

Expand our families! Expand our community, Almighty God! Beloved El Morya, in your name, and in the name of Mother Mary, before the throne of Alpha and Omega, I summon souls of Light from around the world to gather now and reinforce the Great White Brotherhood, the community of the Holy Spirit, and the Science of the Spoken Word in all of our centers.

Beloved Mother Mary and beloved Jesus, multiply this activity tenfold, for we are ready. Our centers are ready, the Royal Teton Ranch is ready, Glastonbury is ready, our publications are ready, and we are ready, O God, to minister to the sick, to the homeless, to the mighty, to the stalwart, to the courageous, to the freeborn, to all those in whom there burns a threefold flame who have not rebelled against the Godhead and turned their light to darkness. Send us the souls of Light, O God, that they might be free and we together might free this earth.

Therefore I demand the breaking down of the walls of condemnation and gossip, disinformation and calumny, and malice and destructive intent of the fallen ones who intend to wall us in by condemnation of our Light and Love, of our Person and our Presence and separate the Guru and the Chela in heaven and on earth.

We demand the overturning of every plot and ploy of the fallen ones to disrupt this activity and impair our service as we lay our life on the line for Saint Germain and for America.

Goddess of Liberty, by your mantle and flame, let there be such a dispensation that the international terrorists may be brought to their knees, and the people of Light and the true freedom-fighters in Afghanistan and the world might rise up and overthrow their oppressors. We stand with them, O God, and we send our love this day to every contact that we have in these nations, for truly they are the sons of Freedom!

In God's name, we salute you, El Morya. Without your Presence, I am nothing. With your love, I am become who I AM. [song 206 "Hail to the Chief"]

Hail, El Morya! (4x)
