One of Israel.

O LORD GOD, receive this blessed soul!

Soul of Light, bend the knee and confess that he is LORD of thy temple, priest of the sacred fire of the Order of Melchizedek.

Soul of Light, bend the knee in reverence. Bend the knee and confess that this, the sacred Word within you, is the mediator of thy sonship. Confess that He is alchemist, He is scientist, He is the great harmony of God.

O soul of Light, I AM the Mother flame encouraging you now to take dominion. Obey the creative fiat of the LORD: Take dominion over the earth! Take dominion over mind and heart, every fear and doubt that would impede your alchemical experiment.

So, I encourage you. I woo you by the Mother's love to come into contact with this true and holy one of God, as you have never contacted your Christ Self before. Embrace this divine lover of your soul. And surrender! O surrender, my soul, all resistance to the holy will. Amen.

#### **Direction for the Cloud**

(You may wish to continue your meditation during this Section or you may choose to recite it with Mother using the power of the Word.)

Lord God Almighty, O Brahman, O Word, I direct—by the authority of the free will of God with which he has vested my soul, by the authority of my Christ Self and Mighty I AM Presence—that this cloud of infinite energy shall now be transferred in the most concentrated forcefield to the Washington monument, the focus of the Great White Brotherhood in Washington, D.C., capital of the United

States of America and dispersed 20 miles over the entire District of Columbia to the height of 10 miles over the earth.

From the earth, from the sea, high into the upper atmosphere, I AM now the authority of the white fire cloud in manifestation, spiritually. And by the nexus of the threefold flame of my heart, I AM commanding the crystallization of the cloud from Spirit to Matter.

Let this cloud of God consume now ten thousand times the weight of each particle of human creation, mass consciousness, and debris of the astral plane including all darkness, anti-Americanism, betrayal, anger, criticism, condemnation and judgment, abuse of power, injustice, frustration and anxiety, corruption, forces of anti-love, hate and hate creation, conceit, deceit, arrogance and ego, all doubt and fear, disobedience, stubbornness and defiance of the law, ignorance, pride, envy and jealousy, all indecision and self-justification, ingratitude and spiritual blindness, dishonesty, intrigue and treachery, selfishness, self-love and idolatry, and all resentment, revenge and retaliation.

I demand and I AM the release of the radiant cloud of energy that now occupies, by the Word of God, the entire forcefield of Washington, D.C.

By the authority of the seven archangels, I AM the multiplication of this cloud by the radiant cloud of energy formed by every ascended master, cosmic being, archangel, and angel of light within their own forcefield.

Lord God Almighty, multiply this, my manifestation of the loaf of God's being, by the many manifestations within cosmos! Let there be the concentrated cloud of the universal Spirit of the Great White Brotherhood over Washington, D.C.

Let it cleanse the aura of Every branch of the United States government, including the President and his cabinet, the Department of Justice, the Department of Defense, the whole of the Intelligence Community and the Executive Branch, all representatives and senators of Congress, the entire Judiciary, every supreme court justice and sitting judge.

In the name of the Father, the Mother, the Son, and the Holy Spirit, we are establishing this cloud. And when this cloud does accomplish its perfect work by seraphic science, by billions of seraphic hosts, so let that cloud then be dispersed

to an entire cosmos—as we send our greeting throughout universal space to all sentient life, to all life that is God-free.

Lo, I AM a son of God upon Terra! I welcome the light of every other son of God, of universes born and unborn, to manifest upon earth for the victory of the systems of worlds.

Lo, I AM THAT I AM. Amen.

The zeal of the Lord will perform it! Say it!

“The zeal of the Lord will perform it!” (3x)

Do you believe it? “Yes!”

Then say it!

“The zeal of the Lord will perform it!”

Amen. “Amen!”

### **I LOVE YOU WALTZ TO SAINT GERMAIN [song 237]**

Saint Germain, I give my heart to you  
Come fill me with love, my soul renew.  
O divine Master! show me the way to go  
Life's holy purpose I would know.

Dear one, send forth your Light sublime  
The ladder of love I climb into your heart.  
O my beloved! hear my resounding Word  
Forevermore echo as "I love you."

~THE END~
