In the name I AM THAT I AM, I invoke the trinity of the causal bodies of the three cosmic beings—the Queen of Light, the Goddess of Purity and the Goddess of Light, to focus the intense light of purity of the Christ consciousness of God within me, and to help me to develop the action of the heart, and for your assistance through the magnet of my own God Presence and Christ Self, to infuse my heart directly with your own momentum of purity and love.

I call to my I AM Presence and Holy Christ Self to enter and occupy my superconscious, conscious, subconscious and the unconscious mind that I will find myself, day by day, more in control of these four lower bodies who are my servants, each one a vessel for the fulfillment of my mission. And I call for the full power of Beloved Helios' cosmic fire into action, to consume transmute, and change every human appearance into the perfection of your Cosmic Fire.

I call upon the law of forgiveness for whatever I may have ever done to put the energies of life out of balance. And that I return to that wholeness that is the balance of the threefold flame anchored in my heart chakra, the part of me that's God incarnate, the part of me that is God as FIRE! And in the name of Helios, to fire me with Cosmic Fire! Burn every last vestige, every condition and limitation that has bound me since I first embodied and should have never been allowed to exist anywhere! And for that fire to be expanded and expanded to burn through! Burn through! Burn through, in the name, Prince Oromasis and Diana! By the rainbow rays of the fiery salamanders, to burn up the wedges and splinters of darkness, and division lodged between the four lower bodies, and all imbalance in my threefold flame. And that the Lord Maha Chohan, might

purge me of all things that are antithetical to that spirit within me, and may deliver me all that separates me from the victory of the great God flame.

Come forth beloved Aries and Thor: Hail, O ye mighty sylphs in your command! Descend, for the purification of my mental body! Descend to aerate the mind and heart and every cell of life in me. Intensify the prana of the Holy Spirit that is the very life breath of the soul. Assist me in the mastery of the mental body as the air element, bringing the mind to the level of the Buddhist mind, to the level of the Christ mind, to the level of the mind of such as Melchizedek and Zarathustra.

O beloved Ascended Master Neptune, king of the deep, and your consort, Lady Master Luara, mother of tides, O great twin flame hierarchs, and mighty beings of great mastery of the flow of energy through the water element, in the name of Life eternal, let me be washed by the water of the Living Word. I invoke your great Presence to assist me in the purification, balancing and polarization of my emotional body to that of the Christ and the Divine Mother. And to bestow upon me, the power and peace of the entire body of water known as the Pacific Ocean.

O beloved Paul the Venetian, I call for the transmutation of the blockages to the meshing of my consciousness with the Consciousness of the Christ. For I seek union with my Holy Christ Self and I AM Presence—to cleave to the Son of God, the sefirah Tiferet, to become Tiferet. Bring my consciousness into congruity with my Christ Self. I call for that Christ Flame to press in and through me. I call for that Christ Consciousness to take over my life, to purge me of all darkness. Let my hands be the Hands of my Christ Self. Let my very skin pulsate with the Frequencies of the Fire of that Transparent One, that Image of Life. Let me be, through and through, the Frequency of the Christ.

What I call forth for myself, I call forth for my family, the community of the Holy Spirit worldwide and all of life, Sanat Kumara, let these calls be done in full power, always as God Wills, in his perfect time and way.

Purusha. Let it be so! Amen.

- **A PRAYER TO “BE A COMFORT TO ALL LIFE” by the Maha Chohan**

The Spirit of the Lord God is upon me, because the LORD hath anointed me to preach good tidings unto the meek. He hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound.

To proclaim the acceptable year of the LORD, and the day of vengeance of our God; to comfort all that mourn.

To appoint unto them that mourn in Zion, to give unto them beauty for ashes, the oil of joy for mourning, the garment of praise for the spirit of heaviness, that they might be called trees of righteousness, the planting of the LORD, that he might be glorified [Isaiah 61:1-3].

“Beloved Maha Chohan, I want to be a comfort flame to every part of life. I want the flame of my heart to flow out daily toward the rising sun, to sweep the world around with your wonderful comfort flame, to enter into the consciousness of the tired and the poor and the ignorant, and to infuse them with a sense of the divine goodness of God.”

“I recognize that as a manifestation of God, I play a very important part in awakening the consciousness of mankind. For as I think, so I send out the arrows of my love in all directions.”

"I will be an eternal cupid for God. I will fill my quiver with the arrows of God's love. I will shoot them into every heart that I meet until the world is so infused with comfort and  
4

love that the perfect example of the healing Christ is extended through me toward all upon earth."

"I will not look upon men to see imperfection, mortality and grossness, and all of the stain and doubt and fear and negative possibilities. I will not dwell in a consciousness of "if," but I will dwell in a consciousness of "Now God is, now God lives."

"And as the LORD liveth, so live I. And as I live, so I live for him. And as I live for him, I AM determined to be an ascended being, I AM determined to be an ascended master. I have had embodiment after embodiment upon this planet. I have been surfeited in human wandering and misery. I have accepted the dust of the road from mankind, the offscouring and the filth of the world."

"I call now to the angels of purity to cleanse my consciousness of all that is not of the light. Wash me and make me white as snow." [POW vol. 50, no. 6]

- PRAYER: O GOD, LET THY ROD BE UPON ME THIS DAY! by The Maha Chohan

"LORD, my God, I would be chastened, for I would know that thou lovest me. So let the rod be upon me this day, thy Law, thy grace. I would feel the stripping of all energy out of phase with thee."

"O God, in thy Spirit I invoke the chastening of the dove and the eagle and the light and the crystal and the Mother. I would come and I would pass under thy rod. I would know what my stature is before thee, O LORD."

"I demand, in the name of thy Son, a reckoning. I would know the weight of my karma. I would know what is required of me, for I am determined to be thy Son, O God. O God, let me not walk in darkness. Let not my light be shadowed in the valley of unknowing. I would know thee; therefore, I must know myself."

"O LORD, come unto me. My eyes would look fearlessly upon the record of life of my own lifestream written in the Book of the Law. I fear not, for I stand before the altar of the living God and I desire to know. I desire to know who I AM, what I AM, whence I came and whither I go."

"I AM the flame in thy name, O God. I project that flame into the cause, effect, record and memory of all experiences outside of thee. I would enter, O LORD. I would enter, O LORD. I would come into thy Presence. Receive me, O God. Let me be washed in the living waters of the Word of life."

"I take my responsibility for all actions of the past, all consequences of the future. And I will tarry here in time and space as long as the Great Law requires me to be the focus for transmutation, for service to souls—souls as diamonds in the sea of the Mother."

I would serve under you Great Lord Maha Chohan to finally unravel the schisms of self and the unknowing, the not knowing, of what is the real, what is the unreal, what is the most important step I may take to enter permanently into the fires of Pentecost.

O my God, Ehyeh Asher Ehyeh, Adonai, Shaddai, O holy Dove! I AM willing to pay the full price. So, each day I will vow with the voice of the child within me, "I will give my all. I will give my all. Here it is, Maha Chohan."

- Come Holy Spirit, enlighten me!

• PRAYER FOR THE INVOCATION OF THE HOLY SPIRIT [excerpts of the Maha Chohan's words]

O Spirit! O Spirit!

O winds of the Holy Ghost!

O Holy Spirit, Lord Maha Chohan, I come a supplicant. Receive me this day! Let the Holy Spirit subsume me now into the higher realms of God.

O Spirit of the Lord, I AM ready this day, as ready as I will ever be, and this moment in time and space I must consecrate to my deliverer and my deliverance. For I know the cups and moments, as thimbles infinite in the finite realm, shall continue to come. And they shall pass by and pass me by and I shall reach the term of years and then no longer have the cup of choice in time and space. I choose, O God, not to postpone it:

This day I AM begotten of thee!

I AM born again!

I mark this day as my new birth.

O Spirit of the I AM THAT I AM, I receive thee now. Receive me, O God. And if I am unacceptable in thy sight, purge me, O God! I am willing to be purged. For there is nothing in this life that means more to me than the bonding [of my soul] to my God and my Saviour.

Let Thy rod, the rod of the Law descend from on high! Ley me be chastened by Thy rod of chastening love!

O pure consciousness of God's universal being—Purusha....

Come Forth! And enlighten me!

I petition you, Great Lord Maha Chohan and the Priestly Brotherhood of your retreat at Sri Lanka to open your retreat for those participating in this service to be taken in our finer bodies to the Temple of Comfort. Release of the full-gathered momentum of the Flame of The Holy Spirit anchored there as a cleansing fire. Send forth fire now—as waves, undulating currents, ribbons of fire projected from the hands of God, infinite hands as rays of light—energy penetrating to enfold me and my family, my home and altar. Energy crossing every plane in every direction, omnidirectional energy flowing, piercing, consuming. Let this Spirit of the Lord, cleanse and purify our minds and hearts, and deliver us from illusions and glamour, from the vanity of self.

O winds of the Holy Spirit blow... Blow through! Blow through the latticework of identity. O wind, O wind, O wind, blow and blow and move and cleanse. Cleanse and blow, consume and glow, O wind of God, O wind of God.

Come Holy Spirit, enlighten me! (3x)

It is done. It is finished. And I AM the sealing of the Community of the Holy Spirit, the Mystical Body of God on earth in this Flame of the Holy Ghost.

Purusha. Purusha. Purusha.

Let it be so! Amen.

- DECREE 7.30: LIVING FLAME OF COSMIC FREEDOM
- INSERT for Decree 7.30:

In the name of God Almighty, El Shaddai, I call for the full power of the four cosmic forces, the manifestations of the LORD God himself, the living creatures—the Lion, the Man, the Calf, and the Flying Eagle, and I command the four Hierarchs of the Elements, and all elementals who serve under you: To set my body temple aright again, that I develop mastery of all planes of self, and all levels and elements of being, that the stones of the pyramid of my life, is returned its pure white estate, that the base of the pyramid [each side representing one of the four lower bodies] are returned to its perfect square measurement—that I gain my immortality.

In the name of the Christ and the World Mother, come forth, Prince Oromasis, come forth, Princess Diana, and the captains of the fiery salamanders, and those fiery adepts of great attainment, as I receive you into my etheric fire body: To blaze through me, thy living rainbow fire! Burn through! Clear all records, implants, negative memories. Burn through! Burn through! and burn up instantly, the darkness of the fallen ones! Burn through! Burn through! Burn through! and consume the records of impure desire and all imbalance in my four lower bodies! Burn through, and blaze thy mighty light rays to consume the record of all rebellion against the light! Burn through! Blaze through! and burn up and consume all manifestations preceding any outer cropping up of the diseases that so easily beset me as a part of the human race! I demand the *rolling back* of age and disease! I demand the *rolling back* of the advancing years and the signs of care and burden upon my soul! I demand the *consuming* now of every condemnation of the light within me! Blaze through and burn up instantly and on the spot all manner of discarnate entities, especially those causing the problems of all psychological and physical disease, and addictions of every kind! VAJRA! VAJRA! VAJRA! Burn through with the mighty indestructible thunderbolt!

In the name, Prince Oromasis and Diana! I call for full fire and rainbow rays of the mighty salamanders to be expanded and expanded, to burn through! Burn up the symptoms of malaise,

and all maladies, and illness in the soul! Burn through! And consume the density that surrounds my very consciousness. Burn through! the density in each of my four lower bodies that the electron may attain their maximum orbital spin! O Mighty Salamanders, fire me with Cosmic Fire! Burn every last vestige, every condition and limitation that has bound me since I first embodied and should have never been allowed to exist anywhere! Clear away and consume the weight of oppression, depression, despair and the discouragement of the world. Burn through! Blaze through! Bolts of rainbow ray lightning! Blaze forth! And let the action of darkness be nullified in the physical plane! Burn up instantly, and burn through and consume! the scars, the shocks, the bruises, the trauma that I have been through over and over again, lifetime after lifetime, the scars of death, the scars of suffering, the scars of extreme anguish, all that is recorded on the etheric body. Bolts of rainbow fire, consume and burn up all imbalance in my threefold flame ablaze within my heart. SHIVA! SHIVA! SHIVA! Consume and burn up these etheric wounds, and help me to rise to a plane of greater dominion.

Let the fire of the salamanders burst and burn all around me, and as I am enveloped in this fire, let it burn through me and through my soul and through my chakras and through my four lower bodies, to dissolve, consume, and remove the darkness and the dirt that has formed wedges between the four lower bodies, until my body temple is purified and holy white, that my four lower bodies come into perfect alignment by the cleansing action of the Holy Spirit and the holy fires thereof until my very being, my very consciousness becomes this flame, this sacred fire, the Presence of the Holy Spirit. And that the fragmented parts of my soul be fused together, and become one voice, one soul immaculate, fused with my Christ Self, as well as fused with her Lord Jesus Christ and other avatars; that my soul rise in wholeness as a totality of being.

What I call forth for myself, I call forth for my family, the community of the Holy Spirit worldwide, and all of life, Sanat Kumara, let these calls be done in full power, always as God Wills, in his perfect time and way. Amen.

### **Nightly Call to Attend the Maha Chohan's Temple of Comfort [in preparation for Pentecost]**

*In the name of the Christ, my own Real Self, I call to the heart of the I AM Presence and to the angel of the Presence to take me in my soul and in my soul consciousness to the retreat of the Maha Chohan over Sri Lanka.*

*I pray, blessed Lord Maha Chohan, that I would serve under you to finally unravel the schisms of self and the unknowing, the not knowing, of what is the real, what is the unreal, what is the most important step that I may take to enter permanently into the fires of Pentecost, and to prepare to receive the nine gifts of the Holy Spirit.*

*And I ask that all information necessary to the fulfillment of my divine plan be released to my outer waking consciousness as it is required. I thank thee and I accept this done in the full power of the risen Christ.*

SUNDAY MORNING WORSHIP SERVICE - A PENTECOST MEDITATION: THE FOUR ASPECTS OF THE GODHEAD—The IMPERSONAL & PERSONAL *Impersonality* and The PERSONAL & IMPERSONAL *Personality*

On Pentecost, we receive the empowerment of Godhead as the *Personal Impersonality*, the Holy Spirit. However, we should remember that this is only one aspect of God's manifestation in the universe.

The Maha Chohan told us on Pentecost 1990:

“For the Holy Spirit, as the Person thereof, to come into your temple, [this initiation] must be preceded by the entering in to your temple of the Father and the Son, which the Father and the Son have promised [to do] when you keep their commandments of Love. Thus, pray that the Father and the Son will take up their abode in you. Pray that you are able to walk with Father and Son. Pray for the evenness of temperament and the peacefulness at the eye of the storm. Pray for that quality of inner Light, Light, Light radiating in all dimensions, [fulfilling] every need of the hour for each and every one.”

So, to know God in the fullness of his manifest consciousness, we must experience the Almighty in the fullness of His Divine Emanations in the Godhead. What some call Father, Son, and Holy Ghost... The Holy Mother... What others call Brahma, Vishnu, Shiva, and Divine Feminine. Or the Great Tao, Adi Buddha, Allah, Ahura Mazda, What some worship as a personal God, while other see Him as a remote Spirit, and on and on....

So please join us in this Sunday morning session on June 8, the grand finale to our Pentecost Prayer Vigil Weekend, as we lay out the platform to work with the Maha Chohan and the brotherhood at his retreat, to experience not only the Holy Ghost, but the fullness of the Spectrum of God's consciousness, his universality and his ever-present personalities and impersonalities.

In the name of the Father, Son, Holy Spirit and the Divine Mother...

Yours in Christ,

Revs. Donna and Mark Myers
