CALLS FOR DIVINE JUSTICE

A. *Excerpt from Beloved Portia's POW Vol.46 No. 37*
Therefore, beloved, I ask that ...you remember me and call to that flame of justice once a day, saying in my name:

"I call in the fervor of my heart for the justice of beloved Portia to prevail in every heart throughout this earth."

Immediately my legions shall go to work and you shall know change. I pray you shall not forget this call or my request.

B. *Derived from Beloved Portia's POW Vol. 40 No. 34*
With Beloved Portia, we come today on behalf of justice for the young and the old. We come on behalf of justice for the unborn. And we come for justice on behalf of those whose time to be born has been aborted by those who know not what they do. We champion justice on behalf of those who may be innocent yet have neither the clout to get a good attorney nor the means to pay for attorney's fees. We, champion those who have been accused, who do not have an attorney to represent them and who may therefore be forgotten for a decade or longer. For we remember, God has said: There is no injustice anywhere in the universe. We do not resent God. We do not resent his justice, for God knows his ways and he knows our ways. Therefore, we do not rail against God when we are dealt a bad hand.

We remember that we are not living one life at a time. For we live many lives at a time. We are living with the records and the memory of the experiences that we outplayed on Lemuria, Atlantis, in Greece and throughout the ancient world.

So we see, an injustice we may have committed centuries ago may have now come full circle. And if it has, it must be righted--today, tomorrow or five years hence. We seek to know what that injustice is, and greet it today with the violet flame transmuting flame so we may fulfill our very special assignments for the Brotherhood that may also cut us free.

Justice is indeed Love's opportunity. Therefore, may our opportunity to love and our response to that opportunity connect us to the heart of Divine Justice. Then we will know that we are on the course to eternal life and that we are willing to pay the price for every injustice that we may have inflicted upon any lifestream, known or unknown to us--worlds without end. We serve to this end, as beloved sons and daughters of light. For the greater our freedom, the greater will our opportunity be to work with Saint Germain and his legions. Therefore, in worlds to come, even through the transcending self, we know that the Goddess of Justice is present and that the Goddess of Mercy is also present. As we rely on these handmaids of the Lord we know we will never have a judgment descend upon us from on high that is not absolutely accurate and correct. Thus, we roll up our sleeves and go to work. We want to be God-free beings who may go here and there because we are not entangled with old elements of karma that we have stubbornly refused to bind and cast into the sacred fire. We find our way back to God, beloved, in small ways and big. Remembering, we are the ones who came down the mountain, and we are the ones who must find our way up. We pray beloved Portia and Saint Germain to be with us from many levels of being, and not depart from us. Now rid us of that stubbornness, beloved, as we submit to our Mighty I AM Presence. And we see, then, how we shall be transformed again and again and again. Amen.

C. *Jeremiah 23:5-6, King James Version*
5 Behold, the days come, saith the Lord, that I will raise unto David a righteous Branch, and a King shall reign and prosper, and shall execute judgment and justice in the earth.

6 In his days Judah shall be saved, and Israel shall dwell safely: and this is his name whereby he shall be called, The Lord Our Righteousness.

SECTION I: AFFIRMATIONS AND CALLS ON JUSTICE:

A.- I Call in the Fervor of my Heart for the Justice of Beloved Portia to prevail in every heart throughout this Earth!

B.- I AM the Infinite Power of the Love and Light of Freedom that overcomes the forces of Anti-Freedom, Worlds without end!

C.- "We call forth now the beings of Light who have volunteered as the embodiment of Cosmic Justice for long aeons, to endow the earth, the rivers, the lakes, the seas, the trees and all that is green with the vibration of God-Justice." *Derived from POW Vol 30 No. 38, Alpha and Omega*

Calls Derived From "The "I AM" Discourses of America"

IN THE NAME OF MY MIGHTY I AM PRESENCE...

D. - "I AM' the Law of Divine Justice governing the Land, and forbidding the existence of anything else!"

E. - "Let the Law of Cosmic Christ Victory and Cosmic Christ Love of the Cosmic Christ Violet Consuming Flame be the Law of our Land that possesses our people, rules our people, and compels Divine Justice everywhere!"

F. - "In the Name of the Beloved Goddess of Justice and the Blessed Goddess of Liberty—and others of the Great Ones who have guarded through the years and given and given and given the Strength in the people—come now in Cosmic Action and Power to release this Sacred Fire in and around us and make us that which guards the Nation in this hour of betrayal."

G. - "We claim this Land that you know as the United States of America as the original Garden of Eden. It was drawn forth, and Perfection established here for Eternity. We claim those original Blessings of the United States of America drawn forth again—by Beloved Saint Germain and the Blessed Goddess of Justice, to reestablish the Harmony and the Perfection and the Beauty and the Blessings of the original Garden of Eden to this world and bring forth America again as the Land of Freedom!"

ALPHA'S CALL FOR PROTECTION OF THE MENTAL BODIES OF THE PEOPLE

Derived from POW Vol 30 No. 38, Alpha and Omega

H. - "I, Alpha, authorize a dispensation of protection, the helmet of Mercury, the armour of Archangel Michael. I authorize you, legions of Light who have come from far-off worlds, to turn back upon the evildoer, the evil system and the evil empire tenfold all viciousness sent forth against an unsuspecting world. I charge you, hosts of Light, to restore the Mind of God in this people.

I.- "We call incessantly for the judgment of Lord Jesus Christ upon those who usurp the Mind of God and trample upon the mental belt and the mental bodies of the people."

SECTION II: ALPHA'S KEY POINTS TO SAVE THE WORLD FROM THE MAIN DETRACTORS OF FREEDOM, LIBERTY AND JUSTICE

Derived From Alpha and Omega, Pow Vol. 30 No. 38, July 5, 1987, "Alpha's Agenda: The Presence of God-Justice in the Earth

DEFEAT COMMUNISM AND DEFEND THE PHYSICAL CONTINENT OF AMERICA

A. *We call,* ... "for [the] earth to be saved, and that World Communism with all of its supporters, agents and tools go down. I raise my right hand and "the fire does flow to turn it back upon itself."

B. *We call for*.... "the physical defense of the physical continent of America *and thus recognize,* ... "the greatest urgency is to defeat World Communism in its present attempt to take over this planet, to defeat it in every area where it is making inroads into systems and into the minds of the people, and simultaneously to raise up the defense. This is the action of Alpha. This is the power of the Spirit of Cosmic Freedom."

C. We call for the... "protection and defense and the defeating of the violators of this Spirit of Cosmic Freedom—the agents of World Communism and all conspirators of West and East with it. These are and must be bound by the Spirit of Alpha in you, by the Alpha Star of Being called forth, lowered into manifestation by Divine Decree, as your I AM Presence entering the earth through a body temple that is ready and willing and able to hold that flame of God Harmony."

D. We call forth... "Therefore, beloved, this defense raised up and the tide turned against World Communism must be the Alpha power of the Spirit of Cosmic Freedom. The caring for the youth, their deliverance from rock music, drugs, a faulty educational system and a tampering with the abundant Life, this is the Omega action of Cosmic Justice. For it is just that the babies, children and youth, beloved, of every system of worlds receive the foundation of the Father/Mother God from inception in the womb unto the fulfillment of the thirty-three-year span for the raising up of the Divine Mother in the temple unto the ascension flame."

E. We accept, O Beloved Alpha... "This offering,... to lend us your Mantle, for the defeating of World Communism and the binding of those who support it—lending us your Mantle, then, specifically to go forth on a mission, not to rest until the leadership of this nation has reached an accord to deploy immediately that strategic defense based on the earth, in space and wherever needed."

F. We accept, O Beloved Alpha, your ..."proposal to the Cosmic Council: to lend yourself to us and, upon seeing the victory of the deployment of the defense of Freedom, to press on for other dispensations. Whether or not this is accomplished, O Beloved Alpha, we can see with the twin flames of Saint Germain and Portia, our own and your momentum, that the Seventh Ray, containing the white fire core of Being as all rays do, does also contain the matrix of the Seven. Out of Freedom and Justice can come the reversal of every untoward condition advancing across the planet. These twin flames of Alpha and Omega may therefore clear the way for the lowering of the divine blueprint and the divine plan. The acceleration of your pursuit of the Seventh Ray does indeed give us hope that with the establishment of defense and the turning back of World Communism by a massive reeducation of the people there can be a New Day of opportunity."

G. We...defend all Lightbearers, and stand with all upon this planet who have taken their stand against World Communism and for defense and a strong strategic defense."

H. Therefore, beloved, ...we... "go forth on a mission sent from the Central Sun! We go forth to our destined purpose whence we came from Sirius. We go forth now, to Rescue the nation and the people. And let there be a sound defeating of World Communism that the oppressed might be delivered."

From Beloved Omega

I...."In the immaculate science of the Divine Mother, Omega, we accept the reality now in the fire of Alpha's Star that World Communism is no more and strategic defense is in position and deployed now! This is the reality of my Alpha and yours. The reality is that the fallen ones with their rock music, their drugs, their manipulation of the economy and education and the government, they are judged! Their systems are collapsed! And my beloved Alpha has given you forty-eight months, twelve for each side of the pyramid, to prove it in Matter by the Mother flame."

SAVE OUR YOUTH

J. Beloved Alpha, deliver the youth of the world of the misuse of the science of rhythm and sound and of drugs and all manner of toxic substances polluting their brains, bodies, and nervous systems.

The caring for the youth, their deliverance from rock music, drugs, a faulty educational system and a tampering with the abundant Life, this is the Omega action of Cosmic Justice. For it is just, that the babies, children and youth, beloved, of every system of worlds receive the foundation of the Father/Mother God from inception in the womb unto the fulfillment of the thirty-three-year span for the raising up of the Divine Mother in the temple unto the ascension flame.

Beloved Alpha and Omega, preserve the abundant Life and the path of discipleship in Christ, and guarantee the education of the heart unto all children of a planet. Let planet earth be restored to that golden-age state where every youth at the age of thirty-three has earned the choice to ascend or to remain in embodiment to become a master of the Matter Cosmos and time and space, a world teacher and benefactor of others! To know the choice of Cosmic Freedom and Cosmic Justice, beloved!

ABORTION CALL

Wade on June 24, 2022;

CONFUTE! CONFUTE! CONFUTE! AFTER EXPIRATION OF BAN OF FEDERAL FUNDING TO PLANNED PARENTHOOD AS OF July 3, 2026, continue individual state action of defunding federal funds for Medicaid reimbursements for Planned Parenthood by using Legal action through the Supreme Court's *Medina v. Planned Parenthood South Atlantic* decision to block the reproductive health provider from participating in their state Medicaid program

CONTINUED LEGISLATIVE ACTION TO RESTRICT ACCESS TO Mifeprex (mifepristone), the deadly abortion pill, and the FDA'S decision in 2000, to approve this drug, disregarding normal drug approval protocols, placing political expediency above health and safety of women, resulting in the death of 5.6 million preborn children since approval in the U.S., with 65% of abortions in America now committed by this drug; enforcing the law that the FDA is required to publish all provider reporting of serious adverse events after use of these abortifacients, Mifeprex (mifepristone) and Misoprostol and dispensing these drugs; and turn back all further loosening of restrictions by the FDA since January 2023 to allow major pharmacies to dispense the abortion pill.

IN THE NAME OF BELOVED KUAN YIN, we invoke mercy's flame for those souls suffering trauma from having been previously aborted when trying to incarnate, scarring the soul with those emotional records that erode trust and faith. IN THE NAME OF ALPHA AND OMEGA, Beloved Seven Archangels, Mighty Seraphim & Cherubim of God, Beloved Elohim, Defeat Abortion and the Death Consciousness in America and the world! **IT IS DONE! IT IS FINISHED! IT IS SEALED! LORD MAXIMUS, MAXIMIZE THE ACTION OF OUR PRAYERS! IT IS SO! AMEN.**

Mark Prophet's Election Call

In the name I AM THAT I AM, O God, thou mighty I AM Presence of all life, we invoke now thy powers of truth and Christ discrimination for and on behalf of the people of America and the world in all forthcoming elections.

We call for the angels of truth under the direction of Pallas Athena and to the Fourteen Ascended Masters who Govern the Destiny of America, to surge forth throughout the nations, especially all areas of the United States. Bring forth within the consciousness of mankind the sword of Christ discrimination that always knows the truth from a lie and that will enable the people to make their own decisions based upon their higher mental body and Holy Christ Self and ascended master law.

We ask that the ascended masters project a mighty ray from their heart that will sweep across America and the world until election time, periodically renewing and revivifying within the hearts of the people the great desire for cosmic freedom, truth, and justice.

We call to our beloved Saint Germain to charge and charge and charge the flame of freedom through the people of America and the world. *Charge and charge and charge the flame of freedom through the people of America and the world! (2x) And see that they are free from all attempts of the outer mind to influence them in favor of candidates not properly oriented toward ascended master ideas.

O thou mighty Spirit of living truth from the heart of Pallas Athena, beloved Hilarion, the Brotherhood at Crete, and the entire Spirit of the Great White Brotherhood. See that the goal of ascended master law to rule in justice and wisdom, under God, over the people of America and the people in every nation is now called forth into cosmic action that the right candidates for the office of President, of Congress and every political office in every nation is elected.

By the powers of light, we demand an intensification of light that all that is secret and done in secret be discovered and brought into the open. Let all corruption and manifestation of corruption, in government or out of government, be handled by the Lords of Karma speedily. Let the outer mind and consciousness of mankind be alerted automatically to all that is discordant in those who pose as sheep but are actually wolves in sheep's clothing.

We ask you to see that the proper people are the victors in all upcoming primaries and elections, caucuses and conventions in America and the world. We thank you and accept it done right now with full power.

Councils of the Thirteen—Hierarchy's Appointed Rulers

In the name I AM THAT I AM, we call to the Darjeeling Council and the entire Spirit of the Great White Brotherhood, God Surya and the mighty Blue Eagle from Sirius, for the protection and sealing of those individuals forming at inner levels the councils of the thirteen in America and every nation. Protect and direct these who are the appointed governors and rulers in embodiment by attainment and attunement with the Christ consciousness that they might rule and rule wisely. Divinely direct and inspire those who are appointed and anointed to serve their people, these circles of the twelve and the thirteenth in the center, in that ancient pattern of Christ and the apostles.

We call to the hosts of the LORD to amplify the influence of the stellar light of these souls in every nation, that the energies of the Darjeeling Council might be released through them to bring the nations into alignment with the consciousness of God-government. We call to the beloved God Presence, the Holy Christ Self and the very soul of each of these thirteen in every nation, and we ask that each one amplify the power of the Father, the Son, the Holy Spirit and the Divine Mother wherever and whenever these ones are engaged in service to the light. Bring into full manifestation those inner energies of attainment that should be brought to bear upon the consciousness and the government of their nations.

In the name of Christ, we ask that our decrees for protection, perfection and transmutation go out to the councils of the thirteen of the Great White Brotherhood in every nation upon earth, that they might also know a greater degree of understanding and of precipitation in the outer consciousness of that which they have within as an electrode of fire. By our free will, we lend our momentums of victory and consecration to those who have earned and merited the position of authority in the nations of the earth. According to the holy will of God, let it be done. Amen.

Violet Flame Victory for America

America is a land of violet fire, America is the purity God desires! (3x)

In the name of the Christ, O beloved Saint Germain, as we give this mantra and our calls to you, let us see and precipitate the violet flame here, there and everywhere, in every city, town, hamlet and home in America. Let us see each inhabitant as a being of violet fire! As the purity God desires! Let us see ourselves walking the streets, walking the great cities of America, dispensing the violet flame as Christ would do. See our garments of purple and violet and pink saturated as a pillar of violet fire!

May America receive thereby a cleansing, an open door, the opportunity for the clearing of records which must not be a part of the new foundation of the new age. Let America receive a bountiful redemption, regeneration and a vast transmutation of all that is past.

America is the miracle of ascended-master love. America is a miracle land of violet fire. America is the victory of God's desire. America is the land of the abundance of the Mother flame! America is the land where the children of God are called home to the I AM name. America is the land where sons and daughters of God come forth to enshrine the noble purpose of God, of sacred worth. America is a land infused with sacred fire; America is born of God-desire.

My vision is the vision of victory, and I will speak only victory! I will hear only victory! I will see only victory! I will be only victory! Mighty Victory, enlist me in your legions of Victory! Let our auras be saturated with the golden light of victory. Let America be saturated with the golden light of victory!

Always Victory! Always Victory! Always Victory!

CALL TO SURYA FOR THE JUDGMENT OF THE BOTTOM 10 PERCENT OF THE FALLEN ONES

In the name I AM THAT I AM ELOHIM Saint Germain, Portia, Guru Ma, Lanello, Padma Sambhava, Kuan Yin and the Five Dhyani Buddhas,

In the name l AM THAT I AM SANAT KUMARA Gautama Buddha, Lord Maitreya, Jesus Christ OM VAIROCHANA * AKSHOBHYA *RATNASAMBHAVA *AMITABHA * AMOGASIDDl *VAJRASATTVA OM

In the name of my Mighty I AM Presence and Holy Christ Self, I call to Surya in the God-Star Sirius and to the Mighty Blue Eagle from Sirius, I claim the authorization by Surya from Alpha and Omega and I call for the judgment of the lowest ten percent of the evolutions of the· planetary home-the dark ones who carry nothing but destruction and viciousness and the malignancy of the murderous intent in their auras and in their four lower bodies. Bind in this hour, the individuals in every nation, in every race, in and out of the courts of Church and State, who are the lowest common denominator of the bottom ten percent representing Absolute Evil, who must be brought to the judgment by our perpetual calls.

In the name of Helios and Vesta I ratify the judgment of the bottom ten percent of the evolutionary scale, those who have amalgamated the cause of Absolute Evil and· therefore themselves become depraved even .in their sophistication, those who occupy key positions in the banking houses, the governments, the institutions of the· nations, and everywhere holding a voice, a position, and a mask of authority when within they are ravening wolves.

I call now for the opening of the way to withdraw removal from the planet of those lifestreams who simply will without question cause the destruction of the earth unless something be done. I claim this dispensation in answer to a call that was made a number of years ago by the Messenger for that selective and discriminatory judgment whereby the aversion of cataclysm may come when the darkest of lifestreams whose karma is the very cause of that cataclysm are removed.

I call now for the opening of the way to withdraw certain lifestreams from the earth who otherwise could not have been withdrawn, for the removal of those whose very death itself would have produced the imbalance and the cataclysm feared by God and man alike.

I call in the name of the Christ and the legions of the Faithful and True to truly take the dark ones from the planetary home, for the removal from that home of all of the roots of evil and karma. and the interconnection of those lifestreams in a network of darkness, for the removal of those who are a part of the "beast," the conglomerate, the “amalgamate” of forces and consciousnesses that become part of a computer--a mind that has extensions [tentacles] and works simultaneously in many manifestations of individuals engaged in International organized crime, including World Communism, which is nothing but organized crime on the level of the state.

This I decree in the name of the I AM Presence and Christ Self of Every Lightbearer on this planet, according to God's Holy Will and in his time and Cosmic Cycles and I accept it dome this hour in full power.

Through that power and by that authority I AM the sealing of America including all breaches, gaps, and vulnerabilities in her armor and defenses. I AM the sealing of her borders, coastlines, waterways, airspace, fields, forests, resources, infrastructure and Lightbearers. O Lord God Almighty, hear our call and answer for the absolute physical defense of America, her people, and children of God everywhere. Establish now an invincible etheric shield over North America. BLAZE forth the action of the crystal blue dome of Mighty Hercules. **Seal** America with the Golden Chain Mail reinforced with chain mail of fiery blue energy. against the soul of America, her freedom, liberty and justice, and the plan of Saint Germain. Prince Oromasis and Diana, assign billions of fiery salamanders to blaze the sacred fire in the auras of these individuals to an intensity where they have the opportunity to renounce their evil intent and programming. Beloved Zarathustra and beloved Justinius, intensify this action now, according to God's holy will. ***SHEETS of white fire and blue lightning descend!** (3x)

***BURN through** (3x) and confound the rituals, strategies, and mechanisms for opening the "Gates of Hell", astral portals, or so-called "stargates". **SEAL** all such breaches with the Golden Chain Mail.

BIND the hordes of Gog and Magog, the armies of China and Russia and their allies, moving against this nation, America. Confound and consume their plots, plans, and strategies to invade America and let their efforts come to naught.

Beloved Micah and Angels of Unity, come now and intensify the flame of unity in our midst. Mend the tears in the garments of our nation that we may stand as a united front for God and country.

I call for the raising up of the Christ consciousness in every man woman, and child in America. Let them be sealed in their chakras, auras, and four lower bodies in the full mantle and protection of their Christ Selves and in the power of the Holy Spirit.

The Staying of Prophecy

I call for a staying action by the hand of Almighty God on the fulfillment of all negative prophecy relevant to America, especially including Ezekiel chapters 38 and 39, Daniel chapter 9, and George Washington's third vision.

***Bind and consume** (3x) the conditions, consciousness, and situations that could contribute to negative prophetic fulfillment in America including abortion and child abuse;

religious fanaticism; unholy alliances; ancestral hatred; false and misleading biblical interpretations; greed; bloodlust; ends-justify-the-means rationales; economic subversion; political compromise, betrayal, and treachery; UFO and alien intervention; massive depopulation agendas; environmentalism; and all vulnerability to Mars and moon energies. ***BLAZE the Light through** (3x) them now.

Beloved Mighty Victory, **BLAZE** forth your indomitable spirit of victory and overcoming into all our endeavors to preserve freedom, liberty and justice in America and the earth. Beloved Godfrey and Lotus and all revolutionaries of the Spirit, I invoke your presence and assistance as I accept and affirm the ultimate victory of the Lord God of Hosts in this nation, in its people, and in its divine destiny fulfilled.

In God's holy name, I AM THAT I AM, I consecrate America, her people and armed forces, one nation under God, to the Sacred Heart of Jesus, the Immaculate Heart of Mary, the purple fiery heart of Saint Germain, and the hearts of all saints of Heaven. And I ask for the consecration of the prayers and devotions of God's faithful and true hearts everywhere to the fulfillment of His holy purpose in these United States. Let this call be fully adjusted and implemented according to God's Holy Will. Amen.

And in full faith I consciously accept this manifest, manifest, manifest (3x) right here and now with full power, eternally sustained, all powerfully active, ever expanding and world enfolding until all are wholly ascended in the light and free. Beloved I AM, beloved I AM, beloved I AM.

Updated November 2010

I DEMAND ACTION BY ALMIGHTY GOD AND THE HEAVENLY HOSTS FOR THE SEALING OF THE BORDERS OF AMERICA!

In the name of the beloved mighty victorious Presence of God, I AM in me, and my beloved Holy Christ Self, beloved Alpha and Omega in the heart of God in the Great Central Sun, beloved Helios and Vesta in the sun of our system, beloved Sanat Kumara, beloved seven mighty Elohim, beloved seven mighty Archangels, beloved Surya, beloved Mighty Victory, Mighty Blue Eagle from Sirius, beloved El Morya and the Darjeeling Council, beloved K-17 and Lanello, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life — fire, air, water, and earth! I decree:

*I demand action in this hour by Almighty God and the Heavenly Hosts for the securing, closing and sealing of the borders of the United States of America, of enforcing our existing immigration laws, and of halting the flow and invasion of illegal immigrants!

I demand the sealing of the borders of America! (9x)

I demand that the President of the United States of America and all officials and elected representatives of this nation uphold Article IV, Section 4 of the U.S. Constitution that guarantees that every State shall be protected by the federal government against invasion. Expose and bring to swift justice all those within and outside of government who are participating in and facilitating the influx of illegal immigrants into America through its borders. Expose the truth of these lawbreakers and their malfeasance, deriliction of duties and treasonous actions against America and its Constitution.

I demand action by Almighty God and the Heavenly Hosts to expose and bring to swift justice enemies such as criminals, terrorists, drug smugglers, human traffickers or spies who have infiltrated America.

I demand that the U.S. federal government recognize and honor the Constitutional rights of American citizens first, before extending any charity to foreigners or illegal inhabitants. Compel the States to uphold the immigration laws of this nation. Compel the States to rule as the final arbiters of their own affairs and destiny, superceding unconstitutional federal government mandates.

(Continued)

I demand action by Almighty God and the Heavenly Hosts to thwart and block all potential terrorist attacks, subversive activities, insurgency plots and any other security dangers against America from invaders entering the country through its porous borders.

I demand that the Father, the Son, the Mother and the Holy Spirit deliver this nation under God from perils and dangers coming from both within and without.

(*Repeat body of decree 3x or 9x, beginning after preamble.)

I call for my demands to be adjusted according to the Will of God, and that they be promptly implemented in accordance with that Divine Will.

And in full Faith I consciously accept this manifest, manifest, manifest! (3x) right here and now with full Power, eternally sustained, all-powerfully active, ever expanding, and world enfolding until all are wholly ascended in the Light and free!

mantle of healing, the ancient mantle restored, and the mantle for "the safe passage of ye all," which is the mantle of learning, illumination and self-knowledge; and all other mantles accessible to my soul in this hour.

> ***...I call to you to be myself, to invoke my mantle, to be the manifestation of Saint Germain where you are. Therefore leap to your feet and claim my mantle, the mantle of my ascension, as though it were your own!...Know, then that my mantle is of the royal purple and that it is a fiery defense for you.***

[Leap to your feet and claim the mantle of Saint Germain.]

Yes! I claim the mantle of the Ascended Master Saint Germain and the mantle of his ascension, the mantle of royal purple that is a fiery defense for me!

By the full power and authority of the Lamb vested within me, by the light of the Ruby Ray, I invoke the Presence here and now of the Lord God Almighty, the Holy Trinity and the Mother manifest in the Person of the Lord Sanat Kumara, the Ancient of Days, Gautama Buddha, Lord Maitreya, Jesus Christ, the two witnesses, and the living saints; all of the hosts of the Lord's hierarchy serving with them in heaven and on earth through the Threefold Flame of the entire Spirit of the Great White Brotherhood and the great multitude of the children of the Most High God.

<u>Insert 7A:</u> Judgment of Mechanization Man

I call forth the judgment of the Father, the Son, the Holy Spirit, and the Mother through the Ancient of Days, who sitteth upon the great white throne, the four cosmic forces and the four and twenty elders, the Cosmic Council and the Karmic Board, the eternal Lamb and the embodied Lamb upon the Nephilim and the Nephilim creation: the cause/effect, record/memory of Marduk; all genetic engineering and artificial creation; the combination of incantation and microbiological and genetic manipulation; the "simulated man"; the Homo sapiens robot race of Primitive Workers, giants, Homo erectus and the half-man, half-animal creation; the Nephilim gods including Anu, Antu, Enlil, Enki, Ninhursag, Ninti, Ninurta, Ninkashi, Zu, the birth goddesses, the Great Whore, the Anunnaki, their clones, carbon copies, and robot impostors and counterfeits of the chelas and the Mother in spaceships throughout this system of worlds and beyond.[4]

I demand judgment upon the conspiracy of absolute Evil against absolute Good. O beloved Cyclopea and Elohim, expose! expose! expose! the plots and sinister strategies of the Nephilim councils.

I demand the penetration of the Ruby Ray into the cause and core of the original sin of their rebellion against the Son of God. I demand the binding of their devious creation and manipulation in defiance of that Son of God and that Threefold Flame burning within the hearts of the children of God.

Lord God Almighty, I AM THAT I AM, I demand action this day. *Stop! stop! stop!* the alternating murder and rape of the Mother. I demand the exposure of the necrophiliac syndrome manifest in every perversion of the life-force and the base-of-the-spine chakra.

Mighty Astrea, mighty Astrea, mighty Astrea, bind the death wish carried out through the sex wish, the sex wish carried out through the death wish; all records of the perversions of death and sex; all records of horror and the perversion of the sex wish and the death wish upon earth.

I demand the exposure of death posing as life. I demand the exposure of the will to die, the pattern of nonintegration with God; the misuse of power and love of death that go hand in hand; the powerful vs. the powerless and the fulfillment of the constant desire to kill. Blaze the light through!

I demand the exposure of the practice of abortion as the culmination of the necrophiliac sex in the "mechanical bride"; the institutionalization of death by the Mafia; the necrophiliac

drives to possess, to order, to control and destroy, to transform living beings into corpses, and to attack life because of a morbid fear of life. I demand it be exposed! I demand it be consumed!

Bind the energies of Death and Hell from out the bottomless pit! Bind the hordes of Death and Hell! Bind the hordes of the astral plane! I demand the invincible light of Victory descend into the very midst of the nightly planetary battle of Armageddon. Roll back all attempts of the Nephilim to hypnotize and program the lightbearers in their sleep through psychic, psychotronic, or any other means! Let Death and Hell, their hordes and their Nephilim overlords be cast into the lake of sacred fire.

Reverse the tide! reverse the tide! reverse the tide! of all efforts of the Nephilim to make their necrophiliac drives for money, power, death, sex, war, and blood acceptable to society as normal and natural drives.

Bind! the human ego born of a mechanized sense consciousness that permeates the planet in the consciousness of the people. Bind! the idolator of the mechanical world sense side by side with the mechanical man. Bind! the godless, soulless creation of laggard scientists, the robot creation of viruses and microbes.

In the name of the Great Divine Director, I call for the sacred-fire transmutation of the conspiracy of mechanical man. I call unto the Lord, I AM THAT I AM, to gather the wheat of divine manifestation into his garner and to burn the chaff of humanoid non-manifestation with fire unquenchable.

In the name of the I AM THAT I AM, in the name of Jesus the Christ, I challenge the person and principle, creator and creation of embodied evil in the Nephilim, the laggards, the fallen ones, the Watchers, the Antichrist, the seed of the Wicked One, the entire Luciferian creation, and the children of God who have identified with them. I demand the binding of the anti-Guru force of the Matter spheres and the slave race of the anti-chela.

I call forth the light of Alpha and Omega. Let the hypnotic spell that prevents the children of the light from identifying the Nephilim be broken by the power of Elohim. Let them be stripped of their guise as sons of God and true shepherds of the people. *Blue lightning descend from the mind of God!* I demand the shattering of the momentum and the mechanism of their karma-dodging.

I demand the exposure of the counterfeit race who occupy positions of authority in Church and State and the economies and banking systems of the nations. In the name of Jesus Christ, I summon mighty Surya and Cuzco. Stand now and face the Nephilim who seek to manipulate, vamparize and murder the people of God on earth.

I demand the *rolling back now! rolling back now! rolling back now*! of the diabolical lie of abortion, population control, genetic manipulation, eugenics, euthanasia, genocide, and germ and weather warfare practiced by the Nephilim and the power elite against the children of God and the sons and daughters of God, their deliberate designs to control genetics and free will. Bolts of blue lightning! I demand the binding of those fallen ones and their situation ethics, the liar and his lie. Bolts of blue lightning!

I demand the greatest release and outpouring of freedom, of violet flame, of action from Saint Germain and the legions of violet-flame angels, great teams of conquerors: Descend and pull the threads of darkness from the very fabric of life. Let those threads of darkness be removed. Let them be charged now with the miracle light of the violet transmuting flame. And let the light of the great causal bodies of the two witnesses and the saints fill now the fissures and canyons in the earth body occupied by the Nephilim creation and all misuse of the sacred fire in the miscreations of the fallen ones.

Bind the beast of war, the beast of terrorism, the beast of murder and mayhem, the beast of riot and revolution. Bind that force and forcefield in America, in the Middle East and in all countries. Remove the sting from the scorpion! And cut off the

dragon's tail! Bind the beast that riseth up out of the sea, the beast that cometh up out of the earth, and the dragon which gave power unto the beast. Bind the international capitalist/ communist conspiracy.

Roll back the Nephilim infiltration of North, Central and South America, Europe, Russia, China, North Korea, the Middle East, Africa, Australia and every nation upon earth! Roll back their hatred, their materialism, their lust for power and death, sex and blood.

Bind the puppets of the Nephilim and their terrorist activities through the earth. I demand light descend for the consuming of Marx's revelation of scientific socialism along with the false-martyr, suicide-promoting, Jihad-type activities as the thrust block of the counterrevolution. Bind the false initiator and the false initiation of unwary souls. Bind that suicide pact, O God!

*[Decree 20.07 (9x) **or** continue with this optional section and then give 20.07:]*

In the name of Mother Mary, we stand. We stand in the name of John the Baptist and Jesus. We call forth the divine ax. Let it be laid at the root of the trees of the Nephilim now in this hour, O God. Now let the ax fall. Now let it cut to the very quick. Now let it bind the roots. Let them be bound by the authority given unto the apostles and unto our lifestreams in this hour.

I call for the drawing of the cosmic cross of white fire at the very point of the Nephilim where they stand, where they seek to command life. Lord God Almighty, let thy flaming sword be the cosmic cross of white fire. Let it be the challenge of the Great White Brotherhood unto them this hour. We decree it in the name of Jesus Christ and Saint Germain.

Send thy living sword, Saint Germain! Great Divine Director, let that blazing sword Excalibur go forth and thrust for Morya and thrust for Lanello and thrust for Saint Germain and the Divine Mother! Blaze forth thy Word and let it be a checkmate upon the fallen ones. Let the point/counterpoint of the Great White Brotherhood be the action that binds the counterrevolutionaries of the light.

Lord God Almighty, seal us in white fire and blue lightning. Seal us in the tube of light and the mighty shield and armor of Archangel Michael. And then send us forth to challenge these fallen ones as David challenged them and he conquered mightily over Goliath. Send us forth with a mighty action of the sacred fire as our sling and let it be put to the very core of the third eye, its misuse in the mechanical creation of the Nephilim.

Bind their misuse of the Mother flame manifesting as the tail of the dragon, as the crescent hook drawing in energy to nurture the dragon and the fiery breath of the dragon. Bind the tail of that dragon! I demand the chopping off of that tail and I demand that light be returned to Alpha and Omega, be requalified, and be returned again to my heart flame.

Bind the misuse of the All-Seeing Eye of God as the misqualification of the life-force in the creation of mechanization man. Great Divine Director, come forth now. We invoke the dispensation of light for the staying action of the Lord God Almighty upon the fallen ones. Let them be bound in the name of the Lord!

By the fiat of the Lord Jesus Christ, we agree together on earth that these Nephilim and their godless creation and all who have sold their souls to them are bound in the earth, are bound in the heaven, are bound in their four lower bodies and in their chakras.

Bind them, O living Word! Bind them, O Lord Sanat Kumara, who lives in the heart of the messenger and of every chela! Bind them, O mighty ascension flame! Bind them, O Gautama, Maitreya, Jesus, Saint Germain, Morya, and Lanello! Bind them, Archangel Michael and mighty Astrea! Seize, pin, and bind them right where they are! You have no power, you have no power, you have no power, your day is done! And the judgment of the Lord is come.

Restoring the Wholeness of Our Four Sacred Freedoms

In the name of God, I AM THAT I AM, we enshrine within the hearts of all mankind the Four Sacred Freedoms to be the full Cosmic Law of Life for each lifestream upon earth. I AM the divine guarantee to all people of those rights embodied in the First Amendment to the United States Constitution, "*Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.*"

1. Freedom of Religion:

Take command over: denials of the free exercise of religion and religious expression; attempts to exclude religion from public life through the misconceived separation of church and state; bans on prayer in schools, the reading of scriptures, observance of religious holidays, or public religious display; challenges to the words "under God" in the U.S. Pledge of Allegiance; denial of parents' religious and moral rights in education; religious oppression in authoritarian, Islamic and other nations; religious genocide; destruction of the culture and religion of Tibet; state establishment of religion; secular humanism as de facto state religion in Western nations; liability lawsuits against clergy; and all regulation of churches, church schools, or religious organizations that is not the will of God.

2. Freedom of Speech:

Take command over: all restrictions of the free marketplace of ideas in education and public life; excessive cultural or legal controls of public discourse; subtle or overt suppression of unconventional views; tyrannies by the majority or on behalf of minorities; inappropriate regulation of political expression or campaign activities; misinterpretation of free speech to justify obscenity, pornography, defamation, or fraud; and United Nations resolutions or other transnational agreements restricting freedom of speech.

Copyright © 2009 Summit Publications, Inc. All rights reserved.

3. Freedom of the Press:

Take command over: censorship; control of the press, media and Internet by governments or corporate monopolies; media blackouts to cloak abuses by authoritarian regimes; and the misuses of the press through misinformation, bias, sensationalism, character assassination, the invasion of privacy, or harmful exposure of military, state, or trade secrets. We call to Justinius and legions of seraphim to stand in all media and mouthpieces of the media to purge and purify, and to swiftly bring to judgment those who misuse the freedom of the press.

4. Freedom to Assemble:

Take command over: all restrictions on freedom of assembly or freedom of association, the right of individuals to join together for the collective expression, promotion, pursuit and defense of common interests, including the right to peaceably protest; infringement on the right of the Boy Scouts or other groups to associate and set policies according to their moral views; indirect encroachments on freedom of association through land zoning or regulation; and all challenges to the rights of lightbearers to unite in communities of the Holy Spirit.

In the name of the Christ, we call to Saint Germain, the God of Freedom, the Goddess of Liberty, and the Goddess of Freedom to take command over the denials of human rights in all nations, including Burma, Cambodia, China, Congo, Cuba, Egypt, Iran, Iraq, Laos, Libya, Nepal, North Korea, Pakistan, Russia, Saudi Arabia, Somalia, Sudan, Syria, Venezuela, Vietnam, and Zimbabwe. Let the violet flame consume the historical legacy of abuses of the Four Sacred Freedoms, religious inquisitions, persecutions, torture, martyrdom, holy wars, destruction of the mystery schools of past ages, ancient tyrannies and modern totalitarian regimes, terrorism, the suspension of freedoms during military or social crisis, slavery, discrimination, misapplications of constitutional rights, and all that cannot enter the golden age. We claim the golden age of freedom in Aquarius—freedom of heart, mind and body, freedom of the souls of man and woman to pursue their fiery destiny, and the freedom of the holy child of the future. In God's holy name, we pray. Amen.

VIOLET FLAME DISPENSATIONS

In the name of my Mighty I AM Presence and Holy Christ Self, I call for the multiplication of all the violet flame that I have invoked or will invoke this day:

1. In the name of the Christ, I call to beloved Omri-Tas to take my offering of 15 minutes of invocations to the violet flame and by the quality of it – as it is devoted, as it is profound and sincere, the very weight of its power and light – quality for quality, multiply it in my life ten times [1], and match it also by the presence of great legions from the Violet Planet. [2]

2. Let these decrees be multiplied by the power of the Violet Planet itself, by the tremendous power of the legions of the Violet Planet and of Omri-Tas who saved that planet by invoking the violet flame. [3]

3. I call for the violet flame gift from the evolutions of the Violet Planet to intensify, to multiply, to square the quantity of violet flame invoked. I call for these evolutions to establish in this moment a great and mighty heart tie to my heart. Let there return to me from the Violet Planet, a momentum of the Seventh Ray so great, that I will no longer think I am too small to accomplish the tasks at hand, for all tasks shall be possible unto me in God and through the reinforcements of the Violet Planet. [4]

4. I call to Beloved Saint Germain to multiply, by a figure beyond telling, these calls to the violet flame, and to multiply the ovoid of my aura by your own, in response to the activity of violet flame unending. [5]

5. I call to the ascended ones, hosts and legions of the Violet Planet for world freedom and to multiply these decrees many times over by the power of ten squared. Let this increase be for the transmutation of world

totalitarian movements, world tyranny and tyrants, for the binding of the tyrant-ego dweller-on-the-threshold, for the binding of all forces that are the misuse of divine justice, even the perversion of *Gevurah* of the Tree of Life. [6]

6. I call to Ra Mu and priests of the sacred fire from Lemuria to match whatever violet flame decrees I give by the power of ten. [7]

7. I invoke the violet flame reservoir of light over central Europe, as a direct transfusion to all Lightbearers of Europe, Eastern Europe and the entire (former) Soviet bloc. Let this light be maximized, fortified, multiplied by our own love and devotion and to flow to every Lightbearer in these lands, to quicken them, to cut them free, to transmute their spiritual and physical blindness as to those events coming. [8]

8. I call forth the dispensation of the violet flame sea in the heart of the earth, a giant violet flame reservoir, as a sea of light pulsating. Let it be meted out as an unguent, as an elixir, by my Holy Christ Self to all those who serve the light, and may it be replenished by new calls to the violet flame. [9]

9. I invoke the Maltese cross, the violet flame cross, over my home and city. I call for it to be filled in anew each day with violet flame and occupied by angels of the Order of Zadkiel and priests and priestesses of the Order of Melchizedek. [10]

10. I call to beloved Kuan Yin to place her electronic presence over me, so that by the power of her merciful heart, I may qualify an entire planet with the momentum of mercy as the violet, living flame. [11]

11. I call to beloved Lanello to confirm my presence in the Inner Order of the Great Central Sun Magnet. I call for

the Great Central Sun Magnet to be supercharged by Elohim with the action of the violet ray that I may become, in this Mystical Body, that Great Central Sun Magnet of the violet flame of freedom. And in this power and presence of that magnet of the violet flame, consume and transmute on contact the great darkness that has rallied itself against this movement, Messenger and Teaching. Let my forcefield be intensified by coils of violet flame to consume all hatred and condemnation, all darkness and plots of the seed of the wicked. For nothing can withstand the Great Central Sun Magnet supercharged with the violet flame. (12)

12. I call to Omri-Tas to reactivate and multiply the dispensation of violet flame spheres given July 6, 1963. (13) Let Priests of the Sacred Fire from the Violet Planet form beautiful, magnificent spheres of violet flame, and roll them down cosmic highways of light to the Capitol dome in Washington D.C. Let them shatter and diffuse and radiate out, as from a great hub, throughout the entire planet to bless the people of earth and especially every chela of Saint Germain. (14)

13. I call to Omri-Tas to send forth the electric spark, the current of the Alpha cycle of the violet flame, to my heart each morning with the first ray of the dawn. I call to my Holy Christ Self to catch that spark and be and receive the Omega return and therefore be unto Omri-Tas, throughout the twenty-four-hour cycle, the Omega counterpart of the Alpha-concentrated energies which Omri-Tas has placed upon the altar of Shamballa. (15)

14. Beloved Omri-Tas, anoint me as a candle of violet flame, for I desire to make my violet flame candle glow all the days of my life, holding it up as the Goddess of Liberty holds up her torch. (16)

Insert 70.22

15. I call to Beloved Lord Maitreya to multiply every decree that I utter by the full power of ten thousand-times-ten thousand. (17)

16. I invoke the presence of the priests and priestesses of the Sacred Fire from the Violet Planet to tarry here on earth, as I give one hour of fervent violet flame decrees each day. (18)

17. I call forth violet flame for the blessing of myself, the Summit Lighthouse, Keepers of the Flame activity and the planet. And I know that within one hour I can transmute with the violet flame a particular programmed momentum of an entire embodiment, with an action of Light like a violet-flame laser beam directed into my electronic belt. I call for my Holy Christ Self to direct a concentrated ray of the violet flame from my heart, from my soul and mind, from the momentum of my aura and from the Great Central Sun Magnet of the seventh ray to dissolve these momentums. And let this very same wavelength of human discord found in my own subconscious momentums be consumed for my relatives, as well as in those of similar genetic strains, national traits, geographical and economic influences, according to the will of God. Invocation for George Washington's
Vision of the Third Peril

In the name of the Christ, we call for the binding of the negative portents of George Washington's vision of perils descending upon the United States especially those envisioned as a dark. shadowy angel placing a trumpet to his mouth, blowing three distinct blasts, taking water from the ocean, and sprinkling it upon
Europe. Asia and Africa.

We call for the binding and the dissolving of the thick, black clouds rising from those continents and joining into one. Encircle and bind the dark red light within the cloud and the hordes of armed men, who, moving with the cloud, march by land and sail by sea to America.

We absolutely demand the dissolving by the full power of the violet flame of the projection of our country and the I AM Race enveloped in this volume of cloud. and of vast armies devastating the whole country and burning the villages, towns and cities with thundering cannon. clashing swords, and the shouts and cries of millions in mortal combat.

We call for the God Victory of America and the lightbearers of the world as proclaimed by the angel who placed his trumpet once more to his mouth, and blew a long and fearful blast.

We call forth that light as of a thousand suns to shine down and pierce and break into fragments the dark
cloud projected to envelop America.

We call to Saint Germain, Godfre, El Morya and the Entire Spirit of the Great White Brotherhood to come forth with Micah, and the angel upon whose head shines the word Union. and who bears our national flag in one hand and a sword in the other to descend from the heavens attended by legions of white spirits to join the inhabitants of America to give them courage to close up their broken ranks and renew the battle.

We call forth the Angels of Light for the last time to dip water from the ocean and sprinkle it upon America, roll back the dark cloud together with the armies it had brought and leave the inhabitants of the land victorious!

We call for the resurrection of the villages, towns and cities springing up as they were while the bright Angel, planting the azure standard he had brought in the midst of them, cries with a loud voice “While the stars remain, and the heavens send down dew upon the earth, so long shall the Union last.” (3x)

Let the crown blazoned with the word ‘UNION’,' be placed upon the Standard while the people, kneeling down, say “Amen". (3x)

We call as one for the three great perils of George Washington’s vision projected to come upon the Republic to be adjudicated by the Karmic Board so that even the greatest of conflicts brought about by. the whole world united shall not prevail against the people of America and the I AM Race. Let every child of the Republic learn to live for his God, his land and the Union and fulfill the destiny of the United States.

Our Call and Pledge to The Fourteen Ascended Masters Who Govern the Destiny of America

As a Citizen of America, I AM dedicated and do receive the divine approbation and the opportunity to teach the way of Christ-freedom to all nations, to defend the poor and to use the power of God to overcome these Nephilim. As Moses, as Joshua, as the great patriarchs of old, as the Lord Jesus Christ did challenge them, so may I go and do likewise!

May I set aside the folly of leaving my sword and armour at home. May l know that if angels need to wear armour, I [also need to wear it], doubly and triply so, for we have bodies of flesh that weary and hearts that can be snuffed out by many subtle means of the sinister force in embodiment.

Therefore, with armour and shield, with the momentum of our decrees to Archangel Michael, fear not. For Jesus, my Lord, our Lord, will keep his promise to be with us.

May we espouse the true message that it might be heard by all the people, that the true message and the exposure of these fallen ones might be known, that the people might have the instrument to divide Right and Wrong, Good and Evil, Light and Darkness and know that there is indeed "embodied Evil" even among those who appear to be saviours.

Let us tell the people and warn them of what is the condition of karma, why America is "America the vulnerable", with a new level. of commitment, a new level of determination and a courage that we must borrow and then fully integrate with from the Goddess of Liberty herself.

And we stand with the Goddess of Liberty, and go forth in the defense of liberty in untold areas of this nation, of this planet and other systems of worlds. For to be the undefeated champion of liberty, means to defeat all those who would "take thy crown," <4> all those who would trample upon liberty as well as the Mother Flame.

We stand with the Goddess of Liberty, sponsor of this nation, great saint of God, as the sponsor of woman and the child in the womb, sponsor of illumination, sponsor of education, sponsor of the children who must know their history and the truth of how this nation came forth as a dispensation of Almighty God truly from the heart of Saint Joseph, father of Jesus who would not leave his children comfortless.

We see America as heaven on earth, as a rising flame of Christ that does burn as the faith of the people in that Christ:

Beloved Fourteen Ascended Masters who govern the Destiny of this Land and its people, we draw from your strength, your wisdom and your garments, as each one of us serves as ten for the purity of our heart's love in this cause. **<5>**

We will not grow weary, and when we see a victory and a certain victory over ourselves, we will rejoice! We Seal that victory and go after all others because we know we can because we believe in ourselves as the extension of Almighty God upon earth, as his hands and feet and no less.

0 our Beloved Mighty I AM Presence, wipe away sin and the consciousness of sin! Let it be no part of us! Our sins are forgiven when they are forsaken. We resolve to walk out of that old snakeskin and move on in the realms of glory.

We call for opportunity, through the mighty heart of Portia, as her presence is the all-pervading presence of Cosmic Justice. May we invoke it, for Divine Justice is due us. <6> And let us sense and affirm and vow our worthfulness, our worthiness, our deserving of Divine Justice.

Let the shower of the resurrection lightning descend this day! Let it descend as the light of the Ruby Ray and the white fire, truly the Body and Blood of Christ!

Because his essence is in us, we are of it and it is now of us, and we now have a resonance within us for receiving that: resurrection lightning. O Beloved Ascended Ones, blaze through us, for the breaking up of those old recalcitrant conditions of the mind and body.

Beloved ones, we accept the Gift of the God Star, of Sirius, as we also consider well the responsibility of the acceptance of this gift. For we understand that it is the opportunity, to receive more karma as well as a greater Light to balance that karma.

Now, if we accept the gift of karma let us not neglect to invoke the Light to transmute that karma as we march forward in the Light! Let us have opportunity to access positive karma and good momentums of the past, drawing forth from previously inaccessible pockets from our Causal Body and pass all negative karma into the flame for our total victory in the causes to which we are called, which we now champion.

Let us keep [that promise] and increase our calls to the violet flame and the law of forgiveness and cast that karma into the flame. And as we accept and keep this promise, we see ourselves stepping into new boots of freedom and a new freedom of opportunity to go forth.

We give ourselves to you beloved Masters, our minds, our hearts and bodies! We Give our lives, our persons and our purse. We give ourselves. For the Mind that was in Christ. Jesus is in us to understand and influence the course of education in America, what the course of freedom must be, what the course of peace must be and what the course of the armies of the LORD coming out of this nation must be-in the defense of all peoples who are oppressed by the tyranny of World Communism and the world capitalist conspirators with them.

In the momentum of Christ-centered peace of the living God, Elohim Peace and Aloha, we go forth in Christ consciousness, to challenge Absolute Evil, and we stand courageous and victorious in the Light!

Wherever absolute evil is manifest and those who commit the unforgivable crimes against humanity dwell, their day is through! And we stand with the Flaming Shield and Sword of Archangel Michael and his Blue Lightning Angels against their ferociousness in this hour.

May all those who bear the Fleur De Lis of Freedom in their hearts-countrymen and -women, our compatriots, reignite hope and adopt the means of our Beloved Saint Germain for divine solutions to all problems they are beset by, and be liberated from their karma and their psychology from the standpoint of Absolute Good-the Absolute God-Good of their I AM Presence.

We Call upon the LORD, <7> our Mighty I AM Presence, Mighty Masters, descend into our temple with thunder and lightning and the rushing of a mighty wind! We Call upon the Lord, our Holy Christ Self, as he descends into our temple and we will be

shining like that Son of God and our words will carry the authority of our personal Christhood.

We pray to seek the cosmic honor flame. For I AM "hid with Christ in God." <8> I call upon the law of forgiveness daily for those things I know of and those things I know not of in myself, that may be an offense to my God or my neighbor.

Therefore each day we receive forgiveness, absolution, and are one with the heart of Christ- we therefore have the full protection of Archangel Michael. We will be honest with our God and honest with ourselves.

Time is very short, yet so long as there is day and life and the living Christ, with hope and opportunity, there is a way. For the LORD God does also have his solutions and his reason is not the reasoning of the human consciousness. We faint not, but fight while the day is at hand and our strength is in us.

We are determined to turn this nation around. For suddenly in the quickening and in the twinkling of the eye of God and in the descent of the LORD, many eyes will be opened, many inner ears will be unstopped and the people shall yet gather. They shall yet rally, but they need the rallying point and it is the standard of Truth.

Let it be proclaimed! Let it be heard! And discover what American patriots of all ages, of all sexes and races will do in defense of Saint Germain and freedom.

For, the Fourteen Ascended Masters will govern the destiny and triumph of America and the nations once again!

This call *excerpted and inspired from a dictation by the Fourteen Ascended Masters Who Govern the Destiny of America and Saint Germain, *PoW Vol. 34 No. 19, delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on Easter Sunday, March 31, 1991, during the five-day Class of the Resurrection Lightning held at the Royal Teton Ranch, Park County, Montana.

GOD GOVERNMENT UPHELD BY LAW!

O Beloved I AM Presence and Holy Christ Selves of all mankind, hear our invocation to Thee for your will to be made known to us and to be upon our leaders, through the heart of Beloved El Morya, Beloved Surya and Cuzco, Beloved Saint Germain and Beloved Guru Ma and Lanello. We call to the Almighty for the full blueprint of God-government, that the individual genius of each nation, each state, prepare each group to be fulfilled through a consciousness of community, a working together, a caring for one another.

Beloved Ascended Master St Germain, reawaken America to its original intent to be a pilot nation for the republican, representative form of government according to the inner path of initiation, and as the intended place for those who come to pursue the light of God and find the new order of the ages based on the four freedoms-Novus Ordo Seclorurm, symbolized on the Great Pyramid on our dollar bill. Let those with the greatest attainment in Christ consciousness rise to the position of being statesman and great examples of virtue to the people in this and every nation.

Restore in us a right heart O God! and maintain the integrity of our souls and our soul's relationship to Thee. Inspire every ruler or governing body-be it the single enlightened despot or a committee or a larger group or the people themselves- to consider its supreme obligation to be the safeguarding of the individual's right to become one with God.

Teach us first, Beloved El Morya and the Darjeeling Council, that the authority of the Word is the authority that we must express first in self-government, by the use of the Word and of the mantra, assist us to transmute the injustices we find in the social order, and to invoke the light to build the new temple and the new order of the ages.

We call for the full power of All-Seeing Eye of God to enable us to have the faculty of discrimination, or the gift of discernment of spirits. Let the truth of God expose right and wrong, truth and error, good and evil. Let us use our right to vote and every means available to us in our representative form of government to remove those individuals who espouse causes that are not centered in the light of God and to elect those into office who have both the ability and the dedication to the will of God.

Let us meditate upon the heart as the source and seat of consciousness and pray to be illumined, be up to date and fully informed as to the facts, the issues, the record of our representatives. We call to you O Lord for your will to be made known to us and to be upon our leaders.

Through the present system that we have in the United States under our Constitution as recommended by the Darjeeling Council for our present level of evolution, let this republican form of government with a constitution of checks and balances such as we have, be adopted, be recognized as the most advantageous for the individual development of the Christ consciousness.

Let our choice then be to render the greatest service to all men and women upon the planet wherever they appear on the social scale, from the poorest to the wealthiest, from the weakest to the strongest, from the most unspiritual to the most spiritual, from the foolish to the wise. Through the heart

of El Morya, help us serve them all to fulfill our divine office. Where human reform is needed, let us be about our Father's business; but let us put the brakes on those unfortunate situations that literally tear from man the vital energies of his life, leaving him a profitless servant.

We thank thee O God as we humbly implore thee, let your Holy Will be done! Amen.

Beloved Mighty I AM Presence from the heart of God in the Great Central Sun, beloved Sanat Kumara, beloved Maha Chohan, beloved seven Elohim and their Divine Complements, beloved seven Archangels and their Divine Complements, beloved Great Karmic Board, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life — fire, air, water, and earth! I decree:

In the name of the Father, the Mother, the Son and the Holy Spirit, I command the power of Brahma, Vishnu and Shiva acting through me.

From out the heart of Brahma, I invoke the power of the Word.
From out the heart of Vishnu, I invoke the power of the Protector.
From out the heart of Shiva, I invoke the power of the Shakti.

Blaze forth the light of God that never fails! Blaze forth the light of ten thousand suns! Blaze forth the light of Shiva!

Therefore in the name of the Cosmic Christ, I wield, I demand and I now command the power of Shiva for the binding and judgment of the controllers and the destroyers of the people of America, as I say:

**Blaze forth the light of Shiva!*

Blaze forth the light of the Holy Spirit into Washington, D.C. and into all representatives of American government!

Bind all opposition to the manifestation of the Christ consciousness in America and on planet Earth!

Sieze, contain, bind, lock and *neutralize* those fallen ones who are the controllers and the destroyers of the people of America, in embodiment and on the astral plane, who have waged war against the rising of the Christ in America — those very fallen ones whose misdeeds are now due for judgment! (9x)*

Descend now, light of Shiva, for judgment! (9x)

Shiva! (9x)

And in full faith...

Beloved Heavenly Hosts, multiply your momentum to these calls. *Blaze forth anew the fires of freedom in America!* (3x) Step through the veil by way of using the electrode and presence of my radiating heart.

And in full faith...

CALL FOR THE TWIN PILLARS OF HERCULES AND AMAZONIA
(taken from a dictation given by Surya on 10-11-85 in Los Angeles)

We invoke the twin pillars of Hercules and Amazonia into the very heart of the earth to sustain and hold the balance in this hour. We invoke them as pillars of fire for the balance and the holding of the balance of Alpha and Omega in our lives. We call to thee, beloved Surya, as the third pillar forming then the trinity of sacred fire. We join our hearts with the Divine Mother to form the fourth pillar that through our hearts, as the nexus of precipitation, the blue flame will flow for change in the earth body.

Let the spirals of Alpha and Omega come forth now for the turning back and around of the negative spin that has been put upon the children of the Light on earth. Blaze the Light of Alpha and Omega! Blaze the Light of Alpha and Omega! Blaze the Light of Alpha and Omega! Restore now the positive spin that the children of the Light might create, might fulfill their fiery destiny.

We confirm, affirm, and ratify these words of Surya's that by the power of the altar of God, by the flame of God-illumination, by the mighty sacred fire there does come forth the anchoring of the twin pillars of Hercules in the nations of the world:

"Now let the descending light of the first ray once again summon the alignment of atoms and molecules and lifestreams. Legions of blue lightning, angels of the sacred fire and the Mighty Blue Eagle of Sirius, come forth in this hour, O holy ones of God. Mighty seraphim of God, come now in numberless numbers charged with the sacred fire of God. Let it intensify in the etheric octave. Let all misuse of the sacred fire and the fire element be cast down then. Let the purification continue of planet earth by the power of the new etheric body bequeathed to this planetary home. And let it continue now into the mental belt, binding therefore the serpent and his seed that misuse the mind and misuse the Christ mind.

"Blaze the light into the mental belt from out the sacred fire that does press through from the legions of light and from the Great Central Sun in this hour! Let it press through into the astral plane. Let it bind there those who hide and attempt to hide behind their darkness or behind the folds of the Mother's garment as she does pass through.

"Blaze the light into the astral plane. Blaze the light into the astral bodies of all mankind and especially the lightbearers. Clear the way. Clear the way.

"Angels of the sacred fire, Oromasis and Diana, Aries and Thor, Neptune and Luara, Virgo and Pelleur, come forth now at this altar. Come forth for the holding of the balance in the earth body. Come forth now for the holding of the balance and the binding now of the karma of the seed of the wicked, of the seed of Satan. Let it be bound. Let the powers of darkness and the power of black magic, witchcraft and voodoo be bound in the earth.

"Bind now the false priesthood of Africa. Bind the false priesthood in Haiti and the Caribbean. Bind the black priesthood in America and the world. Let the fire of the Cosmic Christ and the seed of the Cosmic Christ burn through now for the consuming of the layers and the records of black magic practiced in science and religion, and [the] government and economy of Atlantis and Lemuria, now be consumed, now be consumed, now be consumed by the power of Almighty God.

"I AM Surya of the Sun. I AM Surya of the Sun. I am come in the heart of the flaming one. And I am come for the raising up of the planet earth in this hour. And therefore, O earth, I command atoms and molecules of Matter align now with the God Star, align now with the polestar of the Mighty I AM Presence of all sons and daughters of God upon earth.

Copyright © 2000 Church Universal and Triumphant, Inc.

"I command the earth element come into alignment now. I command the water element come into alignment now. I command the air element come into alignment now. I, Surya, command the sacred fire come into alignment now.

"I command light to flow. I am the light of the Eternal One descending. I am holding the earth in the immaculate heart of the Cosmic Virgin, even as it is held in the immaculate heart of Mother Mary in this hour and in this sanctuary.

"I am blazing forth the light of the great blue causal body, the great blue causal body and the Great Divine Director in the earth. Seal and seal and seal the earth body now. Seal and seal and seal the earth body now. Seal and seal the earth body now.

"Lo, I am the blazing forth of the power of Mighty Victory in this hour for the holding of the earth and for world transmutation. Let the Keepers of the Flame go forth God-victorious. Let the light intensify.

"I am the binding of all blocks of opposition of the fallen ones to the dissemination and the assimilation of the Word of the Everlasting Gospel by these Messengers as it does go forth from the heart of Gautama Buddha, Jesus Christ, Maitreya, Sanat Kumara, Padma Sambhava, Kuan Yin. Blaze the light through.

"I, Surya, seal the earth in this hour in the name of Hercules and Amazonia, in the name of Mother Mary. I am the sealing of the earth in this hour in blue lightning of the Mind of God.

"So now let it be confirmed, affirmed, and ratified by every Keeper of the Flame. Let the will of God go forth by the call to Archangel Michael, by the call to Archangel Michael, by the call to Archangel Michael, by the call to Archangel Michael's Rosary.

"I send you forth and I commend you to the keeping of the angle of the LORD, Archangel Michael, who is the angel of your Mighty I AM Presence and God's.

Copyright © 2000 Church Universal and Triumphant, Inc.

"So therefore understand the Work of the LORD. Understand the holding and the keeping of the balance of the mighty pillars of Hercules and Amazonia. Do not forget, for this is the means and the only means therefore of averting World Communism, binding terrorism, turning back war and aggression, and restoring God-freedom to the body politic of the earth, to the economies of the world.

"So let there be a charging fire from your hearts. So let the light go forth of Elohim. So it does come forth.

"Woe to you, opponents of the light on earth. Woe to you, opponents of the Great White Brotherhood, the Ascended Masters, their Messengers, and their teachings. For this Word shall go forth. None shall stay its hand. None shall prevent these little ones from receiving the cup of our light. None shall succeed in aborting the great flaming presence of the mighty Ascended Master Jesus Christ in the fullness of the Spirit of the Great White Brotherhood on earth.

"Therefore, I come, Surya. Therefore, I come with God-determination and faith for the fulfillment of all promises. Therefore, I come for the binding of each and every one that would turn against the Light. Bind them, O God. Clear the way. And let the light increase. Let the lightbearers increase. Let it be done.

"In the name of the Father, the Son, the Holy Spirit, and the Mother, Amen."
