

Stabilization of the Earth

Elohim Heros and Amora!
Elohim Heros and Amora!
Elohim Heros and Amora!

Intensify the action of the ruby-ray bricks and the rods and cones made up of ruby-ray crystals that you have embedded in the earth for the balancing of the inner levels of the earth closest to the core.

Buddha of the Ruby Ray and angels who serve the Elohim of the Ruby Ray, anchor now the momentum of our ruby-ray decrees in these ruby-ray bricks and repair the faults in the earth, as we give our violet-flame rituals.

I ratify the prophecy of Heros and Amora, that through these ruby-ray bricks and the violet flame, the power of those who have persecuted the body of God in the earth will be curtailed!

God Surya and the Blue-Ray Masters!
God Surya and the Blue-Ray Masters!
God Surya and the Blue-Ray Masters!

Come forth now with legions of light from the God Star and Great Teams of Conquerors to reinforce the criss-crossing action of the blue-ray rods through the earth and through the center of the earth to stabilize the planet.

Establish your scientific and mathematical patterns for the placement of these rods, for the guarding and holding together of this planet.

Mighty Cosmos!
Mighty Cosmos!
Mighty Cosmos!

Penetrate your needlelike rays into the heart of the earth!
 Let these rays and your crystalline fire bring the planet to the point of integration.

We call for these needlelike rays to hold together the core of the earth and heal, balance and repolarize all life, as we give your call to the secret rays daily.

Beloved Cuzco!
Beloved Cuzco!
Beloved Cuzco!

We call to you and to the twenty-four Ascended Masters from your retreat, who are masters of the earth sciences, and who oversee the changes in the energies of the earth.

Transfer directly to our hearts and minds the information needed so that, through our decrees, we may give you our energy and our cooperation, as you attempt to hold the balance for earth changes.

Buddha of the Ruby Ray, come forth!
Buddha of the Ruby Ray, come forth!
Buddha of the Ruby Ray, come forth!

Descend now! Descend now! Descend now!
 Descend now!

Legions of Light, herald the descent of the Buddha of the Ruby Ray, herald the descent of the Divine One!

Buddha of the Ruby Ray, we call for the acceleration of divine love within us and within all souls of light worldwide so that we can hold the balance on the surface of the earth as you hold the balance in the secret chamber of God in the heart of the earth.

Heal my heart by the power of the ruby ray!
 Strengthen my heart, renew my heart, rejuvenate my heart that it might be a stronger chalice for your ruby fire.

Bind the forces of anti-love! (3x)
