

# Putting on the Garment of Christhood

Dear Friends,

Happy Valentine's Day! We have heard often how important it is to balance our Threefold Flame and Love is an important part of that. We do not want to take this teaching for granted for it plays such a great part in the ascension process.

So how balanced is your Threefold Flame? Take note of how it is for you and what you should do to advance to the ascension.

Our beloved Lanello, in Vol. 17 No. 21 of the Pearls of Wisdom, discusses the vital aspect of balancing the three plumes of Love, Wisdom and Power as one of the requirements of the ascension, reminding us that this is something that each of us cannot take lightly if we indeed want to ascend.

Here are a few paragraphs to get us into this vital discussion that we will have this weekend:

“Heart Flames Dedicated to the Balance of Love, Wisdom, and Power,

“When the Apostle Paul declared your body to be the temple of the Holy Ghost, he also saw that the day would come when many among mankind would be raised up to be the instruments of the Paraclete,\* quickened to deliver to the age a mandate of the glory of God incarnate. The age which he foresaw is upon us. And the time of the appearing of the Holy Ghost in man and in woman draws nigh.

“As John the Baptist went forth to prepare the way for the coming of the Christ in Jesus, so I come to you in this hour in the power of the spoken Word to prepare the way for the coming of the Christ into full, balanced manifestation within you. The balance of which I speak is the balance of the threefold flame, which is the spark of your Divinity that burns upon the altar of the heart.

“This spark that is the threefold action of the love, wisdom, and power of the Father/Mother God is the sacred fire that burns on the altar of the temple of the Holy Ghost. It is the fire of Life which you must keep as a Keeper of the Flame. And when that fire is adored as the very living Presence of God himself, then and only then does your body become the actual dwelling place of the Holy Ghost.

“..... we concentrate upon the need for the students to prepare the body temple for the coming of the Holy Spirit. And we show you how you can present yourself a living sacrifice on the altar of the Lord.

“The threefold flame is the core of your identity. And around that core, the Father/Mother God has coalesced the energies which provide for your self-conscious awareness of God as Spirit and of soul as your living potential to become the fullness of God in manifestation. Jesus and others who have walked the homeward path have become the fullness of the Christ in outer manifestation by balancing the energies of the threefold flame within the heart.

“In the beginning when you were created in the plane of Spirit, this flame was a Trinity of God’s consciousness. But after the descent into form and the subsequent fall from levels of perfection through misuse and the misapplication of the gift of free will, the aspects of the threefold flame no longer manifested in balance. With the loss of the balance of love, wisdom, and power came the loss of the Christ consciousness, which then receded to the level of mediator, acting as a go-between between the

imperfection of the outer evolving consciousness and the perfection of the great inner God Self.”

Please join us this Sunday in entering into oneness in worship and study becoming that all important balance of Love, Wisdom, and Power. Joining in Heart, Mind, and Soul together assists in enhancing our individual relationship with the Holy Spirit, which is so important.

In His Love,

Rev. Carl Showalter

**3) FLAME TRANSFERENCE, Join us Next Sunday, 2-21-21, 7:00 p.m. CST.**

We will be working from Cuzco's retreat, the Sacred Retreat of the Blue Flame, located on an unknown, tiny, island northeast of Fuji's capital city of Suva on the island of Viti Levu [this was the mountainous southwest part of Lemuria in ancient times]. The currents from Sirius and the service that the Brotherhood renders at this retreat are absolutely essential to the existence of the earth.

We will take advantage of a dispensation from Surya and the Four and Twenty Elders given at Shasta 1975 to raise the Flame of the Divine Mother that burned on the main altar of the Central Temple of Mu, that was withdrawn by the Cosmic Council due to its misuse. This flame was a mighty pillar of piercing Ruby Light sheathed in White Fire that we will work with the Brotherhood of Suva to transfer into Washington DC to anchor the Culture of the Motherland in our nation's capital. More information will be sent out next week.
